

# Noble Husband At the Door Chapter 380

Over the following couple of days, Samuel as well as the others remained in the suite. Apart from purchasing, there was nothing else.

The day prior to the Dragon Watercraft Festival, Lydia called Jiang Hong, but the phone was occupied as soon as she called, so she could not make it through in all. She tried numerous times yet fell short.

"What's taking place? Why can't I get through?" Lydia said to herself doubtfully. It was Dragon Boat Festival tomorrow, and also she could not contact Jiang Hong now. She didn't know if they were returning to the countryside for the Spring Festival this year or in the area for the event.

"Your number won't be blacklisted, will it?" Samuel stated casually. Taking into consideration the Jiang household's previous performance, it had not been difficult for something similar to this to take place.

"Blacklisted?" Lydia was surprised, but after that she trembled her head and also said, "Exactly how could that be? Your grandfather does not understand what took place between us and also Jiang Wan. Why did he black out my number?"

"Maybe Grandfather does not know that your number was blacklisted." Samuel advised her. The definition of his words was that Jiang Wan was playing tricks behind the scenes.

Hearing this, Lydia instantly blew up. Jiang Wan was going to get eliminate her, and also she was not permitted to attend the household celebration on the Dragon Boat Event.

"Mama, where are you going?" Seeing Lydia was going out, Su Yvonne asked fast.

"Naturally I'm mosting likely to your uncle's residence and also make it clear," Lydia claimed madly.

Yvonne was sure that Jiang Wan had actually said a great deal of poor things about her in front of her grandpa, which was why her grandfather really did not call them. What was the factor of making trouble currently?

" Mom, Samuel last night currently informed me regarding this possibility. Also, he already discovered that tomorrow's celebration will be held at the Zong Huang Hotel," Yvonne said.

" What do you suggest?" Lydia asked in confusion.

Yvonne took a look at Samuel helplessly. She did not agree with Samuel's strategy in the beginning, however Samuel's attitude was firm. She had no choice.

" Samuel has reserved the entire Zong Huang Resort. That is to claim, when they get here tomorrow, they do not have the qualifications to go into the hotel," Yvonne explained.

Lydia considered Samuel in shock. This man had scheduled the whole resort again! He had spent a great deal of money in the past couple of days!

Could it be that his pocketbook was a bottomless pit that could have billions of gold?

Nonetheless, Lydia still did not recognize what Samuel suggested. She asked, "Samuel, what does it concern my mosting likely to make it clear if you schedule the resort or not?"

I don't know what poor points Jiang Wan has claimed, I'm certain that Grandpa has a great deal of grievances about us now. If you go and make difficulty, perhaps Grandpa will not see you. Samuel claimed with a smile.

He had actually scheduled the hotel, it was a great honor to leave the decision-making power to Lydia.

Hearing this, Lydia understood what Samuel wanted to do. Really did not he just intend to verify their household's existing toughness in front of Jiang Hong?

As long as there was money, no matter just how disappointed the Old Master was, he would certainly let it go.

" Samuel, I really did not expect you to have numerous dress up your sleeve," Lydia stated.

In his eyes, Lydia's techniques were like a pest's method. If he took it seriously, Lydia would not even understand exactly how she passed away.

Early the following morning, a lot of loved ones of the Jiang Ferdinand excitedly hurried to the Zong Huang Hotel, consisting of the Jiang Ferdinand of three.

Vegetation placed a lot of bags in her handbag, all set to bring home all the leftovers. This was the Zong Huang Resort, and also some people could not have a chance to eat here for the remainder of their lives.

" Why hasn't Liu Zhijie come yet? It's excellent to enter and have a look earlier," Ferdinand whined. Liu Zhijie didn't come, and their family members really did not risk to enter the resort. They had actually never seen much of the world, so they were afraid of shedding face.

" What's the hurry? He should be on her method."

" Will Lydia's family actually not come this year?"

" Is Dad not angry? It's odd. According to our family policies, we must go back to our home town during the mid-autumn event as well as Springtime Celebration."

" You don't understand yet, do you? Yvonne is in charge of the business. I hesitate she does not take us loved ones seriously for a long period of time. Why would she return to the event?"

Taking advantage of Liu Zhijie's absence, the group of relatives began to tease Lydia as well as Yvonne sardonically.
