

Chapter 3644

The danger, at least, while they were alive.

“What, do you want to kill someone?” Amelia Su said coldly, not to be outdone.

The stunning beauty smiled coldly and didn’t answer at all, the black qi in her hand suddenly flicked, and in the next second, the black qi rushed towards her.

Faced with such a ferocious move, Pangolin and Shi Yu did not dare to be careless at all, hurriedly mobilizing the true energy of the whole body, and they directly resisted between turning their hands.

However, what surprised them both was that when the black energy hit them, it did not hit them directly as they had imagined.

This is not to attack them at all, because obviously at such a static distance, let alone the master on the opposite side, even an extremely ordinary cultivator is absolutely

impossible to beat.

The fact is that it seems that the target is them, but in fact it is behind him and others.

Her control of distance and the overall control of magic power is almost to the realm of transformation.

Amazing!

“Ah!”

At almost the same time, when the black qi invaded, the disciples of the Mysterious Man Alliance behind them did not have the time to completely resist or avoid them.

Almost the same as the previous person, once touched by the black qi, the whole body will immediately be covered with black beetles, and in an instant, the body will turn to nothing.

But unlike before, this time, those who were bitten did not completely dissipate, but left behind with white bones.

The living disciples of the Mysterious Man Alliance, including pangolins and others, were all shocked and angry when they saw this. They could not wait to peel off her skin and dismantle her bones, avenging the blood and hatred of the dead brothers.

However, under the anger, it seems that the

pangolin something unusual.

“She shouldn’t be that strong anymore.” Pangolin whispered towards Amelia Su and Shi Yu.

Shi Yu nodded suddenly: “She is not an immortal. When her mana is always exhausted, it is obvious that she was dealing with us and running away, and she was killing us. It was very exhausting.

” This statement of the two is obviously the most in line with the actual situation.

The corner of the pangolin's mouth curled into an imperceptible sneer: "Such a powerful and perverted killing technique seems to have a huge impact on her. Although we seem to be in a state of death, we may not have a chance to live.

"Do you have a solution?" Shi Yu asked.

The pangolin was about to speak, but at this moment, the stunning beauty slowly opened her mouth and smiled: "Why, what are you whispering about? It's because I think I'm really exhausted, and I'm starting to enter a period of relaxation, so, are you thinking about how to break through

? "The

two of them were shocked, and they didn't expect that their plans would be seen through before they even started.

They spoke in extremely low voices, and even lowered their heads halfway to prevent their lips from being read, but what they didn't expect was that even though they were so careful, they still planned to be revealed.

Seeing that the two of them didn't speak, but their eyes confirmed everything, the stunning beauty smiled, and then, with a move of her hand, a black gas shot out again.

"Ah!"

There were bursts of screams again, and several disciples of the Mysterious Man Alliance were attacked on the spot. The black worms covered their bodies in an instant, and just a few seconds later, a living person disappeared directly in place. , only the black worms landed and the black gas dissipated.

This time, it was almost the same as the first time. The person who was recruited had nothing left.

The stunning beauty smiled coldly: "How is it? Am I still weak? Do I still consume too much?"

"Or, you think I'm

just trying to force you to perform. What do you want to prove?"

"I'm not afraid to tell you, in fact, killing people with the Black Wind Palm will only make people disappear without leaving the slightest. If I want to keep something purely, it will consume even more of my true energy."

"The reason why I did this was that I suddenly felt that letting a People disappearing is not enough shock and fun, wouldn't it be more meaningful to leave some bones?"

As she finished speaking, she looked at Amelia Su coldly, and the air around Fang Buddha was completely condensed at this moment.

Amelia Su directly stopped the pangolin and Shiyu who wanted to speak. She knew very well that she was coming for her, so she raised her brows and looked at the stunning beauty: "What do you want to do?"

"You are so smart. You don't need me to remind you." The stunning beauty smiled coldly, and the next second, with a move in her hand, a dagger flew to Amelia Su: "I want you to cut off your tongue."

tongue? !

Hearing this, almost without waiting for Amelia Su's reaction, the pangolin and Shiyu had already quit.

Shi Yu was quick, turned around and tried to grab the dagger directly, preventing Amelia Su from doing any harm to herself, but as soon as her hand touched the handle of the dagger, a black light flashed from the handle, and Shi Yu's whole body was immediately stunned. Bounce off a few meters.

Seeing that she couldn't do it, the pangolin hurriedly shot, but it was almost indistinguishable from Shi Yu. Under the black light, he flew out and smashed heavily on the ground.

The stunning beauty had no expression on her face, just looked at Amelia Su indifferently.

Amelia Su didn't have the slightest fear, smiled slightly, and reached out to take the dagger, but it was like picking up the most ordinary thing, and it was easily held in his hand without any resistance.

Glancing at the

dagger, she smiled lightly: "What? Are you afraid that I will tell you about you? You want me to cut my tongue."

"What am I afraid of you saying? I just hate hearing you. The voice, understand?" The stunning beauty said coldly.

As soon as the words fell, Zhu Yanshuo certainly wouldn't let go of such an opportunity to show his prestige and flatter his superiors, and roared on the spot: "The special envoy of Shenlong speaks, how can you dare not to obey? Cut, give it to me immediately Cut it, otherwise I want you to look good."

"Sister Amelia Su, please don't, if anyone wants to hurt you, step on my Shiyu's corpse first." Shiyu got up straight from the ground, with a firm will and hands. With a long sword, ready to fight and sacrifice at any time.

"Let's talk about it from my corpse." The pangolin was not afraid.

The stunning beauty smiled disdainfully and moved her hand again. The black wind swept past the three of them, accompanied by screams, and several disciples of the Mysterious Man Alliance were left with only white bones in the screams.

Just when she was about to start again, Amelia Su's eyes were firm at this moment, and she said leisurely: "Enough."

"Can't you just cut your tongue, I'll cut it."

"In addition, although I can't speak, I still if you have hands, I can write them for others to read, or I will give them to you as well?" The

stunning beauty was slightly surprised, obviously not expecting Amelia Su to say such a thing, but instead she smiled slightly: "Would you like to? Buy one get one free, this is your own choice, you can be happy."

Amelia Su stopped talking, grabbed the dagger in her backhand, and immediately started.

Shi Yu hurriedly hugged Amelia Su's arms with both hands, and said in a hurry, "Sister Amelia Su, what are you doing?"

Amelia Su shook her head and signaled Shi Yu to let go: "This person

has a very high level of cultivation, and you are far from her. Opponents, if I don't agree to them, she will not stop at all, and we will only kill more and more people at her hands."

"Then we would rather die than let you suffer like this." Shi Yu gritted his teeth. road.

"Yes, the big deal is just death. If we were afraid, we wouldn't be here." Pangolin also said.

Amelia Su heard the words and smiled lightly: "What about after you die? Can you fight against them with my power? Will they still be captured alive by them?"

"What's the point?" Amelia Su said.

As soon as these words came out, the two were silent. Amelia Su's words were indeed true. How could they be intact if they fell into the hands of the enemy?

"So, since it came to me

Saying that the same result is the same, at least doing it on your own now, leaving some dignity and saving some unnecessary casualties. "

"Three thousand will need your help in the future!" Amelia Su smiled.

"But... what George Han needs more is you. "Pangolin said: "I haven't seen you very much before, but along the way, George Han and I have experienced too much and heard too much. do you know? He rejected an unknown number of women, Su Yan, Xia Wei, and even the little princess Qilin, who will always be you in her heart. "

For him, without us, all that is missing is the body's arms, but without you, it means his world is crumbling." When the

words fell, the pangolin suddenly stood up and shouted angrily: "Someone used our life and death to persecute Amelia Su, so let me ask you. "

"You guys!" "

"Are you afraid of death?" "
