

Chapter 3708

“He... what is he doing?”

“That guy...”

There is no reservation, no hesitation.

This time, George Han activated almost all of his energy.

White light, jade light, golden light, black light, colorful light.

The qi of the body, the chaotic qi, the devil qi, and the number of qi are one.

Suddenly, George Han has changed like a god descending into the world, and like a demon descending into the world.

The power of yin and yang flooded his body, so that George Han's left was white, his right was dark, his head was gold, and his feet were black.

“Damn, George Han this...”

“Heaven and earth are above, listen to my orders, You Huang, Wuxiang magic!” The

left hand of You Huang can be overwhelming, and the right hand has no phase to cover the rain.

The Emperor You is determined to have ten thousand strengths, and there is no phase complex thousand skills.

“Stop everything for me!”

Angrily shouted, George Han urged You Huang with his left hand, and stretched out a huge barrier directly in front of him, resisting all kinds of spells of the

most ferocious masters.

The power of the right hand activates the Wuxiang magic, directly absorbing all the attacks of the soldiers on the right, and then copying.

“This George Han is actually able to block so many attacks by himself?”

“Isn't this * bullshit?”

“*, he's joking? How about singing and acting?”

Everyone was so shocked that they were already talking nonsense, and even Ming Yu couldn't help opening his mouth.

George Han...

What does this guy mean?

How does he play?

Those of them who looked at it like this, not to mention those who fought against George Han on the battlefield.

They were simply dumbfounded and their scalps tingling.

Didn't it say that George Han was already at the end of the fight?

Didn't it say that George Han was about to die?

But is he going to die now? This is so clearly just waking up.

Ming Yu also knew that the situation was not good, and gestured to Zhu Yanshuo with a look.

Immediately, I saw Zhu Yanshuo suddenly stand forward, together slightly, shouted angrily, and said, "Everyone, be steady, don't be afraid, this George Han is a reserve of true energy that has been emptied. It seems powerful, but in fact it's just that. Look back at the light."

Zhu Yanshuo said together, and someone immediately picked up the words and said with a smile, "That's right, he George Han blocked with his left hand and blocked with his right. It seems that he is indeed invincible, but, you guys Ask this George Han, what can he do next when we are going to attack?"

"That's right, some people seem to be fierce, but in fact, hehe."

"George Han, my mother*er. I'm not afraid of you, what can you do if you can resist, can you attack? Haha."

"It's just that the tiger was tied to death, I'm afraid he will do anything.

Brothers , he can't get his hands free at all, we only need one wave, It will take his life."

"Haha, your hands are not empty, George Han, are you planning to attack us with athlete's foot? If so, then I have to wear a veil first, after all, I am athlete's foot. It's allergic." As soon as

the voice fell, everyone laughed, and it didn't stop.

Only Mingyu stared at George Han closely.

Of course, if you count others.

At the back of the main hall of the city, in the corners of both sides, there is another person.

Fu Mei and Zhu Yan'er.

The two women, as if they had made an appointment in advance, went all the way from the rear to the front hall to watch secretly, even though neither of them had given permission.

The emotions of the two were as complicated as that day.

They don't know how to express what's in their hearts, because it's so strange and indescribable.

At this time,

George Han, as they said, did not have empty hands. However, in the face of the ruthless ridicule of these people, George Han's face did not show the slightest anger.

On the contrary, he was smiling slightly, and in that smile, there was a trace of contempt and a trace of disdain.

There was even a trace of silence.

This kind of speechlessness is not that kind of speechlessness, but the kind of speechlessness that, as a superior, watching a group of clowns jump up and down without knowing it.

It's like, you are looking at a fool who has to teach you this and teach you that in your major.

Ridiculous, ridiculous to the extreme. "Do you really think I can't attack?" George Han

smiled and shook his head helplessly: "I warned you, I will not be embarrassed if I want to leave, but unfortunately, you don't cherish the opportunity."

Qian smiled coldly: "Now, sing a funeral song for yourselves."

Chapter 3709

Death Burial Song? !

The group of people stopped smiling slightly and looked at George Han in confusion.

"It's not easy to hit you all?"

George Han snorted coldly, and immediately copied and hit the Wuxiang magic in his right hand.

The soldiers on the right hurriedly resisted as before, and the damage was not so violent.

But obviously, what George Han wanted was not these.

"The Book of the Eight Desolations, open it for me."

Angrily shouted, George Han immediately moved the Book of Heaven.

With the appearance of a circle of light, everything seemed to stand still.

But the next second!

"Roar!" The

beast roared thousands of miles!

Roar angrily!

Swallow mountains and rivers!

In the circle of light, there were countless strange beasts, all kinds of strange beasts, struggling and roaring, and the densely packed ones rushed straight out.

"Kill me!"

What? !

“George Han’s group of strange beasts !” “Damn it !”

“*, Han

George Han is actually playing such a trick at this time.” “Damn, he forgot his backhand.

” When these beasts attacked, the expressions of many people present suddenly changed drastically.

This is just bullshit.

Why did these monsters suddenly kill at such a critical time? !

Isn’t this a life-threatening thing?

Almost at the same time, George Han roared angrily, and his right hand Fen Ji shot out. When Fen Ji was covering, he moved the Yin-Yang power of both hands to directly move the barrier of the Emperor You, redirecting the attacks of several masters before withdrawing. Emperor You, after changing the way they attacked the Famen, suddenly moved and attacked directly.

“Stand up with him, withstood him, I’m grass.”

Some people shouted in a hurry, some stomped their feet in a hurry, and some people panicked and bombarded George Hanyitong with spells.

In a hurry,

it doesn’t matter whether it is aimed or not, let alone whether it is outrageous or not, anyway, it is just a mess.

George Han smiled coldly, what he wanted was for you to get together, and what he wanted was for you to be caught off guard.

“Burning silence!”

Huo Huo fist, leading the sky down.

At the same time as the explosion, the Pangu Axe directly proposed, cooperated with the Taixu Divine Step, and slashed at the enemy.

Lion among hyenas!

Although there are tens of thousands of soldiers over there, the army of strange beasts falling from the sky is also terrifying like a flood. .

Its miserable, like a hairless animal under the raging storm.

“Han... George Han.” Ming Yu staggered slightly and took a step back.

She laid out all kinds of situations, but she did not expect things to progress to this stage.

Has she considered all beasts?

Of course it was considered.

But just because of George Han's family

The gang's full blood resurrection after exhaustion, but the rhythm of everything is a bit broken.

She didn't dare to say that it was completely broken, but at least she didn't dare to say that this time it was a 90% chance.

"Damn it." Zhu Yanshuo also gritted his teeth.

The current situation is quite a bit like Tian Ji's horse racing.

Under the ring, but because of a certain accident in George Han, the ring began to fall off, and it became no longer so strong.

"Elder Shenlong, the position is in chaos, and the army's heart is scattered. What should I do now?"

"Yes, Elder Shenlong, we have to think of a solution quickly."

The rumors of Qianye Killing began to rise, and the army that was supposed to fall was demoralized and in a hurry.

This confrontation continues, the situation is extremely critical.

"Elder Shenlong, start the ultimate plan." Zhu Yanshuo said.

"The ultimate plan?"

Ming Yu was obviously taken aback.

The ultimate plan is the gate of life and death, either life or death.

Don't be a last resort, this is the last thing Mingyu wants to use.

This is the only trump card in this battle.

Once exposed, without success, its meaning may only be self-inflicted.

"Elder Shenlong, don't hesitate anymore. The situation is already critical at this time, if we don't need the ultimate plan, we..." Zhu Yanshuo dared not continue.

"Yes, Elder Shenlong, this George Han is fighting more and more fiercely, and now there are more than 10,000 strange beasts to help out, we can't hesitate."

"Elder Shenlong, just nod your head, our army is in urgent need of encouragement and even more help, let's do this again. Going down, who knows what the ending will be."

A group of commanders and executives also persuaded.

Ming Yu let out a long sigh and shook his head helplessly: "Okay, let's go and execute the ultimate plan!"

"Yes!"
