

The Charismatic Charlie Wade Chapter 3881

Abbas's efficiency is extremely fast.

He quickly replied to charlie: "Mr. Wade, France does have a Chinese family surnamed Zhan. The family strength is relatively average, and the total assets that can be counted are about tens of billions of euros."

"Total assets are only tens of billions of euros?" charlie asked a little surprised: "Isn't there any major projects missing?"

Abbas explained: "Mr. Wade, I dare not say that this is 100% without any omissions, but the overall deviation will not be too big."

Hearing this, charlie felt even more puzzled.

The Zhan family's total assets are around 10 billion Euros, which is less than 100 billion yuan, which is not as good as the Moore Family.

Therefore, charlie felt that this matter was a bit weird.

So charlie called Mr. Quinton.

As soon as the phone was connected, Mr. Quinton's surprised voice was heard: "Master Wade, why are you free to call me today?"

charlie asked curiously: "Mr Qin, did you sell your villa in Shuiyun Villa?"

Mr. Quinton on the other end of the phone was obviously startled, and asked in surprise: "Master Wade, how did you know?! Couldn't it be Aurora who told you...this girl, let me keep a secret every day, but she didn't expect herself I told you directly..."

charlie smiled and said, "Aurora didn't tell me about this, but the person who happened to buy your villa knew my father-in-law."

"Really?" Mr. Quinton exclaimed, then smiled helplessly: "It seems that I blamed Aurora by mistake."

After speaking, Mr. Quinton said: "Master Wade, this is the case. The villa of Shuiyun Villa is indeed too far away from the city, not too convenient, so we live in a flat in the city most of the time. Some time ago, we were proud. Didn't say that she wanted to live in Tomson First-Class and be your neighbor with Master Wade? She is especially concerned about this, so we have been waiting for a suitable housing to come out. Just a while ago, a set of A03 was released, and we hurriedly bought it. "

Speaking of this, Mr. Quinton said again: "Master Wade, don't tell Aurora that I told you! Otherwise, this girl will definitely be angry with me!"

charlie asked curiously: "Mr. Qin, your business has grown more and more recently. Even if you buy a first-grade Tomson, you don't have to sell Shuiyun Villa? Isn't it a problem?"

Mr. Quinton hurriedly said: "No, no, Jiu Xuan Pharmaceutical has given too many orders to the Quinton Family during this period, which has doubled the Quinton Family's medicinal material business several times, and the Quinton Family's business has become bigger and bigger. I have invested a large sum of money in Bozhou over time, so I have been a little nervous about the funds on hand recently."

charlie frowned: "Bo Zhou? It seems that I haven't heard of this place."

Mr. Quinton explained: "Master Wade, Bozhou is our country's largest medicinal material trading center and production base. However, the city is relatively small and only a fourth-tier city, so it is not very famous."

charlie asked him: "Do you invest in medicinal materials there?"

"Yes." Mr. Quinton explained: "You tell me Master Wade, now the volume of medicinal materials I handle is getting bigger and bigger, so I want to expand upstream."

After a pause, Mr. Quinton said again: "Some time ago I just bought a large-scale local Chinese medicine production base in Bozhou, and then invested a sum of money to expand the scale. To be honest, this step is a bit big. Funds for activities are basically filled in..."

"Unexpectedly, the listing of Tomson Yipin also came out at this moment. Because the funds on hand were not sufficient, I sold the villa of Shuiyun Mountain Villa. Anyway, the villa will most likely be vacant in the future."

charlie said: "If you don't have enough funds, just tell me, i can support a part of you at any time. Can you still transfer the funds now? If it can't be transferred, I will solve some for you now."
