for simultaneous reading on mobile phones . There was even a trace of ecstasy on his face.

It must be admitted that after experiencing the transmission of the ten gods and the sun and moon gods, George Han has thoroughly tasted the sweetness.

In particular, the three mysterious methods and the Seventh Spirit Monkey made George Han excited and couldn't put it down.

Today, there is also a so-called Two-Yield Heavenly Art from the Sun God, as long as you are not a fool, you must know how much it weighs.

After all, this is the ultimate move of the strongest boss, and, according to what he said, he is so powerful that he has only learned the third level. If I

train him to be on the seventh and eighth floors, damn, then I can't walk sideways when I go out?

"What's wrong? Do you think Lao Tzu looks like a liar?" Seeing

George Han's appearance, he hummed angrily.

George Han came back to his senses, touched his head a little embarrassedly, smiled awkwardly, and said, "I didn't mean that. It's just... this thing is your housekeeping skills... and such a strong thing, I am a Time..."

"Hmph, those guys can teach you, but I can't teach you? Be better than them. Whether it's your cultivation base or anything else, you have to be better than them."

"Sit down, I'm with you . Teach you, while you meditate, wait for the yin to dissipate, and the sun will return. After three days and nights, with your talent and intelligence, I believe you will be coveted.

"Three days and nights? "George Han is a little stunned.

"The technique of two ceremonies is the technique of yin and yang. How can the wide range of uses be imagined by ordinary people?" He can not only take people's heads on the battlefield, but also divination in daily life. To sum it up in one word, it is omnipotent.

can. "

"Maybe, such a method is so easy to learn?" "

"You, stinky brat, you are really born with blessings and don't know the blessings, let alone three days, if you change to ordinary people, you may not be able to get started in three or 30 years. "

It's really the poor who are poor, the rich who are rich, close your eyes." "

After being educated, George Han didn't have to say, he is not arrogant and unsatisfied, but simply wants to get rid of this place as soon as possible.

Obediently close your eyes, adjust your mentality, George Han is immersed in meditation. At this time, the voice of the black shadow gradually sounded the words of the heart method.

According to his heart method, George Han adjusted the breath in the body, and then slowly moved the true flow in the body to the teaching taught by the heart method. Various acupuncture points.

After a while, bursts of black qi began to appear around George Han's body.

At the same time, the surrounding black qi also began to gather towards him

.

Sun Shengyuan was patiently teaching, and when he saw this picture, he couldn't help but be stunned. His eyes were as big as bull's eyes, and it was obviously difficult to believe the facts in front of him.

But there are some things...

you have to believe it if you don't believe it.

This guy is not only madly absorbing the yin around him, at the same time, this guy himself has extreme Huge yin qi. What's even more crazy is that

at this time, the yin qi in his body is also slowly moving towards George Han.

Who is he?

He is the master here!

One point is absolutely real!

Therefore, it should be obvious that the yin and even the yang here should be dominated by him. Before teaching George Han, he was actually worried because he was afraid of his own abilities. He is too strong, and his foundation is too stable. During the process of teaching him, he will absorb his entry because he has no intention of exercising his mind.

Zai finally gathered a little bit of yin.

But...

But who the hell would have thought that he had lived for so long, and when he was about to come, the big boat was overturned in the gutter?

His teacher, his father, was actually sucked out of his yin by an offspring.

What the hell is this?

If he hadn't met him personally, I'm afraid he wouldn't believe it if he was killed.

This is equivalent to a super-precise technical work. You have worked for hundreds of years, and you are the number one person in the world. You have accepted an apprentice. As a result, you just told him how to do it. For you...

this depression, who are you going to talk to? !

Suddenly, he suddenly saw something hidden on George Han's body, then frowned sharply, and then walked quickly to George Han's side, the whole person seemed to see something incredible...

No... No?

## Chapter 3599

is not really a goddamn right? !

“You...you...you boy...you actually have...”

It’s really an old dog!

This guy had the body of the Seventh Spirit Monkey descended before, and at that time he also discovered that George Han had golden light on his body when the Spirit Monkey came into the world.

This means that this guy must have some kind of divine body in his body.

Although this thing is indeed top-notch, it can also be expected by Sun Shengyuan.

Most of the strange flowers in the world exist. With his identity and knowledge, although these are beyond imagination, they are also within expectations.

But now it’s different...

because he was stunned to discover that this kid’s body is not so simple.

“Where did this guy come from?” Even Sheng Yuan was completely confused at this time.

In George Han’s body, not only the yin and

demonic energy came out, but most importantly, there was a large amount of demonic energy flowing in his blood.

And this magic energy, he seemed to know it.

“I’m going to... your kid’s body... and... the blood of the demon dragon in his mother’s body?”

How violent, bloodthirsty, and rebellious the demon dragon was, how could he not know, how could he not What about Xiao? !

Back then, he had also teamed up with people with lofty ideals to fight, but the thing was that they were extremely ferocious, and several encirclement and suppression campaigns had failed.

now.....

I don’t know how many millions of years or even hundreds of millions of years have passed, and when I see this beast that once left a deep impression on me, it is actually in this way...

Moreover, looking at George Han’s current appearance, it seems that ...it was still very stable in George Han’s body.

“

It’s a goddamn thing, your kid is full of energy, but you are wrapped in a goddamn evil dragon, which is immortal...”

“This means that you not only devoured it Its body, and even imprisoned its dragon soul in the body.”

“My God, you are...”

I’ve seen a \*\*\*\*, but the mother has never seen such a \*\*\*\*, he is not perverted, it can only be said that the limit has reached his mother’s limit.

“The fighting between gods and demons is the same as fire and water. To get such a devilish energy, you will either fall into the devil, or the same powers of gods and demons in your body will fight against each other, and in the end your kid will explode and die. But... you are safe and sound. There is only one possibility.”

That’s because the aura far exceeds the demonic energy, so the demonic energy is suppressed in the body, so that it can’t cause any trouble at all.

However, Sheng Yuan has seen with his own eyes how terrifying and powerful the dragon in its heyday is, and it can suppress him. Sheng Yuan really doesn’t believe it.

Even the evil dragons, such as the evil dragons, suffered some attacks in later generations, and their strength declined a lot, but the camels that were always thin and dead were bigger than horses.

If you want to completely suppress it on the bloodline, it is also a dream.

“Could it be that your kid’s golden body is stronger? But, who should have such a strong golden body?”

“Huh!”

Suddenly, he closed his mouth, because he thought of a forbidden legend, As absurd as it may be, but... but from the current situation, maybe it is.

Thinking of this, he suddenly smiled and took a stumbling.

God’s choice, indeed, God’s choice.

He looked up at the top of his head, as if looking at the sky across the earth, sighing at the injustice of God, but also at the injustice of God, but his whole person was even more relieved.

He lost, but not badly.

When the will of the day is like this, it is difficult to change the fate against the sky, and when the will of the day decides what it must do, it is even more difficult.

Anyone who wants to resist it will usher in a huge dimensionality reduction blow.

No matter how holy you are!

Taking back his smile, he looked at George Han gently.

The more I look at it, the more I like it, and the more I look at it, the more I feel good about him.

“For the first time in my life, I hope that the night will pass quickly and the sun will come soon. In this way, under the sun, I can see what this golden body is for.” After he finished

speaking, he looked up at the top of his head again... ..
