

## Chapter 3682

Zhu Yanshuo smiled coldly and looked at Ye Ning lightly: "Brother Ye, now you can know who is guessing and who is the truth. Is it?"

Ye Ning was speechless: "You..."

"The fact is that George Han is as I expected, and I even know who the woman she is looking for is." Zhu Yanshuo smiled softly, and turned back to Mingyu: "Elder Shenlong, what do you think?"

Ming Yu nodded, since Zhu Yanshuo has reason and evidence, and at the same time can judge some things that he can't see without any difference, this is enough to show that his overall rhetoric should be no problem. Thinking of this, Ming Yu said softly

, "What is the opinion of City Lord Zhu?" "City Lord Zhu doesn't have to be humble, you might as well speak directly if you have something to say." Ming Yu said. Zhu Yanshuo smiled lightly: "Then Zhu will be bold."

After he finished speaking, he turned around and glanced at the people present, and he smiled slightly: "This woman's appearance is exactly the appearance of Zhu's sister before, I believe everyone present understands this.

I won't say more about the matter." "What I want to say is that based on this alone, George Han's own intentions are already very clear. He knows what kind of stimulation this woman will bring us, so,

The purpose of falling in love with her is to provoke us." "Since this is the case, Zhu's meaning is very simple." "What should we still do? The more he wants to provoke us, the less we are fooled. The more we stay put, the more we play, are we still afraid that he won't succeed?" After finishing the words, Zhu Yanshuo smiled confidently, and then looked at everyone present.

"City Lord Zhu is really

thoughtful

and thoughtful. This is a very good plan." Everything has been smooth."

"I didn't expect that George Han was a monkey spirit and a monkey spirit. Fortunately, we have such a talented person as City Lord Zhu, but we can see through his conspiracy and tricks at a glance."

"I agree with City Lord Zhu. Make this plan."

"I agree too."

A group of executives who followed Zhu Yanshuo shouted excitedly at this time.

Seeing the excitement here, the senior executives of the Fuye family looked at each other. Although they were embarrassed, the situation was clearly settled. Besides, what Zhu Yanshuo said was true.

No matter how much arguing, it is not only unreasonable, but most importantly, it will make you seem extremely stupid on your side.

Thinking of this, along with Ye Shijun nodding, the people on both sides of Fuye could only nod their heads in agreement.

Even if there are people like Ye Ning who don't agree, at this time, they can only force their dissatisfaction and agree with their mouths.

"It seems that you have no other objection to this, do you?" Ming Yu asked softly.

The two senior executives of Fuye nodded and said in unison: "The subordinates and others also agree with what City Lord Zhu said."

"Okay, since everyone has agreed, then everything will be done according to what City Lord Zhu said."

"Thank you Elder Shenlong for your love." Zhu Yanshuo was in high spirits, looked around at everyone, and smiled softly: "Everyone, what are you waiting for, continue singing and dancing, continue happily."

"Besides, doesn't he want to play with us? Okay, accompany us. He had a good time, and then he went to find a batch of cooks for me, and told all the

middle management and small management to have a party tonight."

As soon as the words fell, the management of the Zhu family immediately took orders and left, and the people present also resumed with the music, singing and dancing, and the hidden and restless heart was rekindled.

With the arrival of the back chef, in a short time, the light of the entire city lord's mansion was lit more, and the sound of joy could not help but become louder.

Anti-Buddha at this moment, this should be in the city, it seems that there is a great good thing and everyone is congratulating it.

Compared to George Han's side, the darkness is full of loneliness, loneliness and coldness...

Of course, there is also a huge resentment from the "resentful woman" Linlong.

Seeing that George Han was still chatting and laughing with Xia Wei, and hearing that the City Lord's Mansion was already singing loudly at this time, Linlong couldn't bear it any longer, he raised his hand and decided... to do something

big!

### **Chapter 3683**

He dashed straight into the middle of the two, forcibly separating the two.

"I said George Han, can you wake up a little bit, there's a knife on the head of the color, what time is it, you're still in the mood..."

"Listen, listen, the City Lord's Mansion. Bian is now singing triumphantly, how joyful and lively it is."

"Others must know that we are not doing serious business here, and they have already celebrated in advance. Hey, if you continue like this, our group will be finished. ."

Linlong said bitterly, with kind words, the whole dragon was about to die of anger.

George Han smiled and nodded: "I heard you."

"I heard you..." Linlong was speechless.

"Okay, then I'll listen to you." George Han smiled, as if he didn't intend to continue here, which finally made the anxious Linlong let

out a sigh of relief.

At least it's not too late for this kid to turn back.

"Then change the way and continue to sleep."

But the good times won't last long, even pitifully short, Linlong's long breath was choked in his throat before he had time to catch his breath.

What are you...

"I..." Lin Long was so angry that he couldn't speak.

"George Han, what Brother Linlong said is very reasonable in the face of this great enemy. We are surrounded by others, and we have to find a way to break through."

"Are you desperate? I'll lead the charge with Brother Linlong first."

George Han closed his eyes slightly, lay on the ground, and said with a smile, "Do you know? Interfering with people's clear dreams is a very shameful and despicable act."

In a word, the two of them who were in a hurry to persuade both hold back. The old face was flushed and depressed,

this is a good word to persuade, is it still like this?

"You two, since Brother George Han wants to rest, let him have a good rest. Sister Amelia Su is Brother George Han's wife, don't you think he is more anxious than you? I believe he has his reasons for doing so. So... .." Xia Wei said softly to the two of them.

Hearing Xia Wei's words, the pangolin and Linlong looked at each other, which was right.

Looking at George Han again, he still didn't open his eyes: "You two have been with me for so long, but you don't know me better than Xia Wei, you shouldn't." The

two looked at each other, not knowing what George Han meant, but since in this way, their arrogance has at least eased a lot.

The pangolin didn't speak anymore, and Linlong didn't say anything anymore. He obediently observed the surrounding situation for George Han, and at the same time poured his own energy

into the fragmented but unbroken barrier.

Provide defensive support for George Han.

time!

It goes by so slowly!

When the bright moon hangs high, when the stars are all over, the night is already very deep.

At this time, George Han turned over slightly.

But as soon as he turned over, he suddenly frowned. Although he didn't open his eyes, it was obvious that he could feel that something was wrong beside him.

When he suddenly opened his eyes, George Han was shocked and angry.

"What's wrong with you?" George Han couldn't help but cursed when he opened his mouth.

I don't know when, with a big dragon's head, Linlong quietly approached George Han, and even to a certain extent, this guy almost slapped himself in the face.

Linlong had an innocent look on his face, and stared at George Han with a pair of dragon eyes. Even if George Han treated him directly now

, he was not surprised at all.

"What do you want?" George Han looked at him speechlessly.

"Although what Xia Wei said makes sense, and I should believe you unconditionally, I still want to ask you, otherwise, I will really feel at ease all the time."

"You have to answer me, and I will never ask anything else . , but if you don't answer me, I'll just keep staring at you like that."

After that, this guy moved his head closer to George Han.

George Han was speechless to the extreme, but looking at Linlong's dog-like appearance, he finally nodded: "You want to know what I've done so much for, right? "

Linlong nodded like pounding garlic, looking at George Han with a pair of longan eyes.

"Okay, let me tell you..." George Han sighed and opened his mouth..
