

Super Rich Dad Chapter 384-386

Chapter 284 - This is a threat

'Hey, where are you guys!' Cousin Xue Yuning said in an unpleasant manner, 'Hmph, they've all been f*cking torn apart, you guys aren't still hanging around over there, are you? What, are you still looking for a chance to sneak in? Don't get caught and beaten half to death!'

At this moment, Xue Yu Ning and Jiang Hao were already in the car, and the taxi was driving towards the Cloud Mist Villa at great speed.

As soon as she heard that it was her cousin, Xue Yu Ning was also very angry, because Jiang Hao had just told her what had happened, and Xue Yu Ning was immediately holding a fire in her heart!

How could they behave like this? The reason why people let them stay at Cloud Mist Villa was purely because Qiao San was looking at Jiang Hao's face ah.

Now they not only listened to other people's lies and questioned Jiang Hao for lying to them, but also went back and smashed up the Cloud Mist Villa. Do they have any conscience?

The more they did so, the more Xue Yu Ning felt sorry for Jiang Hao.

It was all because of herself that Jiang Hao was being questioned, and now he had to go and end up in a mess because of the recklessness of his cousin's family.

'What exactly have you done?' Xue Yu Ning didn't care about her cousin's nonsense and asked straight to the point, 'Why did you guys smash up someone's hotel? What exactly do you want?'

Xue Yuning's cousin laughed at her words, 'You're quite well-informed, you already know about it? I'm not doing anything, I'm just upset, you f*cking followed that little bastard to deceive me, I'm angry, of course I have to let off some steam!'

Cousin Xue Yu Ning looked around and said with contempt, 'Damn, not only did you dabble in food and drink at my expense, but you also poured the red wine that someone gave me. Besides, this is a shitty hotel, I just smashed that shit up, what's wrong with it, how much is it worth?'

'Oh, but it's no wonder, you guys are poor, I guess you can't even afford this amount of money by then!' Xue Yu Ning's cousin scoffed.

'You,' Xue Yu Ning said indignantly, 'you guys are so ignorant, you're in big trouble do you know that?'

Xue Yu Ning had also heard that any small object inside this Cloud Mist Villa could be an antique.

Besides, it was said on the phone just now that they had smashed up the hotel, so the damage would definitely not be small.

This time, there's no telling how much good stuff these two rash youngsters will spoil.

And when they get into trouble, it will be Jiang Hao who will be the one to end it.

Although Jiang Hao has a lot of face with Qiao San, but if the damage is too big, people may not let Jiang Hao pay less money, after all, no one's money comes from the wind. Besides, this matter is not honorable either.

And even if people don't want two compensations, then this matter will be considered a stain on Jiang Hao in the future and will definitely become a laughing stock.

Maybe people will point at Jiang Hao's backbone and laugh at him.

People are kind enough to provide you with a place to stay, and they don't take any money.

In the end, you are not grateful and your relatives even smashed their hotel.

When word of this gets out, it's really unpleasant to hear!

When Xue Yu Ning thought of this, her heart was flustered and she simply didn't know what to do.

Anyway, in her opinion, she could never do wrong to Jiang Hao again.

So what if a relative gets into trouble and Jiang Hao has to pay for it?

Since they were capable of causing trouble themselves, let them bear the consequences themselves in the end.

Besides, Xue Yuning knew very well that these so-called relatives of hers had never treated themselves as relatives at all.

'You guys take care of yourselves.' Xue Yu Ning sighed and was about to hang up the phone.

But she immediately heard her cousin's shout on the other end of the line, 'What the hell are we doing to help ourselves? Xue Yu Ning, this is the hotel you booked, don't blame us for being ungracious, to tell you the truth, any damage we caused today will have to be paid for by you poor bastards in the end, referring to us? You're dreaming!'

Cousin Xue Yu Ning continued furiously, 'Also, you guys hurry up and come over here, I still have business to discuss with you, if you come late, don't blame me for being ungracious!'

After she finished speaking, cousin Xue Yu Ning grabbed a tealight and slammed it on the ground, and even moved closer to the phone, so that Xue Yu Ning could hear it clearly.

'Hmph, did you hear that? You also understand what I mean, right?' After Xue Yu Ning finished speaking, she hung up the phone straight away, her face overflowing with smugness.

'Damn it, if you dare not come over, then don't blame me for not being polite!' Cousin Xue Yu Ning muttered.

She twisted her head to look at her husband and continued, 'Husband, don't be idle, find something to smash up again, damn it, I'm going to make this son of a b*tch pay for it today!'

As she finished speaking, her gaze gazed to her side and instantly her eyes fell on top of a sub painting framed on the wall.

With a cold snort, Cousin Xue Yu Ning directly got up and walked over, casually picking up a piece of broken glass on the ground and directly scratching on the painting.

In no time at all, the painting had become a pile of fragments.

When Cousin Xue Yu Ning turned to look at Fan Deng again, she saw that this guy was actually playing with a celadon flower pot at this moment.

Chapter 285 - Exaggerated Tenfold

Soon after, a taxi wined up at the front door of the Cloud Mist Villa Hotel.

Jiang Hao paid for the car, and Xue Yu Ning quickly went to get out of the car and ran straight to the hotel.

Only before the two of them could walk into the hotel, they saw the two plaques that had been torn into pieces at the front entrance of the hotel.

'This,' Xue Yu Ning looked at the wreckage on the ground with a surprised face, 'is too much!'

Xue Yuning looked at Jiang Hao and said somewhat apologetically, 'Jiang Hao, I'm sorry, it's all my fault'

Jiang Hao smiled faintly and patted Xue Yuning's head. Reassuringly, he said, 'It's alright, don't worry it's alright, and it's nothing to do with you, I'll take care of it later.'

Xue Yuning still felt uncomfortable in her heart and said to Jiang Hao, 'Jiang Hao, I hope you won't look at their relationship with me and give them the benefit of the doubt, do what you have to do about this matter, I don't have a shred of patience with them anymore.'

Xue Yu Ning sighed, 'Just the way they are, doing things with total disregard, the more you let them off today, the more indulgent they will only be in the future, they will all pay for this sooner or later! Instead of that, why don't we just let them have a lesson today?'

Jiang Hao also understood Xue Yuning's meaning, he just nodded silently and didn't say anything.

In fact, Jiang Hao had also been a little fed up with Cousin Xue Yu Ning and Fan Deng for a long time.

If this was someone else, I guess Jiang Hao would have already stopped putting up with it.

But this was Xue Yu Ning's family after all, and what scandalised Jiang Hao the most was the incident last time when Xue Yu Ning's mother knelt down.

That seemed to have touched Jiang Hao so much that even though he could no longer tolerate Xue Yuning's cousin's family, he still hadn't genuinely moved to punish them.

But this time, Xue Yuning had already said these words, and Jiang Hao was a bit hesitant.

Yes, instead of letting them be punished by others in the future, he should just let himself teach them a lesson first.

This might really be a good thing for them.

Just at that moment, a figure also hurriedly trotted all the way out from inside the hotel.

When he saw Jiang Hao, he was like seeing a saviour and rushed over.

When he saw Jiang Hao, he rushed over as if he had seen a saviour. Manager Wu knew that he had to put on a full show and when he saw Jiang Hao, he poured out his bitterness with a crying face.

'Jiang Shao, you've finally come, if you don't come over, we really don't know what to do!' While speaking, Manager Wu pointed to the two plaques on the ground, 'Look at this, this one is from the Song Dynasty, and the other one is from the former Emperor's handwriting, both of these plaques were auctioned by me along with Master Qiao.'

Before he finished his sentence, Manager Wu choked up, looking incomparably distressed and extremely regretful.

Jiang Hao also sighed and said comfortingly, 'Don't worry, I will compensate for the damage caused today, and I will also communicate with Mr. Qiao.'

'Where are they?' Jiang Hao's face gradually turned gloomy as he asked unhappily, 'They were so reckless, didn't you control them?'

Manager Wu's face turned white and he shook his head repeatedly, 'Aiyu, this is your guest, Miss Yu Ning's relative, how dare we? To be honest, we might just get a scolding if we smash something, but if we neglect these two people, we are afraid'

'What are you afraid of?' Jiang Hao said unhappily, 'Is it because they're my guests and they're going to kill someone that you're not going to let them do it?'

Jiang Hao looked around and asked again, 'Where are they now?'

Manager Wu hurriedly pointed in the direction of the guest room in the backyard, 'Back in their room, Mr Jiang, you'

Jiang Hao glanced at Xue Yuning, as if asking for advice.

However, he saw that Xue Yuning was even more determined than himself in his eyes, and Jiang Hao immediately understood what he meant.

‘How about this, you go and call someone and get your security guard over here.’ Jiang Hao said to Manager Wu, ‘Just go straight over later, let’s go over there first.’

As soon as Manager Wu heard Jiang Hao say this, his heart was immediately at ease.

He was even more clear that his ploy had already succeeded at this point.

‘This isn’t very nice of you, Mr Jiang, after all they are your guests?’ Manager Wu added in a good old-fashioned manner.

But in reality, he wanted to clean up Cousin Xue Yu Ning and Fan Deng more than anyone else in his heart.

‘Just go if you’re told to, stop talking about it, I know how to handle it in my heart!’ Jiang Hao looked at Manager Wu, pulled Xue Yu Ning and walked in the direction of the guest room.

At this time, the room where cousin Xue Yuning and Fan Deng lived had long been a mess, and even the clanking sound had alarmed Wang Li.

Although she had complained about this hotel yesterday, Wang Li was so fond of the bed that she slept straight through until her daughter and son-in-law returned from the stadium.

When she came over, she was surprised to see the mess and thought that her daughter and son-in-law were trying to tear the place down alive.

But then after hearing the duo’s explanation, Wang Li also instantly looked like she had lost a billion dollars, and the whole person sat on the bed, screaming and crying uncontrollably, simply ten times more exaggerated than her daughter.

Chapter 286 - I’m at the Cloud Mist Villa

‘Aiya, this God damned dog, who is not to be cheated, but us? We have honestly treated them like family, and they turn around and treat us like this? Where is their conscience!’ Wang Li sat cross-legged on that bed and cursed and cried out.

In her opinion, Jiang Hao and Xue Yuning, mother and daughter, were simply heartless.

‘We’re such good people, how come we’re always being set up?’ Wang Li wiped her tears reluctantly and muttered to herself, ‘That bottle of red wine was 300,000, and it was really spoiled by that little bastard? It’s so f*cking bad, wait, you wait, he’ll come over later, I’ll f*cking fight him! No.’

Wang Li suddenly thought of something and hurriedly said, ‘I have to call He’s daughter and son-in-law to tell her she’s responsible for this, she has to pay us back!’

Fan Deng, who saw his mother-in-law’s performance, could not help but laugh and said, ‘Mom, have you forgotten why we came here before?’

Fan Deng’s words instantly woke Wang Li up, she suddenly slapped her forehead and said, ‘Yes, yes, how could I have forgotten?’

Fan Deng laughed and said, 'I think with this matter today, we can get that house for sure, right? This kid poured such an expensive bottle of wine, he should pay for it, so let's use the house to pay for it!'

Although Fan Deng said so, Wang Li still sighed heavily and said, 'But we are still at a loss, I was already sure to get the house, even if that little bastard didn't pour the wine, I believe I can make He meekly spit out the house!'

Wang Li was still angry, so she hurriedly took out her phone and called Xue Yu Ning's mother.

In a short while, the call was answered, and Xue Yu Ning's mother was still very nice.

'Hey sister-in-law, did you sleep well last night?'

Wang Li, however, was not as nice and cursed directly: 'Did you sleep well? With all of you relatives, it's a wonder I slept well! He, are you people or not? We've treated you with all our heart and soul, and you're just going to let your daughter and that little bastard set us up?'

Xue Yu Ning's mother was stunned by the scolding, as she had no idea of the original story of this matter.

'Sister-in-law what the hell is going on here?' Xue Yu Ning's mother asked.

'Humph, what else is going on? Don't you pretend!' Wang Li grumbled and told us what had happened today, and finally said, 'That little bastard has poured 300,000 dollars worth of wine. He, you don't have to talk nonsense, bring the property deed of your old house to see us now, even if we are good at bullying, today you have been bullied to the end! Wait until you pay for it!'

Hearing everything Wang Li said, Xue Yu Ning's mother couldn't help but frown, because she knew very well that yesterday at the Grand Hyatt Hotel, people came over to deliver the wine solely because of Jiang Hao's face ah.

And today, they couldn't get into the concert, so there must be a misunderstanding inside.

So, Xue Yu Ning's mother hurriedly explained: 'Sister-in-law, I think there must be a misunderstanding here, why don't I go over with Jiang Hao Yu Ning and the others later and we can explain things? How could Jiang Hao lie to you? He really is a rich second generation!'

Wang Li didn't listen to Xue Yu Ning's words at all, instead, the more she listened, the more annoyed she became.

'I bah! Surname He, do you have a hole in your head? You still believe in that dog's words until now? Are you stupid or what?' Wang Li scolded angrily, 'Cut the crap, I think you are either stupid or pretending to be stupid, trying to muddle through? Do you think I'm two hundred and fifty? Don't bullshit me, you have half an hour to come to the hotel, if you don't arrive after half an hour, then don't blame me for not being polite!'

After Wang Li finished speaking, she hung up the phone in a huff.

'This family of sons of b*tches, you guys watch how I'll fix them later!' Wang Li said to her daughter and son-in-law.

Fan Deng smiled and looked at his mother-in-law, thinking, since his mother-in-law wanted to be a bird of prey at this time, he would let her take the lead and ask Xue Yuning's mother to take down the building in her hometown, and then he would think about his next step.

On the other hand, Xue Yuning's mother received the phone call from Wang Li, the whole person began to be on edge.

She was afraid that her relatives would really do something out of the ordinary, and she was also afraid that they might anger Jiang Hao and cause unnecessary trouble.

For this one relative of hers, although Xue Yu Ning's mother was helpless, the other party was after all her own relative, and she really could not see them being bullied under her nose.

In this way, she would only feel more and more guilty about her second brother.

While hanging on for dear life, Xue Yu Ning's mother left the hospital and prepared to go to the Cloud Mist Villa.

Once out of the hospital, she hurriedly called Xue Yu Ning.

'Yu Ning ah, where are you and Jiang Hao?' Xue Yu Ning's mother asked nervously.

Xue Yuning said indifferently, 'At the Cloud Mist Villa'
