

Chapter 3376

George Han gave a refreshing shout, glanced at Zhu Yanshuo, and said coldly: "Make a deal with you."

Hearing this sentence, Zhu Yanshuo frowned, and as soon as he blurted out what the deal was, a chill flashed in his heart.

Should n't it be...

And George Han also said at this time: "His life, how about the other three friends you detained me?"

"Don't talk nonsense, I didn't detain you at all. What kind of so-called friends?"

Sure enough, as Zhu Yanshuo expected, Han Sanqianyi opened his mouth, and his so-called transaction was what he was most worried about.

However, for the sake of his own face and reputation, and for his own sister, Zhu Yanshuo would definitely be unwilling to admit any facts when he broke his teeth.

"Since you don't admit it, then it's like I didn't say anything." George Han pulled out his jade sword and cut it off at Ye Shijun's head.

"Slow!"

With an urgent shout, George Han looked up in disdain. Sure enough, it was Futian who made a sound.

This guy is now relying on Ye Shijun's promotion to make a fortune. It can be said that Ye Shijun is simply his cash cow. If Ye Shijun suffers any loss, then Futian is undoubtedly the person whose interests are most affected. In this case, he naturally would not sit back and wait.

This was expected by George Han, because the other side of the transaction had no conflict of interest with Futian, so he would only pay more attention to what was beneficial to him, and was naturally the one who couldn't sit still the most.

George Han was very happy with Futian's performance. During the negotiation process, the more nervous people are, the more passive they are, and the less chips they can get, and vice versa.

He raised his hand slightly and looked at Futian, George Han was waiting.

Seeing that George Han stopped, Futian turned back to Zhu Yanshuo's side, and said in a low voice, "City Lord Zhu, from a moral point of view, Young Master Ye is also in danger because of helping you this time, you naturally It is my responsibility to save Young Master Ye."

"Secondly, you and I are very clear about Young Master Ye's identity. If something happened to him, do you know how the lord would be furious? Don't say what the future will be if he falls into the city. , even now, I'm afraid it will be difficult to punish."

"The foundation you have built so hard is about to be destroyed?"

Hearing Futian's words, Zhu Yanshuo fell into silence, and Futian's words were not alarmist.

If such a big incident should happen to him, Zhu Yanshuo is indeed to blame, and because of the particularity of Ye Gongzi's identity, once he is punished, he will face utter disaster.

Those people have the ability to help them carry forward the fallen city, and naturally they also have the ability to make themselves nothing.

“City Lord Zhu, allow the old man to say a little more, keep the green hills, and don’t be afraid of running out of firewood.” Seeing that Zhu Yanshuo was thinking, Futian couldn’t help but strike while the iron was hot.

“Leave the green hills?” Zhu Yanshuo raised his head sharply.

Yes, there is some truth to what he said. What’s more, George Han just asked for the lives of his three friends, so this sub-deal is not impossible.

Thinking of this, Zhu Yanshuo nodded slightly at the subordinate next to him, and the subordinate immediately understood what it meant and hurriedly retreated.

In less than a moment, at the rear of the crowd, the subordinate rushed over with a few soldiers, and in the middle of the soldiers, George Han saw three people who were chained.

Pangolin, Xiaochunhua and the old man.

Pangolins have the most chains on their bodies, and they can almost be said to be completely locked. All three were pale, and there were countless scars on the face of the pangolin. Obviously, he must have experienced some kind of torture before.

The old man had the fewest scars, but because of his age, his health was not good.

When the people arrived, Zhu Yanshuo immediately grabbed them very roughly and directly. The three of them were almost unsteady, stumbled to the ground, and looked extremely embarrassed.

Seeing them again, George Han is naturally very excited, but just as George Han just said, the most taboo thing in negotiation is to be passive.

He must pretend to be indifferent and not be too nervous, otherwise he will be overweighted by Zhu Yanshuo.

Everyone is smart, so George Han naturally didn’t dare to be careless.

“People have been brought here, George Han, is that them?” Zhu Yanshuo asked.

George Han pretended to look at it, and smiled disdainfully: “It’s them, but...”

George Han suddenly sneered sinisterly. Obviously, the bad water in this guy’s stomach is oozing out...

Chapter 3377

I don’t know what George Han wants to do.

“George Han, what are you trying to say?” Futian was very anxious, and the first one couldn’t help roaring.

George Han smiled lightly: “However, they are not my friends.”

“Not your friends? George Han, what do you mean by that? You said yes just now, but now you are not. Is it true or not?” Futian was almost dazed by George Han, and said in a hurry.

“They are indeed the people I was looking for, but they are not my friends. The reason why I want to mention these three people is also very obvious. These three people are my friend Xia Wei’s entourage, an old housekeeper, a female slave and a bodyguard.”

“Xia Wei is my only

friend, but City Lord Zhu kept denying what Qing Ji said before, and I want these three people to simply prove that what Qing Ji said is not true. It’s a story, but a real thing.” George Han smiled.

“If there is no face-changing, I would like to ask, why is my friend Xia Wei always in a coma? I also want to ask, if there is no such thing, why would the three of their followers be imprisoned by City Lord Zhu? Of course, City Lord Zhu you can choose to still refuse to admit it, but the three of them will tell the truth directly when they say next.”

“City Lord Zhu can kill them now, just kill them and silence them.”

After remarks, everyone was silent or shocked. Xiang Zhu Yanshuo’s siblings, obviously, most of them already believed in George Han’s rhetoric, and also believed in the change of face.

After all, the witness is here, and Zhu Yanshuo’s speech is completely different .

Seeing everyone like this, Zhu Yan’er lowered her head and didn’t dare to raise her head, for fear that others would read something from her eyes or expression.

Zhu Yanshuo’s whole body was going numb at this time.

George Han directly blocked the way to Zhu Yanshuo. He looks angry now that he doesn’t kill anyone, but if he kills someone, he will be dead.

The face-changing matter was so abruptly confirmed by George Han.

Ye Shijun was lying on the ground, his eyes were almost full of despair.

He looked unwillingly at Zhu Yan’er who lowered his head, he didn’t understand, and he was even more puzzled.

His loss to George Han was humiliating enough, but he didn’t expect that the one who would punish him was still behind.

The woman he likes, the woman he pursues, is not a beauty at all, but an ugly woman who makes people feel sick to the point of nausea!

That is to say, in the past three days, I have been laughing and laughing with him, and I have been intimate with him...

Thinking of this, Ye Shijun couldn’t help but tumbling in his stomach. He used to fantasize about kissing Xiangze, but now it seems that , he is really thankful that he didn’t get the chance.

Of course, these are not the ones that cost him his life. The most important thing is that Zhu Yan'er is an ugly girl, which means that her appearance is actually that of the woman beside George Han!

It's George Han again! ! !

It's George Han again, why can't he ever get around this bastard? !

In the end, the woman beside him ends up, and in the end, he always has nothing to do with George Han? He was really about to explode on the spot, first Fu Mei, and now...

Seeing the crowd like this, Young Master Ye like this, Zhu Yanshuo

's whole person has completely collapsed, and he knows that this secret can no longer be kept at this moment. .

"George Han, you despicable villain, you fuck me." Ye Shijun roared angrily, pointing at George Han, his eyes almost swallowed him alive.

George Han smiled lightly. Not only was he not angry at all, but he even comforted him: "City Lord Zhu, why are you so angry?"

"You bastard, you have the face to speak slander here?" Ye Shijun was so angry that he was about to vomit blood.

George Han shook his head: "I didn't say rude words, but what I said is true, after all..."

"After all, this kind of thing is nothing compared to what I'm going to say next. If you are so angry because of this, then what should you do next?" After the

words were finished, George Han's mouth twitched into a wicked smile that made Zhu Yanshuo's mind explode...
