

Chapter 3618

This posture, just looking at it, is enough to make anyone feel numb in the scalp and timid.

Although it was late at night, such a movement still caused all the people in the city to wake up one after another. Together with those people who were peeping from the window, they came to spy on the whole city.

In just a moment, 70,000 troops have arrived from all directions, and the place is crowded with vigor and vitality.

“Report to Elder Shenlong, the 70,000-strong army is ready and ready to be dispatched by the elders at any time.” Zhu Yanshuo was very satisfied, and even a little proud.

Although these 70,000 troops are not elite soldiers, they are definitely good players, and they have contributed a lot to the expansion of the city.

Their individual combat effectiveness is indeed not as brave as that of elite soldiers, but their combat literacy is extremely high, their coordination ability is extremely strong, their discipline is excellent, and most of the team battles are basically good players.

Just

the momentum of the gathering just now, you can already get a glimpse.

The stunning beauty looked slightly at the large army behind her, and finally nodded slightly satisfied.

“How many defenses are there in the city?” she said.

Faced with this question, Zhu Yanshuo thought for a moment and said, “There are about 20,000 soldiers left.”

“Ten thousand of the 70,000 soldiers remain.” She continued.

Futian was puzzled and didn’t know what it meant. After all, this was the one who had just summoned the troops.

“Elder Shenlong is worried, in case the process does not go smoothly after we enter, if George Han and others escape from the book, and there is no defense in the city, let him wait to escape?” Zhu Yanshuo responded quickly.

The stunning beauty nodded: “Now it’s catching turtles in the urn, but once he breaks through the defense line, it’s equivalent to letting the tiger return to the mountain. If we want to have such an opportunity in the future, I’m afraid it will be more difficult than going to the sky.

“

If we retreat, at least there will be people outside the city to support us, so that we won’t be beaten down.”

Futian said dissatisfiedly: “I’m waiting for 70,000 good soldiers and 10,000 elites plus a group of masters, then George Han is somewhat capable, but No matter how capable he is, is he still alive this time?”

Ye Shijun also nodded and said, "Futian is right, there are so many of us here, why do we need to spend a lot of time and trouble, as I said, it is all in one mind. If you press it in, it will inevitably lead to George Han's death."

Their psychology is very simple, since they want to get George Han, the more people the better, and even the momentum alone can scare George Han. It is best to kowtow on the ground and beg for mercy.

"To deal with a smart enemy, in addition to having a smart brain, it is also necessary to have a sure-fire strategy. Otherwise, once your brain can't keep up with his reaction, you

will make mistakes and let him seize the opportunity to turn defeat into victory."

"Besides, This person George Han has survived many times along the way, and even completed an extremely classic transformation. In addition to his cleverness, you should also pay attention to the ability in his body."

"Once or twice may be luck, but three or four times. Tsuna is definitely his great potential and real ability. I know that in the eyes of some of you, George Han is just an earthman, a so-called inferior person. Therefore, you are very concerned about his body. Conditions and skills are full of contempt."

"But that's you, under my command and leadership, anyone who dares to have such an idea can now turn around and go back to the mansion to rest." The

words ended, the stunning beauty Look at everyone.

A group of people bowed their heads collectively, especially Futian

's own family who knew George Han very well, they couldn't wait to put their heads in their trouser pockets.

Yes, they once thought they knew George Han best, after all, he was the "son-in-law" of the family.

However, in fact, the people who have been beaten the most are actually helping their family members, including what the special envoy of Shenlong said just now.

It's natural to be embarrassed to be named now.

"Okay, since no one has such thoughts, it's the best, Tianshu, it's time for you to open the door." The stunning beauty nodded with satisfaction, and then looked at Tianshu hanging in the air.

"Okay." Tianshu responded, and then a ray of light suddenly shone from the book, hitting everyone present.

In the next second, everyone disappeared with this light, leaving only the ancient book, flying all the way to the sky...

Chapter 3619

At this time, in the world of heavenly books, a new day has already been ushered in.

Just like a few days ago, Amelia Su had been practicing for a whole day, and seeing that dusk was approaching, she just received her magical powers and planned to go back to the house to rest.

Ziqing over there has almost finished her practice, and her satisfaction with the growth of the exercises has already suppressed her physical exhaustion. At this time, she also intends to stop work and rest temporarily.

However, before taking a few steps, he suddenly felt an uneasy premonition suddenly arise, but looking around, everything seemed to be calm again.

How did the two of them know that at this time, more than 70,000 people had suddenly descended from the sky like divine soldiers, appearing on the grass in the distance.

A group of people suddenly descended here, and before it was too late to sigh the magic, they had already found bamboo houses and wooden houses in the distance.

“The wooden house is so huge, it must be their old nest.” Zhu Yanshuo suddenly whispered excitedly.

The stunning beauty concentrated slightly: “Although the bamboo house is small, it is exquisite. Obviously, it should be the place where important people live. I suspect that George Han lives there.

” Futian said urgently.

“I’m afraid the king of George Han is not so easy to capture. If the troops are on him alone, he will be surrounded by his people in the opposite direction. When the enemy is on the back, it will be unfavorable for us.” She said.

“How about that?” Ye Shijun asked: “If we attack its barracks, George Han and this bastard will break through from the rear of our army, and we will be equally difficult.

” It is bound to destroy them directly, and five thousand elite soldiers will be surrounded by a bamboo house with a group of masters .”

“What about the remaining people?” Zhu Yanshuo was puzzled, there were basically more than 10,000 people left without tasks, and he didn’t know what it meant.

“Didn’t you hear what the ancient book said before you came in? There are also a bunch of strange beasts here. The forest is all around, leaving more than 10,000 people as a preparation to prevent the strange beasts from attacking.” She said coldly.

Hearing this, Zhu Yanshuo nodded again and again, bowed his hands slightly, and said, “It’s still the Shenlong Special Envoy who is thoughtful.”

She sneered and said, “If you want to catch a tiger, you must be fully prepared, otherwise, you are a tiger. dinner.”

When he finished speaking, he snorted coldly: “Action!”

Swish!

The tens of thousands of troops immediately divided into two groups and went straight to attack.

Inside the wooden house, a large number of disciples of the Mysterious Man Alliance, including Mo Yang, Young Master Yu

and others, fell into a state of exhaustion during the day's training.

Although some people still plan to stay for a while, some people are already ready to pack up and get ready to rest.

They were not prepared for the raid from the outside world at this time.

Or, in fact, they never thought that there would be strangers entering here.

Especially after Amelia Su blasted countless pits.

That might be the only time they thought something was wrong, but since that time, everyone still believes that there will be no trouble at all.

Therefore, not to mention that there are no sentries, they are simply mentally prepared without the slightest.

Obviously, the enemy will not have any kindness because of this. 50,000 soldiers are getting closer and closer to the bamboo house, spreading out

from all directions, surrounding a group of them, and constantly shrinking the line of defense, in a blink of an eye, more and more the closer.

In the bamboo hut over there, Amelia Su had already sat down and was about to put down the sword, but suddenly felt her heart beat faster, which was extremely abnormal.

That kind of uneasy emotion also rose in my heart, and it became more and more huge.

After thinking about it, she wanted to go out and have a look, but remembered the words of Qiongqi, so she couldn't help but turn around and sit down.

But after sitting for less than a second, she stood up anxiously.

For some reason, she was really restless.

"It doesn't matter."

Even if she would be told by Tian Qiqi again, she was prepared, at least much better than being so anxious now.

Thinking of this, she hurried out of the bamboo house.

And just a moment later, a scream pierced the sky.

"There are enemies!"
