

## Chapter 3640

Seeing that Amelia Su really went and returned, Zhu Yanshuo was stunned at this time.

He really didn't know why Amelia Su really came back, let alone why the special envoy of Shenlong was so sure that she would come back.

"This subordinate is ignorant, please ask the special envoy of Shenlong to advise why..."

"Look at the direction Amelia Su is going, and then see what is in that direction, by the way, rub your eyes, don't rush to give an answer."

Zhu Yanshuo nodded when he heard the sound. , quickly looking around.

That was the main force of the Mysterious Man Alliance, and although there were countless casualties, it was still the largest enemy team at present.

Moreover, under such a fiasco of the encirclement, the tactical literacy of that group of people was extremely high, and until this moment, they still leaned closely and cohesively held together.

Originally, there was nothing unusual about this, but it was precisely because of the special envoy of Shenlong's words "Don't rush to give an answer," that Zhu Yanshuo looked at each other directly.

Suddenly, he frowned

suddenly .

"There is a child in the crowd? Is Amelia Su going for that child?" Zhu Yanshuo was shocked.

"You're not stupid." The stunning beauty hummed softly, "That's George Han and Amelia Su's daughter, her name is Han Nian."

"George Han's daughter?" Zhu Yanshuo was surprised.

This was something he hadn't thought of.

However, after thinking about it carefully, it seems that it is no wonder that Amelia Su will leave and return.

"She's really stupid. If her daughter is gone, it's a big deal to have another one, but if she's gone, then there's really nothing left." Zhu Yanshuo sighed.

"Although she is our enemy and target, you'd better treat her with the least respect, which is also due to a mother." The stunning beauty drank slightly dissatisfied.

Zhu Yanshuo's head suddenly lowered: "Yes."

"With her intelligence, she knows better than anyone

the danger of going back and turning back. But as you can see, she still chooses to face difficulties.

"The great nature of a mother should be praised and respected, not a scumbag like you." The beautiful beauty gave Zhu Yanshuo a vicious look, obviously, she was extremely angry.

Zhu Yanshuo really wanted to give himself a big mouth on the spot, saying something bad, but saying something that made the special envoy of Shenlong unhappy.

He is not the son of Ye Shijun, he has his background.

If a person like him offends his superiors, many paths will naturally narrow.

“Okay, put away your dirty thoughts. Since the fish has bit the hook, it’s time to close the net.” “This time, I won’t allow any mistakes, can you hear it clearly

?”

, the stunning beauty suddenly flew, and charged directly towards Amelia Su and the others.

When Zhu Yanshuo

heard the order to wait for death, he naturally didn’t dare to neglect, and with a wave of his hand, he followed with a group of his subordinates.

Over there, Amelia Su has already fallen into the center of the Mysterious Man League team. Seeing that the poem is Amelia Su, she is both happy and anxious.

“Mom!”

Little Han Nian, when she was supposed to be naive, witnessing this in such an Asura hell was not something she could endure as a child.

Is she afraid?

Of course afraid!

But did she say she was afraid? there has never been.

Too much suffering is unfortunate for her, but also fortunate.

Because these exercises have made her more mature than the children of the same age, she knows that at this time, her parents, even the brothers and sisters who protect her are already in extreme danger. Panic, not only does not relieve their stress, but also distracts them from themselves.

Holding Han Nian, Amelia Su’s eyes were full of

satisfaction and distress.

However, she didn’t have time to do more than he thought, knowing that the time was too late, she took Shi Yu and left.

The pangolins were already prepared, and Amelia Su didn’t need to say a word to know that it was time to set off.

However, as soon as the pangolin moved and dived into the ground, the original ground suddenly turned into a pool of blue water.

“Wow!”

There was a sound of water, and the three adults and one child who were supposed to enter the ground just played a cutscene on the ground. The next second, they came out from the other end of the puddle and stood on the other side of the puddle. .

If it wasn't for the four of them getting wet with water at this time, I'm afraid some people would feel the ground. They just jumped from the left side to the right side of the pool that was less than a foot in size.

The three adults were startled on the spot, and at this time, accompanied by the fluttering blue clothes and the scent, the stunning beauty slowly descended from the sky in front of them...

### **Chapter 3641**

When seeing her, the pangolin immediately subconsciously blocked the two women and Han Nian behind her.

Although Amelia Su hugged Han Nian, she also vacated a hand to gather her strength. Poetry's cultivation was much lower, but her eyes were no less murderous than anyone else.

Obviously, this woman's cultivation base is extremely high, and they have met a real super expert.

"It's really a special skill to be able to walk freely in the soil, but in the water, you shouldn't be able to swim, right?" As soon as he landed, Jue \*\* smiled and stared at the three of them lightly. Among them, There is also a slight laugh.

The pangolin gritted his teeth and did not speak.

"By the way, according to common sense, little girl, you should cover their retreat." She smiled again and set her eyes on Shi Yu.

Shi Yu was both startled and angry, of course it was understandable to be angry, but the surprise was that she had exactly

this plan.

Although fighting against the woman in front of her with her strength is just an egg against a stone, but in any case, as long as she can buy even a little time for Amelia Su and the others, she is willing to take her own life to try.

"Only you, you can't delay for a second. Don't you have a large number of comrades behind you? Call them to come together."

"What if you can buy that little time?"

"I believe this person Brother, I'm afraid it will take less than three seconds to take Amelia Su out of here, so, if that's the case, why don't you come and give it a try?"

"Anyway, if it's me, I'd be willing to take a bet.

", The stunning beauty smiled lightly, and Zhu Yanshuo and others who came behind also stopped behind her, showing a mocking and playful smile.

“Don’t act rashly.” Amelia Su whispered, worried that Shiyu was inexperienced in society and fell into the trap of others.

Obviously, since the other party dares to openly ridicule and explain it, he is naturally fully prepared or confident. Just because he is ridiculed and rashly attacked, he will inevitably usher in a heavy price.

But it is obvious that Amelia Su underestimated Shi Yu’s fearless spirit, and even underestimated Shi Yu’s determination to want Amelia Su and Han Nian to be safe.

“Fight, I’m afraid you won’t succeed.” Shi Yu snorted softly, and the next second, the whole person raised his sword and roared: “Sisters of Baguio Palace, fight with them with me.”

“Kill.”

They are all sisters who are brothers and sisters, so naturally the disciples of Baguio Palace responded.

Along with the response of the disciples of Baguio Palace, the other brothers of the Mysterious Man Alliance also followed.

Pulling

one hair and moving the whole body, accompanied by the charge of poetry, hundreds of people responded, and the entire team directly charged towards the stunning beauty.

Seeing this, Zhu Yanshuo immediately wanted to greet his subordinates to do something, but he saw the Jue \*\* in front of him shook his head slightly, signaling them not to interfere.

In the next second, she suddenly slammed a claw into the air, and a black gas condensed in her palm, looking at the group of mysterious disciples who rushed forward, and sneered disdainfully.

Between the backhands, the black air in the palm is directly thrown out.

“Be careful.” Amelia Su saw that the situation was wrong, and hurriedly wanted to stop it, but it was obviously too late at this time.

In an instant, the black air rushed towards everyone who rushed forward.

“Ah ah ah!”

Almost at the same time, the moment they made contact, they only heard constant screams from their own crowd.

that black air looks like

It was just black smoke in the wind, but in fact, as soon as these things reached them, they instantly turned into countless thumb-sized black bugs.

The incarnations of these insect anti-Buddha associations fell on people’s bodies into one, two, four, and eight. In the end, in just a few seconds, they had already turned into a dense mass, wrapping everyone directly.

After that, in the screams, the person wrapped by the insects completely vanished, and only the insects crawled on the ground for a while and then turned into black gas.

One person is like this, everyone is like this.

Even if many people have quickly resisted, as long as there is even a trace of black energy on their bodies, their endings will become exactly the same.

Seeing such a scene, everyone present, whether it is the Mysterious Man Alliance or the elite, all stared at this moment, petrified in place...
