## Chapter 369 Some Ridiculousness

369

Can't see this bit of your family's wealth? Who do you think you are? Even if I am not good enough, I am still worth tens of millions of dollars, and I am also famous in Chujiang, and I have some status in society.

You can't even look at my kind of wealth and status? What else can you look for?

The only people who can get into your eyes are big men like Mr. Qiao and Mr. Chu Jiang, who are worth hundreds of millions of dollars?

Jiang Hao's words, in Qin Tiancheng's opinion, were simply too ridiculous.

Not only were his words childish, but they were also ridiculously childish.

Moreover, Jiang Hao's words also fattened Jiang Hao's status in his heart, even more.

How could such an overly ambitious and low-minded person deserve to be friends with his own daughter?

Such a person would only bring shame to his own family when he approached them!

And what made Qin Tiancheng feel most ridiculous was Jiang Hao's later remark.

Giving others the chance they can't give themselves? What does this mean?

Does it mean that you, Jiang Hao, can still help yourself in such projects?

Don't be ridiculous, do you really think you're some kind of big shot?

You know, this project in the southern part of the city is led by the region, and a group with huge funds is behind it.

Not to mention Jiang Hao, even Liu Guohao kind of in Chujiang is already considered a dignified figure, now in this project, not only become a minion of the odd jobs?

What are your virtues and abilities, how dare you say such big words?

Qin Tiancheng was gloomy and shook his head repeatedly, at this moment, he no longer knew what to say to Jiang Hao.

This man was conceited and arrogant, had no one in his sights, and liked to brag, simply a collection of all of Qin Tiancheng's annoying flaws.

And such a person had even become his daughter's friend, which was a great shame to him and the Qin family.

It was not that Qin Tiancheng could not see that his daughter's eyes seemed slightly different when she looked at Jiang Hao.

Could it be that his daughter still had a crush on this kid?

When he thought of this, Qin Tiancheng couldn't help but feel a chill down his back, saying that this was absolutely unacceptable.

I had been nurturing this precious daughter of mine for so many years, hoping that one day, Qin Yun would be able to marry into a wealthy family and become a success.

But if she were to take advantage of this kind of person, wouldn't her precious daughter's life be ruined? Wouldn't all his years of hard work be in vain?

Qin Tiancheng would never agree to this kind of thing, and in order to avoid this kind of thing, Qin Tiancheng also thought that he should take some action.

Qin Tiancheng was thinking to himself over there, while Qin Yun, who was on the other side, had a slight change in her gaze towards Jiang Hao.

The reason for her change was because of Jiang Hao's words just now.

Although Qin Yun thought she knew Jiang Hao's character very well, in her opinion, although Jiang Hao's family was average, his character was not to speak of, and he was also very motivated, which could be seen from his academic performance.

But Qin Yun had never imagined that Jiang Hao would one day say what he had just said.

What is it that he doesn't care about his family's money? How could he still help his own father with the project in the south of the city?

Qin Yun simply felt that Jiang Hao was just talking out of his mouth, and when he spoke, he didn't even consider the consequences.

Of course, Qin Yun knew very well that although her own family's situation was not enough for the top of Chu Jiang, it was definitely more than enough for the bottom.

Her family's assets of tens of millions of dollars were something that other people might not be able to achieve in a lifetime or even several lifetimes.

But in Jiang Hao's words, it has become 'that little family fortune'. In fact, Qin Yun does not feel anything, but she understands that Jiang Hao's contempt for her father's efforts over the years will inevitably lead to her father's resentment and anger.

And he also said that he could help her father with the City South project, which is even more ridiculous, not to mention her father, even Qin Yun herself does not quite believe such nonsense.

The City South project was so huge that it was a problem for many people to get a word in, let alone 'give others the opportunity they couldn't' as Jiang Hao had said.

Isn't this nonsense ?

If it was really that easy to handle, why would her father bother to go through all the trouble of befriending Chu Yuan and the Chu family ?

Qin Yun frowned and looked at Jiang Hao with a really complicated gaze, she sighed and said in a low voice, 'Jiang Hao, what the hell is one saying, don't talk nonsense'

Qin Yun was now really afraid that Jiang Hao would say something else 'earth-shattering', then Jiang Hao's influence in her father's mind would completely collapse, and she might not even be able to help him up.

Jiang Hao knew what Qin Yun meant when he said that, but he didn't take it personally, because only he knew that his words were not big words, but a well-intentioned reminder.

In fact, if it wasn't for the way Qin Tiancheng had treated him and said those words to him, he might have proposed that Qin Tiancheng be allowed to participate in the project a long time ago.

Chapter 370 - Do you know what you are talking about ?

After all, whether Qin Tiancheng could be involved in the City South project and how deeply he was involved in the project, this kind of thing was not just a matter of Jiang Hao's words.

After all, Qin Tiancheng was Qin Yun's father, and Qin Yun was one of his own best friends.

By helping Qin Tiancheng, he was actually helping Qin Yun in disguise.

But Qin Tiancheng's attitude just now, and those words, really made Jiang Hao a bit disheartened.

He could not imagine that Qin Yun was such a nice girl, but her father was such a snobbish person, which made him a bit disappointed.

However, Jiang Hao did not make the decision not to let Qin Tiancheng participate in the project with a stick in his heart, after all, this was Qin Yun's father

Jiang Hao looked at Qin Yun and smiled slightly: 'Qin Yun, I know that you also think that I am talking big, but I can tell you very seriously that I am really not talking nonsense, what I said is true, if your father has the intention to participate in the south of the city project, I can really help, and this matter may seem very difficult to you, but in my opinion, it is actually difficult. You are my best friend, so I am not the kind of person who talks big at the drop of a hat, I think you are also clear about that, right ?'

Hearing Jiang Hao's words, Qin Yun also hesitated, of course she was clear about Jiang Hao's person, and knew that Jiang Hao was not the kind of person who talked out of turn.

But these words of his were too mysterious.

Even so, he only managed to find Chu Yuan's connections, and it was still uncertain whether he would be able to get into the project.

And you, Jiang Hao, are just an ordinary mortal, how can you help solve this kind of thing?

It's not as hard as climbing up the ladder, but it's close enough.

Qin Yun looked at Jiang Hao and thought to herself, 'Is it possible that Jiang Hao really has some unknown methods? Or some other means?'

And just as Qin Yun was deep in thought, suddenly, behind her, there was an unbridled laughter.

'Hahahahaha laughs me to death some people, they really dare to brag about anything'

Qin Yun immediately withdrew her thoughts and turned her head to look over, and saw that Chu Yuan, who was sitting on the sofa in the living room, was already laughing back and forth at this moment.

Chu Yuan's laughter was clearly full of mockery and teasing, full of unkindness.

This made Qin Yun a little unhappy, after all, Jiang Hao was her friend, and Chu Yuan was clearly targeting Jiang Hao.

'What are you laughing at!' Qin Yun looked at Chu Yuan with some dissatisfaction and questioned, 'Please say what you have to say, don't be shady!'

Qin Yun's words caused Chu Yuan's laughter to tighten a little, he put away his smile and looked up at Qin Yun and Jiang Hao, he couldn't help but shake his head with a smile.

'Oh, haven't I made myself clear enough? I think I've made myself very clear! Miss Qin, I originally thought before that you were white and beautiful, and with a father as shrewd as General Manager Qin, I thought you would be smart too, but I really didn't expect ah that you would be so stupid!'

Chu Yuan grinned and muttered in a low voice, 'Heh, big breasts and no brain'

'Hey, who are you talking about!' When Qin Yun heard this, she immediately quit and looked at the other party with a face of abhorrence, looking as if she was pulling back and wanted to argue.

Although Chu Yuan's words just now were hard to hear, after all, she still had to use him to help her squeeze into the City South project.

Therefore, after hearing his daughter's attitude towards Chu Yuan, Qin Tiancheng hurriedly gave a low rebuke: 'Qin Yun, what kind of attitude are you talking to Chu Yuan? Don't be too reckless, what, is there something wrong with what he said?'

In front of this situation, it was obvious that Qin Tiancheng had to maintain his 'big picture', so he had to sacrifice his daughter for the time being.

And this is also a little bit of punishment for her capriciousness, right?

After all, even if Chu Yuan's words were hard to hear, there was nothing wrong with what he said.

This Jiang Hao is just blowing smoke, and Qin Yun is just foolish enough to befriend anyone and treat them as good friends.

When Qin Yun heard that her father had sided with Chu Yuan, she was simply furious.

'Dad, why are you still helping him out? Even if you bother him for help again, you can't distinguish between right and wrong, right?' Qin Yun was furious, 'Even if what Jiang Hao just said was big talk, how come it's not his turn to say anything, right? Who is he?'

Hearing Qin Yun's words, Qin Tiancheng was furious, thinking to himself, 'Do you know what's good and bad, this damn girl?'

I had gone to a lot of trouble to get in touch with this Chu Yuan, and I was close to a deal, but now you've brought in such a thing.

He said something big, but Chu Yuan is straightforward by nature, so what's wrong with disliking him?

And this is how you dislike Chu Yuan?

'Qin Yun, have you grown a brain or not? Do you know what you are saying? Shut up and go apologize to Chu Yuan right now!' Qin Tiancheng scolded at Qin Yun in a low voice.

'Apologize?' Qin Yun smiled bitterly in disdain at his words, 'Who am I to do that? Even if I apologize, it should be him, did you hear what he just said about me and Jiang Hao?'
