

## The Charismatic Charlie Wade Chapter 3855

Smith was also curious about Fei Kexin's words, so she asked her: "Miss Fei, which auction house held this auction? I can try to find someone to run it and see if there is any way to add a quota."

When Smith said this, he didn't think there was anything wrong with it. After all, he was the person in charge of the FDA, a standard high-class society, an elite, and he knew a lot of people from all walks of life, and several major international auction houses. , He can find a little relationship.

However, when Fei Kexin heard this, he couldn't help but smile, and said seriously: "Mr. Smith, this auction of Rejuvenation Pill is extraordinary. It is hosted by a local antique company in Aurous Hill, and the entry threshold is extremely high. Only those with assets of more than RMB 10 billion are eligible to sign up. I estimate that your contacts will most likely not reach here."

Smith was stunned and blurted out: "10 billion yuan?! This is too exaggerated?!"

Fei Kexin shook his head and said: "It is not an exaggeration at all, and there are a lot of applicants. If the worth is only 10 billion, there is no chance of getting the final admission ticket."

Smith said with a look of horror: "So many top wealthy people believe that there is this miraculous medicine that can cure all diseases and even prolong life for more than ten years?"

Fei Kexin nodded slightly, and said: "Yes, to use an old Chinese saying, I would rather believe that there is something than nothing."

Smith smiled helplessly and said, "This kind of thing must be a carefully planned trick."

Fei Kexin shrugged and smiled: "I was a little skeptical before, but now I believe it more and more, especially after meeting Mr. Smith."

Smith asked puzzledly: "What does Miss Fei mean?"

Fei Kexin smiled indifferently: "It's nothing, I just feel the many veins in my mind, after seeing you, it becomes clearer."

What Fei Kexin didn't say was that she felt more and more that Master Wade, and Mr. Wade in Smith's mouth, were a very important person.

In places like Aurous Hill, the two incredible medicines, magical pill and Rejuvenating Pill, can appear at the same time, which is very strange.

If the clues behind these two medicines point to two different people, it would be even more incredible.

But if the clues behind the two drugs all point to the same person, then this is much more reasonable.

Thinking of this, the clues in Fei Kexin's mind became clearer. Moore Group and Jiu Xuan Pharmaceutical, the two companies must also have a common connection behind them.

She has asked Skuna to collect all the information of the Moore Group. It seems that now, another Jiu Xuan Pharmaceutical will be added.

So she said to Smith: "Mr. Smith, I have something else, let's talk another day."

Smith nodded and said respectfully: "Yes, Miss Fei, please say hello to your grandpa for me."

...

After Fei Kexin bid farewell to Smith, he immediately called Skuna and asked her to immediately mobilize all the resources that could be mobilized, and collect all relevant clues about Jiu Xuan Pharmaceutical at any cost.

All of the Fei's intelligence channels were operating at a high load for a time. That night, Skuna sorted out all the information she had collected and presented it to Fei Kexin.

Fei Kexin stayed up all night to read all the information of the two companies, the Moore Group and Jiu Xuan Pharmaceutical, frowning and said: "Jasmine of the Moore Group had no parents in her early years, and her status in the Moore family was not high. Uncle, a cousin..."

"Before, the Moore Group had more than 100 billion assets, and Jasmine was in charge, but it was just a small Jiqingtang..."

"Before Jiqingtang held the Huichundan auction, the valuation of the whole Jiqingtang was only a few hundred million yuan, and it did not even account for 1% of the Moore Group. It can be seen that Jasmine was in the Moore family before. Not taken seriously."

"Krao is so, Jasmine still overwhelmed the two of them and became the successor of the Moore Group at a young age..."
