

Chapter 3456

“This means that the gluttony is also real?!”

“This guy... this guy is really evil The gluttonous, the alternative with the Pangu axe in his hand!!!”

Thinking of this, the group of people who were fighting just now, all of them retreated slightly with fear, the crab essence is already the best negative example, who Dare to continue to touch such brows at this time? !

George Han smiled slightly, and his eyes moved to them in time.

“Do you still want to try?”

In a word, everyone shook their heads like a wavy drum, and they stepped back again and again, not wanting to be targeted by George Han at this time.

After all, if it was a blow to them, let alone that they didn't have the hard shell of a crab, even if they did, it wouldn't be able to withstand it at all.

“I believe that by now, no one has any doubts.”

At this time, Liang Han stood up appropriately, and after he finished speaking, everyone was silent for a while.

Especially Liang Han's eyes were fixed on the crab at this time, and the crab even lowered his head and dared not say a word.

How arrogant he was before, how embarrassed he is now. “Since you have no doubts

, and you have no opinions, I can understand that, like me, do you agree with the decision made by the tree and the other four?”

Silence.

Liang Han nodded with satisfaction: “Very good, since that's the case, let's reach an agreement now. The young man in front of us has officially reached our agreement of transparency. Naturally, for him, we came according to the original agreement.”

When the words fell, Liang Han looked at George Han and said, “By the way, young man, you haven't told us your name yet.”

Seeing Liang Han's smiling face, George Han had some doubts in his heart.

However, George Han would not refuse to answer when others asked, and accepted it slightly, “George Han.”

“George Han? Interesting name, I wrote it down.” Liang Han smiled.

Immediately afterwards, Liang Han nodded at everyone: “Let's start.” As soon as

the voice fell, except for the injured crab, the nine people including Liang Han moved quickly, and a circle appeared again to surround George Han.

George Han frowned, a little puzzled, what does this mean?

Didn't they just say that they have recognized themselves? According to the tree man's explanation, including Liang Han's extremely polite words just now, logically speaking, there shouldn't be any disputes next, they should just let themselves go into Moon Lake to find those two? !

George Han was in a fog, unable to figure out what the situation was.

Why didn't he say he wanted to fight, but he said he wanted to fight? !

Seeing to see George Han's doubts, Liang Han smiled lightly and said, "Although we recognize you, recognition doesn't mean everything. What should come will always come. Are you ready?"

" Still have to fight!

George Han was very depressed. He had known this earlier, so he might as well start the fight just now. !

Pure waste of saliva.

However, when the opponent wanted to fight, George Han had no choice. He could only use the Pangu axe, and he still couldn't lose his momentum: "What am I ready for? I have to ask if you are ready."

"This preparation, I believe that all of us here have already done it many years ago."

"We won't show mercy, you have to be careful."

As soon as the voice fell, without waiting for George Han to react, all the nine figures suddenly turned into nothingness, and then crazily crossed each other.

If it is difficult to identify their positions with the naked eye, I believe that anyone will be dazzled at this time. Even a battle-hardened person like George Han will be confused at this time, and it will be difficult to adapt for a while.

"Let's fight!"

With a loud shout, almost at the moment George Han looked at him, a cold wind had hit his face, followed by a pain in his abdomen, and his body was suddenly smashed by a strange force.

However, these are not over yet, and the storm-like attack of the pear blossoms has only just begun.

"Bang bang bang bang!"

George Han was like flour in a frying pan, and it exploded all around.

George Han was dizzy after being beaten, vomited blood, and had no power to fight back at all.

The clean water surface was instantly dyed red by George Han's blood, and it was gorgeous and miserable.

With the last punch directly hitting the face, George Han suddenly stopped moving...

Chapter 3457

His eyes are a little flowery, and his whole body is shaky at any time.

I have to admit that this is the first time that George Han has encountered such a close-knit group attack. Their speed and impact are so strong that George Han can't stand it for a while. Dizzy, and then madly passively beaten.

George Han really felt that he was about to be beaten up.

Especially the last punch, which almost completely beat him to the ground, and the whole person completely supported his body with a little consciousness.

The nine people stopped slightly, then looked at each other, and then each smiled slightly.

Liang Han walked to the front slightly, looking at George Han who was already like this, he couldn't help laughing softly: "George Han, why, can't you stand it?"

"You can choose to admit defeat, since we recognize you, We won't kill you, you only need where you came from, and go back to where you want to go."

"How?"

Liang Han waited for George Han's response.

George Han was very dizzy. He tried to shake his head several times, and then reluctantly regained his consciousness, but the pain in his body still made George Han grin.

Liang Han and others were also quite patient, still waiting quietly.

After a full five minutes of delay, George Han finally reluctantly regained his shaky body, then looked up at Liang Han and smiled: "You want me to admit defeat?"

"I do." George Han He smiled bitterly: "However, my knee is so hard that I can't kneel down."

George Han laughed, but the anger in his eyes had already reached its peak.

"Interesting, I'm liking you more and more." Liang Leng smiled coldly and gestured with a look, and suddenly a group of people attacked George Han again.

"You still use the same moves to deal with me? Is it too underestimating me?" George Han smiled coldly, roared, and the eight golden bodies suddenly opened wide.

The power of chaos on his body was also activated to the maximum, and the purple light of the inextinguishable black armor flashed for a while, dazzling abnormally.

The frost jade armor inside also plays its due role.

"Come on, fight!"

With a roar, the eight golden bodies lined up in a circle, with their backs to each other forming a formation of iron barrels. After that, the sky fire and the moon wheel attacked in a circle.

The totems of the gods and beasts in the four directions are fully displayed, and there are even dragons roaring on the top of the eight golden bodies.

As if, George Han at this time was like eight demon Buddhas, standing there with extraordinary might.

“The Four Divine Beasts!”

Liang Han shouted in a low voice, his body speed did not decrease, and he attacked with the other eight people.

“Humph!” With a cold snort, George Han clenched the big axe tightly, slashing with the axe, and then moved his hand tightly.

“Sword Formation!”

Swipe!

Wan Jian Dun hangs in the air!

“Broken!”

Bang Bang Bang!

Thousands of swords are falling like rain! !

“Thunder Dragon!”

Roar!

The color of the sky changed, the clouds rolled, the thunder was heavy, and a giant dragon appeared in response.

With the rapid movement of the people below, the Thunder Dragon is also a lightning bolt!

Coupled with the almost rain-like rush of ten thousand swords, even though the speed of these nine people changed extremely quickly, they couldn't stand such a dense and almost indiscriminate attack.

Some people started to retreat, and some people even managed to walk into George Han's close body with difficulty, but the shared attributes of the eight golden bodies, plus the double protection of the indestructible mysterious armor and the frost jade armor, still let them. Failed.

Back at a safe distance, Liang Han's group did not show any signs of fear on their faces. On the contrary, each of them had a slight smile on their faces and seemed quite happy.

“It seems that this guy has started to get serious and has shown his true skills.”

“It didn't disappoint us.”

“The one we beat just now made me think that this guy is just a fox in tiger's fur. , but I didn't expect this guy to be like this. A tiger is a tiger, the real thing.”

“It's not just a tiger, this kid is a tiger with wings.”

“However, although the flying tiger is fierce, he also Something is missing.”

“If the Pangu axe is this guy's sharp claws, then what this guy lacks now is a bite of fierce teeth.”

“Yes, no matter how toothless tigers can hunt, they will still be starved to death. , if you want to survive, you need a good tooth.” As soon as

the voice fell, the nine people looked at each other, and even the crab man next to him slowly joined the battle.

“Go!”

As Liang Han drank, the ten people approached George Han again in almost the same way as before.

Only this time, George Han felt that although their moves seemed to be the same, but... in some places, it seemed to be completely different...
