

Chapter 3848

This sudden, George Han did not expect it at all, and the whole person was shocked on the spot.

He hurriedly raised his head and looked at Amelia Su, worried: "What's wrong?"

Amelia Su frowned, as if she was feeling something, looked at George Han, a little uncomfortable, and then slowly opened her mouth: "It seems... There seems to be something wrong."

This made George Han suddenly nervous, could it be that there are other problems with this inferior medicine pill?

And you didn't check it yourself?

Thinking of this, George Han hurriedly raised his hand, trying to move his luck to other parts of Amelia Su's body.

Amelia Su shook her head: "No, it's me who feels that something is wrong in the Dantian."

"What's wrong? I have just helped you get through the energy there. Logically, there should be no problem." George Han was a little puzzled. the way.

"It feels like

something is moving, like...pregnant."

"Pregnant?" George Han was stunned.

Even if it really hit the target in the battle that should fall, then according to the development speed of this embryo, it is not so fast at all.

Isn't this bullsh!t?

Obviously, Amelia Su didn't mean to joke at all, but the problem is that he can basically be completely sure that he has smoothed her dantian's breath just now, and it is unlikely that there is any problem. ? !

"Could it be..."

George Han frowned, "Are you sure there really is something?"

Amelia Su hesitated for a while, but nodded heavily.

"It's really a goddamn weird thing."

George Han frowned, and the next moment, a chaotic power was directly sacrificed in his hand, slammed on Amelia Su's lower abdomen, and quickly moved towards Dantian all the way.

"Strange!"

Amelia Su's

dantian is really stable. The only difference is that the aura in the dan is different from that of her body. Although it has been appeased, it is obvious that there is still a little strangeness.

But this kind of strangeness should actually not have any problems, not to mention that it can make Amelia Su feel so directly.

“Strange, where is the problem?” George Han frowned.

He is a little worried now, and a little regretful. He doesn’t know what he has tossed about to make Amelia Su look like this.

“George Han, why don’t you check. Actually, although I feel a little uncomfortable, it’s not particularly bad, and I can bear it.” Amelia Su saw that George Han was really nervous and couldn’t help but persuade.

George Han shook his head, his attitude was quite firm: “What nonsense are you talking about, I will never give up until I find out the real reason for your physical condition.

” After the

words were finished, George Han directly increased his strength again, crazy probe.

fail!

Then come again!

Still fail!

Still come again!

After a few times, the continuous high-intensity local trend directly made George Han break out in cold sweat and pale.

However, even so, George Han still had no plans to give up.

“Three thousand, or don’t really check.” Amelia Su looked at George Han with a worried expression: “It may be that I think too much, or there may be something that is just the beginning, so it is not easy to detect. “

I mean, maybe tomorrow, maybe the day after, when the situation is a little more stable, maybe it will be easy to find out the truth?”

“It’s like a person is sick...”

George Han sighed He breathed a sigh of relief and looked at Amelia Su. He couldn’t bear to refuse for a while. He also knew

that there was nothing wrong with what Amelia Su said.

In other words, George Han might really come back to check another day as Amelia Su said.

However, she is his wife, the person he loves the most, let alone tomorrow, even if it is another hour, George Han will only be restless forever.

“But...”

“Okay, 3000, you’ve dug a grave overnight and practiced pills for so long, you should rest a bit, otherwise, I’m afraid you won’t find out what’s wrong with me, but you will be the first to do it yourself. I’m exhausted.”

“Then I’ll try again for the last time, and if I still can’t find anything, I promise you, I’ll check again tomorrow.” George Han said.

Amelia Su hesitated for a while and nodded.

With a move in George Han’s hand, another burst of energy entered.

“There’s no end to it, you two!”

Suddenly, a voice suddenly sounded from all around...

Chapter 3849

“Damn, who!”

George Han shouted, his head subconsciously looked around.

But unfortunately, there was no sound all around, only the dark house was answering George Han’s question at this time.

Although Amelia Su didn’t speak, her eyes were swept around, obviously startled by the voice.

no one? !

But clearly heard the voice.

In order for someone to make a fool of himself, George Han simply spread his spiritual knowledge and searched around.

But the result surprised George Han even more. With the bamboo house as the center, not to mention living people within a dozen or so meters of the surrounding area, even a certain insect could be detected by him.

But still no one.

It seems that George Han understood George Han’s meaning from George Han’s eyes. Amelia Su asked quietly, “No one was found?”

George Han shook his head, it was true.

“Damn, what are you looking for there, I’m not

around you, why, it’s only been a few days, I’ve forgotten everything, I said that the two of you are too damn ungrateful. ‘ the voice muttered in dissatisfaction.

You two look at me, I look at you, a little dumbfounded for a while.

Where was he talking? He seemed to know George Han and his wife in those words, but just judging from this guy’s voice, the two seemed to feel extremely strange.

This...

Suddenly, George Han set his eyes on Amelia Su's stomach.

Although the sound seemed to be coming from all around, if you discriminate carefully, it seemed to come from Amelia Su's stomach.

When I contacted Amelia Su, she kept saying that her stomach was a little uncomfortable. Could it be that...

Nima, is this the essence of alchemy made from alchemy?

"f***, you are the elixir, and your whole family is elixir."

It seemed to be able to directly understand what George Han was thinking, and at this moment, he couldn't help but directly attacked.

George Han touched his nose a little depressed.

"It's Lao Tzu, the sky is so amazing, sh!t, you don't even think about it, who else in this world can make such a wise and marvelous voice as me, you guys are just... hey." disappointment.

"The sky is so poor?" The

two couples exclaimed almost at the same time.

But Tian Zhiqiongqi's voice is obviously not like this. On this point, the two couples can reach a consensus almost without saying much.

"Where did you come from? You dare to talk nonsense here? Tianzhiqiongqi is our friend. Do you think we won't know what it's doing now? What's the point of you pretending to be it?" George Han immediately asked.

Amelia Su also nodded: "If you want to pretend to be it, you should also add a little knowledge. The voice of the poor and strange is not your voice."

"You better be honest, otherwise, I will be rude to you." George Han In a cold voice, at the same time, a burst of energy was turned up in his hand, ready to make moves at any time.

"Oh, I've really convinced you two couples. With such a conspicuous identity as Tianzhiqiongqi, how can ordinary people dare to pretend to be? Besides, although Laozi is a fork, he is still like this now, pretending to be Laozi himself can have What's the benefit?" The

words fell, it seemed to be waiting for the couple's reaction.

But the couple were unmoved at all, and George Han instead snorted coldly and said, "Then I have to ask you this."

"I..." It was obviously angry, thought for a while, and then said: "Oh, I am really poor, I am drunk, besides me in Amelia Su's meridians, can there be anyone else?"

" Husband and wife looked at each other

, this point, it does have some truth.

“But Tian Zhi Qi is obviously not your voice, and it has to rely on my mouth to speak, you...”

“Sister, you are right, because the energy in my body was not particularly strong, I temporarily I can’t support myself and act independently. But that was the past, anyway, I am also a poor man, I am an ancient beast, I... I will grow up.” It screamed innocently.

“What do you mean?” George Han frowned, as if he had heard the name.

“It means that I have grown up now, and I already have a new way to exist in this world.” Tian Zhiqi’s words fell, and he was also very strangely puzzled: “I don’t know which bastard put a strange An incomparable pill was thrown in.”

“I thought it was a pill, but it turned out...”
