

Noble Husband At the Door Chapter 359

However, Du Hong did not quite understand why Samuel would do something behind the back. In his eyes, a little Sue household was nothing at all. Why should he invest so much power on it?

When Harvey discovered that Du Hong had gotten to the company, he instantly asked his assistant to invite Du Hong into the meeting room.

" Sir Du, what brings you here today?" Harvey asked Du Hong.

" Director Su, I have actually brought you excellent news," Du Hong said.

Hearing this, Harvey enjoyed. Although the job in the west of the city had actually been destroyed, as long as the bank provided him a compensation, the Sue household still had a possibility to transform the circumstance around.

" Sir Du, you're willing to offer us time?" Harvey asked in enjoyable shock.

" Offer you time?" Du Hong eyed Harvey with disdain and also claimed, "Without a task in the west of the city, how can the Sue family members have the credentials to financing? Even if I offer you time, can you pay?"

Harvey frowned. The good news was stated by Du Hong himself. If it was except the time restriction, what kind of excellent news could it be?

" Mr. Du, what do you suggest?" Harvey asked in confusion.

" Somebody is willing to acquire your company, and the workers can stay in the company. Isn't that excellent news?" Du Hong claimed.

Harvey rejected without assuming. The company had been acquired, and he had actually not yet been in the placement of chairman sufficient.

As long as they can stay and also continue to work, and also still preserve their present position, it was an excellent point for them. Harvey, currently it's a chance for the Sue family. Du Hong claimed.

" Mr. Du, the business comes from the Sue family. It will never be given to anyone else. I am the chairman. No person deserves to press me away," Harvey claimed with a hard perspective.

" Harvey, if you wish to die, go to hell on your own. Why drag us together?"

" Mr. Du has brought such an excellent chance, but you still do not understand just how to appreciate as well as treasure it. Do you desire the Sue family members to declare bankruptcy as well as be willing to do it?"

" If you become the chairman, you will only bring harm to the business. Exactly how can you still have the face to being in this placement?"

Hearing the words of his relatives, Harvey's face was livid. These guys utilized to flatter him shamelessly, but now they treated him as an adversary one by one.

" I am the chairman. You don't can chat here. Shut up," Harvey said angrily.

Harvey, I'll provide you one more 3 days. Du Hong stood up as well as left the conference room.

Three days!

These three days were dispensable to Harvey. He couldn't do anything. Was the Sue family members really going to be finished?

" Harvey, you have actually believed it via. If they actually require it, you'll be the chairman of the board, and also you'll have the largest responsibility. During that time, you won't also have a place to live."

" How many days can you remain in the placement of chairman? Do you have to see the casket prior to you sob?"

" It's truly not the right time for Old Madam to die. Otherwise, the firm wouldn't have come under such a state."

The members of the Sue Family members stated indignantly. They wished to sell the business, yet the decision-making power was in Harvey's hands. If he was unwilling, they can just view the firm go bankrupt.
