

# The Charismatic Charlie Wade Chapter 3885

Charlie wanted to investigate Fei Kexin's true identity as soon as possible, but it was not that easy.

Therefore, after he returned home, he asked Abbas to investigate the specific details of Zhan 's identity through Wanlongdian's overseas relationship.

Charlie originally thought that Zhan 's identity must be false, but Abbas's feedback was that this Zhan did exist in France.

At least, in the French household registration system, you can find very detailed household registration information of Ja.

France itself is a big country of immigrants. The management of citizen's household registration data is very detailed. It not only contains basic information such as birth, gender, and education of citizens, but also records the occupation, income and religious beliefs of their parents in detail.

According to the household registration information of Zhan , Zhan was born in Paris, France. His ancestors immigrated to France at the beginning of the 20th century. The family has been rooted in France for many years. The diligent family has started from scratch and has taken root in France step by step. It has become a large commercial group with a market value of tens of billions of euros.

In this information, even the name of the doctor in charge of delivering Zhan is clearly on the record.

In addition, the enrollment information of Zhan 's elementary school, middle school, and university is also everything, and there is no suspicious identity in this identity.

This identity, from the perspective of anyone, I am afraid that there is no problem, but Charlie only grasped one key point, that is, the six-star warrior.

In Charlie's eyes, Zhan 's information, combined with that six-star warrior, is like a rich man worth three billion, buying a private yacht worth 1.5 billion.

It is certainly affordable to buy, but even a rich man with a little brain would not do such a stupid thing.

Moreover, such a stupid person cannot become a billionaire.

Therefore, based on this alone, he could conclude that this Zhan must have another identity that is more hidden.

At the same time, Charlie was also thinking about the purpose of this Zhan deliberately approaching himself and his family.

In his opinion, the opponent's motive for approaching him is nothing more than four possibilities.

The first possibility is because of his status as the young master of the Wade family;

The second possibility is because of his identity as Master Wade;

The third possibility is because of Magical Pill;

The fourth possibility is because of rejuvenation pills.

However, if you want to further confirm which of the above four is Zhan, you must grasp more clues.

So he asked Stephen Thompson to help and inquired about the entry record of Zhan.

In the evening, Stephen Thompson reported the results to Charlie, and the content shocked Charlie.

Because, according to the entry records, Zhan, a French Chinese, did not enter China from France. Her place of departure turned out to be the United States.

Moreover, Zhan 's entry city is not Aurous Hill, but Eastcliff.

Even stranger, this Zhan has been in the country for many days. He had been in Eastcliff before, and had just arrived in Aurous Hill these days.

Although the content of Stephen Thompson's feedback was short, there were many key points in it that were of great help to Charlie.

First of all, Zhan traveled from the United States to Eastcliff, which made Charlie feel that it was more likely that Zhan 's deity was an American;

Secondly, the first stop for Zhan to China was Eastcliff, which helped Charlie rule out the possibility that Zhan came under the name of Master Wade.

Because, in Eastcliff, I am Master Wade, only in Aurous Hill I am Master Wade.

If Zhan is looking for Master Wade, he should come directly to Aurous Hill.
