

# Chapter 3368– 3369 of A Dish Best Served Cold Novel

## Chapter 3368

The so-called hero's end will always make people feel a little inexplicably sad.

“Winner and loser.”

“The failed person, no matter how amazing you are, you will eventually become a boneless.”

The leaders of all countries sighed with emotion.

I just feel that there is one less amazing genius in this world.

Heroes cherish each other, maybe that's the case.

Sure enough, seeing Markming's stubbornness, Chu Yuan lost his last patience.

“Junior, I gave you a chance, but you don't know how to cherish it.”

“In that case, don't blame me.”

“After you die, I will send someone to go to the hot summer to find my Chu family's unique knowledge!”

Chu Yuan had no patience anymore, he gave a low voice, then clenched his hand into a fist and slammed it down suddenly.

The surging power, condensed into a huge punch in the air.

As if Mount Tai was crushing the top, he slammed it down towards Mark's chest.

No one doubted that after this punch, Mark would have the slightest chance of surviving.

“do not want!”

“Brother Mark...”

An Qi yelled in horror, and Meng Wanyu's brows were flushed.

Aaron and others are also full of sorrow, preparing to witness the fall of a generation of arrogance. ?

However, compared with everyone's panic, Mark at this time was extraordinarily calm.

There was even a smile on the beautiful face of the past.

It's just that smile, but it's so weak and lonely.

"Think of me, Chu Tianfan, for a lifetime. There are nearly a thousand battles of laughter, and it's rare to lose!"

"But I never thought that today, this Chumen Mountain will eventually become the place where Chu Tianfan's bones are buried."

The Chu Family was once the place where Markmeng started.

Now, Mark also broke his dream here.

In the successive battles, Mark had already used all his hole cards.

A few seconds ago, Mark was even thinking about how to deal with Chu Yuan and how to make a desperate turnaround.

However, he tried his best to countermeasures, and suddenly found that they were all in vain.

By now, he has nowhere to go.

Any resistance is just a fight between trapped beasts.

He confessed his fate.

Now that the ending has been decided, there is no choice but to die.

Phoo~

The cold wind is surging, and the vigor is bursting.

Chu Yuan's final blow had already arrived.

But Mark, still calm, with a smile, looked at something far away, the direction of home.

"Helen Qiu, I'm sorry..."

"This time, it's true, I can't go home anymore."

Mark's red lips lightly opened, and he murmured in a low voice.

In the corner of his eyes, a few tears appeared rare.

Then, he closed his eyes, calmly, and walked towards the darkness where everyone would eventually go.

However, just when everyone thought Mark was bound to die. Suddenly, outside Tianhe, a little white mark lit up.

At first, the white mark was only a little bit of starlight, dim and unmarked.

But soon, it became a big success.

Like Yaoyang, rising from the ancient east!

Bright and eye-catching.

In addition, your bright sunshine, on the shore of the West Sea, when lit, it will cut through the sky and the sky like an electric light, tearing the long river sky.

The speed is so fast that it almost penetrates time and space and penetrates the years.

In the blink of an eye, across the Tianhe River.

In the almost suffocating gaze of everyone, he was directly cut off to the place where Chu Yuan was.

“what?”

Chu Yuan himself was also shocked by this sudden change.

Moreover, what made Chu Yuan feel even more shocked was that this mighty power even felt his own heart palpitations.

In a hurry, Chu Yuan didn't care about killing Mark, and hurriedly urged the boxing strength he had hit before to stand in front of Zhijiu.

Boom~

In this way, that Xia Guang and Chu Yuan's boxing strength violently collided.

As a volcano exploded, the force of terror rose into the sky in an instant. The flames lifted into the sky, and the storms rose again and again.

With a radius of one thousand meters, there is no vegetation, and the turf has been lifted up.

Cengceng~

After the storm dissipated, everyone saw that Chu Yuan's figure exploded one after another.

After knocking over countless boulders in a row, he only relieved his strength and stabilized his figure.

"Damn it?"

"who?"

"Dare to disturb my Chu family's affairs!"

## Chapter 3369

On the top of Chumen Mountain, Chu Yuan had a gloomy face, looked at the place where the attack struck ahead, and shouted angrily.

His eyes were like eagles, and there was a sharp light in his eyebrows.

At this time, not only Chu Yuan, but everyone on the entire Chumen Mountain looked far away with shock and doubt.

Who will it be?

Can you actually repel Chu Yuan head-on?

Could it be that Mark, still has a bad hole?

However, how did they know that Mark at this time was as surprised as they were.

Because even he himself didn't know what was going on just now?

Mark asked himself if he had all his cards, so even Mark himself didn't know who saved him just now.

Just like this, in the eyes of everyone's doubts, a figure appeared quietly in the depths of Tianhe.

The man had a long dress, with long black hair hanging down like a waterfall, red lips like fire, and eyes like ink.

The moment she appeared, it seemed that even this world was in a trance for a while.

The intoxicating face, the ethereal temperament, like a mortal fairy, otherworldly. ?

At the same time, a holy and ethereal breath also quietly swept the entire Chumen Mountain.

“This...this is...?”

Feeling this familiar aura, the Japanese sword god Mochizuki's old face twitched, and then his eyes widened.

“Difficult... Could it be that Yue... Your Royal Highness Moon God?”

As soon as Mochizuki River's words fell, the shadow in the depths of Tianhe had already floated to her.

Ruyujiao body fell beside Mark.

The majestic face is also in the sight of everyone, slowly focusing.

“Okay.. What a beautiful woman?”

“Like a fairy!”

Aaron and others are all sinking.

These martial arts leaders are countless women in their lives.

However, this is the first time I have seen such a fairy-like woman in this life.

Just as Aaron and the others guessed the identity of the other party, the Japanese sword god Mochizuki Kneeled on his knees and knelt directly with a bang.

“Junior Wangyuehe, pay homage to His Royal Highness Moon God.”

“I don't know if the Moon God is coming, and if there is a loss, please forgive me!”

Mochizuki River bowed his head and bowed to the ground.

When other people saw this, they were immediately dumbfounded.

“Moon... Moon God?”

“Could it be that she.... She is the supreme god of Japanese martial arts, the moon reading god?”

The Soviet Union martial arts leader Aaron the Great widened his eyes.

The Buddha King of India trembled even more.

The awakening of the previous month reading can be said to have caused uproar in the global martial arts community.

At that time, many people rushed to hear the news, wanting to see the true face of the Moon God, but when they arrived, it was already too late.

Therefore, for most of the people present, it was undoubtedly the first time to see the moon and read the truth.

“I go!”

“what is it today?”

“First, black and white Shuangsha reappeared in the world.”

“Later, the old monster Chu Yuan broke through again!”

“Now even the Moon God of the Japanese Kingdom has come out?”

“What’s this special?”

“Do the gods fight?”

King Foluo and the others were almost crazy, and only felt that their scalp was numb.

When Mark first appeared, everyone thought it was just a farce.

But who would have thought that it would be so troubled in the end.

Even the two extremely strong ones have been drawn out.

Today’s battle, I am afraid it can be ranked first in the martial arts battle in a hundred years.

“According to legend, the Moon Reading Heavenly God is a powerhouse of the gods.”

“However, those are all records in ancient books.”

“I just don’t know, how much strength can I still have in the monthly reading after awakening?”

Everyone looked at the direction of the Moon God from a distance, and their hearts were excited and curious.

However, what makes everyone even more curious is what the Sun Moon God is doing in Chumen Mountain at this time?

This question is not only in the hearts of Aaron and others, but the people of the three families of Truman are also puzzled.

“It turned out to be her!”

Grand Elder Truman stared at the Moon God with his eyes.

For Truman, it was not the first time that the Moon God descended on Chumen Mountain.

At the beginning, this woman had single-handedly broken into the Truman. If it weren't for Tang Yun, the master of the Truman, to block her in the end, they would have suffered a heavy loss.
