

Chapter 3672

In the next second, George Han directly smashes the surrounding enemy forces, and when a whistle blows, the dragon will lead the sky Going down, the gluttonous glutton of evil also quickly moved towards George Han.

One person and two beasts are close together.

“Three thousand, it seems that the opposite side knows that we will suffer from a strong attack, and has changed the delaying tactics that plagued guerrillas. We must break the game as soon as possible, otherwise, the situation will be unfavorable for us.”

“In this way, I will cover from the air, and the gluttonous gluttons will help you clear the ground. The small group of troops harassed, and you fought a bloody path and went forward.” Lin Long said.

This is a good method, and it is the only method that seems to be the most appropriate in the current situation. Even the glutton of evil is constantly nodding at this time, as if telling George Han that he can do this.

“No.” George Han shook his head: “What we can think of, they will naturally think of it.”

“This is their

city, they are far more familiar with the terrain than us, and the ambush is more accurate.”

But this is the only way.” Lin Long said urgently.

George Han shook his head: “For ordinary people, you are right, this is indeed the only and best way, but I said that it is for ordinary people.”

“For me, George Han. In fact, there is still another choice.” George Han sneered.

“Is there another option?” Lin Long was surprised.

Evil Taotie also raised its big head for unknown reasons.

“Yes, consumption, we play consumption with them.” George Han smiled.

“Are you crazy, let’s play consumption with them?” Lin Long was shocked like hell.

Even if it came out of George Han’s mouth, he felt that it was a big joke made by a madman.

They consume with others, what do they consume?

In terms of

geography, this is someone else’s territory, and their supplementary line is in place at any time.

In terms of numbers, there are only three of them, but there are tens of thousands of people.

So, what qualifications do they have to play with others?

“Do you think I’m crazy?” George Han smiled lightly, then raised his eyes and glanced around.

Their location is relatively empty and surrounded by buildings, which, to be honest, is strategically bad.

Because it is completely exposed under the eyes of the other party, there is no way to hide, but the other party is always in the dark, and if he wants to launch a sneak attack, he will launch a sneak attack.

“As you can see, there is no place around us where we can avoid and consume. They made it clear that they would engage us. How could this place give us a place to live? Three thousand, let’s attack.” Linlong said anxiously.

In this kind of place, it’s actually

no , but looking at George Han’s expression, he seems to be quite satisfied. Linlong really has the feeling that the emperor is not in a hurry to kill the eunuch.

As Linlong saw, after George Han looked around, he was quite satisfied: “I don’t have the same opinion as you, but I actually think this place is pretty good.”

“You...”

“You too It’s been a long time since I fought with me, and my heart is starting to get restless.” George Han glanced at Linlong, smiled slightly, withdrew his irritable demonic energy, and returned to his original appearance.

In the next second, he could really move his hand, and directly volleyed into the sky with himself as the center, drawing a transparent circle barrier, shrouding himself and others within it.

What the *** is this doing? !

Lin Long Nao hangs all buzzing.

Even if you want to defend on the spot, at least you have to have a color, so that others don’t know what you

are doing inside, so at least...

What is this transparent for? Doesn’t this allow the other party to grasp their own situation at any time?

People will attack you when they see you resting, and they will play with you when they see you getting up, and it will take a long time for them to completely collapse.

In this battle, everyone knows that enemy information is extremely important. George Han...

This is sending it to others’ guns.

“I killed so many people, and I also received some interest from blood feuds. You can rest.” George Han glanced at Linlong, smiled slightly, turned and lay down directly on the ground.

The gluttonous glutton of evil is as big as an ox. Anyway, George Han asked him to rest, so he would lie down and rest.

Only Linlong was depressed and had no intention of being like them. He could only stare at him and be alert to the situation around him at all times.

As a result, an embarrassing and special strange scene appeared...

Chapter 3673

enemy forces are harassing and delaying. Therefore, George Han did not know what to do for a while. .

After all, no one has seen such a cooperative enemy.

The only thing that comforts them is that, no matter what, they can now implement the orders given by their superiors without any effort.

This is a good thing.

Therefore, they almost always attacked occasionally from the air, and then they have been hiding around.

George Han, who was in the energy circle, seemed to have completely entered the lying-flat mode, lying directly on the ground with the glutton of evil and fell asleep with his eyes closed.

What even makes Linlong extremely annoyed is that these two people are actually snoring...

This is how big his mother's heart is to be able to do this.

I feel sorry for Lin Long, because I am afraid that the enemy will attack at any time, so I can only keep my eyes open and always be vigilant...

And this situation, from this moment on, all the

way down, until two hours later...

Now the city lord who should fall in the mansion, although it seems calm, in fact, everyone who knows it is very clear that there are murderous intentions here!

Many elites are hidden in various corners and occupy excellent positions. If there is any situation, they can immediately launch an offensive and teach the enemy a painful lesson.

Not only that, various formations were also placed in the town, and groups of monks wearing bamboo hats and black clothes were also placed in every corner.

The entire city lord's mansion can be said to be heavily defended, and it is very orderly under the heavy siege. Once any incoming enemy enters, it can instantly let the whole body be pulled here, and directly lead to a crazy attack like a mountain torrent.

However, in order to paralyze the enemy as much as possible, these are hidden in the dark. On the bright side, the City Lord's Mansion is almost the same as usual, and the servants are still busy in the mansion.

In the Palace of the City Lord, everyone sat together. Although there was no fine wine, there was good tea and fruit. To a certain extent, it was considered a low-key luxury.

Ming Yu was still sitting at the top, with Ye Shijun and Zhu Yanshuo on the left and right.

"This tea tastes good, what's the surname?" Ming Yu put down the teacup slightly, still in a good mood, and asked Zhu Yanshuo.

Zhu Yanshuo smiled: "Returning to Elder Shenlong, this tea is called spring rain."

"Spring rain?" Ming Yu smiled: "Good name, all things are born, all need rain and dew, just like today's situation, I have waited for a long time, and finally spring is coming."

Zhu Yanshuo nodded and said, "This is exactly what my subordinates mean, so they specially prepared tea for Spring Rain."

Ye Shijun glared at Zhu Yanshuo dissatisfiedly, and said in a low voice, "Master Zhu's flattering skills are first-rate. ."

In a word, Zhu Yanshuo looked embarrassed.

"What's the point of drinking tea? According to me, it's better to wait until George Han is captured and drink the celebration wine. That's the real pleasure. You say, isn't it?"

The executives who helped Ye Ye nodded their heads in agreement.

"Yes, no matter how good the meaning is, it's not as good as the actual one. Let alone drinking the spring rain, even if you drink the tears of the gods, if you don't catch George Han, it will be tasteless."

"It doesn't matter whether you drink this tea or not, If you make a fuss about it, I'm afraid it will tarnish the tea."

Ye Shijun was very satisfied with the sensibleness of his subordinates, squinted at Zhu Yanshuo, and said, "City Lord Zhu, whether the flattery can be heard, it depends on what you have in your hand. It's boring, instead of talking about tea here, it's better to check the truth, what do you think?"

Zhu Yanshuo knew that he had hit a rock. Although he was indeed as amazed at Ming Yu's beauty as Ye Shijun was, he did not dare to have any other ideas, and he

just wanted to flatter him.

But no matter what, Ye Shijun was obviously dissatisfied, and in his position, he obviously did not dare to fight with Ye Shijun, so he could only nod his head.

"Everyone is in the same boat, why should Young Master Ye be so hostile to City Lord Zhu?" Ming Yu said at this moment, which made Zhu Yanshuo feel a little better, but also made Ye Shijun look a little ugly.

However, before Ye Shijun could speak, Ming Yu looked at Zhu Yanshuo again: "However, Young Master Ye's words are not unreasonable. It's time now, and it

's time to ask how the front line is." Now they won't have the leisure to drink tea and chat here.

However, a group of people do not know what is going on ahead.

Zhu Yanshuo cast a glance at a certain commander, and the man hurried out of the hall. After a while, a soldier followed him hurriedly into the hall...
