

Chapter 3662

the current Futian! Even the bullshit words like escort were spoken, and for a while, he forgot his current status and status. Just out of instinct, the ego directly shouted out.

However, it is obvious that no one will ignore him with this way of shouting, and it will only highlight how flustered he is on the surface of his pretended shock at this time.

It's getting closer, it's getting closer, it's getting closer! Seeing that George Han was getting closer and closer to him, Futian's face was finally unbearable, and his body couldn't stop shaking.

His move made the people who had already seen George Han kill in a panic, and the people who were directed by him were even more scolded in the bottom of their hearts. The blood mold will be so close to this bastard alone.

Facing the attacking George Han, it was almost only two seconds. "I'm going!" Someone shouted, and in the next second, the entire crowd fled.

Futianguo thieves are smart, and when they panic, they know to find a place where there are many people to drill, they are not stupid, and now George Han's target is not them, what can they pretend to be at this time.

As George Han rushed down and the crowd dispersed, Futian, who was going to hide, was directly exposed to the crowd again.

Seeing this, Futian trembled in fear, but George Han was already less than two meters away from him.

There was no way to hide, and there was only one choice left for Futian.

"Damn it, I fought with you," Futian

shouted, and as soon as he was full of energy, he was about to counterattack.

Ye Shijun and Zhu Yanshuo exchanged glances and then nodded to each other. The next second, Ye Shijun co-operated with several senior executives, secretly concentrating on his hands.

Of course, Ye Shijun didn't care about Futian's life or death. He was more of taking the opportunity to use it as bait. With such a bait, there would be such a good opportunity for a sneak attack. How could they let it go?

"Do it!" With a soft drink, Ye Shijun took the lead in targeting George Han with a direct hit.

Beside him, the spells of a group of executives also attacked at this time.

George Han's brows wrinkled, and his right hand grabbed the yin qi directly, resisting the attack of Ye Shijun and the others. At the same time, the yang qi in his left hand soared, aimed directly at Futian who was resisting and slapped it with a palm.

Futian saw that there was support and that George Han had been in trouble, so he couldn't help turning his nervousness into a

sneer: "George Han, want to kill me? Haha, you are too young, I'm afraid it's my turn to kill you now. ."

When the

words fell, Futian increased his energy, directly facing Shang George Han's left palm, and slapped it vigorously!

"Wow!"

George Han was extremely fast. Almost after the yin qi in his right hand caught the attack of Ye Shijun and others, the huge yin qi directly wrapped it, and the yang qi in his left hand suddenly met Futian's palm, and then followed suit. After a dive from the impact, the whole person took off again and landed elsewhere.

Doing so, not only blocked Ye Shijun's sneak attack, but also quickly retreated to avoid being surrounded, and he also achieved his plan to attack Futian.

And Futian, who took over with George Han, was full of confidence, and even after the end of the palming, he still sneered confidently, thinking that George Han was nothing more than that.

But in the next second, with a burst of

gas exploding directly from his body, his smile solidified on his face, and his body knelt down uncontrollably on the spot.

A big mouthful of blood spits out frantically along with his old mouth as if he didn't want money.

Ye Shijun and his gang were completely dumbfounded at this time.

"This..." In the crowd of thousands of

troops, taking the enemy's head, I'm afraid... I'm afraid it's just like that!

How exactly did he do it? !

A group of people was very stunned, they couldn't understand the reason, let alone why George Han could hurt someone and then escape under such circumstances.

Is he human?

However, it is clear that their thinking is a bit redundant at the moment because at this time they suddenly felt a burst of killing intent...

"Be careful!"

With the urgent shout of the special envoy of Shenlong, when everyone looked back, A group of people broke out in cold sweat...

"What the hell is this?"

Chapter 3663

That is an attack.

Or the counterattack from George Han.

This is really surprising because he has just defended their attack and also attacked Futian. Even if this guy flew away quickly, it would be difficult to quickly counterattack when he just stood up.

But he did it surprisingly well.

Of course, if it's just this, some people may be surprised, but it's not enough to make everyone sweat.

What really caused them to break into a cold sweat was the... method of this attack at this time.

They wouldn't admit it, especially Ye Shijun, and several senior executives could not admit their mistakes at all.

Because the spells attacked at this time are the spells they used to attack George Han. In other words, these things are now sent out by themselves

!

"He...how...how did he do it?" Zhu Yanshuo was completely dumbfounded.

As the city lord, he has seen too many masters, but this is the first time he has seen someone who can play this kind of flower.

"Hide!" The

stunning beauty shouted, flew ahead, and evacuated first. After that, Ye Shijun and others also fled one after another. The unfortunate ones were the nearby soldiers and some management with relatively low cultivation.

boom!

With the sudden explosion of magic energy, a group of guys was completely blown away.

When the smoke cleared, there were already twenty or so corpses lying on the ground.

"It's not bad, the power can still satisfy me." George Han stood on the roof in the distance and smiled softly: "Although it is a little bit worse than I imagined, after all, I don't need

something that can help me. Accept."

In a word, Ye Shijun's popular teeth were almost clenched.

This is not typical, is it cheap and good? Is this atypical to humiliate them?

Abominable, really abominable.

"Futian, why do you know that your sins are serious? You can't afford to kneel all the time?" George Han didn't put his eyes on Ye Shijun and the others at all but looked at Futian who was kneeling on the ground with a light smile.

Futian was speechless, he didn't have the strength to laugh even if he wanted to laugh.

Does he want to kneel? of course not!

It's just that his body doesn't allow him to do anything.

When he moved, he could feel that his internal organs would burst in an instant, not to mention that he couldn't move at all at this moment.

It had just exploded, and he almost knelt down to enjoy it. Even now, his ears were still buzzing, and his already injured body suffered a second injury.

So, if he can dodge, he is not stupid, how can he not know how to dodge?

It's just that he couldn't move as if he had been punched through.

Facing George Han's ridicule, what else could Futian do except get angry? He didn't even dare to be angry. After all, if George Han called again, what would he do? !

"What's the matter, Futian, didn't you talk a lot just now? Now shut up?" George Han smiled coldly.

Futian opened his mouth and wanted to say something, but when he opened his mouth, a large amount of black blood flowed out, let alone talk, it was impossible to breathe.

Seeing his unfortunate appearance, George Han smiled coldly and then lifted the

Looking at Ye Shijun and the others: "It's up to you."

"You dare!" Ye Shijun shouted angrily.

"Try it?" George Han smiled coldly, and the yin and yang energy in his hands reconvened, like a god of death.

"George Han, do you really think you will win?" Ye Shijun sneered.

"I know that you are very talented, but we are not vegetarian."

Ye Shijun's hand moved, and a bell appeared in his hand.

As his hands swayed, the bells rang crisply all around.

Almost at the same time, the eight pillars in the center of the playground were also moving rapidly at this time, and directly surrounded George Han in a very short period of time.

"Kill him for me!" Ye Shijun shouted angrily.

Then, something wonderful happened..
