

The Charismatic Charlie Wade Chapter 3860

After checking the registration voucher in Fei Kexin's hand, she temporarily arranged her to sit in the waiting area, and said, "Madam, please wait a moment. I will notify you when it arrives."

Fei Kexin nodded and said politely, "Thank you very much."

"It should be."

Fei Kexin waited in the waiting area for about an hour. After Dr. Simmons had finished seeing the first three patients, Xyla walked over and said, "Madam, please follow me."

Fei Kexin stood up hurriedly and entered Dr. Simmons's clinic with skuna.

Dr. Simmons looked at the two and asked, "I don't know which of the two is going to see a doctor?"

Fei Kexin hurriedly said: "Hello, doctor Simmons, I am here today, not to see you, but to consult you for a relative in the family."

Dr. Simmons nodded, and asked her, "What is wrong with your relative?"

Fei Kexin sighed: "Dr. Simmons, my relative had an accident some time ago. The doctor diagnosed high paraplegia. We inquired about it and learned that you cured a patient with high paraplegia last year, so I made a special trip from Eastcliff rushed over and wanted your help!"

"High paraplegia..." When Dr. Simmons heard this, he shook his head helplessly, and sighed: "Since Dr. Simmons opened a clinic, people have come to me for treatment of high paraplegia almost every day. They are just like you. I heard about the case last year, so I found me..."

Speaking of this, Dr. Simmons said very solemnly: "But I have to be honest, the case last year was indeed a high paraplegia and healed, but it was not my Dr. Simmons's medical skills that cured the patient, but a coincidence. ."

Fei Kexin asked in astonishment: "It's a coincidence? Why did you say this to the genius doctor?"

Dr. Simmons said earnestly: "I can't explain the details of this, please forgive me, but what I can say is that the credit for curing that patient does not lie in me, and if I were to treat the same patient again, I would also It is impossible to have this ability."

Fei Kexin hurriedly asked: "Dr. Simmons the genius doctor, you said that the credit did not lie with you, but the patient's high paraplegia did heal, so you said that there was actually someone else behind the cure of the patient, or you said you Was the patient cured in the first place thanks to some kind of panacea?"

Dr. Simmons glanced at Fei Kexin with a little surprise, and exclaimed in his heart: "I didn't expect this girl to be able to grasp the key points between the sparks and flints, and to grasp both of them with one grasp!"

"Behind this incident of Jacob's recovery, there is indeed someone else. That person is Master Wade. Moreover, Jacob's recovery is indeed due to a certain miracle medicine, and that medicine is the magical medicine refined by Master Wade. ..."

However, Dr. Simmons was also very clear that he certainly couldn't reveal more about this matter himself, so he said to Fei Kexin: "Girl, it is inconvenient for Dr. Simmons to elaborate on this matter. If the chance is right, maybe your relatives can also be Healing, but whether there is such a chance, the old man is not counting, everything depends on the good fortune of chance."

Fei Kexin hurriedly pleaded: "Dr. Simmons, my relative is indeed very important to me, I beg you to give me some clues..."

Dr. Simmons shook his head and said seriously: "Sorry girl, Dr. Simmons really can only talk about it here. Please forgive me."

After that, he said to Xyla: "Xyla, return the consultation fee to this girl."

Xyla immediately nodded and said, "Good grandpa."

When Fei Kexin saw that Dr. Simmons could no longer ask for any key clues, he hurriedly said, "Thank you for the genius doctor. I will think about other ways when I go back. The consultation fee won't have to be refunded."

After that, he bowed slightly towards Dr. Simmons, and said, "Dr. Simmons, the juniors are leaving!"
