

## Chapter 3382

Charlie nodded: "Let's go, we still have to catch a plane to Beirut."

Charlie took Walter and Zynn on Sayid's helicopter, then he waved goodbye to Hamid and Sayid, and the helicopter quickly took off and rushed to Beirut, the capital of Lebanon.

At this time, Zhongquan's man, Chester, was already waiting anxiously in Beirut.

He knew that Charlie's trip to Hamid's base must be very dangerous, and Hamid and the government forces were in a stalemate.

Tens of thousands of people surrounded his base, and now the outside world had not received any news about the peace talks between the two sides, so he was afraid that Charlie could enter and not come out.

After the plane took off, Charlie gave him a call and told him to hurry up and arrange for the crew of the Concorde to be ready for takeoff and take off immediately in one hour.

Chester was surprised and asked, "Young ..... Master, you got out of Hamid?"

"Right." Charlie said lightly, "I will arrive at Beirut airport in about fifty minutes, grab the plane and get it ready for takeoff without delay."

Chester Han subconsciously asked, "Young master ..... you ..... how would you get out?"

Charlie said lightly: "You don't need to ask much about this, it won't take long for you to know."

"Okay ....." Chester was busy saying, "Then I'll go to the airport and wait for you!"

Chester immediately went to the airport and arranged for the plane to be ready for takeoff, and soon, Charlie arrived at the airport in a helicopter without any problems.

Chester never dreamed that Charlie was flying in a government helicopter, and when he saw him and Zynn, he couldn't help but be astonished.

He really couldn't understand, this young master of his family, in the end, what kind of magic power he can use to bring out Zynn intact from thousands of hostile people who were surrounding him.

And along with Charlie, there was a middle-aged man, only Chester did not know Walter, so he did not know his identity.

Chester was eager to ask what was going on, but Charlie seemed to be in a great hurry and just got down from the helicopter, just said to Chester that he had worked hard, and then took the two men to board the Concorde.

Immediately afterward, he urged the crew to hurry up and take off to get back to China as soon as possible.

When the Concorde took off from Beirut Airport, Joseph, who was far away in Eastcliff, was anxious about Walter's lost connection.

He knew that Walter was going to negotiate with Hamid today together with the representatives of the government army, and he did not want those two parties to shake hands and make peace, so he asked Walter, no matter what, to delay for a few more days."

"Until he took care of the Wade family, and then he would personally go to the Middle East and solve Hamid.

He did not get Walter's report, which made him more or less anxious, so he asked his man Harmen to try to contact with him several times, but could not reach him.

The weird thing is that none of the other senior and middle-ranking members of the Cataclysmic Front could be contacted either.

Harmen was worried that something had gone wrong, but Joseph felt that even if something had gone wrong, it would not be possible for all 15,000 people to go wrong."

"After all, these 15,000 people are the elite of the Cataclysmic Front, how could a group of crooked people on the other side threaten them?

Therefore, he preferred to believe that there should be a communication failure in the Middle East.

However, after waiting for another two to three hours, there was still no news, which made him feel more and more bizarre.

So, he immediately called Harmen and said in a cold voice: "Harmen, you should immediately deploy a few people from Jerusalem to go there and see what is going on!"

Saying that, he said in a stern voice: "No matter what happened, Walter must be responsible for losing contact for such a long time!"

Harmen was about to speak, when suddenly someone rushed in quickly in a panic and said nervously, "Supreme Commander, something big has happened in Syria!"
