

Chapter 3862

Pei Gu was slightly stunned and a little angry, because it was obvious that his daughter was more like making excuses, but on the other hand, he The daughter of her own understands that she should not be the kind of person who shirks the responsibility to such an outrageous person.

Thinking of this, he put away his anger, looked at the Seventh Princess, and said, "What does this have to do with me?"

"The daughter just said that the father married his daughter to Ghost Zun, I believe it is not just to attack the fallen city, or Said that the real purpose of attacking the fallen city is to clear the obstacles in front of the forces of the Yutou clan, so as to open the way for the growth of the Yutou clan, right?"

Pei Gu did not object to this.

The Yutu family has always had ambitions. Especially in recent years, with the growth of his son Pei Hu and the rise of the Pei family's children, Pei Gu's ambition is really more inclined to take action.

Therefore, in such a context, in terms of the Yutao forces, the fall city is like a tooth stick nestled in front of the Yutao forces' exit of Fuhai City, stuck in their mouths, making them sleepless.

This is the fundamental reason why Pei Gu is willing to marry his daughter for a George Han.

Killing two birds with one stone, not only killing George Han to avenge his son, but also preparing for the fall of the city.

"So what?" Pei Gu said indifferently.

The Seventh Princess smiled slightly: "George Han unplugged the city for you, and now that your daughter is on good terms with him, isn't the father no longer worried?"

Hearing this, Pei Gu's eyes lit up obviously. This also makes sense, but after thinking about it, I sneered: "He George Han provoked my child, and he even injured Pei Jiayuanjun, what is the difference between him and the Luocheng?"

"I also have to unplug him. "

"Father, some people can only be friends, not enemies, especially George Han," the seventh princess said.

"Xiao Qi, are you teaching to do things for your father?" Pei Gu said dissatisfied.

"My daughter doesn't dare, but why is George Han? My daughter has already been in contact with him. Among them, she also witnessed the destruction of the two cities of Jiluo Cheng and Devil Cloud Ghost City under her hands." Seventh Princess said.

Hearing the words of the seventh princess, Pei Gu's anger subsided slightly again: "If you want to talk about this kid, it does make me a little surprised. Yu practice, but from the perspective of the first battle, it seems that this is not the case."

"Zhu Yanshuo, the city lord of the city that should fall, is a new talent. Although he is a young boy, he is full of energy. In just a few years, the city will fall into the city. The rapid growth can also prove his

talent. I also heard that there are many masters who voted in this city, but even so, George Han was eliminated. This is shocking and at the same time, it can't help but make people sigh. , this George Han seems really a bit complicated."

"Father, you have a lot of knowledge, and my daughter dared to ask, you are the overlord who dominates one side anyway, but let you be alone or lead 10,000 troops. , can you accomplish this feat in the fall city?" The Seventh Princess asked a little nervously.

Hearing this question, Pei Gu obviously frowned and was a little angry. After all, this remark did not take him seriously.

But after thinking about it carefully, Pei Gu suddenly felt that this was an excellent question.

Leading 10,000 troops to capture the fallen city? !

Pei Gu thought about it for a long time, and suddenly a sneer appeared on the corner of his mouth: "I have confidence, but I must admit that I am not completely sure."

"It should be based on thousands of masters in the city and nearly one hundred thousand troops." ask again.

"There are so many soldiers and masters in the fallen city?" Pei Gu said in shock.

"Father, my daughter doesn't dare to lie, and she doesn't even dare to make excuses. Exactly."

When Pei Gu heard the words, he punched directly on the table: "This Zhu Yanshuo is so ambitious at such a young age that he hides such strength in this desolate city. What is he going to do??"

"Father, what is he going to do, daughter? I don't know, my daughter only knows that if Zhu Yanshuo is allowed to take time, he is not just a tooth stick in our imagination, and I am afraid that it will become a blocking stone that blocks my Fuhai City out of the city." The seventh princess said.

Pei Gu suddenly looked at the seventh princess, his daughter's words were not without reason.

Such concerns do exist.

"So what's wrong with my daughter and George Han to deal with them? Did father ever think of a question?" The Seventh Princess suddenly smiled proudly.

Pei Gu frowned slightly, but his attitude had obviously improved, and he seemed to have thought of something: "You mean..."

Chapter 3863

Seven princesses smiled slightly: "Father, it's right to take revenge for Pei Hu, but this time with George Han, we should be punished. The family is equally beneficial without any harm."

"More importantly, George Han and I are getting closer."

"If one day in the future, when the Pei family and George Han are in trouble and cannot end, the daughter will The relationship with him, the kindness that deserves the battle, may be the key to unlocking our mutual grievances, isn't it?"

Pei Gu smiled coldly: "You mean, between the Pei family and George Han, will the Pei family be defeated? Do you have to beg for a relationship with you and him?"

"Father, I know that what I said is a bit too much. The Pei family has been established for thousands of years, and it is as stable as Mount Tai, but since ancient times, new kings have replaced old kings, and no one is eternal. Besides, when you really get to know George Han, you will know that your daughter is by no means empty words. Of course, I admit that this is the worst result."

Although Pei Gu has great ambitions, his daughter's words are not without reason. Nodding his head, he asked again: "What about the best outcome?"

"Although Guizun's death has cost us a powerful member, but Guizun is old and stubborn, although it is a pity to die, but Immortality doesn't mean much."

"Once he dies, his daughter just doesn't need to marry. That's when she is waiting for her to be in the boudoir, and her daughter dares to ask, how is her appearance?"

"Do you need to say more about the name of your seventh princess in Pei's house?" Pei Gu replied calmly.

"What if my daughter is fortunate enough to be favored by George Han in the future?" said the seventh princess.

The two servants immediately seized the opportunity: "Patriarch, that kid George Han is very fierce, we have seen it with our own eyes, even if he should fall into the city, he will not panic at all, and he will fight between his hands. The opposite side almost collapsed."

"If the Pei family can get this tiger general, it will be just around the corner to dominate the demons."

"Yes, Patriarch, George Han is really like a demon who came into the world. If we can get him, it will definitely be a great cause."

Hearing two If he is a servant, Pei Gu will inevitably not be moved.

"Father, Pei Hu and Pei Jiayuan have suffered defeats one after another. Do you still doubt the strength of this George Han?" The Seventh Princess also added.

Pei Gu was silent, and after a while, he nodded heavily.

What they said is not without reason. Pei Hu is the son he values most, and his ability and potential are the key to his decision to put his ambition into action.

Someone can hurt his son, which is naturally a bad thing that makes him furious, but on the other hand, if this person can be his right arm, or even half of his son, then the Pei family is not equivalent to Is it even more powerful? !

But just when he thought it was feasible.

Suddenly, the smell of blood came from the outside, and the person who stabbed was almost in a trance and a little disgusting.

"Hehehe..."

Followed by a rather gloomy smile.

Several people in the hall looked back, and at this time, only five shadows slowly walked from the outside.

Yes, those are four black shadows, and what you can see under the moonlight and candlelight is still only four shadows.

They are ghost-like, ghost-like, and look eerie and terrifying.

The leader was wrapped in black clothes. Although there was a cap covering his head, there was actually nothing in the cap. It was just so empty that it seemed to cover his head.

Seeing this person, the expression on Pei Gu's face that had just stabilized obviously disappeared, and what was exchanged was a burst of vigilance and a deep frown.

Pei Gu coughed slightly, glanced at the seventh princess and the two servants, and signaled them not to talk nonsense.

After that, Pei Gu put on a slight smile on his face, looked at the leading black shadow who walked in, and said, "Here?"

"I didn't disturb Pei's family, did I?" The black shadow smiled gloomily. , the temperature in the entire hall suddenly dropped sharply.

The seventh princess frowned: "Father, he is..."

Pei Gu hurriedly gave her a look to signal her to shut up, and then he smiled slightly: "Lord of Death! You are finally here."
