

### **Chapter 351: What Do You Want to Explain?**

Su Heng pulled his arm out of Shen Qianrou's grip.

"Brother Heng, Brother Heng, this is a misunderstanding. Let me explain!"

Shen Qianrou panicked and grabbed him tightly. Her pale face was filled with helplessness and anxiety.

Su Heng slowly turned his head, his cold face filled with disappointment as he stared at her like a stranger.

"What do you want to explain? Do you want to explain that the man in the gray suit and shirt is Chen Yinsen? Or are you going to explain why Chen Yinsen, who was supposed to be in Fanxing's room, would end up in Feifei's room?"

Or could it be that Feifei was the one who had plotted everything? In the end, she was so stupid that she even framed herself and informed you that she was in the room, so that everyone could catch the adulterer when she wasn't in the right state of mind?

Or are you going to explain why your grandmother, father, and mother have received news that Fanxing is supposedly meeting Chen Yinsen tonight?"

Su Heng couldn't hide his pain and sorrow. "I've convinced myself time and time again to believe you, but tonight... everything you've said is full of loopholes..."

Shen Qianrou's pale face became increasingly anxious. "No, Brother Heng, Brother Heng, listen to me. It's not like that..."

Su Heng slowly pried her arms away from him. "I don't want to listen to anything now."

After saying that, he turned around and left in big strides. Shen Qianrou panicked and wanted to follow him, but the pain in her foot caused her to fall to the ground.

"Brother Heng, Brother Heng, don't go..."

She thought that Su Heng would stop and return to help her and that his heart would ache for her.

However, he didn't.

"Qianrou!"

Yang Liwei's heart ached as she ran over to help Shen Qianrou up.

If she didn't know what had happened, then what Su Heng said just now had been clear enough.

Jiang Rongrong's expression was indescribable and Shen Defan's face was ashen.

...

Su Heng didn't even hesitate as he stormed away!

He dashed out of the hotel and stopped when he reached the forest.

He leaned against a tree, breathing heavily.

The voices from the recording were still ringing in his ears.

*“Shen Fanxing did not seduce me. I forced her!”*

*“The other party even said that if I successfully defiled Shen Fanxing, he would give me another 500,000 yuan!”*

...

*“Su Heng, I really didn’t seduce that man. We are engaged. Even if I can’t win the trophy, I wouldn’t do such a thing!”*

*“Su Heng, can you help me? Help me find that man. He’s really lying!”*

*“Su Heng, do you believe me?”*

Back then, she had been so desperate to explain everything that had happened. That hopeful gaze of hers had yearned for him to believe her.

Although he believed her, in reality, he could not let it go. It was also at that time when Shen Qianrou suddenly expressed her determination. She said that if the same thing happened to her, she would rather die than allow anyone to touch her because she loved him. She only belonged to him.

The stark contrast between them finally caused him to accept Qianrou.

He remembered that Shen Fanxing had just entered her second year of university, and she had yet to celebrate her twentieth birthday.

Nineteen years old...

No one understood the years of fear and helplessness other than herself!

Losing her mother brought her not only pain, but also intense pain. She was afraid of losing her mother and she had also lost the only family she could depend on.

In the end, the Shen family had never been her support.

He could detect her faint reliance on him, but...

At the age of nineteen, she was almost framed and violated...

## **Chapter 352: Rose Essence Oil**

But he didn’t even believe nor trust her!

He didn’t even respond when she wanted to depend on him. She endured the ridicule and sarcasm cast at her by others for six years.

*“As long as you believe me, nothing else matters. Since this matter has been suppressed, then forget it. After all, I’m your fiancée. If this gets out of hand, it won’t be good for your reputation!”*

Back then, she didn’t pursue the matter because she thought that he had believed her!

In fact, for the sake of his reputation, she had chosen to sacrifice herself.

It was as if a wound had been cut open in his heart, and a heart-wrenching pain pierced him...

...

In Shen Fanxing's room, Yu Song stood at the door with a heavy expression.

"Master, this is all we can find out tonight. Old Lady Shen was involved in the bribery back then, and after that, the Shen family helped... Miss Fanxing to deal with the matter in a simple and crude manner. Most of the evidence has been erased, and it's very difficult to obtain any at the moment."

"I only want the results." Bo Jinchuan's expression was gloomy, and his composed and aloof expression was enough to intimidate.

"Yes, Master."

Yu Song bowed respectfully.

...

Shen Fanxing stood by the window with her arms crossed. Under the dim warm light, the shadows of the trees swayed and bleakness filled the air.

She shut her eyes heavily as she suppressed the rising chill in her heart. Swallowing the sourness in her throat, her eyelashes fluttered again. Her bright eyes were a little dazed as she stared into a space far in the darkness.

Someone hugged her from behind. The slightly chilly embrace made her feel a warmth she had never felt before.

Her eyelashes trembled slightly, and most of the chill in her heart vanished.

This man was the savior in her life.

Shen Fanxing thought to herself.

She leaned into his chest and looked out of the window as she admired the bleak night sky. She actually felt that the silence was beautiful.

"I'll give you ten seconds to be sad."

A deep quiet voice sounded from above her, domineering and unyielding.

Shen Fanxing chuckled a little at his awkward and clumsy comfort.

"Why?"

Bo Jinchuan tightened his arms around her body.

The gloominess gradually dissipated. Shen Fanxing turned around from his embrace and looked up at the good-looking man who towered over her.

"How can I stop feeling sad in ten seconds?"

“Then you have no right to be upset. Ten seconds is the limit.”

Shen Fanxing smiled and raised her chin to gaze into Bo Jinchuan’s clear eyes. After a while, she whispered,

“I’m not sad.”

A smile gradually appeared in Bo Jinchuan’s dark eyes. He reached out and tucked a lock of hair behind her ear, but his fingers lingered on her cheek.

“A person only feels sad when he or she cares about something. They... are not worth it. Feeling sad for their viciousness is punishing myself.”

She paused after she spoke, as she lifted his hand and stared at him. But she only parted her lips silently.

“Who’s worth it?”

Bo Jinchuan’s sudden question stunned Shen Fanxing. “Huh?”

“Who deserves your grief?”

Shen Fanxing paused and looked into the man’s deep and powerful eyes. She blinked slowly and smiled. “You.”

Bo Jinchuan’s slightly furrowed brows gradually relaxed as he kissed her forehead in satisfaction. “I won’t make you sad.”

Shen Fanxing smiled gently. “That would be great.”

A moment later, Bo Jinchuan spoke again.

“I have two questions.”

Shen Fanxing remained indifferent. What was meant to come would come eventually.

“Ask me.”

“You drugged Lin Feifei?”

“No.”

Bo Jinchuan didn’t say anything and he just looked at her quietly.

Shen Fanxing pursed her lips and continued, “I brought rose essential oil.”

Bo Jinchuan frowned slightly. He remembered that they had discussed this last night.

“Have you heard of the Mesmerizing Scent? Roses, lilies, rosemary and other flowers. These can all be used as ingredients as they are natural aphrodisiacs.”

He was speechless...

Bo Jinchuan remained silent for a long time before saying, “You know quite a lot.”

“This is the basic knowledge for a perfumer.”

Bo Jinchuan remained silent for a long time.

“Do you have some left?”

### **Chapter 353: Don't Feel Like Asking Anymore**

Bo Jinchuan remained silent for a long time.

“Do you have some left?”

“What?”

“Rose essential oil.”

“Why... do you want it?”

“What do you think?”

“There isn't any left.”

He was speechless...

“Any other questions?”

“I don't feel like asking anymore.”

She was speechless...

...

The road back to the Shen family was already blocked. The entrance of the Shen family's mansion was also swarmed by reporters and media.

Jiang Rongrong and the others had a home that they couldn't return to. So they could only rush back to the company.

The entrance of the company was also surrounded by reporters.

As the Shen family's car drove towards the building, the sharp-eyed reporters had surrounded the car in an instant.

Shen Qianrou's face was pale as she stared at the reporters outside the car. For the first time, she felt that they were like the zombies in horror movies who ate human flesh and drank human blood. All of them wanted to devour her alive.

“Miss Shen Qianrou, do you have anything to explain about you plotting against your sister and Chen Yinsen tonight?”

“Chairman Jiang, back then, you forced your granddaughter to withdraw from the competition. But you secretly bribed the judges to protect your younger granddaughter. May I ask if Miss Shen Fanxing is your biological granddaughter? And why did you treat her so differently?”

“Miss Shen Qianrou, based on your actions tonight, are you the one who bribed Chen Yinsen to violate your sister six years ago?”

Shen Qianrou's face turned extremely pale.

"Miss Shen Qianrou, Chairman Jiang, CEO Shen, can you please come out of the car and explain? Are you refusing to get out of the car because you have a guilty conscience? Did we interpret that correctly?"

Jiang Rongrong's expression was extremely grim and livid. Shen Defan called for security and they immediately shoved the reporters away. After that, the car drove to the basement and they went into the lift.

The internet was flooded with the incident that had happened tonight. Shen Qianrou had called so many people along to catch the adulterer. In the end, she suffered a backlash. There were too many onlookers just now. Some of them had used their phones to record videos and posted them online.

Chen Yinsen and the other two judges' confessions were also posted online.

The entire internet was in an uproar. Some anonymous users even dug out some of Shen Qianrou's history!

She had maliciously snatched other artistes' endorsements, and she used stunt woman for her scenes. After her performance, she bullied and lectured the dancers who had stolen her limelight...

Even though Jiang Rongrong had personally worked with the public relations team to deal with the crisis, it couldn't stop the criticism.

It was impossible to dump more money to resolve the problem. The entire internet was talking about it. All the major search engines, forums, websites and social platforms had reported the news as their headlines. They didn't have that much money.

Caption: *?Shen Fanxing did not seduce the judges.*

Caption: *?Shen Fanxing was framed six years ago.*

Caption: *?Culprit and mastermind behind the entire scandal. Shen Fanxing is the real victim.*

Everyone was in a state of shock as they apologized to Shen Fanxing. They mourned in silence and congratulated her on being safe and sound.

Shen Qianrou and Shen Fanxing trended online.

Hashtags such as *?Shen Qianrou is a white lotus?* were trending.

Another hashtag trended *?Shen Qianrou, get out of the entertainment industry!*

Shen Qianrou's account on Weibo, which had more than ten million followers, had suddenly dropped by four million. The majority of those who stayed behind wanted to pay attention to Shen Qianrou's next move. There were all sorts of people cursing and venting their hatred. Naturally, there were also people who still believed in her!

In Jiang Rongrong's office, Shen Qianrou sat on the sofa and looked at her phone anxiously.

She had called Su Heng umpteen times but he had never answered.

"Grandma, Daddy, Mommy, it really wasn't me. It's really not me. You have to believe me..."

"I called all of you because I was afraid that Sister would get into trouble. I wanted you to come over and help me to settle this..."

"I didn't expect things to turn out like this..."

### **Chapter 354: You Did Everything?**

She paused for a moment as a vicious glint flashed across her eyes.

"It should have been the most fortunate thing for Sister to be fine. But why did Lan Yun Entertainment and I suffer in the end?"

Jiang Rongrong, who had been pulling a long face all this while, was even more furious when she heard this.

She had always known that Shen Fanxing liked to go against Qianrou. It would be fine if nothing happened. But why did Qianrou and Lan Yun Entertainment have to bear the consequences?

She had witnessed how capable and scheming Shen Fanxing was before. In that case, Shen Fanxing was indeed the one who had planned everything!

However, she didn't have time to think about it. The office phone was ringing.

"Director Jiang, Director Haisheng called to withdraw his investment... Director Jin Leqiu also wants to withdraw his investment... Director Chi Mai Hong also wants to withdraw his investment..."

Jiang Rongrong's heart was pounding as she hung up the call. She placed her hand on her forehead, exhausted.

"Mother, are you all right?" Yang Liwei looked at Jiang Rongrong's exhausted face and asked worriedly.

Right now, Jiang Rongrong was the one supporting the entire Shen family. If she collapsed, wouldn't they be in trouble?

Jiang Rongrong leaned against the chair and closed her eyes tiredly. "Let's send Qianrou abroad first."

When Shen Qianrou heard this, her eyes widened instantly, and her expression became even more flustered. "No, I don't want to go anywhere! Grandma, are you going to abandon me overseas like how you threw Sister away..."

Jiang Rongrong suddenly opened her eyes. Her tired eyes were bloodshot. "You need to lie low! How else do you want me to tell the media?!"

Shen Qianrou's face turned pale. She clenched her fists tightly as her body trembled violently.

She looked at Jiang Rongrong with a face streaming with tears.

"Grandma, even you don't believe me? How would I harm my sister? How is that possible... I know Lan Yun Entertainment's current situation very well. Not only is the company important to you, but it is also the place to fulfill my dream. No matter how unhappy I am with my sister, I wouldn't use the Shen family's reputation and Lan Yun Entertainment's future as stakes, Grandma..."

Jiang Rongrong frowned, deep in thought.

Yang Liwei quickly added,

“That’s right, Mother. Qianrou is right. Other than you, she should be the one who cares about Lan Yun Entertainment the most. How would she do such a thing to ruin it? On the other hand, Shen Fanxing holds a grudge against us. You saw it at the last anniversary party. She wants us and Lan Yun Entertainment to be ruined!”

Jiang Rongrong furrowed her brows and narrowed her eyes. “What a jinx!”

Seeing that Jiang Rongrong had calmed down, Yang Liwei continued,

“Mother, there will always be a solution. Don’t worry, I think the most important thing now is the investors. We’re in a dire situation now. Should we discuss with Fanxing? The building that Stars International currently occupies is the best land in Ping Cheng city. The market price is close to ten billion yuan...”

Jiang Rongrong snorted coldly. “Stars International was given to her by Ji Fengmian. Previously, she has made it clear. Are you trying to find more ways to have me killed by suggesting that I talk to her?”

Yang Liwei looked troubled. “The situation is urgent. I’m just thinking of a solution...”

Jiang Rongrong shook her head. “That girl won’t compromise anytime soon. Lan Yun Entertainment can’t afford to wait...”

With that, Jiang Rongrong paused and suddenly looked at Shen Qianrou. “Have you contacted Su Heng?”

Shen Qianrou was stunned for a moment before shaking her head. “No.”

Jiang Rongrong nodded and softened her tone. “Since there’s a misunderstanding, you should explain it to him clearly. Men can’t bear to see their woman sad. You should give in to him...”

Giving in sounded like a subtle hint, but those who could understand would naturally get it.

Shen Qianrou bit her lip and nodded. “I understand, Grandma. When Brother Heng isn’t angry anymore, I’ll see if the Su Corporation can help Lan Yun Entertainment.”

Jiang Rongrong nodded in relief. “You’re the smartest and most sensible one.”

...

At the hotel on campus.

After Shen Fanxing read the overwhelming news online, she felt that something was amiss.

The reporters that were present tonight were well-known reporters specially invited by the school. However, the news had leaked everywhere on the Internet.

She couldn’t help but turn to look at Bo Jinchuan. “You... did everything?”

**Chapter 355: I’ll Give You a Chance to Make it Up to Me**

She couldn't help but turn to look at Bo Jinchuan. "You... did everything?"

Bo Jinchuan stole a glance at Shen Fanxing's phone before he glanced at her.

That expression on his face meant that only a fool wouldn't do anything when such a good opportunity arose. He could bring down Shen Qianrou and the Shen family at the same time.

Shen Fanxing pressed her lips and looked at her phone.

He was obviously trying to blacklist Shen Qianrou.

Shen Fanxing kept her phone away and sighed softly. "Do you think you can blacklist Shen Qianrou?"

Bo Jinchuan said calmly, "I just want everyone to know that you're innocent and that you're the best. Of course, I won't let the person who bullied you get away... I interfered behind your back, but if I don't do anything, the person who doesn't deserve you will be me!"

Shen Fanxing's heart skipped a beat as she looked at Bo Jinchuan. Her eyes were swirling with emotions.

"Bo Jinchuan..." She called his name softly.

Bo Jinchuan smiled and stroked her hair. "Are you touched?"

Shen Fanxing nodded.

"Then give me a bottle of rose essential oil."

Shen Fanxing was stunned. "How can you say something like that? It's unethical to use my feelings!"

Bo Jinchuan replied thoughtfully, "Looks like it's not enough."

"What?"

Instead of answering the question, Bo Jinchuan quipped,

"There's a conclusion to the piano competition. Congratulate me."

Shen Fanxing raised her brows. "What? Shouldn't you be congratulating me?"

"What logic is that? Your grievances have been washed away, and one flaw has been erased. It's not far from you agreeing to marry me. Shouldn't I be congratulated?"

She was speechless...

Bo Jinchuan suddenly pinched Shen Fanxing's cheek.

"This rule you set is really torturing me. You have to marry me sooner or later. Why shouldn't we get married first? This way, I can exercise my rights in advance."

Shen Fanxing blushed and turned her head to the side. "What nonsense are you spouting? What rights do you have?"

Bo Jinchuan's lips curled slightly and his deep voice was filled with seductive charm.

"Of course I would have the right to use rose essential oil openly."

Shen Fanxing glared at him, "You are really..."

Bo Jinchuan glanced at Shen Fanxing, and her words were stuck in her throat.

"It's all because of you." His deep voice was filled with helplessness as he tightened his grip around Shen Fanxing's waist, before pressing her against his chest.

"How about this? I can give you time, but during this period, I'll give you a chance to make it up to me."

"What chance?"

"Do you agree?"

Shen Fanxing gave it some thought and felt that Bo Jinchuan wouldn't get her to commit murder or arson. She nodded and said, "All right, I agree."

Bo Jinchuan smiled and he lifted her chin. He bent down and his lips landed on hers...

He kissed her greedily. After he had secretly analyzed the experience he had gained from kissing her several times, even a light kiss now left her weak and unable to resist him.

Her breaths quickened as he devoured her lips over and over again. He deliberately unnerved her. Her heart was pounding, but she couldn't stop herself from wanting more.

She held onto his shirt tightly and looked into his dark eyes barely an inch away. The dark flames in his eyes were burning brightly.

"W-what chance?"

Her starry eyes sparkled. She didn't want to be bewitched by him any longer.

However, Bo Jinchuan still bent and brushed his lips against her cheek before shifting to her ear...

### **Chapter 356: She Has Come Back**

He parted his thin lips—

"I want the mesmerizing perfume."

His husky voice was extremely seductive. Those few simple words left her completely bashful.

She pressed against his chest and wanted to escape, but he held her waist tightly.

"Don't go back on your promise, okay?"

"I... What do you want it for?"

"What do you think? You're asking the obvious."

"I... don't know!"

"Who cares if you know or not. Remember to give it to me."

She was speechless...

...

Downstairs, Yin Ruijue had received orders to prepare supper. He was on his way back when he was stopped by Liang Xuer.

She lifted her skirt, her figure slender and graceful. "Young Master Yin, do you know where Tingshen went?"

Yin Ruijue frowned. "How would I know? Isn't he always with you?"

Liang Xuer's delicate long eyebrows were tightly knitted together. "I'm sorry, I'll ask someone else."

Yin Ruijue shrugged his shoulders and entered the elevator.

The guests in the hall had already begun to leave. When Liang Xuer walked in, the waiters were busy cleaning up the mess.

She walked through the hall feeling slightly disappointed. She thought of taking a look at the school entrance.

The brightly lit campus hinted at a special night of drinking, celebrating and conversations. After the celebration, there was a long period of silence. Everything seemed usual, but yet it seemed emptier than usual.

At the northern entrance of the campus, the bright streetlights elongated the silhouettes of two people.

Liang Xuer strode slowly towards them, but her gaze couldn't help but be attracted to the other woman.

She wore an orange dress without any design. It was simple yet exquisite. The design outlined the woman's slender figure perfectly. The V-neck design at the chest area revealed the woman's exquisite pale collarbones with a pretty neck.

There was no fluctuation in her voice, but she spoke delicately.

"I'll send the rest of the wine over tomorrow morning."

"Sure."

"We'll settle the bill tomorrow?"

"Yeah, sure."

"Then it's settled. I'll take my leave first."

At this moment, a gentle voice suddenly interrupted—

"I'm sorry, but I wanted to ask if you've seen..."

As Liang Xuer asked, she frowned slightly and kept staring at the woman who had just turned around.

In her heart, there was a trace of doubt that she herself didn't quite believe. However, when the woman heard her voice and turned around, Liang Xuer's face suddenly turned pale.

"You..."

The moment she turned his head, the light brushed past the woman's perfect nose. Her long hair resembled a shining waterfall. Her bright eyes were enticing, and there was a unique charm hidden in her coldness. It was contradicting, but rather perfect at the same time.

She was beautiful. There was a hint of arrogance in her languidness, and her charm left people staring at her.

Her beauty was neither flamboyant nor flamboyant. She looked delicate yet rigid. Unlike others, her beauty was unique.

She paused for a moment when she saw Liang Xuer, before she sized her up quietly.

She still had a preference for simple yet luxurious designs.

Ha...

Ridiculous!

In the end, the woman calmly retracted her gaze. She took the lollipop in her hand, and stuffed it into her mouth, before she turned to leave.

Liang Xuer stood rooted to the spot as she watched the woman leave. An indescribable panic gradually arose in his heart.

Even though she had been in prison for so many years, it didn't diminish any of her beauty.

She... has come back.

Liang Xuer's trembling hand pressed her chest, and the uneasiness in her heart intensified.

Tingshen, where did Tingshen go...

### **Chapter 357: A Chaotic Night**

Liang Xuer was deep in thought when her beautiful eyes suddenly widened.

Ye Qingqiu was back and Tingshen was gone!

Her chest tightened as she shook her head and left in a panic.

Impossible! It's absolutely impossible!

Tingshen shouldn't know that she was back...

On the second floor of the hall, a towering figure in black stood quietly by the window. His aura was mysterious and cold, and his bottomless eyes followed Ye Qingqiu's slender figure. Finally, he watched as she left in a black car!

He threw the cigarette he had lit on the floor, and his eyes were dark and emotionless.

Finally, he turned around and strode away. His handsome face was as calm as water, but the cigarette he had thrown on the ground had long been crushed into pieces...

...

The next day, Shen Fanxing washed up and went to Xu Qingzhi's room on the tenth floor.

However, no one came to open the door after knocking for a long time.

At this moment, a cleaning lady who was cleaning the room, pushed a trolley towards her. Shen Fanxing asked her to open the door.

However, when she entered the room, she realized that there was no one in the room at all. Even the bed was clean and tidy. It didn't look like a room that had been occupied before.

She turned to look at the room number. After confirming that this was Xu Qingzhi's room, she suddenly had a bad feeling.

She hurriedly took out her phone and dialed Xu Qingzhi's number. After a long time, the call finally connected!

She heaved a sigh of relief. "Qing..."

"Who is it?"

Shen Fanxing's voice was stuck in her throat as her face darkened.

After a long while she drawled, her cold voice carrying some suspicion.

"Li Mo?"

"Yeah."

Shen Fanxing bit her lip and reached out to massage her eyebrows.

...

The news online went viral for the entire night. Until now, the popularity hadn't waned.

There was still no response from Lan Yun Entertainment.

Shen Fanxing ate breakfast with Xu Qingzhi as they sat at the dining table by the window. Xu Qingzhi kept scrolling through her phone, unable to hide the joy on her face.

"Fanxing, what exactly happened last night?"

Shen Fanxing looked at her and sighed. Putting her fork down, she frowned and said in a low voice, "You're still in the mood to care about me?"

Xu Qingzhi's expression stiffened. She picked up the glass of water and took a sip. She tilted her head and looked out the window. Her lips curled up slightly, and a bitter expression appeared on her face.

"He and I drank too much. It was just a simple mistake. We're both adults and we've already made things clear!"

"Did you make yourself clear, or did he?"

Xu Qingzhi forcefully closed her eyes. Her voice was slightly hoarse.

“Let’s not talk about that, Fanxing. Let it pass. Now that the school’s anniversary celebration is over, I just want Zhi Qin Cosmetics to successfully enter the Bo Consortium shopping mall. It’s useless to think about anything else.”

Xu Qingzhi paused for a moment before asking, “Where’s your man?”

Shen Fanxing furrowed her brows and picked up her fork to eat the salad. She said softly, “He left early in the morning.”

...

After breakfast, the two of them had no plans to linger and left separately.

Before Shen Fanxing reached the office, she received a call from Shen Shanghua.

“Fanxing, come back home. I have something to tell you.”

Shen Fanxing furrowed her brows, but before she could say anything, Shen Shanghua continued, “I’m the only one at home, don’t worry.”

### **Chapter 358: For Him, I Won’t Allow Myself to Be Weak**

Shen Fanxing walked into Shen Shanghua’s room and was surprised to see another person in the room.

“Grandpa...”

Shen Shanghua leaned against the head of the bed and peered at her with his aged eyes. In the end, he looked away in pain.

“Fanxing, I’m sorry. Back then...”

He choked, and was unable to speak.

Shen Fanxing’s eyes quivered and she couldn’t help but feel a surge of ache. However, she still turned her head to the side and spoke in a cold voice.

“Why did you ask me to come back?”

Shen Shanghua felt even more upset about how distant Shen Fanxing was, but he still glanced at the man beside him.

The man received his signal and handed a document to Shen Fanxing.

“Miss Shen, this is the remaining fifteen percent of Old Master’s shares. It is now under your name.”

Shen Fanxing’s lips twitched as she glanced at the document. “Another compensation?”

Shen Shanghua sighed heavily. “Fanxing, other than these, what else do you think I have?”

Shen Fanxing remained silent for a while before accepting the document.

She opened and read it before putting it into the folder.

“Can I ask you a question?”

Shen Shanghua looked up at her. “Go ahead.”

“What did I do wrong to deserve this treatment from my family?”

Shen Shanghua remained silent for a long time before replying faintly,

“You didn’t do anything wrong. It’s just... you were born at the wrong time.”

The room fell silent.

“Ha.”

After a long while, Shen Fanxing laughed.

It turned out that from the moment she was born, her fate had already been sealed.

“I see. But I would never think that my birth was a mistake because it would insult my mother.”

As she spoke, she looked down at the papers in her hand and said:

“Since it’s compensation, I’ll accept it. However, don’t expect me to not do anything to Lan Yun Entertainment now that I’m a shareholder.”

“To put it simply, I don’t have any feelings for Lan Yun Entertainment. On the contrary, the more they care about it, the more I want to destroy them.”

Shen Shanghua’s eyes darkened. “Fanxing, don’t be consumed by hatred and anger. You have more meaningful things to do. Let them off...”

Shen Fanxing sneered, “Let them off? When have they ever let me off?”

“In the entire Shen family, you are the only one who is sincere towards me. Hence, when you wanted to meet me, I came.”

“Just turn a blind eye to everything that I’m going to do like how you’ve done in the past. After all, I’m only giving them a taste of their own medicine. I’m merely returning a favor.”

“Can you really be that heartless?”

Shen Fanxing shook her head. “My heart has long been dead as long as the Shen family is involved. Now, my heart only lives for one person.”

Shen Shanghua was stunned. There was a flash of surprise in his eyes. After a moment, he sighed softly.

“One will be hurt as long as they’re alive...”

“No, he’s different! If he hurts me, he would perhaps be in more pain than me! For him, I won’t allow myself to be weak or bullied by anyone!”

After saying that, Shen Fanxing glanced at Shen Shanghua and asked, “Are you still giving the shares to me?”

The heavy breathing became longer. Finally, Shen Shanghua waved his hand. “Take them.”

Shen Fanxing nodded in response. "All right, have a good rest. I'll take my leave first."

After saying that, she put on her sunglasses. Her cold expression became even colder because of the sunglasses.. She slowly turned around and left without any emotion.

### **Chapter 359: The Hammer Of Justice**

At nine o'clock in the morning, the organizer of the Music Ocean competition issued a statement on the official social media account. The organizer apologized sincerely for the unfair competition six years ago, as well as to Shen Fanxing. Also, due to special circumstances, the winner that they had awarded six years ago was nullified. At the same time, they were obligated to get the trophy back as it didn't hold any meaning to it!

At the same time, the organizer of the competition arrived at Lan Yun Entertainment.

Shen Qianrou had completely calmed down. She wanted to go to the Su Corporation to look for Su Heng, but she was met with a group of aggressive people.

Shen Qianrou naturally knew them. In all these years, Lan Yun Entertainment had paid attention to the competition in order to find new potential.

"What do you want to do?" Shen Qianrou's intuition told her that something was wrong.

"We are here to retrieve the Music Ocean Cup that you've won six years ago. The official announcement has been made that the results from six years ago is invalid. You don't deserve this trophy. Please return it to us!"

Shen Qianrou's face, which had just recovered, turned pale in an instant. "Return?! I won the award based on my own ability. What right do you have to take it from me?!"

"To be able to get your grandmother to bribe the judges for you, you are indeed quite capable."

The other party's obvious sarcasm made Shen Qianrou tremble. "Even if I don't spend money, that trophy will still be mine in the end. Didn't you guys watch the competition back then? Was there something wrong with my performance? So many people were watching the competition at that time. If I'm not worthy, there should be people who would raise doubts, but there aren't! That would prove that I deserve the award!"

"No. Perhaps there's no problem with your performance, but there's no problem with other people as well. The difference between you and those people is because of your grandmother. Miss Shen, the organizers are willing to pay any price for our carelessness back then to prove the fairness of our competition! The trophy has already been declared invalid, so there's no point in keeping it."

"You guys..." Shen Qianrou's face was ashen.

In the end, the organizer successfully retrieved the trophy. When they exited Lan Yun Entertainment's building, the reporters at the entrance immediately surrounded them.

The organizers took the opportunity to make a righteous speech to the reporters.

“We apologize to all the contestants who participated in the Music Ocean finals six years ago. Please forgive us for not being able to compensate you. However, we will try our best to give everyone an explanation. I hope you will feel better.”

After saying that, they bowed to the media. Immediately after, they smashed the trophy that they had retrieved from Shen Qianrou’s office into smithereens with a hammer!

‘The hammer of justice’ caused another wave of buzz online.

After watching the video, Shen Fanxing gave a little depressed sigh.

However, the actions of the organizers of the Music Ocean Cup were really exaggerated. Logically speaking, they should have just issued a statement to express their stand. There was actually no need for them to personally collect the trophy and to smash it.

Shen Fanxing could vaguely guess that there was a mastermind behind the entire drama, and her heart warmed.

...

Shen Qianrou had caused such a huge commotion. The Su Corporation had also been implicated as she was a perfumer in their company.

In the meeting room, the atmosphere was especially tense.

The higher-ups were rendered speechless by Shen Qianrou’s acts.

All of them had ugly and furious expressions and none of them uttered a word.

All sorts of horrible things had been said.

Even if the few of them joined forces, they couldn’t compare to Shen Qianrou’s scandals!

### **Chapter 360: Deadlock**

Furthermore, this scandal was related to Shen Fanxing, whom they liked.

“The tables have turned. Back then, Shen Fanxing was forced to leave and Shen Qianrou was chosen. I thought that Shen Qianrou was such an angel. Now, that scandal was fake and this scandal is real. I’m really suspecting if the Su Corporation is a place where all scandals convene. Anyone who has dirt on them would come to the Su Corporation?”

“The piano competition is a competition, what does it have to do with the Su Corporation? Isn’t it not a big deal? Shen Qianrou is an internationally renowned perfumer, Rosanna. Shen Fanxing is just a perfumer with a history of plagiarism. Who is more important? Even if Shen Qianrou isn’t in the entertainment industry, her identity as Rosanna alone can crush a certain someone!”

Anna Li sneered. She didn’t like Shen Fanxing to begin with and she had always been pressured by her when they were both in the company. Now that she had left the company, Shen Qianrou wasn’t present

in the company, and had given her all the power she needed. So she had the final say in the entire R&D department.

“That’s exactly what we wish. She’s Rosanna, and she’s the best. No matter how good she is, how much money did she earn for the Su Corporation?”

“You’re short-sighted. As long as we win the rights to enter the Bo Consortium Mall, who cares about that?”

“You!... Hmph, if it were me, with her current state, I don’t care if she’s Rosanna or Selina. Get lost as far as she can!”

Su Heng didn’t sleep for the entire night. His handsome face couldn’t conceal his fatigue. He sat on the main seat with a dazed expression, not knowing what to say.

“Everyone thinks that they are the most capable and invincible. If she has the ability to participate in the international competitions, she should come back with a win!”

“You...”

“Enough!”

Su Heng, who had not lost his temper, pressed his temples and finally let out a low growl!

The few of them were frightened by his sudden voice and they kept quiet. Their expressions didn’t look good either.

“You want to turn this place into a market because the situation isn’t messy enough?”

She was speechless...

He was speechless...

Everyone fell silent.

Su Heng took a deep breath and leaned heavily against the chair.

“Any news with the Bo Consortium?”

“Our certification, our product blueprint and catalog, our sales performance in the past few years, our reputation, and our business plan are the most precise and complete amongst our competitors. The person-in-charge of the Bo Consortium project revealed that it should be Su Corporation without a doubt. However, the incident that happened during the Shen family’s anniversary last time had affected the outcome a little. The person-in-charge has proposed to increase the commission to 25 percent. We have never seen such a high percentage of commission in any shopping mall before. So we haven’t agreed yet...”

Su Heng frowned. Twenty five percent?

Deducting quality insurance, advertising fees, anniversary sponsorship fees, management fees, electrical bills and other miscellaneous taxes, how much profit would they have left?

The other party was obviously taking advantage of the situation. The business world belonged to unscrupulous businessmen. If it were him, he wouldn't let go of this opportunity either.

They had to get into the Bo Consortium mall, and the Su Corporation couldn't afford to miss this opportunity.

He sighed, completely exhausted.

"Just accept it."

...

At the same time, in the Bo Consortium's meeting room.

Bo Jinchuan looked at the two proposals in his hands coldly.

"CEO, the disparity between Zhi Qin Cosmetics and Su Corporation is drastic. Moreover in terms of scale, Zhi Qin Cosmetics isn't presentable. Not to mention that Su Corporation's reputation is above Zhi Qin Cosmetics."

"But not long ago, Zhi Qin Cosmetics appointed an international best actor as their spokesperson. It's clear that their reputation in the future will not be inferior to that of the Su Corporation, and they are obviously not stingy with advertising!

Furthermore, Shen Fanxing used to be the former chief perfumer of the Su Corporation. The Su Corporation's reputation must have something to do with the products. That is all thanks to Shen Fanxing's hard work. Now, the product who is earning the most revenue for the Su Corporation is the product that Shen Fanxing developed back then. In terms of capability, I think Zhiqin Cosmetics is better!"

"But now, the Su Corporation's perfume maker Shen Qianrou is an internationally renowned perfume maker Rosanna. Naturally, her capabilities cannot be underestimated. In the long run, I still think that the Su Corporation is more suitable."

"Shen Qianrou's current reputation isn't good..."

Bo Jinchuan sat at the head of the table and looked nonchalantly at the two proposals in front of him.. His deep eyes flashed with a glint.
