

## Chapter 3900

Hearing this, a group of people were obviously stunned.

What's the meaning?

Beat up a drowning dog?

Who are Reservoir Dogs? !

It doesn't look like anyone here. If I have to say that one person comes out, I am afraid that only George Han is more like a Reservoir Dog.

But the words came out of his mouth, so it couldn't be him.

Zhu Yanshuo's face turned cold: "George Han, what nonsense are you talking about? Who are you calling a drowning dog?"

George Han smiled disdainfully: "Who else can be here besides me? Ha, I forgot, this dog? , your brain is definitely not as good as a human being, and it's normal that you can't reflect it."

"Since that's the case, I'll make it clearer, you can hear it clearly."

"I said you are the group of dogs!"

As soon as these words came out, Everyone, including Ming Yu, was immediately furious, and the fire started from the heart.

"

f\*\*\* you , you still dare to speak madly at this time."

"You bastard, look at me if I don't tear your mouth."

"f\*\*\*, kill him without a coffin and no tears. "The

crowd was excited, and the anger was burning. A group of people pointed at George Han, which was a bunch of scolding.

Ming Yu, who has always been relatively calm, did not stop her at this time, and she was also very annoyed.

She gave George Han enough face, and even gave him time to seriously consider whether to surrender or not, but in exchange, George Han acted so recklessly.

"George Han, since this is the case, don't blame me for turning my face and being ruthless." Ming Yu drank coldly.

"From the moment you betrayed Amelia Su, there has been no relationship between you and me. Mingyu, I'm not afraid to tell you that I never thought of surrendering from the beginning to the end

.

" But if you surrender, it's not your turn to accept it."

“So, what Ye Shijun said just now is right, I’ve been playing with you all the time, but unfortunately, even that fool has seen it, you guys. , but I don’t know yet.” When the

words fell, George Han and Ming Yu smiled at the same time.

Ye Shijun had mixed feelings on his face. George Han’s nonsense seemed to be complimenting him, but it sounded like he was scolding him.

“You and I are ruthless, then you will see the true seal under the sword. The whole army listens to the order!”

“Roar!

“

“Kill!”

“Roar!”

With Ming Yu shouting loudly, the 200,000-strong army attacked directly like the water of the sea suddenly encountering huge waves.

George Han frowned, and

after looking at Ming Yu, he suddenly retreated and went straight to the top of the mountain.

“Kill, kill me, I’ll tell you, if anyone takes George Han’s head, I will reward him!” Ye Shijun shouted angrily.

Under the heavy reward, there must be a brave man. As soon as Ye Shijun’s words fell, the army accelerated and chased away.

Once it moves, it moves, and the dense black army is like a dragon, circling towards the top of the mountain.

George Han and Ningyue had already reached the top of the mountain in the blink of an eye, when they were encountering the concave shape of the mountain.

The concave shape is the only way to go to the top. It is about ten meters deep and about 30 meters long. This is the address that George Han had already selected before.

As soon as they crossed the concave road, George Han and Ningyue stopped instantly and turned to look at the black-clothed enemy troops that almost filled the entire concave road.

“These fish have all entered the fishing net.

” George Han sneered.

Ningyue looked at the top of the mountain on both sides, and smiled: “It seems that your speech is very contagious. Not only did the fish enter the net, but the key was crowded.”

George Han smiled and said: “No way, I This person is not good at all, except that he is handsome, you know, this person is handsome, it will inevitably attract jealousy.”

“Smug!” Ningyue smiled helplessly, and then said: “However, even if you are handsome Handsome, then you should at least protect your face now, otherwise, you will be beaten into a pig head.”

George Han nodded, looking at the black army that was getting closer and closer to him, his hand suddenly turned over.

“You Emperor!”

Boom!

A huge barrier suddenly appeared in front of everyone, and they suddenly felt as if they had hit an iron wall. While they were panicking, a tragedy happened...

### **Chapter 3901**

As a result, the group stopped and squeezed, and the group of people was so large that the space for staggering each other was very small, and the accident started abruptly.

The people who collided with the air wall where George Han Youhuang was stationed at the front were even more miserable. They were almost under the greatest pressure. Many people were not even able to scream, and they were directly crushed to death on the spot.

“What happened ahead?” Ye Shijun shouted in puzzlement when he saw that the team suddenly gradually slowed down.

“It seems to have stopped in front.” A soldier returned.

Ming Yu frowned, and Futian hurriedly said: “It should be George Han who is resisting.”

“Resistance, this time, even if the Daluo Immortal is here, don’t even try to save him, order the soldiers, give me full speed, I today Even with the tactics of living people, George Han has to be exhausted to death.”

Futian nodded

hurriedly , waved his hand, and ordered the troops behind him to make up for it quickly.

Zhu Yanshuo glanced at the still slow march, and shook his head gently: “I want to come, George Han wants to use the terrain to delay us.”

Ming Yu nodded: “With his wisdom, it is normal.”

” Yes. Don’t send a group of elites to attack from the sky.” Zhu Yanshuo said.

Mingyu didn’t speak.

Zhu Yanshuo asked: “Elder Shenlong is worried, George Han is in full swing, and the elite attacking the air may suffer heavy losses?”

Ming Yu nodded slightly, that was exactly the case.

With Han 3000’s ability, how many elites and masters had to be consumed by fighting against him in his heyday?

It's not that I can't afford it, but that I'm afraid it won't look good.

Since it is revenge, it is natural to fight beautifully.

"But after delaying for too long, I'm afraid that the night will have many dreams." Zhu Yanshuo said: "Don't forget, we should have delayed him in the city for so

long, but not only did this guy not feel weak in the slightest, but..."

"Although we have enough troops this time, Even if the last time happened again, we can still spend it with them, but...it may not look good in the end."

Ming Yu let out a long sigh, and Zhu Yanshuo's words were not unreasonable.

"How about, attack him for a few hours first, let's see the situation, and send elites to attack the air later?" Zhu Yanshuo said.

Ming Yu thought about it for a moment, then nodded: "Right now, there is only a compromise. If you order it, you will do what you want."

"This subordinate understands." Zhu Yanshuo finished his words and was about to get up and leave.

Suddenly, Ming Yu stopped Zhu Yanshuo again: "Wait."

"What else is there to order from Elder Shenlong?"

"There is something very strange." Ming Yu frowned.

Zhu Yanshuo was stunned for a moment, and suddenly remembered something: "Elder Shenlong said..."

"Fu Mei told us that George Han led a group of cronies

and executives to leave the city, but in the end, why did these cronies leave the city? Didn't see a single one? The strangest thing is that George Han was just by his side..." Ming Yu frowned.

Zhu Yanshuo was also very strange: "George Han should be with Amelia Su, why, is it another woman?"

"Could it be... Could it be that there is a fraud?"

Ming Yu immediately looked around the mountains, as if he wanted to find these people who suddenly disappeared. However, although there was no other abnormality around him, Ming Yu suddenly felt that something was wrong at this time.

"Elder Shenlong, what are you looking at?" Zhu Yanshuo also looked up for a long time, but unfortunately, Zhu Yanshuo did not find any abnormality, so he was quite puzzled that the more he looked at Ming Yu, the tighter his brows became.

"I'm looking at George Han's thoughts." Ming Yu said softly.

"George Han's thoughts?" Hearing this, Zhu Yanshuo hurriedly looked up the mountain again.

However,

he looked and looked, and still didn't think there was anything strange in the mountains.

If you want to say the only thing, it is probably that, as he watched more, he is gradually discovering, as if there is indeed some secret in this mountain.

However, what secrets are hidden in this mountain, and what are the thoughts of George Han?

Zhu Yanshuo couldn't guess, couldn't see clearly, so he could only helplessly look at Ming Yu.

But Ming Yu was also full of helplessness at this time. She could always detect something, but she couldn't say what it was for a while.

"It's so strange." Ming Yu murmured for a long time, only one sentence left.

"Then Elder Shenlong, now... what should I do now?" Zhu Yanshuo asked worriedly.

What should I do?

Mingyu was stunned for a moment, that is, this sentence suddenly woke Mingyu up, but at the same time she also said something that made Zhu Yanshuo even more stupid: "Yes, what do you think I should do?"

What? !
