

Noble Husband At the Door Chapter 387

"Do you deserve it?"

The words made Jiang Hong shiver with rage. Such a good-for-nothing dared to claim that he was not deserving!

Even Liu Zhijie does not attempt to talk to me like that. Jiang Hong said angrily.

Samuel glanced at Liu Zhijie, who did not dare to look right into his eyes. He lowered his head unconsciously.

"That do you believe he is? In your eyes, Liu Zhijie is a remarkable employer, yet in my eyes, he is absolutely nothing," Samuel claimed.

Jiang Hong instantly giggled. This good-for-nothing dared to state that Liu Zhijie was nothing in his eyes.

Since Yvonne had gone far for herself, as well as also he was so inspired, he was truly immoral.

Just how dare you claim something like that? If Yvonne hadn't been in fee, you would not even have the right to stand in front of me. After claiming that, Jiang Hong turned to look at Yvonne and claimed, "Yvonne, if he is below, I will leave.

Was he going to draw a line?

Yvonne was extremely upset, however Jiang Hong was her grandfather. And she couldn't disregard Samuel for Jiang Hong.

A lot more significantly, it had nothing to do with her to reserve the whole resort. Samuel was the one who looked after it.

Yvonne didn't recognize what type of visitor Samuel was going to captivate, but because he said so, the visitor should exist.

"Grandpa, you believe I paid for the resort, but in fact, it has nothing to do with me. I didn't pay a cent, so I'm not certified to stop him," Yvonne said.

This sort of statement appeared ridiculous in the eyes of the Jiang household. If it had not been Yvonne's money, after that was it still Samuel's? Just how could anyone believe it?

"Yvonne, I didn't anticipate that you would not even help your grandfather for an outsider."

You don't even care about your elders. Individuals like you do not should have to be a participant of the Jiang family members."

"It's simply a worn-out hotel. Do you really think we will think highly of it?"

The relatives of the Jiang family implicated Yvonne one after another, however Yvonne waited Samuel's side and also stayed unmoved.

"That claimed that my place is a shabby hotel?"

Looking in the direction of the voice, everyone in the Jiang family unexpectedly became silent, specifically the man who simply discussed the hotel. He also took a few steps back since the person who came was the boss of Zong Huang Hotel, the very first individual in the county, Tang Zong!

"T. Mr. Tang, no one stated that this area is a shabby hotel. You should have misheard." Liu Zhijie ran to Flavor Zong quickly. Although these words originated from the Jiang family members, he was now half a son-in-law of the Jiang family. If Tang Zong didn't let it go, he would not have the ability to get away.

"It's you once more?" Tang Zong considered Liu Zhijie disdainfully and claimed, "Do you mean that I'm deaf?"

"No, no, Mr. Tang, exactly how dare I?" Liu Zhijie was so terrified that he bowed down obsequiously.

The pompousness of the previously big-headed family members of the Jiang family quickly dissipated, and also Jiang Hong was incomparably worried.

He dealt with the Jiang Family as 'the Jiang Household', which seemed to be very excellent. This was only an efficiency in front of the Jiang Family's relatives. Although the old man was old, he was not aged and recognized Flavor Zong's standing in the area.

The Jiang family was nothing in his eyes.

Also Liu Zhijie had to bow his head. They were not qualified to be presumptuous.

"That claimed my hotel was a shabby resort? Appear and also let me take a look," stated Flavor Zong.

The man was so anxious that he shivered, lowered his head and kept quiet. Although he was not an encouraging man, and there was absolutely nothing worth being targeted by Flavor Zong, when Flavor Zong recognized his look, he would possibly have no chance to operate in the area in the future.

"President Flavor, this is our household matter. It would not be appropriate for you to intervene." Jiang Hong was the head of the family members, so he can just force himself to speak to Flavor Zong.

"Is it good that you cause trouble in my resort as a result of your household matter??" Flavor Zong asked in reply.

Jiang Hong gritted his teeth as well as stated, "President Tang, we booked a table at your hotel today, yet when we got there, we were told that the resort had actually been reserved. It's not extremely sort of you to do organization such as this, is it?"

Tang Zong laughed and said, "Also those huge employers can not do anything to me, allow alone you. What right do you have to enter the resort?"

After claiming that, Tang Zong walked towards Samuel.
