

The Charismatic Charlie Wade Chapter 3897

At this time, Jacob in the car also saw souna who was walking along with Wandy.

After seeing the incoming person, his chin almost fell to the ground, and he blurted out: "My day...Elaine...Is your broken mouth opened in Temple? Why do you call souna, souna suddenly appeared?!"

Elaine was also dumbfounded, and murmured: "No...I haven't been to Qixia Temple in two or three years..."

Jacob said awkwardly, "You are too evil... I thought it was a hell of a ghost."

Elaine settled down and said, "Did you not see souna walking with Wandy? Maybe Wandy called her back."

Jacob nodded lightly, and muttered: "That's right, after all, they are mothers and daughters..."

At this time, Christopher's roar from the terrace made the old lady couldn't help but look in the direction of his fingers.

From this look, she saw souna cowering and hiding behind Wandy at this time, her face full of tension and fear.

To say that she hates souna, Mrs. willson is no worse than Christopher.

In addition to cuckolding her son, breaking the wild breeds of outsiders, and even infecting her son with a disease, the reason Mrs. Wilson actually hates souna the most is because she stole herself and worked so hard to earn money from the supermarket. The one hundred yuan of hard money that came back, and the one hundred yuan that he wanted to pay after he was slapped in the entrance hall of Tomson Yipin.

Although two hundred yuan is not a lot, in the eyes of the old lady, souna's crime is enough to be executed eight times!

In her opinion, souna can be forgiven for stealing a man, but not stealing money!

Moreover, no one can steal money from her old lady's hard-earned money!

So, the old lady suddenly became angry, pointed at souna downstairs, and shouted angrily, you stole my old lady's money, and you have a damn face to come back! You hurry up and get me away. , Never come into my house!"

souna was crying and not knowing how to intercede, or Wandy said, "Grandma, I let my mother come back! It is true that my mother should not steal your money, but she also has difficulties. I hope you can see that she belongs to my mother. For the sake of face, forgive her this time."

"Don't think about it!" The old lady blurted out almost without hesitation: "As long as my old lady is still alive, souna will never want to enter the door of my house!"

After that, she immediately said to Christopher: "Christopher! Call the police now, and say that the thief who stole my 200 yuan hard-earned money is back! Ask the police officer to come over and take her away!! Sent her! Ten years and eight years!"

Wandy hurriedly said: "Grandma! There are faults and faults in this matter. It is by no means my mother's fault alone! If you hadn't been bullying her all the time and didn't even let her eat her full mouth, how could she possibly be? You can do that kind of thing!"

Mrs. Wilson said emotionally: "wendy, think about it, why don't I give this stinky lady a meal? That's because she has done a lot of things to sorry your father! Not only does she sorry to your father, but also Sorry to you, even to me, to the ancestors of our Wilson family! She humiliated our Wilson family!"

As soon as Mrs. Wilson said this, Christopher also immediately agreed: "wendy! Your grandma is right at all. The faces of our whole family were completely lost by your mother, and I was also miserable by her.

That's it! She ran away by herself before, but you are still getting her back now. Isn't this purely a blockage for us? Quickly let her go, and never come back again!"
