

## Chapter 3344

. In the next few days, the city will still have heavy troops in addition to the city gate. The previous tense situation, on the contrary, was like a celebration of victory.

There are lanterns and colorful lights everywhere, and the streets are crowded, bustling and bustling, and there is no such thing as the appearance of being invaded by the city lord's mansion, but it is more like ushering in a big happy event.

Every day, the house is busy and lively. The servants will prepare various kinds of food early in the morning and deliver them to the guest room on the west side of the City Lord's Palace, serving the Fuye family for breakfast. After waiting, he would help him to dress up, wash and dress neatly. Zhu Yanshuo usually arrives at this time. After a lot of discussion, a group of people started a day of sightseeing in the city.

The beauty of fall around the city, or by a variety of activities, the past few days almost everywhere Zhu leaves two people and help the people there, or they separate tour, and or with the public, but added there is no high above the

rack .

At this time, many people also began to pay attention to the new and unfamiliar young face that Zhu Yanshuo accompanied – Ye Shijun.

Seeing that Zhu Yanshuo was polite and right, everyone knew that his identity was unusual, but such a person actually enjoyed the people. While winning everyone's attention, praise for Ye Shijun came from everywhere.

It has to be said that Zhu Yanshuo is indeed a powerful man, and he immediately established Ye Shijun's image very well.

This made Ye Shijun quite happy, but what was even more happier was that he and Zhu Yaner had spent a lot of happy time alone in the past few days, and he could often gain praise from others while playing.

At this time, in Zhu Yan'er's place, Ye Shijun's image began to grow continuously, and even Zhu Yan'er had a slight affection for this rather polite young master of the Ye family.

Later on, Zhu Yanshuo and Futian didn't even need to deliberately create opportunities to agree to Ye Shijun's private invitation.

The

relationship between also began to get closer.

On this evening three days later, the two returned from playing again. Although the city lord's mansion was heavily guarded, all the subordinates had already received a verbal notification from Zhu Yanshuo. As soon as they saw the two, they obediently retreated to the side so as not to disturb the two.

Therefore, the two came all the way, as if there was no one around.

"Have you had a good time today?" Ye Shijun smiled slightly, looking at Zhu Yan'er.

Even now, Zhu Yaner is still reminiscing about the joy of playing just now, and she nodded her head without thinking: "It was a lot of fun, especially boating. I have never played since I was a child, it's really fun."

Seeing Zhu Yaner laughing Ye Shijun smiled happily: "Just be happy."

Seeing Ye Shijun's affectionate eyes, Zhu Yaner was a little shy: "By the way, thank you."

Zhu Yaner herself was wearing Xia Wei's picture A peerless face, a smile is enough to kill anyone in seconds, and now with this

slight shyness, it is really impossible for any man to make his heart at peace.

An impulse belonging to a man suddenly made Ye Shijun bend over slightly and put his mouth close to it.

Zhu Yan'er didn't refuse, but in a short while, she suddenly withdrew slightly, avoiding Ye Shijun.

Ye Shijun was immediately very regretful, and looked at Zhu Yaner eagerly: "What's wrong?"

Zhu Yaner was a little overwhelmed, and lowered his head and did not speak.

"There is no one around here." Ye Shijun looked around and said anxiously.

Zhu Yan'er rubbed her hands nervously, but she still mustered up her courage: "It's not because of this."

"What's the reason for that?"

"I..." Zhu Yan'er raised her head and looked at Ye Shijun, who was disappointed and nervous. Thinking back on the happy moments with him, she couldn't bear to hide it from him: "Actually...it's my own problem."

"You want to say George Han, is that right?" Ye Shijun asked.

Although the

natural world leaves are really good, and also very happy with him, but that South Korea three thousand more handsome face and his unparalleled personal power or force is deeply imprinted in the heart of the child.

To accept him means to let go of George Han completely, but obviously, at least for now, Ye Shijun doesn't seem to be stronger than George Han.

Therefore, it is really difficult for Zhu Yan'er to give up and gain at this time.

See brow child nodded, Ye Shi are hand trembling with anger, he forced teeth, barely revealing a smile: "Never mind, I'll let you make up this determination, I will send you back to the house, okay?"

Then down , Ye Shijun took Zhu Yaner back to her bedroom, and then retreated, almost at the moment when he suddenly turned around, his face was extremely hideous.

He rushed outside quickly, but at this moment, Futian came quickly, Ye Shijun looked at him, and said coldly: "Arrived?"

"Yes."

“It’s just in time!”

## Chapter 3345

words fell, Ye Shijun clenched his fists and rushed towards his guest room.

Futian followed behind. Judging from Ye Shijun’s clenched fist, he knew that Ye Shijun had run into a wall at Zhu Yan’er’s place, but the good thing was that, as he just said, it came at the right time.

In less than a moment, the two returned to the hall where the guest room was located one after the other.

Although it is a guest room, it is actually like a small city master’s mansion. There are not only the main guest room, the secondary guest room, the attendant room and the guard room, but also a special study room and the main living room.

Although the scale of the main living room is not as huge as that of the main hall of the city, it is also quite regular and luxuriously decorated.

When they returned to the main living room, several senior executives of the Fuye family were already sitting on both sides. When Ye Shijun came in, a group of people quickly got up and saluted slightly.

Ye Shijun slammed his butt and sat under the high hall in the center: “Where’s the people?”

Futian didn’t dare to neglect, he ran to the door and waved his hand. After a while, a few men in black quickly got in.

This group of people looked weird. Although they could be seen in human form under the black clothes, their walking posture was on all fours, which was quite strange.

“I’ve seen your son.” The

number of men in black was five, and they knelt down and shouted at Ye Shijun in unison.

“All here?” Ye Shijun asked frowning.

The front of the five people, at this time, quickly replied: “The subordinate has summoned all the four night dogs here, a total of three hundred and one, there is no shortage of one, and you can listen to the son’s arrangement at any time.”

“Very good.” Wen Yan, Ye Shijun couldn’t help but be overjoyed, the boredom in his heart finally had a chance to report: “Fu Tian.”

“Yes.”

“Give them the things.”

Futian nodded, then took out a tattered cloth from his arms and threw it to the five people. This was the clothes that George Han had worn from City Lord Zhu. corner.

"I want all Yegou to smell the smell on it, and be sure to find out where this person is hiding, otherwise, there will be no Yegou around here forever." Futian shouted coldly.

Hearing this, the five men in black didn't dare to be slighted, and quickly grabbed the cloth and sniffed hard in front of their noses.

After confirming the taste, he put away the cloth and led the man in black to kneel on the ground: "Don't worry, son, I will do my best to not arrest this person, and we will not give up." After the words were finished, the five got up and walked outside.

"Wait." Ye Shijun said suddenly.

The five stopped.

"This person is very powerful, and he is as cunning as an old fox. If you find him, don't panic, you know?" Ye Shijun ordered.

There are so many Yegou, they can't help but besiege it on their own

.

"There are more than 300 people under Yegou, how can they be afraid..." The leader Yegou was quite dissatisfied, but after thinking about it, he nodded obediently: "This subordinate understands that once the subordinate finds out, he will immediately come back and report to the son. "

Let's go." When

Yegou left, Futian also slowly came to the hall at this time, and saluted slightly: "Then I will start preparing the team now?"

"Don't worry." After Ye Shijun finished speaking, he glanced at the sides The senior executives: "You go first."

"Yes."

A group of senior executives took the lead and retreated collectively.

When there was only Futian left in the field, Ye Shijun said,

"Wait until the Tianan team arrives. They will arrive early tomorrow morning." "Tianan team?" He walked to Ye Shijun's side, lowered his voice and said urgently, "The Tianan detachment is

your father's secret troop. His old man once said that without his order, no one is allowed to command the Tianan detachment privately. Shijun, you "..."

"You know, that's my father. What's the harm in using his things as my son?" Ye Shijun said nonchalantly.

"But the Sky Dark Team is also used by other people to secretly take action at the most critical moment. If this is exposed in advance, isn't it the same as making these secrets public?" Futian asked anxiously.

“Well, you know I have only just a step away from the catch brow child? This step is damn Korea three thousand.”

“This time, the old hatred still lingers Adds New Hate , do you think I’ll give George Han a little chance to live?”

Futian thought for a while , looked at Ye Shijun, and the two suddenly sneered grimly.

In the middle of the night, in a broken temple...
