

## Chapter 3760

night wind is cold, and even the bones hurt.

The environmental conditions of the demons themselves are bad, and they are not comparable to the land in the Central Plains, so often at such times, at night, it is difficult for pedestrians to pass through the land of the demons.

Most of the people were hiding in the city, and even fell asleep in the house.

Only this small group of troops is still going against the wind.

Moreover, the expression is extremely hasty.

They walked briskly against the cold wind, as if they were afraid that once they stopped, something terrible would happen.

“\*\*\*\*, I just let that Han 3000 win. I’m really unwilling.”

At the front of the team, two simple stretchers were lying on each of them. Although they were covered with quilts, they were only simple The sackcloth couldn’t resist the cold wind at all.

Both of them were frozen with frost on their faces, and their lips were purple.

And this roar came from the first

young man on the stand!

Ye Shijun!

Who else could be able to move despite the wind and cold at night, except for this Mingyu troop that escaped from the city in a hurry? !

“It’s all to blame for that bastard George Han, it’s really his mother’s evil, he was consumed by us like that, but in the end he has nine lives like that cat, and the real energy in his body is abnormal even at the end. Abundant.”

“Yeah, this is really out of touch with reality, it feels like a dream. Otherwise, based on our careful tactics and arrangements, it would be impossible for him to survive, let alone won.”

“Strange, weird, weird, it’s really weird, Elder Shenlong, do you have any ideas?”

Mingyu was suddenly named, and then Mingyu pulled back from her thoughts. She shook her head helplessly. About this, in fact, since She

has been .

However, it is a pity that no matter how she thinks, it is always difficult for her to realize what kind of mystery is hidden in it.

“This matter is really strange, but I believe that it is impossible to detect the secret behind this by speculation alone. I will report George Han to the Holy Master, so that the Holy Master will send someone to investigate.

” Otherwise, with George Han alone, we will suffer even more losses in the future if we fail to secure it.” Ming Yu said.

Everyone nodded.

“Yes, we almost suffered a big loss this time, and the losses were extremely heavy. Let’s not say that we have been working so hard for so long, and the loss of troops is also extremely serious. This George Han is really a thief. Thirty places, There is not much to say, and there is not much to say, but it just hits our heart.”

“Yes, in fact, there are still many talents in the management who have not been brought out, unfortunately...” Among the

thirty people, the majority Some of them are real backbones, but they are not necessarily talents. There is a saying that talents can only be in the middle, mediocre talents can only be in the lower positions, and only real blood talents can be in the upper positions.

What is blood talent.

Relationship talent.

No matter how strong the ability is, it can’t compare to that level of relationship, which is both helpless and realistic.

“Hey, don’t be discouraged, everyone who should fall into the city is ours, and it will always be ours. If he can kill three thousand people again, there are so many people in the city. Can he kill them all?”

“Wait until we stabilize our position and regain our strength When the killing is about to return, it is best for him, George Han, not to be in the city at that time, otherwise, we and the original gang of brothers should reconcile inside and outside, and the sure-killer George Han throws away his armor and even shouts for mercy.”

I don’t know which executive who should be in the city shouted such a voice, and immediately, the morale of many people directly improved a lot.

“

That’s right , today’s revenge will be avenged in the future. I have never suffered such hardships in my life. It’s bad luck to escape in such cold air this night. Damn, wait for us to kill them back. , he George Han will definitely die.”

“Yes, kill him, kill him.” A group of people followed.

Ming Yu’s face was displeased, and her brows wrinkled: “Isn’t enough said?”

No one expected Ming Yu to be suddenly angry, and the atmosphere that he had woken up instantly fell into a low pressure.

Only Zhu Yanshuo could roughly understand the reason for Ming Yu’s anger. When the army was defeated, he even uttered wild words.

More importantly, will the fallen city really belong to them as before?

In front of him, there is a vast darkness, and he can't see the front, and it seems that he can't see the future of the city.

The next day, at dawn, it's time to fall into the city, and a critical attack against them is ready..

### **Chapter 3761**

There is no order, but almost everyone seems to have a tacit understanding, they all get up early and are busy doing things things in their own hands.

Especially for Fulin, he got up at the dawn of the day and pulled the Fujia gang to do their work.

Almost all the senior executives of Fuye and Jiluo have been re-appointed to important positions, which are naturally higher than before, and most of them are much higher than the official promotion that George Han had promised before.

After all, the former chief of a certain department has now become the minister of affairs, and the ranks in the middle have risen by at least five or six.

From a lower official to a human minister, even if a person with outstanding talent is suddenly equivalent to 30 or 40 years of less effort, who can be unhappy?

Not only happy, but also full of energy.

The city's restoration work soon began.

Seeing that everything was going on in an orderly manner

, George Han was quite satisfied.

"It seems that Fu Lin's current performance has exceeded expectations." Amelia Su smiled.

George Han nodded: "It's normal for young people to be aggressive."

At this moment, Mo Yang also rushed over.

Seeing Mo Yang, George Han smiled and said, "How's it going?"

"Last night was pretty peaceful, except that the screams in your room were a bit louder."

Hearing this, Amelia Su's face suddenly turned blood red, and at the same time, the whole person was very fast. Bitten his own lips.

"Speaking of business." George Han scolded with a smile.

Only Mo Yang could make such a joke on him.

Mo Yang nodded: "There are indeed some disturbances at night."

"How are the preparations for the City Lord's celebration?"

"It's basically all set." Mo Yang said.

“Okay, let Fu Lin announce his inauguration at the ceremony, and at the same time, let him announce the appointment list of all departments .”

Mo Yang smiled and nodded: “Yes, I’ll go and let them start.

” Wait a minute.” George Han stopped Mo Yang: “We are still their real behind the scenes, and we should also express it when they take office.” When the

words were finished, George Han moved his hand and directly took out a piece of the space ring. Hills of gold and silver jewelry.

When Mo Yang saw it, he couldn’t help but smile bitterly: “You’re smart enough, I’ll have someone come over to take it away and send it over. In addition, I’ll inform the guards at the lower city gate to let the city defenses relax after the celebration hall begins. Some.”

George Han nodded.

After sending Mo Yang away, Amelia Su smiled: “You don’t need so much gold and silver jewelry to buy people’s hearts, right?” “Of course you don’t need to buy people’s hearts, do you have time?” George Han asked.

Amelia Su asked, “What are you doing?” “Come with me to the study, I want to see the map around here.”

“Why are you looking at the map?” Amelia Su asked in confusion.

“Next, let’s go to a \*.” George Han smiled, dragged Amelia Su and went directly to the study.

When the couple went to the study, in front of the city lord’s mansion, the grand enthronement ceremony officially began.

Gao Lego danced, and after a series of happy cannons, Fu Jin stepped onto the peak of his life for the first time. With the executives and masters of various departments who were previously stranded, they swept away the depressing yesterday and announced the new city, new laws and new laws with joy on their faces. Codes and various emerging policies that benefit the people.

Almost halfway through the celebration, a few figures in the crowd of onlookers walked through the streets and alleys in chaos, and when the city’s defenses were slack, they quietly ran out of the city.

After a few hours.

Somewhere in a desolate place.

Several tents were camped

there , and in front of them, a city was also looming under the hidden mist of the mountain.

In the center of the tent, Ming Yu and Ye Shijun were eating.

“I’m finally back at the branch, I should be able to get there before it gets dark.” Ye Shijun said with a gloomy expression while spitting out the hard food.

Mingyu didn’t choose whether the food was unpalatable or not. In fact, these foods were not bad, but for Ye Shijun and others who were accustomed to eating delicacies from mountains and seas, they were just a little more unpalatable.

“Be patient.” Futian was also very depressed.

At this moment, the tent was opened, and a person walked in in a hurry, knelt down slightly, and said to Mingyu: “Report to Elder Shenlong, the spies who should be in the city have arrived quickly.”

Zhu Yanshuo and Mingyu almost at the same time Get up.

Ming Yu said urgently: “Call in.” How

did they know that what they were waiting for was actually a huge crit...
