

# Super Rich Dad Chapter 359-360

Chapter 359 - No more buying

'Just a small stone like this costs one million eight hundred and eighty thousand dollars? That's outrageous, isn't it? Are you kidding? That's enough to buy two finely decorated flats in the city centre!'

'What do you know? It's a top quality sapphire, it's big, it's pure, and it's been processed by top foreign jewellery designers, so it's natural for it to be more expensive.'

Because of You Yun's words, the whole jewellery shop was suddenly in a frenzy, and almost everyone was surprised at the price of this sapphire pendant, which was too high.

You know, it was a whole 1.88 million, even if it was just stacked together, it was still a huge pile of banknotes.

The price for this little pendant was so high that no one could accept it.

The middle-aged man was also dumbfounded after hearing You Yun's offer.

One million, eight hundred and eighty-eight thousand? This was too much higher than the price he had expected in his heart.

Originally, he thought that such a small stone, even if it was called a gemstone, would only be a few thousand or a few thousand dollars.

To ask for more than one million eight hundred thousand was outrageous.

He had wanted to buy a piece of jewellery to coax the woman beside him, and he would have accepted it if it was several thousand or ten thousand dollars.

But a million and eighty-eight thousand, he would not have accepted it in any case, it was almost as much as the profit of his purse for a few months.

'Brother, are you kidding me?' The middle-aged man forced out a smile and asked, 'Where can I find such expensive jewellery? Over a million, you must be joking, right?'

But You Yun had a serious expression on his face, he didn't have the slightest intention of joking.

'Sorry, this gentleman, the offer I just gave is true and valid, no joking with you, the Tears of the Sky is a pure natural deep sapphire, and it has gone through the Tao.'

You Yun naturally understood that to these laymen, seeing such a small stone worth more than a million dollars was hard to accept.

But to them, the insiders, the price was even more pertinent.

You know, a sapphire of such purity and integrity as the Tears of the Sky may only appear a few times a year in the world.

It makes sense that it would be priced at a high price, as things are rare.

And for some people who liked this kind of high-grade and expensive packing, they would not hesitate to buy it even if it was more than a million dollars.

You Yun took one look at this middle-aged man and knew that he was an amateur when it came to jewellery, and that he was just ignorant and fearless when he spouted such rantings before.

Now when he heard the 1.88 million, this guy's face changed and his cold sweat came down.

You Yun smiled and asked, 'This gentleman, I've finished quoting the price, now you can bid!'

The middle-aged man wiped a bead of sweat from his forehead and his lips were dry.

He looked at the woman beside him and said with a frown, 'Why don't we look at something else, wife? Look at the onyx necklace over there, it's only eight thousand dollars for such big beads.'

The middle-aged man did not even speak with any confidence.

But the woman listened to his words with an exasperated expression.

'Look at you, didn't you just say you were going to buy it for me? What, now it's too expensive and you won't buy it? What the hell is wrong with you!' The woman pouted, 'No, no, I want this!'

The middle-aged man looked embarrassed and hurried to the woman's ear and whispered, 'Oh, you don't understand, his price is too outrageous.'

The middle-aged man was kind enough to persuade him, but the charming woman refused to listen.

She pushed the middle-aged man away and said loudly, 'Hum, I've seen it all, none of you men are good.'

The woman's words really made the middle-aged man a bit embarrassed, and he was a bit annoyed: 'Shut your mouth, cut the crap, I'm not buying today, what can you do? Damn it, if you want to be with me, you can be with me, but if you don't, get out of my way.'

The woman, who had been so arrogant, suddenly wilted after hearing the middle-aged man's words.

To put it bluntly, she herself knew that she was, after all, someone's temporary plaything, and it would not be a matter of minutes if he wanted to change himself.

The woman pouted and muttered, 'If you don't want to buy it, then don't buy it, why are you so mean?'

Seeing that the woman had become honest, the middle-aged man sighed, he twisted his head to look at You Yun and suddenly grinned, 'That hey boss, so, I, suddenly feel that this is not very suitable for my wife, so I will not buy it first.'

## Chapter 360 - Change of Face

The middle-aged man said this, but anyone present could see that he simply couldn't afford it.

So a few snickers immediately erupted from the crowd of onlookers present.

'Haha, it's so funny, just now he swore that he was determined to win the pendant, but now he's gone? I'm laughing my ass off.'

'Haha, just now he was asking for tens of thousands of dollars, now when he hears over 1.8 million, he immediately stops buying, how embarrassing, it seems that in future this pussy can't just pretend ah'

'Ha, it's funny, this guy has lost a lot of face this time'

The crowd was talking, and when the middle-aged man's ears heard, he felt embarrassed too, and his face was embarrassed.

He really wanted to find a crack in the ground, otherwise he would be ashamed to face anyone.

The matter was indeed a bit in your face, so much so that Jiang Hao also smiled.

Jiang Hao's smile, however, was immediately caught by the middle-aged man, who was somewhat annoyed and angry.

After all, he could accept whoever mocked him, but Jiang Hao was the only one who mocked him, and he couldn't accept it no matter what.

You're a poor student and you like to act tough, why do you dare to mock me too?

With anger, the middle-aged man pointed at Jiang Hao and shouted, 'What are you laughing at? Isn't that funny? You're happy that I'm not buying now, aren't you?'

Jiang Hao looked at the other man's angry look and couldn't help but think that this man was a bit interesting, why did he still have a temper like a child when he was so old?

Jiang Hao deliberately nodded and said, 'Yes, of course I should be happy that you're not buying and no one is bidding against me anymore.'

When he heard Jiang Hao's words, the middle-aged man's nose was almost turned upside down.

Moreover, he was clearly saying this to mock himself.

He said loudly, 'Don't fucking brag, I can't afford it, so you think you can afford it? Why are you pretending with me, is that funny?'

The woman beside the middle-aged man also looked at Jiang Hao with a look of contempt as she heard him say, 'That's right, what are you pretending for? This sapphire pendant costs one million eight hundred and eighty thousand dollars, do you think you can afford it? I don't think you can afford this pendant even if we buy you, so why pretend with us?'

The woman laughed coldly and said disdainfully, 'Even if we're not good enough, we're still better than a poor loser like you! Am I right, honey?'

The woman looked at the middle-aged man, who also nodded and laughed, skimming his lips, 'That's right, the more we don't want to be ordinary with such people, he even got ahead of himself, huh, it's really funny, you have the ability not to play with your mouth, you buy it instead?'

As soon as the middle-aged man finished his words, a burst of ridicule was heard from the people around the onlookers.

These people even felt that this middle-aged man was bored, because it was obvious that Jiang Hao couldn't afford the pendant, and they were still raising a bar with Jiang Hao, wasn't this purely because they had just been angry themselves and wanted to come to Jiang Hao to find their presence?

This kind of people are really meaningless.

However, everyone knew in their hearts that no matter what the middle-aged man said, one thing was certain, he was not wrong.

That is, Jiang Hao can not afford to buy this sapphire pendant, 1.88 million, the entire Chu River full of calculations, can afford this luxury luxury, and how many people?

Everyone was looking at Jiang Hao with a smile, wondering what Jiang Hao would do later.

After all, he had already blown his cow hide, and now the middle-aged man was holding him over the fire, so no matter what Jiang Hao did, it would be difficult and he would become the laughing stock of everyone.

You Yun saw this, but in his heart, he had a few moments to defend Jiang Hao, after all, he is just a student, still young, a moment of youthful anger, there is no need to directly pick people's skins and draw their tendons, right?

If you give Jiang Hao a chance now, you are also giving Jiang Hao a chance in the future.

You Yun looked at Jiang Hao and asked in a low voice, 'Little brother, are you still prepared to buy?'

In fact, in You Yun's opinion, he must have given Jiang Hao a step, and he naturally must have chosen to say that he was not going to buy it.

He had already asked, Jiang Hao could just think of a reason and say he wasn't going to buy, and the group wouldn't make things difficult for him, and he would finally take the opportunity to leave, and the situation today would be solved.

However, Jiang Hao's answer was a bit unexpected and even made him a bit upset.

Just listen to the direct words, 'Buy it, why not? Won't it be easier for me to buy the pendant if he doesn't bid against me anymore?'

In fact, in Jiang Hao's mind, that was indeed what he was thinking.

If this middle-aged man didn't compete, he would simply make it easier for himself and just pay for the item when the time came. If this middle-aged man had really bitten the bullet and bid against him just now, it was guaranteed that he would end up spending a few hundred thousand more.

This was tantamount to saving himself hundreds of thousands of dollars, or even more, so how could Jiang Hao not buy it?

Besides, he really had his eye on this sapphire pendant, so how could he let it go so easily?

It was only when Jiang Hao's words left his mouth that You Yun's face changed with a brush.
