

## Chapter 3852

“Don’t look very upset, don’t forget, I have no credit for you, but also hard work.”

“Just talking about Ziqing and your wife, if it wasn’t for my guidance and guidance, do you think their skills could advance by leaps and bounds?”

“Also, don’t forget, your senior sister’s life is now in my hands, So no matter what you say, you are not at a loss, okay?”

Hearing this, Amelia Su nodded to George Han.

Indeed, whether it is public or private, although this guy is a bit stinky, he has made a lot of contributions.

However, George Han still said angrily: “Then what do I want? Is it possible that I have to kneel and beg you? Besides, you kid suddenly negotiated conditions at this time, do you think I’m a fool? I don’t know if there is nothing good for you kid Is it?”

“Damn, I am such a person in your heart?”

“Of course not. Because as your

kid said, you are not human at all.” George Han said.

Hearing this, Tian Zhiqiongqi suddenly became angry: “You!”

“What are you, you have to fart quickly.” George Han said.

Tian Zhiqiongqi was very depressed, but after thinking about it, he gritted his teeth and said: “My conditions are very simple, in the future, I will hang out with you, let’s talk about it first, we will share the blessings and share the difficulties, whether we do it or not. What?”

“You want to be my little brother?” George Han was a little puzzled.

“Damn it, who cares who is the younger brother and who is the big brother? Anyway, that’s what it is. If you promise me, you will come out. If you don’t promise, we will waste it.”

The business of catching up with children is not so easy to do, and inexplicably accepted a poor boy as a younger brother. For George Han, this is not a condition for others to threaten at all.

This is simply... God sends warmth.

If there is still such a threat, George Han just wants to say,

come back to him a hundred times.

However, in front of Tian Zhiqiang, George Han of course knew that he couldn’t be overly happy, but he frowned and thought in embarrassment.

“Hey, is your kid really going too far? Anyway, I’m also a poor man, and his mother’s skinny camel is bigger than a horse. I’d like to call you a brother, but you still look embarrassed?”

"Damn, do you know that in the past, people didn't call me a brother, even if they let me be their grandfather, I would be lazy to take care of me, but now I'm wronged, you still..."

George Han didn't buy it at all, eyebrows raised. One pick: "Oh, you know, that was in the past."

"If you want to brag like that, maybe I was a super goddess eight hundred years ago, don't say I'm thinking about it now, it's just a chance for you to talk to me. Not at all."

George Han said, "Can't you change

other conditions? I can even take back what I just said, you can make some more excessive requirements, as long as you are willing to withdraw this condition."

An embarrassed expression is enough to make Tian Zhiqiongqi felt humiliated, but he didn't expect George Han's opening, which made Tian Zhiqiongqi feel like he was going to explode on the spot.

Excessive, quite excessive.

This is simply trampling on his dignity.

"Ah You....."

"Look, with such a big temper, how can you be my brother? Do you know why I was so embarrassed just now? That's you, your temper is so fierce, and your mouth is not forgiving at all. In the future, you will be my brother. I can't control you, so what should I do? This is not only shameful, but most importantly, you will put me in danger at any time." George Han interrupted.

Hearing George Han's words, Tian Zhiqiongqi's full of anger ceased, and after muttering for a long time, he said in a very

low voice: "It's a big deal, I'll be more restrained in the future, can this be okay?"

"This can be considered, but, For the sake of safety, I have a request, you must agree to me." George Han said.

Tian Zhiqiang was afraid of being trampled on his dignity too violently. At this time, the defense line in his heart was obviously a little tight: "You said."

He even made a plan, as long as George Han said it, and this request is not If it is particularly excessive, it gritted its teeth and agreed.

Anyway, anyway, let's settle this matter first.

"Okay, it's actually quite simple, that is, to be my younger brother, you have to learn to listen to the elder brother's words, I said one, you can't say two, I said you can't go west, you can't go east, do you understand enough?"

"It's a godsend, you treat me like a stinky dog's leg?!"

"Agree or not?" George Han smiled without any fear.

**Chapter 3853**

“Damn, I don’t...” Tian Zhiqi almost blurted out, my brother can endure this, after all, we have to follow George Han had to be soft. This was something he had thought about before, and it was also a concession he was willing to make.

Therefore, he could take the initiative to bring it up.

But being a younger brother is not the same as being a dog’s leg. George Han’s request was just like that.

This is just a bit of a mentality of collapse and poverty...

But in the middle of the conversation, it had to suppress its anger and take back the words behind it, because he knew very well that this might be the only one who could get close to George Han. Chance.

Otherwise, once it is missed, it may be...

So, it must think carefully before answering.

“Damn, you’re cruel, well, I promise you, in the future you will say one, I will never say two. Of course, George Han, you

better not forget, I am the one who helped your wife, Of course, if you are ungrateful, then you will treat me as if I didn’t say anything.”

George Han smiled lightly, and he did not answer this question.

And the reason why he didn’t answer, of course, was not that George Han was an ungrateful person, he wouldn’t be so poor, and the reason why he would play this trick with him was to gain the upper hand in this negotiation.

He can rub the poor temper of the sky well.

It is true that he is an ancient vicious beast with a somewhat irritable temper, but this is not the reason for it to lose his temper.

The rivers and lakes are very dangerous, and I don’t know how many unknown masters there are. It’s a good thing for them to converge, and it’s also a good thing for themselves.

Besides, he should always have someone who can manage it.

“Okay, then the negotiation is complete, can you come out?” Han

George Han said.

“Just come out, but once I come out, I will lose the original greenhouse. This is a huge challenge for my body and consciousness. I need to sleep for a while.”

“During this time, I hope you can I need energy to support me.”

George Han nodded slightly: “As long as I am free, I will instill in you true abilities. You can rest assured about this. I hope you are a disciplined little brother. Instead of treating you as the long-term worker of the landlord’s family, I’m not a landlord anyway.”

“This is a human word, well, come on.”

George Han didn't say much, and an energy shot directly into Amelia Su's belly. In the middle, the next second, with a backhand hit, Amelia Su spit out a mouthful of blood.

“Pfft!”

And almost in the blood, a small egg was mixed

.

George Han just swept away the blood, but the little egg was already in George Han's hand.

“Are you okay?” George Han asked Amelia Su.

Amelia Su felt it, and then shook her head with some doubts: “I vomited blood anyway, but...why is it not uncomfortable

at all?” “I use inch strength, which will cause some small damage, but it will not hurt your inner self.

“George Han smiled.

After all, it is George Han. If even this matter has to be at the expense of hurting his wife, why is he called George Han?

What is he doing in this world?

“Don't come, don't think that you can avoid the notoriety of domestic violence, I'm going to sue you.” Amelia Su joked.

“Where are you going to sue me? I'm afraid of my wife, why don't you sue me?” George Han said.

“Hmph, then sue your

wife and let her beat you at night.” Amelia Su said.

George Han sighed and shook his head helplessly: “Hey, you really don't know my wife. My wife loves me so much that she won't hit me at all.”

“Really?” Amelia Su looked at Han amusedly. Three thousand.

George Han smiled lightly: “Of course, but I forgot one thing, my wife seems to beat me too.”

After speaking, George Han also looked very apologetic, and there was even more in his eyes. Deep misstep.

Amelia Su smiled in satisfaction and looked at George Han: “Then why would your wife hit you?”

“She would hit me on the bed.” When the words were finished, George Han opened the door and ran out.

Amelia Su was stunned for a long time, and suddenly realized that she had been taken advantage of by George Han, and turned around and chased out.

And almost at the same time, in a dark space...
