

## Chapter 3461

"Cataclysmic Front?!"

Hearing these two words, Zhongquan's younger brother Jonathan's entire body shook into chaff and said in an unparalleled panic,

"How could ..... how could it be the Cataclysmic Front ....."

After saying that, he looked at Zhongquan with trepidation and asked offhandedly, "Big brother ..... you ..... how did you offend the Cataclysmic Front?!"

Zhongquan originally did not know much about the Cataclysmic Front, but some time ago the news of the Cataclysmic Front pervasive cover low, so he also has a lot of understanding of it.

Although some time ago, the Cataclysmic Front experienced a tragic defeat in Syria, but even so, the strength of the Front can no longer be underestimated.

The Front has tens of thousands of elite soldiers, and most of the internal top brass are martial arts masters, such strength, some small countries may not be their opponents, let alone a business family like the Wade family!

Therefore, everyone present, except Charlie, was scared to the point of weakness by the name of the Cataclysmic Front.

Zhongquan, who was always calm, was even a bit flustered at this time, and he said with a bewildered expression, "I don't remember us having any problems with this Cataclysmic Front."

"My Wade family has been doing business for so many years, and although we have many assets overseas, we have never been to war-torn places to make money ..... and this kind of mercenary organization are completely two worlds of people....."

Andrew also scared, his liver trembling, can not help but ask: "Dad, they as a mercenary organization with tens of thousands of soldiers, why do they want to come to trouble us?!"

"I also don't know ....." Zhongquan couldn't help but ask: "Could there be some kind of misunderstanding?"

Saying that, he asked again, "Have the rest of you ever had any friction with the Cataclysmic Front?"

All of them looked at each other with blank faces.

How had they ever dealt with the Cataclysmic Front?

Even those like Jonathan, who lived overseas all the time, had only heard more about it, but had never had any dealings with it.

Morgan couldn't help but look at Helena beside him and couldn't help but ask: "Helena, is there any conflict between your royal family and the Cataclysmic Front?"

Helena immediately shook her head and said, "Although I have heard of the name, I have never heard of the royal family having any connection with them."

"And the royal family never has any contact with this kind of gray area organization in order to maintain their image in front of the people."

"That's really strange ....." Morgan said nervously, "The Cataclysmic Front can't just kill people at their door for no reason, they must have a target!"

Just when the Wade family was confused, Harmen was no longer prepared to give them time to think.

He said in a cold voice outside the door, "Listen to me, all of you! I'll give you ten seconds, if you don't come out, I'm going to kill you!"

When the Wade family heard this, they panicked to the extreme.

All of them looked at Zhongquan, hoping that he, the head of the family, could come up with a solution.

But he didn't know what to do at this time.
