

Chapter 3344 – 3345 A Dish Best Served Cold

Chapter 3344

“So these years, they seldom take action. The most is to help the Chu family perform some tasks.”

“Now, Brian Chu has driven the Chu family into desperation. As the night watchman of the Chu family, the two elders of Xuan Ming will naturally not ignore it anymore. . .” “

this is what the situation was afraid to re-flipped. “

Truman big elder Chen Sheng said.

The faces of the others became tense and solemn, and even their breathing became much faster.

Today’s battle is really intense.

Whether Chu Family or Chu Tianfan, all kinds of hole cards are emerging in an endless stream.

The situation in the field is constantly turning, with suspense and ups and downs.

It was Aaron and other martial arts leaders of these countries who couldn’t help but cried out for excitement.

“It seems that there must be some excitement to watch.”

“I just don’t know, how will that hot summer boy respond this time?”

Aaron laughed, looking like the excitement is not too big.

Lord Carlo shook his head and said: “This Brian Chu should have all his hole cards.”

“Unless, he can order his subordinates to perform that class of combined strikes again. Otherwise, I’m afraid that he will not be able to return to the sky. “

The two peerless powerhouses in the top three of the sky list are the master of Truman Tang Yun here, and they may not be able to contend.”

“What’s more, what about this hot summer boy who consumes a lot of money after a series of battles?”

Carlo Waiting for someone to speak in a low voice, he was not optimistic about Mark.

Even Gaia and the others, the string in their hearts broke, and their eyes were full of worries.

“No, we have to help the dragon master!”

“Everyone, let’s try again and see if we can use it again!”

Gaia said in a deep voice.

Owen and others responded immediately, but as soon as they activated their internal energy, they spewed out a mouthful of blood, and their faces quickly turned pale.

This powerful formation consumes too much for them after all. Now for them, it is reluctant to use it once, and naturally it is impossible to use it twice in a row.

“Damn it!”

Gaia and the others were so angry that they slammed a punch to the ground, and blood suddenly spilled out of their heads.

Because he was too worried, Old Han also moved his body injury, coughed, and blood spilled from the corner of his mouth.

When Gaia and the others were worried, Mark’s expression also sank.

On the delicate face, there is full of dignity and jealousy.

He raised his head and looked directly at the two elders in front of him: “This is my grievance with the Chu family. I hope the two grandpas don’t interfere.” The

two elders Xuanming hid the Chu family for many years, and Mark also saw them when he was a child.

Back then, the two elders Xuan Ming even pointed out Chu Tianfan’s tricks.

But I didn’t expect to see each other for many years.

“You are Chu Tianfan, Zhenghong’s son, that talented little guy back then?”

“Unexpectedly, he is so big.” It

is rare to see Brian Chuas the second elder who rarely speaks in daily life. Said a few more words.

When Chu Qitian and others heard the words, they were undoubtedly anxious: “Grandpa Xuan, Grandpa Ming, he is no longer the Chu family, you are welcome. Kill him immediately and avenge my Chu family!”

“My Chu family’s thirty-six internal guards are still a large number of clansmen who died in his hands.”

“Two grandpas, we are going to be the masters of our Chu family!”

Chu Qitian couldn’t help but hold back sharply. There is hatred in his words.

However, the two elders Xuan Ming ignored Chu Qitian’s words, instead they looked at Mark and said coldly: “Let’s stop here.”

“With me and two here, it is impossible for you to hurt the Chu family again. People.”

“Quickly retreat, but you can still save your life.” The

two elders Xuanming didn’t seem to want to embarrass Mark, but waved their hands to signal Mark to retreat to Chumen Mountain.

When Chu Qitian heard this, they were undoubtedly even more dissatisfied.

“Two grandpas, no, you can’t let them go~”

“You must kill him!”

....

“Two grandpas, really can’t let them go...”

....

Chu Qitian is still there. Shouting, Chu Shen beside him slapped his face with a slap.

“Okay, shut up!”

“The two old gentlemen have their own decisions, can you control it?”

Chu Shen yelled, and Chu Qitian closed his mouth immediately in fright.

Chapter 3345

The two elders Xuan Ming had a detached position in the Chu family, that is, when the old man Chu was there, he was talking to the two elders of the same generation and treated each other as equals.

Therefore, regardless of strength or seniority, the two elders Xuan Ming held a very high position in the Chu family.

Even Chu Shen, a senior elder of the Chu family, is respectful of these two elders.

What's more, now that the Chu family needs protection from others, they naturally show more respect for the two elders Xuanming.

At this time, Chu Qitian was still beeping, and Chu Shen was naturally angry.

Anxious the two elders Xuan Ming, who will deal with Mark?

Although in Chu Shen's heart, he wanted the two elders Xuan Ming to directly kill Mark.

But he also knew his position, and he was not qualified to influence the meaning of the two elders Xuan Ming.

Moreover, Chu Shen was also afraid, afraid that Mark dog would jump the wall in a hurry.

If the trouble goes on, the ghost knows what Mark will make again.

It can be said that the fighting has continued until now, and the Chu family are already afraid of Mark.

Their will to let Mark die now is secondary, the most important thing is that they still hope that Mark will retreat quickly.

Send away this god as soon as possible!

However, facing the request of the two elders Xuanming, Mark sneered: “

That's it?”

“It's light, but do you think it's possible?” “Today, if you don't step down in the Chu family, I swear not to Chu Tianfan.

Give it up!” Mark's voice was cold and stern, and the sound of ice cold was only as if a stone fell to the ground, clanging.

Hearing the words, the two elders Xuan Ming frowned, “It was born from the same root, so why is it too anxious.”

“Even though you were driven out of the clan by the old man back then, the blood of the Chu family is still in your body after all.”

“You belong to the Chu clan, so why kill each other.”

“Is there anything that can’t be discussed at the negotiating table?”

” If you are really wronged, I believe that the senior leaders of the Chu family will also give you justice.” The second

old Xuan Ming said to Mark with a blank expression on his face.

Mark suddenly laughed when he heard this. It’s like hearing the funniest joke in the world.

“Justice?”

“In the eyes of these ignorant and pedantic old bastards of the Chu family, there is only the majesty of the family and the face of the individual. Why is there the justice of

my

Chu Tianfan?” “I was too stupid and naive.” , As the world’s largest wealthy, you will have credibility.”

“

But what about the result?” “It’s just a joke!”

“You don’t need to persuade anymore. I won’t negotiate with the Chu family anymore, and I won’t believe anything in the Chu family anymore. One person.”

“If the two grandfathers block me, then I have to be offended!”

Mark’s expression gradually cooled down. In the dantian, Yun Dao Tianjue was running frantically, and the surrounding heaven and earth powers seemed to be summoned. Generally, toward Mark’s location, frantically gathered.

At this time, Mark, like a dry sponge, was greedily devouring the surrounding power.

Seeing Mark’s desperate posture, the two elders Xuan Ming remained unmoved.

In the old eyes, it was still as calm as water.

For the two of them, what kind of strong people have never seen, what kind of wind and rain have not experienced.

There may be something surprising about the young man in front of him, but among the two of them, he is nothing more than an inspiring junior.

“Little man, why the kiss of death?”

“In front of us, any of your struggles are in vain.”

“We do not want to kill the Chu family.”

“What’s more, you are being hung son.”

“At this time close hand recede , The two of us, we can let the past go and let you go safely.” The

two elders Xuan Ming continued.

Calm words, no joy or sadness.

That kind of tone is like two elders teaching a wayward and naughty child, letting him know when he is lost.

“No need.”

“Thank you for the kindness of the two grandpas.”

“But the grievances between me and the Chu family have long been irreconcilable.”

“Don’t die! Endless!”
