

Chapter 3758

“Anyway is a family, no matter what, please give me a knife, let me go to hell to repent slowly, and Don’t be so irritating.”

“Please, please.”

Fulin closed his eyes with tears in his eyes, stretched his neck, and waited for George Han to give him a treat.

George Han glanced at Mo Yang, and the two smiled at each other. George Han then said, “I told you to get up.”

Although he was unwilling and unwilling, Fulin had no choice, so he bit the bullet. Gritting his teeth, he stood up.

Who told him to beg someone else to even die?

“Isn’t what I said not obvious enough?” George Han smiled bitterly: “Also, you are just the same as you used to help your family see me, and you don’t even bother to be with me, let alone do things for me. After

hearing this, Fulin

opened his eyes and looked at George Han in disbelief: “You mean...”

“The sword of the city master was given to you, isn’t it clear what it means? George Han If he wants to trick you and torture you, why take it out? Are there not enough torture tools in the cell?” Mo Yang said with a smile.

“Then what do you mean... let me be the lord of the city? How is this possible? Stop joking, okay?” Even so, Fu Lin still couldn’t believe it.

After all, whether his identity can be executed or not is the ceiling of his dreams.

Who would have thought that not only did he not have to die, but... it seemed... he also... won the grand prize?

This is impossible.

“Someone Han doesn’t like to joke about business, and it’s still such an important event.” George Han said.

Looking at

George Han’s serious face and Mo Yang’s slight nod, Fulin was a little flustered, but he was also a little convinced.

“Why did you choose me as the city lord? I... I have a grudge against you.” He took a step back in shock and looked at George Han.

“You and I are my family after all, if I really want to kill you, I really can’t do it for a while.” George Han said: “The people who really hold the power of the family are my target of revenge, since you can Being

abandoned means that you don't really belong to the core of it, so what kind of revenge can you get by killing you naturally?"

"Besides, I have given the people outside the opportunity to atone for their merits. As my wife's maiden family, I also How could they not be given a chance?"

"Now, can you understand?" George Han asked.

Fulin nodded, George Han's reason

could allow him to convince himself: "Brother-in-law, thank you."

After Fulin finished speaking, he knelt on the ground again: "Before, Fulin was a dog who looked down on others and had a hard ear. Ruan, I listened to the nonsense of Futian's bastard, so that there is no distinction between right and wrong, and many offends."

"Brother-in-law not only disregarded the previous grudges, but repaid his grievances with virtue. "

I don't want to say anything else. I'll just say one thing. Fulin will definitely do everything he can, and he will never betray his brother-in-law's trust."

George Han nodded slightly: "Since I chose you, naturally, I believe what you said, come on, it will be handed over to you when it is time to settle down."

"While studying, learn to make it bigger, and maybe you will take up a more important position in the future."

Fu Lin's

eyes lit up . He said excitedly, "Brother-in-law, don't worry, Fulin will never disappoint you."

When the words fell, he suddenly thought of something, and kowtowed to Amelia Su again: "Sister yingxia, thank you."

Amelia Su glanced down at him: "Since you are a sister, you don't need to kneel, and your seniority is not that high. Come on." After Amelia Su finished speaking, she added: "Three thousand he has arranged such an important position for you regardless of previous suspicions. I hope you can really not let him down in Fu Lin."

"I think this should be the last time for the Fu family . One chance for me, even if I have 3,000 in the future, I won't have it, do you understand?"

"Fulin understands, please rest assured Sister yingxia. Fulin is willing to swear with his life that he will never let you down."

George Han nodded and looked at Fu Lin: "By the way, there is one more thing."

"Brother-in-law, please tell me."

Chapter 3759

"Some executives who should be in the city and the executives left by the Ye family, don't look down on them. In love, you guys They are all fallen people, and they have empathy, and above the public, this

promises a big city, and there are many things to manage. This is the first time you have such a heavy power, and you still need a lot of help from others, so..." George Han said. "Thank you brother-in-law for reminding me

, but my brother-in-law can rest assured. In fact, Fulin also intends to reuse their group."

I will give them enough opportunities if they lack a platform to display."

"Okay, it's not too early, it's time to go through the war, and there is still a lot of work to recover after the war, so let's go to rest early." George Han said. .

"Fulin will retire now, brother-in-law and sister yingxia are well, and brother Moyang is well."

Fulin bowed respectfully and
resigned.

Mo Yang smiled: "Then I won't disturb the rest of your husband and wife. Good night."

After seeing them off, Amelia Su closed the door again and cleaned up the bed for George Han.

George Han smiled: "Shouldn't you have a question to ask me?"

Amelia Su paused for a moment, the two husband and wife were very tacit understanding, but she shook her head again and smiled: "I believe that you do this naturally because of you. It makes sense, so you don't have to ask why, I will support you in whatever you do."

George Han happily hugged Amelia Su, lay on the bed, and said with a smile, "Arranged for Fu Lin to govern the city, it is because I said just now. Yes, and secondly, it is also through support."

"The Fuye family, including

Jiluocheng People will betray them. Also, even if they don't betray, I'm worried that they will fight passively."

"So, I want to give the remaining Fuye family a lot of real vested interests, including the senior executives in the city, and new hatreds plus interests. In this way, they will completely oppose each other."

Hearing George Han's explanation, Amelia Su smiled lightly: "You, there are so many crazy ideas."

"However, this is indeed the best way. Minimizing casualties gives these people a chance to survive and develop, and at the same time, they can also achieve their strategic goals

. George Hanyi smiled: "In the last few battles, I haven't actually seen Fu Mei very much. In terms of her arrogant personality, I believe that as long as they were normal, she would have stood up and sneered.

"

Because she has always been invisible, I guessed that there must be something wrong with them, so I told Mo Yang to check the details of the people who were left behind by the family."

"As you expected." Amelia Su said.

“That’s right, Fu Lin is Fu Mei’s younger brother. For me, he is a big fish. He has two lines of conflict, so it is most appropriate to put him at the forefront of the opposition.” Han San Thousands.

Amelia Su nodded: “The most important thing is that Fu Lin is Fu Mei’s younger brother, and it is a relatively big target of revenge in the hatred with us. But it is such a big target that we have been forgiven and added. Once they take their posts, once what happens to the senior executives of Futian that Futian took away, those people will have no fear of causing civil strife with them.”

George Han smiled: “As expected of me Wife, it’s clear at one point.”

“With you .

Around, you can always learn some fur. After Amelia Su finished speaking, she looked at George Han and said, “To establish Fulin as the city lord actually has another meaning, that is, to plant a time bomb on the Fuye family’s side. The

two couples looked at each other and blurted out almost at the same time: “Fu Mei! “

When she was in despair and suddenly saw that her own younger brother could win the title of city lord, how would she feel?

When she has a better choice, will she continue to endure the current misery?

Obviously Yes, it’s unlikely.

“Maybe, one day, we’ll even get some secret information. “Amelia Su smiled.

George Han nodded: “Yes, for my wife’s sake, I decided to order a few more times. ” When the words fell, George Han, who was holding Amelia Su, turned over immediately.

At almost the same time, under the night, a troop was moving fast...
