

Chapter 3706

"Be flexible, George Han is a thief." The

light spot is very small, almost like sand, But there seems to be something different in the light spot.

As a voice sounded, an old man in white slowly appeared in the inner universe.

If George Han was there, he would definitely be able to recognize at a glance that this person was none other than the old man sweeping the floor.

"Unexpected, but unexpected." Another figure also appeared lightly, it was the book of the Eight Desolations: "If you break the game in this way, you can only say that he really has George Han."

"He is good at Using the technique of Taixu, on the surface, for the past three days, he was playing psychological warfare with the opponent, but in fact it was not like that."

"His real purpose is actually to wait for Taixu to restart." The

sweeping old man nodded. Yes, exactly.

Once Taixu restarts, George Han will really

have a chance to fully recover.

Of course, during this period of time, George Han's seal of the earth may also occur at any time, so he pulled out Xia Wei and seemed to be talking about love, giving the enemy an illusion that George Han was deliberately mocking them, but in fact In the past three days, George Han will always take advantage of the opportunity that the two of them are closer to suck some of Xia Wei's phoenix blood.

When he sleeps, he is more likely to enter a weak state under the influence of the blood of the phoenix.

But because he usually sleeps, it creates an illusion that the real and the fake are hard to distinguish, so that no one notices that there are two meanings in his usual sleep.

This, including Lin Long and Evil Taotie, who were right beside him, did not notice.

"He's very cautious." The sweeping old man smiled: "In the book of the Eight Desolations, Tai Xu's cooling-off period is about three days. In fact, according to

the time, it may only be a few hours in the eight directions world. "

But to be on the safe side, even in the Bafang world, he actually waited for three days." The

Eight Desolate Books nodded: "He wants to be foolproof." The

sweeping old man continued to smile: "Actually, Even just now, he was still seeking stability while still maintaining stability. In the second battlefield, he was still frantically stimulating the opponent, which had already made him angry and besieged him."

"There are two advantages to doing this. First, George Han This guy can take advantage of this opportunity to kill as much as possible. Second, he can also make the enemy come back in rage and suddenly full of blood to completely destroy the enemy's psychological defense line.

"Daring, adventurous and seeking stability, he really makes people look forward to it more and more."
The

Eight Wilderness Books also nodded: "The more adversity is, the more George Han can do a lot. It was an unbelievable but amazing behavior afterwards."

"However, there is a problem, George Han is really weird and clever using his own advantages to forcibly pull back his completely one-sided disadvantage. But..." The

sweeping old man nodded and looked at the side who should fall on the battlefield: "You want to say that the opponent's power is still large enough, George Han can only try to make the opponent's advantage as small as possible, but cannot achieve both Balance."

This is also the reason why Bahuang Tianshu is vaguely worried: "Yes, at such a hot stage of the war, any small advantage is very likely to be the last straw that breaks the camel. Han The problems that George Han is facing now are actually very serious." In

this regard, there is nothing wrong with what the Book of Eight Desolations said, and although George Han has done well enough, there are still problems.

How to break the game?

The sweeping old man smiled slightly: "Perhaps, worrying about a meal here is equivalent to waste, after all, maybe this guy George Han already has his preparations."

Bahuang Tianshu thought for a while, then nodded: "That's true, After all, this guy is George Han."

"Let's watch a good show, and see how George Han, the ghost spirit, broke this strange situation, and what kind of tricks he can play." Also Road.

When the words fell, the small light spot like sand suddenly dissipated, and it completely disappeared in the sky.

And almost at this moment, the battle on the ground...

George Han was at the center, but the surrounding area was already full of people, but..

Chapter 3707

.. , magnificent.

And the large number of elites who were supposed to take advantage of the city, but actually felt cold in their hearts.

The reason is also very simple. They attacked in such a large area. The so-called George Han that Elder Shenlong said was approaching the limit had not arrived yet.

On the contrary, George Han is now more and more brave, and his firepower is full.

"Elder Shenlong, did we make a mistake in our estimation?" Zhu Yanshuo asked softly beside Ming Yu.

Ming Yu frowned and looked at it for a moment: "You said, am I fully prepared for him?"

“Zhu does not flatter, but he must admit that Elder Shenlong’s arrangements are absolutely sufficient, and even Zhu dared to do so. To put it another way, Zhu had always thought that

Elder Shenlong, you were too cautious in defending against George Han. But to tell the truth, fortunately, Elder Shenlong, you were able to defend thoroughly enough, and now the situation is a little bit easier. Strange, this George Han is like a thousand-legged old worm, dead and alive, alive and dead.” Zhu Yanshuo became more and more annoyed as he spoke, and even gritted his teeth for a while.

Mingyu nodded: “Yeah, this George Han is really weird. After three days and tonight, he has experienced a lot of exhaustion, but he is like nothing happened at all.”

“No, it happened.” Ming Yu shook his head: “He seems to treat the battle as a meal, but the Vietnam war is more energetic.”

Zhu Yanshuo nodded and said: “Yes, this has been fighting for so long, but this George Han is more and more brave, logically speaking, this Impossible.”

“The fight in the middle of the night added to the

Right now, even if George Han really has reserves far beyond our ordinary people’s imagination, it doesn’t mean that he will still be so ferocious at this time. “

Ming Yu let out a long sigh, what secret is this guy George Han hiding, why is it so hard to see through?

“Elder Shenlong, in any case, it’s too many nights, I think... or order all People, let’s launch the final general attack, and if this continues, we don’t know whether George Han can persist, but what is certain is that the military will dissipate. “

Yeah, no matter how the charge is dead or alive, there must be a belief behind it.

It has existed since ancient times. Even the rebels often need to find a teacher to become famous, and it is because of this reason. If there is no such thing, the military will be determined.

Right now, a large number of

soldiers are attacking madly because they believe that George Han will not be able to hold on.

If it takes a long time, the military will naturally be shaken, and the combat effectiveness will be greatly reduced.

Therefore, although it is indeed too risky to launch a general attack now, it is obvious that the former is better when weighed

. “Ming Yu said coldly.

“My subordinates understand!” Zhu Yanshuo took the lead and nodded at the commanders behind him.

The commanders immediately retreated to the left side of the giant drum in front of the hall, and then the war drum hammered. Boom

! Boom! Boom!

Along with the sound of drums, the soldiers and masters who were on the third and third floors of George Hanli suddenly became

excited as if they had been beaten.

“Kill George Han, go home and have wine Meat, otherwise, people like us can only order the army by death. “

“Kill!” “

“Kill!” !! “

Ten thousand voices roared in unison, and all the soldiers suddenly seemed to be crazy, and they attacked George Han madly.

All kinds of spells were thrown unreservedly, and the guns and swords were dazzling like mercury spilling out of the ground.

At this time, George Han immediately pulled away and flew up, looking at the absolute attack of this group of people, his face did not have the slightest fear, but was filled with a cold smile.

“What? Can you finally bear it?” George Han smiled coldly.

“I’ve been waiting for you for a long time now.” When the

words fell, George Han’s hand suddenly moved, and the whole popularity door opened wide.

The jaw-dropping thing happened...
