

# Noble Husband At the Door Chapter 382

The supervisor looked up at Liu Zhijie. He knew Liu Zhijie had scheduled it, yet so what?

The one in charge stated that nobody was admitted, so nobody was allowed.

It didn't matter to the Zong Huang Hotel who angered the guests. Those who should come would still come in the future, as well as what did it matter if those who really did not have the right to come really did not come?

"Liu Zhijie, are you deaf? Didn't you hear they claimed that the hotel was scheduled today?" The manager said disdainfully.

Liu Zhijie had a high online reputation in the eyes of the Jiang household. If he lost face today, how could he raise his head in front of the Jiang household in the future?

"It depends on you, isn't it? Think it or otherwise, I'll call your boss right now and also complain. Do you recognize that clients are god!?" Liu Zhijie said coldly.

"Okay, if you are willing to call, simply give it a try. If you do not have the one in charge's telephone number, I can give it to you. What do you believe?" The manager claimed with a smile. Just how could Zong Huang hotel have such a set of concepts that consumers were god?

Everybody came to the Zong Huang Resort for the benefit of Flavor Zong. Wasn't it due to the fact that Flavor Zong had a high standing in the Bin Area, and also no one attempted to annoy him?

Liu Zhijie really did not expect the manager's attitude to be so hard. He really did not have Flavor Zong's phone number; the supervisor still wanted to give it to him?

But what could he say calling Flavor Zong? Did Liu Zhijie still have the guts to question Flavor Zong?

He had actually angered Tang Zong in the shopping mall a few days ago, and also Liu Zhijie had not yet to recuperate from it. If he were to cause trouble for Tang Zong once again, he would not even think about what would happen to him.

" Zhijie, call their boss. These workers are snobbish. Allow him recognize how effective you are."

" You assume you're fantastic just because you're dressed like a dog. Do you know who Liu Zhijie is?"

" Even if your employer comes, he needs to offer Liu Zhijie face. That do you think you are?"

One by one, the Jiang family members relatives held their heads high, believing that Liu Zhijie would surely be able to manage this issue.

Nonetheless, upon hearing these words, Liu Zhijie ended up being a growing number of embarrassed. Flavor Zong would certainly give him encounter? Who was he in front of Flavor Zong?

" Liu Zhijie, you're so qualified that also our employer has to give you encounter. You're boasting before these people again, aren't you? Otherwise, I'll pass these words to our employer." The supervisor sneered. Even those big shots in the county dared not say such words.

Hearing this, Liu Zhijie right away stressed and also promptly reprimanded the family members of the Jiang household, "Shut up and also do not chat."

" Zhijie, we're aiding you. Why are you chewing out us?"

" Yes, it's obvious that this manager turns nose up at you. We are assisting you."

" The more low-key you are, the a lot more some individuals turn nose up at you. It's time to be top-level."

Liu Zhijie could not describe his anger. These poor loved ones thought they were helping him, however actually, they were trying to hurt him.

Even if the manager in front of him was simply among Tang Zong's subordinates, he wasn't certainly qualified to upset him.

Currently, Jiang Hong strolled to Liu Zhijie's side and also claimed to Liu Zhijie with his back straight, "They are right. If you keep a low profile, you will just be towered above. Call their employer."

"Grandpa, I." Liu Zhijie smiled bitterly and also didn't know what to claim.

Jiang Wan understood Liu Zhijie's circumstance. If she asked him to grumble to Flavor Zong, wouldn't that be courting death?

Who on planet was this Mr. Hannigan? Why did he unexpectedly schedule the resort? He was obviously breaking them.
