

"These people are yours."

Huo Tingchen put away his gun and said to Long Jiu behind him. Then he would sit on the sofa, pour a glass of red wine alone and taste it slowly.

Long Jiuyi's eyes are full of excitement. Huo Tingchen's plan fails, and she is also very depressed. But when it's her turn to kill, she is in a better mood.

Holding a dagger in her hand, she walked step by step to the old swindlers who fell on the ground. The dagger flashed cold.

Listening to the sound of the dagger cutting the skin, and the despairing cry of the old men before they died, Huo Tingchen was in a better mood when he smelled the thick and disgusting blood in the room. He suddenly found that the smell of blood matched with red wine, and there was an indescribable taste. When he was extremely depressed, he could find some fun, even himself I admire myself a little.

After a long time, Long Jiu, who had been dyed red by blood, came back to him and sat down. He stretched out his tongue and licked the blood on the blade. The dozen experts they invited could not see the human form at all.

"Brother, don't be angry. Even if we don't succeed this time, there will be another time. Moreover, Zhao Tongxin, a fool, actually returned the hundreds of billions he had in an instant, which can be regarded as a help to us."

Long Jiu is right in saying that. If Jin Zhengting gets the hundreds of billions of assets, he can completely break the balance of power between the two sides. At that time, he doesn't need to do anything. As long as he uses a huge amount of money to suppress the business, they will have to go bankrupt.

"Not necessarily."

Huo Tingchen drank a mouthful of red wine and said with a slight frown: "you only see the hundreds of billions of assets, but don't see how many people Zhao Tongxin has bought with this money. Even if we escape the disaster of Jin Zhengting's huge capital attack on us, it's inevitable that the balance of power will be broken now. The CEOs of the wait-and-see consortia will surely fall to Jin because of this Zhengting, when we want to enter the business market of Jiangbin City, we will encounter extremely terrible resistance. "

Huo Tingchen saw the situation thoroughly, and Zhao Tongxin's method was more secure. In short, although they escaped being shot immediately, they still could not avoid the chronic poison that Zhao Tongxin gave them.

"Hum, brother, don't care about these things. I'll summon my subordinates. Whoever is against us, I'll assassinate that man unconsciously."

Long Jiu makes a powerful slashing gesture. She likes to solve problems in a simple and crude way, which is really effective at some times.

"No way."

Huo Tingchen denied her idea: "you know, those rich CEOs have very complicated backgrounds behind them. No matter how clean you are, they will leave clues. Once the incident happens, we will only die faster!"

"The current situation is very bad for us. What do you think we should do?"

Long Jiu is not as good as Huo Tingchen in this respect, so the first reaction to such a thing is to ask him.

Huo Tingchen thought for a long time before he asked, "isn't Cheng mobing already here?" "Well, I just arrived yesterday, and it is said that I have met Jin Zhengting." Long Jiu replied that the intelligence network she set up is still very efficient. As long as it's something she wants to know, she can quickly find out.

"Oh? What's her attitude towards Jin Zhengting? "

Huo Tingchen once again lit up hope, now if Cheng mobing stands on their side, things will turn for the better.

But long Jiu sighed: "brother, Cheng mobing seems to like Jin Zhengting. And this morning, she went to Jin's house specially. It seems that she is not with us."

Huo Tingchen's eyes became colder and colder. As soon as he exerted his hand, the glass broke. He bit his teeth and said: "why does everyone want to help Jin Zhengting?"

"Brother, I think she also has her own purpose. When I was around Cheng Mohan, I heard that she and Mrs. Cheng were very difficult to deal with. Now I doubt whether she used the Jin family's influence to gain control over the Cheng family. As far as I know, Cheng Mohan is a woman who does not choose means to achieve her goal."

Huo Tingchen was silent for a while and said to long Jiu, "after I go back, I will contact Cheng mobing immediately. I want to see this woman very much. I am more and more interested in her."

"Well, but brother, you have to promise me that you can't really like her."

Long jiusuan said, eyes have been full of jealousy, Huo Tingchen ha ha a smile, will her embrace: "in addition to you, I will not like other women."

"Brother, it's very kind of you."

Long Jiu gives Huo Tingchen a big eye, which makes Huo Tingchen's chest burst into flames. In this room, which has been soaked with blood and full of bloody smell, bursts of breath.

On the deck of Jiangbin.

Jin Zhengting stood on the side of the boat, holding Zhao Tongxin's slender waist in one hand, and his eyes fell on the distant horizon. The sea breeze was gentle, just like Zhao Tongxin's touch on his face.

"Zhenɡting, actually I saw that Cheng Mohan was Huo Tingchen, right?"

Zhao Tong Xin nestled up to Jin Zhengting's broad chest and asked casually.

Jin Zhengting is not surprised. He knows Zhao Tongxin. It's difficult for him to hide from such a smart woman as her, not to mention her deep hatred for Huo Tingchen. Any trace will arouse her suspicion.

"Well." He answered faintly, said to Zhao Tongxin: "I don't mean to hide you, you are pregnant now, not angry."

"Zhenɡting, I know it. I know you are for my good. You know my heart, so I won't blame you. Sometimes I just think that if I put down the hatred, my mood will be much better. Our baby will be born in 8 months. I don't want to be influenced by negative emotions during the period of being pregnant with him. That's not good for the baby."

Zhao Tongxin is as considerate as ever. She understands Jin Zhengting's intention and is also moved by what he has done. Because for her, he has really thought about every tiny place. What else can he ask for if he can meet such a good man in his life?

"Don't worry, he won't exist for long. When we go back, I'll deal with him."

Jin Zhengting stroked her hair and said faintly, but with a kind of domineering tone.

"Zhenɡting, I don't want you to avenge me. Let it be. If they trouble us again, we will fight back."

Zhao Tong said calmly that maybe she felt the vastness of the sea on the sea, which made her heart wider.

"No, I promised you. I will do it."

Jin Zhengting said in an indisputable tone that he knew Zhao Tongxin knew Huo Tingchen was a crazy man. He didn't want to put him in danger because Zhao Tongxin's character was too gentle. Now she only wanted to live a peaceful life with him, but as a man, some things had to be done.

"Well, Zhenɡting, listen to you, but promise me not to be in danger, OK?"

Zhao Tong gazed at him affectionately and said in a gentle voice that she felt the breath of a man. For her own woman, even if she was the enemy of the whole world, she would not hesitate to be domineering.

"Well, Huo Tingchen doesn't have that ability."

Jin Zhengting confidently said: "but you have to be careful. After going back this time, he is likely to start in business, and the primary goal is the jewelry industry of the group. At that time, you will have a lot of pressure."

Zhao Tong heart faint smile, buried his head deeper, comfortable closed his eyes, softly said: "Zhenhging, you should believe me, because I also have something to guard."

Jin Zhengting stroked her back and didn't speak. There was no need to speak at this time. Of course, he knew what she meant by guarding.

Two people so quietly embrace each other, the distant horizon over a pair of seagulls, flying in pairs in the blue sea, perhaps, as long as there is the person you like around, even if you encounter big waves, is also happy.

"Ah, Zhenhging is showing her love again." Yang ziye said goodbye to the beautiful woman. He looked at the two overlapping voices from a distance and said enviously.

Lu zhanyan tasted red wine and gave him a white eye gracefully: "ziye, should you show one, too?"

Yang ziye's face is very long: "who do I show with? It's called Xiu Enai. If I call all the women who like me, it will be a military parade."

The wind and waves on the sea have subsided. It looks calm. No one can see the undercurrent surging under the calm sea.

Chapter 392

It's a bit dark tonight.

Huo Tingchen took off his mask and showed his original face. He stood in front of the mirror in the office, staring at his own face with a pair of Phoenix eyes.

Zhao Si stood on one side in silence. There was no expression on his face. His eyes were empty and colorless. The whole person stood there lifeless, just like a living dead man.

"Mr. Huo, do you really decide to tell Miss three the truth?" Zhao Si finally spoke. His voice was cold and stiff, without emotion.

"Yes, I checked her information and got a little understanding of her. Cheng mobing is a smart woman. Even if I pretend to be Cheng Mo Han, I can't cheat her. In order to cooperate with her, I decided to be sincere."

Huo Tingchen turns his head, Phoenix eyes with a strange luster, through the information provided to him by Long Jiu, he has a general understanding of Cheng mobing, the most important thing is to know the huge assets under her control, which is what he wants most.

He needs to join hands with Cheng mobing. The strength of both sides can be integrated together. It's not very difficult to bring down Jin Zhengting.

"I'm just asking. I won't interfere in any of Mr. Huo's decisions. Well, you wait here for miss three. If there's nothing else, I'll go down first."

Although Zhao Si said so, he didn't give Huo Tingchen a chance to speak and left on his own.

Huo Tingchen's face showed an expression of displeasure. He didn't like Zhao Si's attitude, which made him feel dependent on others. In fact, without Zhao Si, it would be very difficult for him to control Tianhong Group in just two days, so the person who really grasped his lifeline was Zhao Si, who always had a low sense of existence.

Huo Tingchen is arrogant in his heart. He won't be willing to be someone else's puppet. A bold idea flashed through his mind, and he was ready to gamble again. Although he lost to Jin Zhengting one day ago, he felt that he would always have a chance to turn over.

The door of the office opened. Long Jiu came in first, and then made a gesture of "please, miss three, Mr. Huo is in it. Please go in."

Dragon nine to one side, at the same time with his eyes Huo Tingchen all normal, this is Huo Tingchen specially told her things, when he and Cheng mobing meet, must thoroughly check the whole office, once found any eavesdropping monitoring equipment in the first time destroyed.

What he and Cheng mobing want to talk about can be said to be the most confidential thing, so he can't let anyone know the content of the conversation.

Compared with Jin Zhengting, who is omnipresent in Jiangbin, he is more afraid of Zhao Si, who is placed beside him by the old lady of the Cheng family.

Huo Tingchen is very cautious in everything he does, because at this point, even if he makes a little mistake, he may be in a hopeless situation.

Soon, Cheng mobing's delicate face came into his Phoenix eyes.

"Thank you, Mr. Huo."

Huo Tingchen didn't expect that Cheng mobing's first words would be thanks. He was stunned for a moment, and then he showed a very strange smile: "Miss Cheng, this is our first time to meet. It seems that I haven't done anything for you?"

"No, you have done Cheng Mohan, which is the greatest help to me." Cheng mobing said very frankly, her eyes flashed a very cold hate.

"Oh? It seems that Miss Cheng didn't hate me for being your brother. "

Mr. Huo Tingchen asks Cheng mobing to sit down. Long Jiu takes a look at him, turns around and goes out, waiting for them outside the room. Meanwhile, he looks around warily.

If Huo Tingchen still has someone to trust, long Jiu is the only one. He didn't disturb other confidants tonight. He just let long Jiu guard at the door. If anyone suspicious appears, he will kill him.

With long Jiu's ability, she can kill anyone quietly without leaving any trace, which is also a very important reason why Huo Tingchen takes a fancy to her. It can be seen that Huo Tingchen only has limited trust in her and makes use of her feelings. Maybe there is only one person he really loves in the world, that is himself.

"Brother? Ha ha. " Cheng Mo Bing first gave a sneer, then showed a cold expression on his face, and his pupils also contracted a little bit: "if my brother does something worse to his sister, does Mr. Huo think he should die?"

Huo Tingchen smiles unnaturally. He also has an improper relationship with long Jiu, but this is not the point. From Cheng mobing's tone, he recognizes her extreme hatred for Cheng Mohan. This is an opportunity he can take advantage of.

"So Miss Cheng really doesn't hate me at all?"

Huo Tingchen begins to explore Cheng mobing's most real ideas, but he knows that some things can be asked directly, and some things should be euphemistic. As for what happened between Cheng mobing and Cheng Mohan, he chooses not to talk about it, because these things are Cheng mobing's secrets. In order to show his sincerity to cooperate with her, he will not leave her a chance to explore her privacy Impression.

"Let's not mention the matter between me and him. Cheng Mohan is the head of the Cheng family. If he is safe all the time, does Mr. Huo think I will make a difference?"

Cheng mobing still tells Huo Tingchen directly that if he doesn't get rid of Cheng Mohan, it will do her no good at all. This woman also expresses her sincerity for this cooperation tactfully, and also implicitly shows her ambition to him. Her goal is to control the Cheng family. Huo Tingchen how smart, he immediately understood the meaning of Cheng mobing, said with a smile: "Miss Cheng is very frank, to

be honest, I like to cooperate with people like you, because there will be less trouble."

"I also like to cooperate with people like Mr. Huo, because I like your ruthlessness. Only a man like you can achieve great things."

Cheng Mo Bing's face shows an imperceptible smile. Through a simple and clear opening speech, what they want to talk about next is very clear.

"Well, Miss Cheng, we have something to say. You help me to bring down Jin Zhengting, and I help you to get control of the Cheng family. Do you think this transaction is feasible?"

Huo Tingchen's eyes also show a smile, light staring at Cheng mobing.

Cheng Mo Bing smiles: "Mr. Huo, I think we need to amend this agreement. I'll help you deal with the Jin family. I want half of the Jin family's assets. If you help me get the control of the Cheng family, I'll give you half of the Cheng family's assets."

Huo Tingchen obviously didn't expect that Cheng mobing would put forward a scheme to share the stolen goods, which made her suffer a lot. He was surprised and asked, "Miss Cheng, can you explain the reason? If you can't give me a reasonable reason, I think it's very difficult for me to accept it."

"Mr. Huo is still a person who doesn't like to take advantage of others."

Cheng Mo Bing smile, eyes some provocative tease Huo Tingchen one eye.

"No, Miss Cheng misunderstood. I know that a person may lose his mind in the face of sudden benefits, but I'm a calm person. It's hard to accept that Miss Cheng suddenly divided such a huge asset to me because of my personality."

Huo Tingchen said with a smile that he was telling the truth. Only by telling the truth can smart people be trusted.

"I like Mr. Huo's caution." Cheng mobing nodded her head in praise. She seemed very satisfied with Huo Tingchen's caution: "I just want to make our cooperation closer. I know that Mr. Huo has a strong pursuit of interests besides taking revenge on the Jin family?"

"I see." Huo Tingchen smiles. He understands Cheng mobing's meaning. This woman knows that if she gives him too little benefit, he will have other ideas. At that time, the two sides will probably turn against each other. Instead of spending a lot of time on him in the future, it's better to satisfy his appetite now.

It's really a smart woman. Few people have such a long-term vision. It's better to cooperate with her to deal with Jin Zhengting.

Huo Tingchen also showed a look of approval: "OK, I understand Miss Cheng's meaning, so I accept this plan."

His tone suddenly became cold: "but what did Miss Cheng go to Jin's two days ago? You should know the relationship between me and Jin's family. Is it because Jin's family refuses to cooperate with you that Miss Cheng takes me as a spare tire?"

Cheng Mo Bing chuckled: "I know. When Cheng Mo Han trained long Jiu, he specially arranged for her to set up an intelligence system. It seems that the command of this system has fallen into Mr. Huo's hands."

Huo Tingchen did not speak, but also admitted her words, and continued to stare at her with suspicious eyes. He was waiting for Cheng mobing's explanation.

"Well, Mr. Huo, I admit that at the beginning, I really wanted to use the Jin family to help me get the position of master of the Cheng family. You should know that the Jin family has a deep feud with the Cheng family, and the Jin family is strong enough to compete with the Cheng family. No matter from any angle, the Jin family is my best partner. I think if Mr. Huo makes a choice, he will give me a hand Is that right? "

Cheng mobing smiles at Huo Tingchen. Her explanation is reasonable and frank, which proves that her attitude towards Huo Tingchen is frank.

Her performance was expected by Huo Tingchen, and his face gradually calmed down: "yes, if it was me, I would choose to cooperate with the Jin family, but I want to know why Miss Cheng finally gave up the idea and cooperated with me, who was not expected to do so?"

Cheng Mo Bing smiles again: "I met the old lady of Jin family. Although she is very old, her thinking is not old. I can feel that she is a very difficult person to deal with. Instead of cooperating with an uncontrollable partner, it's better to find someone who will do anything to achieve the goal, because such a partner makes me feel at ease."

Huo Tingchen said: "is Miss Cheng not afraid that I will deal with you as I did with Cheng Mohan? As far as I know, I don't seem to have a good reputation outside."

It seems that he is just laughing at himself. In fact, he is secretly warning Cheng mobing that if she has other ideas when they cooperate, then he doesn't mind using the means to deal with Cheng Mohan.

Cheng Mo Bing's eyes changed, but soon recovered calm: "Mr. Huo is a smart man, should be able to see the current situation clearly, our happy cooperation can take the initiative, not to mention I hold a way to let you win quickly."

Huo Tingchen's brow wrinkled, as if subconsciously asked: "Oh? Does Miss Cheng have any plans? "

"Mr. Huo is too anxious. We just contacted once. I'm not stupid enough to tell you all the secrets. Otherwise, how dare I come to see you?" Cheng mobing has a smile in her eyes. This is her response to Huo Tingchen. If he has other ideas, she also has a way to deal with them.

Huo Tingchen's eyes turned a few times, stood up and extended a friendly hand to Cheng mobing: "Miss Cheng, we have a good cooperation."

Cheng mobing also extended his hand: "Mr. Huo, I might as well tell you that I really have feelings for Jin Zhengting, but I prefer his property."

Huo Tingchen laughed: "Miss Cheng, I find that I have a little like you, because we are the same kind of people."

"Yes, that's why I finally made up my mind to cooperate with Mr. Huo."

Both of them kept smiling, but their eyes flashed a sinister look at the same time.

Chapter 393

The night is already very deep, Xu Ting just came out from the bar, her face was flushed because of the effect of alcohol, it can be seen that she didn't drink less tonight.

After two days of gambling, she was still in a bad mood, because it was the first time that she lost to Zhao Tongxin.

She is not willing to let this lose to Zhao Tongxin, more not willing to Zhao Tongxin Jin Zhengting's heart away.

But now she has no chance, Huo Tingchen did not make the next step instructions, without his support behind his back, with his wealth, want to revenge Zhao Tong heart, it is a daydream.

These two days, I have nothing to do. Every night I borrow wine from the bar to relieve my worries, but it doesn't help. Zhao Tongxin is there, but it's like a mountain in front of her, insurmountable.

The mobile phone rings, Xu Ting sits on the roadside without any image and presses the answer button.

"Miss Xu must not be asleep yet?" It's Huo Tingchen's voice.

Xu Ting's original chaotic mind immediately sobered up a lot. Huo Tingchen called her at this time to show that there must be something important to find her, and it must be about dealing with Zhao Tongxin.

"Mr. Huo, what can I do for you?"

Xu Ting politely asked, she has a good attitude towards Huo Tingchen now, because whether she can bring Zhao Tongxin down or not, she must depend on his face. Although she doesn't like this feeling, in order to deal with Zhao Tongxin, she chooses to bear it.

A woman's hatred can make her ignore everything else.

"Miss Xu, our jewelry company will open tomorrow morning. I specially inform you that we should have a good rest tonight, otherwise our president Xu will not have the spirit to attend the ribbon cutting ceremony tomorrow, which will be bad for the company's image."

Xu Ting's eyes brightened, she asked excitedly: "really?"

On the phone, Huo Tingchen laughed: "at this time, will I make fun of Miss Xu? Ten minutes ago, I signed a document formally appointing you as the president of Tianhong jewelry company. Congratulations. "

Xu Ting's face finally showed a long time no joy, eyes can not help but squint up: "Mr. Huo, oh no, President, excuse me, what is my specific work?"

"Mr. Xu, your job is very simple, that is to use any means at will to bring down Zhao Tongxin's jewelry company."

Xu Ting sneered: "president, please rest assured that I will complete the task you gave me."

The living room of Jin's villa is still on light, and the bright crystal chandelier gives out soft light. Under the light, Jin Zhengting holds Zhao Tongxin and sits on the sofa, opposite Yang ziye and Lu zhanyan.

Lu zhanyan said: "Zhengting, Huo Tingchen has already started his business. He has invested in a jewelry company with a registered capital of 50 billion yuan. Tomorrow, the ribbon cutting ceremony will be held. Obviously, this action is aimed at you. Everyone knows that you are the leader of the jewelry industry in Jiangbin, and he has to invest in the jewelry industry, which shows that he is declaring war on you."

Jin Zhengting raised his eyebrows lightly: "it doesn't matter. No matter what he does, I'll be the winner in the end." Perhaps only Jin Zhengting has this kind of domineering spirit.

"Zhengting, you'd better be careful."

Yang ziye, who never likes to take part in the right and wrong in business, said that he is a playboy, but it doesn't mean he has no ability. He has been acutely aware that Huo Tingchen's courage to directly stand on the front desk shows that he has a certain degree of assurance. Otherwise, with his cautious character, he would not do such a risky thing.

"Ziye is right. Since Huo Tingchen dares to do this, he must be prepared. Let's not take it lightly. Last time, he made a small move, which almost led to the collapse of the stock market in Jiangbin. We have

to guard against it."

Lu zhanyan seriously said that this matter is related to their interests, so he had to be cautious, because a small mistake in judgment may cause their business empire to collapse instantly.

Yang ziye gave him a white look and said: "I said zhanyan. Last time Huo Tingchen disturbed the stock market, it seems that there was nothing wrong with you? It's just me and the court running around, and even Tong Xin has helped. "

"Ziye, you know I was abroad at that time, and I couldn't help."

Lu zhanyan said helplessly that last time he was abroad, most of the Lu family's business was not in Jiangbin, but abroad, so he needed to go abroad frequently to deal with affairs.

"Don't say that, ziye. If zhanyan is here, he won't sit back and ignore us. I believe in zhanyan from childhood to childhood."

Jin Zhengting's words can be regarded as a way out for Lu zhanyan, which is also true. Even if they are enemies to the whole world, Lu zhanyan and Yang ziye will stand firmly by his side, just like he will choose to be with Zhao Tongxin no matter what happens.

Lu zhanyan glared at Yang ziye and continued: "Zhengting, what do you think Huo Tingchen will do?"

Jin Zhengting frowned and thought about it. He took a look at Zhao Tongxin beside him and said faintly, "he wants to use Tong Xin's inexperience to break down the jewelry company. My group is based on the jewelry industry. Once broken down by him, it will cause a chain reaction and directly affect the operation of the group." Zhao Tongxin's face changed. She didn't know much about business. The reason why she took over the jewelry company was to help Jin Zhengting share some work. Unexpectedly, the company she took care of was related to the lifeblood of the group.

At this time, her heart was almost melted, because she felt Jin Zhengting's trust. He directly handed over to her, who had no experience, the company that was like the heart of the group, which showed that he trusted him.

Now she can really feel the pressure on her shoulders. From their conversation, she can hear that Huo Tingchen regards her as the weakest link of the group and is ready to start with the jewelry company she manages first.

"Zhengting, I'm afraid Tong Xin is not Huo Tingchen's opponent. Should we consider letting Tong Xin go home and rest for a period of time, and then let Tong Xin return to the position of president of the company after the storm has passed?"

Lu zhanyan thinks about Jin Zhengting's suggestion. He thinks Zhao Tongxin is inexperienced, while Huo Tingchen is very old-fashioned. Therefore, Zhao Tongxin must not be Huo Tingchen's opponent. Even if

Jin Zhengting did not agree to the suggestion before, he still thinks it is necessary to remind Jin Zhengting that it is not the time to act on purpose.

Jin Zhengting gave a hand: "zhanyan, needless to say, I won't change my mind. I once talked with Tong Xin about this problem. She is very confident that she can be competent for the job of president, so I don't plan to replace Tong Xin with others."

He took a light look at Lu zhanyan and added: "it has nothing to do with personal feelings."

"The court's trust in Tong Xin shows that the court must have its own ideas. Let's not worry about their affairs. Let's focus on how to deal with Huo Tingchen."

Yang ziye opens his mouth to help Zhao Tongxin. Although he has no previous feelings for Zhao Tongxin, he still unconsciously leans to Zhao Tongxin.

Lu zhanyan thought about it. He knew Jin Zhengting. Jin Zhengting was not a sentimental person. Since he supported Zhao Tongxin and proved that he had seen that Zhao Tongxin was competent for the position of president of the company, he didn't object any more. He said to Zhao Tongxin apologetically: "Tong Xin, you know, I think about the overall situation and have no opinion of you."

Zhao Tong heart faint smile: "I know, if I don't even have this bearing, it's really time to change me from the position of president."

Lu zhanyan also laughed and said, "Zhengting, ziye is right. What are you going to do with Huo Tingchen?"

Jin Zhengting said faintly: "no matter what tricks he plays, we just take over. Since he wants to play in the jewelry market, we just accompany him."

He turned his head and looked at Zhao Tong Xin. His cold and proud eyes gradually became gentle: "you should have confidence, right?"

Zhao Tong Xin also looked at him gently and nodded solemnly: "don't worry, Zhengting. I won't let Huo Tingchen's plot succeed."

He had no more trust in her, so she had to repay his trust with her own actions. Zhao Tongxin secretly made up her mind.

"Well, let's talk about it today. If Huo Tingchen has any action, we will inform you as soon as possible."

Lu zhanyan and Yang ziye get up to leave. In fact, they still have a lot of things to discuss with Jin Zhengting. However, it's too late. Zhao Tongxin is pregnant. It's not suitable for them to be too tired, so they don't disturb their rest any more.

"Well, no more."

Jin Zhengting said that when they came out of the living room, they asked Zhao Tongxin, who was nestled in his arms, "do you feel nervous about the coming commercial war?"

Zhao Tong heart indifferent smile: "I know behind me, always standing you, so nothing can make me nervous."

"Don't care too much about these, don't let yourself too tired, your body is the most important."

Jin Zhengting's tone is very flat, but every sentence shows his concern for her, because he can really give everything for her. If the whole group is to change her health, Jin Zhengting will not even blink.

"According to the servant, Cheng Mohan's sister has been to Jin's house, and she has met her grandmother."

Zhao Tong Xin seems to say carelessly, with a strange look in his eyes.

"Well, I know about it. How?"

Jin Zhengting doesn't know why Zhao Tongxin mentioned it all of a sudden. He has a hunch that Cheng mobing won't be quiet. When she comes to Jin's house, it's very likely that she is looking for a partner for herself. Although she shows that she likes him very much, Jin Zhengting can't be deceived by her indifferent eyes, because when she looks at him, her eyes are different from Zhao Tongxin's.

"I heard that she said frankly that she likes you very much, and grandma seems to be very satisfied with her."

Zhao Tong heart Du small mouth said, his face seems to be a little unhappy, Jin Zhengting see in the eyes, know she is jealous, so force to hold her, in her ear light said: "don't be unhappy, as long as I have, no one can shake your position."

"But if grandma likes Cheng Mo Bing very much, and she is more valuable to the Jin family, isn't she?" Zhao Tong pursed his lips and said that even the angry look was so beautiful."Her value has nothing to do with me. Just remember that you are the only one in my heart." Jin Zhengting's answer was very domineering, and there was no doubt that he directly pushed back Zhao Tongxin's temper.

"Zhengting, I believe you."

After he got the answer he wanted, Zhao Tongxin's face relaxed a little. No one can bargain with Jin Zhengting on the issue of her ownership.

"That's not the point. I'm curious. Why do you know so well what's going on at home?" Jin Zhengting seems to have found the root of the problem. He looks at her with a smile and asks.

Zhao Tong Xin raised his chin a little complacently: "because I already have my own team. There is a disgusting woman in the team, but she is still very good at collecting intelligence."

Xu Yan outside the door sneezes inexplicably. She is protecting Zhao Tongxin. As long as Zhao Tongxin doesn't sleep, she has to stay with her all the time.

On the other side, Rong Lei tenderly handed her a tissue: "Miss Yanke, pay attention to your body."

Xu Yanke gave him a white look and said in a very impolite tone: "go away, you scum man who owes gambling debts!"

Chapter 394

It's very late at night. Mrs. Jin should have gone to bed early at this time, but she didn't sleep today as an exception, and she called Jin Zhengting to her room.

"Grandma, what's up?"

Jin Zhengting came to the old lady's room and saw her serious face. He knew that things were very important.

"Let Rong Lei go outside and guard. No one is allowed to come near my room."

Mrs. Jin seldom talks as seriously as she does now, and she will not be so careful at home. Today's behavior is indeed abnormal.

Jin Zhengting orders his hand and calls Rong Lei who is guarding the door. He whispers a few words of advice. Rong Lei nods to show that he knows, bows respectfully to old lady Jin, and then goes out immediately. After a while, there is a faint sound of footstep outside, and soon disappears into the night.

"Zhengting, is that necklace still there?"

Mrs. Jin narrowed her eyes. There was a trace of fatigue on her face. Jin Zhengting knew that the necklace that grandma said was the one Xu Yanke had tried every means to get.

"Still, always in the safe."

Jin Zhengting replied that he didn't understand why grandma would mention the necklace, but his keen intuition told him that there must be a big secret hidden in the necklace, otherwise grandma would not call herself in the middle of the night, and she would be very careful.

"Remember, no matter what happens, you can't let this necklace fall into the hands of others, especially

the Cheng family or the Huo family. If these two families get the necklace, it will be the end of our Jin family."

Mrs. Jin's look was very serious. She didn't look alarmist.

"Yes, grandma."

Jin Zhengting agreed. He didn't ask the secret of the necklace, because he knew that his grandmother would tell him.

"Zhengting, you are also the head of the Jin family now, and after so many years of experience, you have grown into a real man, so you should know something."

As Jin Zhengting expected, Mrs. Jin had something to say. She coughed, cleared her throat and said, "this necklace is the key to a secret treasure. If you get this necklace, you can open the door to the secret treasure. There are three big families there who have accumulated ten years' wealth together. If anyone can get this wealth, he can really cover the sky with one hand."

Mrs. Jin spoke slowly, while observing Jin Zhengting's expression, she saw that he stood in front of him, with no emotional change on his face, as if listening to a story that had nothing to do with him.

Of course, he knew that it was not as simple as telling a story that grandma called him here so late. He believed what grandma said, but he was always calm. There was nothing in the world that could move him except Zhao Tong Xin, but his mind could not help but move. He understood why grandma wanted to tell him the secret, because she was afraid that the treasure would fall into Cheng's or Huo's house in Chen's hand.

"I remember." Jin Zhengting said lightly.

Mrs. Jin was very satisfied with her precious grandson's performance. No matter what kind of temptation she faced, she was not moved. This is the most basic quality of a person who can do great things. However, she asked: "Zhengting, do you have any idea about that wealth?"

Jin Zhengting gave a faint smile, with a proud look on his face: "grandma, I don't like what I get for nothing. If I want it, I will fight for it with my own hands."

With a look of approval on her face, Mrs. Jin said with a smile, "you are the head of the Jin family. You are really aggressive. But Zhengting, even if you are not interested in the wealth, you can take it lightly. If you get it from the Cheng family or the Huo family, it will be very bad for the Jin family. We can do many things with this wealth, including uprooting our Jin family."

"grandma, please rest assured that this day will never come."

Jin Zhengting's eyes are so deep that even his wife, who has read countless people all her life, can't see

through his ideas. However, she is very happy because Jin Zhengting is worthy of the position of the head of the Jin family.

"Ah, I'm old. I just like to worry about something I shouldn't worry about. Well, I've said all that I should say. It's getting late. Go back to bed early. I'm an old woman. I can't watch her. It's time to go to bed."

Old lady Jin yawned and waved to let Jin Zhengting leave.

Jin Zhengting nodded his head lightly, said good night to grandma, and walked out of Mrs. Jin's bedroom.

At this time, his brain is in rapid rotation, necklace, three families, wealth, these seemingly unrelated words constantly jump in his mind, gradually forming a puzzle, the truth gradually clear up.

Although Mrs. Jin didn't tell him very clearly, from a few words, he already knew what happened in those years. The three families, Jin family, Cheng family and Huo family, had a much simpler relationship for many years, just a simple cooperative relationship. The three families did some business together, so they hid their property together in a certain place Fang, this necklace is the key to the treasure.

He can also speculate about what happened in those years. He was very young in those years, but he has already remembered things. He clearly remembers that his father rose from the rank of Colonel to one of the youngest generals in history. There has always been a big question in his mind. Because he knows Jin Fu, in fact, Jin Fu is just too honest, much smarter than others think. But because Jin Fu is too honest, he won't use other means to upgrade himself. Then all the information comes together, and there is only one explanation, that is, Jin Fu got the opportunity of rocket promotion after he shoved away the Huo family, so Huo Tingchen would spare no effort Revenge on the Jin family.

Moreover, he also felt vaguely that the Cheng family's former leader had played the same role as Jin's father.

Just as it became clear, Mrs. Jin's voice came from behind: "Zhenqting, now joining hands with Cheng mobing is the best chance for the Jin family. Don't you really think about it?"

Jin Zhengting faintly turned back and gave a smile: "grandma, this is really a good opportunity, but if I do this, she will be sad. I swore to myself a long time ago that I would not do anything to make her sad."

"Don't you really regret it?" Mrs. Jin asked. She seemed to want to confirm Jin Zhengting's attitude rather than change his mind.

Jin Zhengting looked at the dark night sky, and his eyes became gentle: "if I didn't have her, even if I got the whole world, I would not be happy."

"Well, I understand your mind. Zhenqting, grandma is old, but she is not confused. I can see your feelings for Zhao Tongxin. Since you are so firm, grandma will not embarrass you and will do everything

possible to help you."

Mrs. Jin took a deep breath, as if she had made up her mind.

But Jin Zhengting shook his head: "grandma, you are old, and it's time to live a happy life. As for those mundane trifles, you don't have to worry. I can assure you that as long as I am here, no matter what happens, no one can threaten the Jin family. As the owner of the Jin family, I will never let the Jin family suffer any harm."

"Are you really a grandmother? I'm an old woman. Are you confused?"

Mrs. Jin pretended to be angry: "I think the person you want to protect most is Zhao Tongxin?"

Jin Zhengting rarely showed a smile: "grandma, some things or don't say out of the words, just understand."

"If you have a wife, you will forget your grandmother. However, for the sake of Zhao Tong's consideration of the flesh and blood of the Jin family, I don't care about her. But Zhengting, I have to remind you that even if you have a beautiful wife, you'd better not forget your grandmother. Hum!"

Although Mrs. Jin spoke in a very angry tone, she did not hide her smile. She also showed her attitude to Jin Zhengting that as long as Mrs. Jin was there, the backyard of Jin's family would not be in chaos. She would stay at home, maintain the stability of Jin's family, and try her best to support Jin Zhengting.

After countless trials and hardships, Mrs. Jin knows better than anyone that when the enemy is at hand, the Jin family must be united and stable. Cheng mobing's sudden visit two days ago not only expresses his intention to cooperate with the Jin family, but also has this layer of calculation.

Of course, it's best to cooperate with the Jin family. If the Jin family refuses her, it can at least destroy the unity within the Jin family, because she is a member of the Cheng family after all. She regards the Jin family as an enemy from the bottom of her heart. A woman like her can't miss any chance to attack her opponent.

This move can be said to be very clever and very hidden, but it has not escaped Mrs. Jin's eyes. Now that she supports Zhao Tongxin, it is tantamount to stabilizing the backyard of the Jin family. As long as the internal unity is achieved, all external enemies are not justified. This is Mrs. Jin's wisdom in life for decades.

"Grandma, you have to rest early. The Jin family can't live without you."

Jin Zhengting is not very good at using language to express his concern for grandma. It's just a light sentence, but it contains a strong family affection.

Mrs. Jin waved to him with a smile: "go with your beautiful daughter-in-law, I can still hold this old

bone."

Jin Zhengting watched his grandmother go back to her room and then slowly left. His heart was filled with a touch of emotion. For the sake of Jin's family, for the sake of caring for his family all the time, and for the sake of loving Zhao Tong, he wanted to protect this family. Anyone who tried to destroy this beautiful picture would be regarded as a mortal enemy. No matter what the cost, he would be defeated!

At this time, Jin Zhengting was the most invincible man in the world.

"Boss, according to your instructions, I have searched the sea area where Cheng Mohan chased the sea, but I didn't find his body."

Rong Lei, who has finished the alert task, comes to him and looks around. When he sees that there is no other irrelevant person, he whispers.

Jin Zhengting nodded his head faintly: "well, the ocean current in that sea area is quite complicated. It's hard to determine where he will float. But I have a hunch that he must still be alive. You continue to send more people to find him, no matter whether he is alive or dead. He is very important to us."

"Yes, boss, Miss Tong Xin is still waiting for you. You'd better go back early. Miss Tong Xin is pregnant. Staying up late is bad for her health."

Rong Lei kindly reminds him, in fact, it's a little selfish. His sister Rong Qi is working under Zhao Tongxin's hands now. For his sister's sake, he should also care about her direct superior's health. Jin Zhengting's eyes became very gentle. He walked quickly to his bedroom and said to Rong Lei without looking back: "go and have a rest. In addition, increase the number of people to strictly protect the old lady's safety. In addition, there should be more people in the warehouse. The things in the warehouse must not fall into other people's hands."

"Yes, boss." Rong Lei answered, quickly left, to rest, but also to finish the boss's job.

Jin Zhengting just returned to the bedroom, saw Zhao Tongxin with an apron tied around her waist. She held a bowl of steaming soup in her hand and said gently, "have some soup. I just cooked it. I don't know if it suits your taste."

Jin Zhengting took the soup and drank it all at once. Then he looked at her with the most gentle eyes in the world and said, "I like everything you do."

Chapter 395

"Zhengting, do you really believe that I can do a good job in the company?"

Zhao Tongxin stands beside Jin Zhengting, holding a towel in his hand, waiting for him to wash. He looks

like a virtuous wife. This is unlikely to happen before, but Zhao Tongxin thinks that it will become a normal.

She gradually fell in love with the role, like in his side, take care of his life.

Jin Zhengting took the towel she handed over, wiped her face, and said faintly: "Tong Xin, maybe Huo Tingchen will soon take all actions against the company, but I insist on using you, not because you are my wife, but because I think you have this ability."

"I think I still lack a lot of experience, and I don't know how to face the coming commercial war."

Zhao Tong bit her lips and looked worried. She didn't really believe in her ability. When Jin Zhengting was around, she could make up her mind. But just now when he was called by old lady Jin to talk about things, she was left alone in the room. It was hard to avoid thinking about these things. Subconsciously, she was still a little girl who didn't know much about the world, and she was worried about the future. The cruel competition of the students is still a little weak.

"You can. I always believe that if one day I want you to retire from the position of president, it will not be because of your ability, but because our child will be born."

Jin Zhengting's words gave her confidence. As long as he trusted her, it was her courage. No matter what difficulties she encountered, she would give him a good job and live up to his trust.

"It's still early. I can work at least half a year."

Inadvertently, Zhao Tongxin's hand attached to the still flat abdomen, just less than two months pregnant time, the stomach is not obvious, but she can feel, in her body, a small life, is slowly forming.

At this time, Zhao Tongxin has lost the question of whether he is competent for his work. His face shows the luster of motherhood, so beautiful and holy.

Jin Zhengting's eyes stagnated, and his heart seemed to be hit by something. It was a kind of heart beating feeling, because Zhao Tong's heart at this time was so beautiful. He could not help holding her waist and kissing her gently on her forehead.

Zhao Tong closed his eyes and quietly felt his cool lips, leaving traces of touch on his forehead. Although the touch was only a short second, it was like a strong current, which made her feel numb.

Without further action, they just hugged each other quietly. Jin Zhengting hugged Zhao Tongxin in his arms and naturally put his hand on her back. Only through a very thin Nightgown, he could feel her skin smooth and delicate, which made him a little reluctant to put it down.

Zhao Tong's heart encircles his strong waist, puts his side face on his broad and strong chest, listens to his strong and powerful heart beat, and the unique masculine breath comes to her face, which makes

her feel confused.

"Tong Xin, I didn't intend to let you go out to work. When you are pregnant, you should rest at home, but I don't want to disappoint you."

Jin Zhengting stroked her hair and whispered in her ear, in a very gentle tone.

"I know you are good for me, but I really don't want you to protect everything. I don't want to be your burden, and I want to share it for you. Although I know my ability is very limited, I can't help but want to do something for you. You are such an excellent man, and I have to be able to protect you. No matter what kind of woman I meet, I have capital and strength She's fighting. "

Zhao Tong Xin closed his eyes and nestled in his arms. He said softly, but with firm determination.

"Well, I understand, but you have to promise me not to be too tired, otherwise, as the president of the group, I can fire you at any time."

Jin Zhengting, who has always been cold, also made a joke, because Zhao Tong's love slowly melted the ice in his heart.

"Well, I promise you, I won't let myself be tired."

Zhao Tongxin answers very cleverly. She knows Jin Zhengting and has to listen to him for some principled questions. The so-called principled questions are all about her health.

"It's getting late. It's time to rest."

After being gentle, Jin Zhengting returned to his usual state. He didn't say much, but for Zhao Tongxin, it was an order. A pregnant woman needed more rest and couldn't stay up late, so she had to abide by the rules specified by him.

"Well."

As soon as Zhao Tongxin agrees, he almost screams out, because Jin Zhengting has picked her up and walked to the bedroom. Although it's only a short distance, he doesn't want her to go there. As long as he has strength, he will let her live the most comfortable life. This is all his feelings for Zhao Tongxin.

Zhao Tongxin's face is slightly red, but this is not the first time that Jin Zhengting has done this to her. Although it's a little sudden, it makes her jump, but soon, she buries her head in his arms, because he feels comfortable holding himself, and then he feels sleepy. She just wants to sleep in his arms.

Tonight's wind is very soft, even in a dream, it is also a soft dream. Some go to sleep, others wake up, and Cheng Mohan wakes up from his coma.

He didn't know how long he had been in a coma or where it was. When he woke up, he only remembered that the light was dazzling. He subconsciously raised his hand to cover it, and a sharp pain came from his arm, which made him snort.

It's not that he can endure the pain, but that he has no strength.

He only remembers being dragged onto the car that was prepared for him by long Jiu. Then he felt the speed of falling from a high altitude. Then every joint of his body seemed to be broken, and then he lost consciousness.

Cheng Mohan doesn't know how long he's been floating on the sea or who rescued him. He moves his neck and looks around.

It was a small room with simple layout. After adapting to the light, he found himself lying on a small but soft bed. When he looked at himself, his whole body was covered with bandages, just like a mummy.

Then he heard a slight sound of footsteps, which was not human, but more like a wild animal approaching its prey in the jungle.

Then he saw a face. The man was about fifty years old. The years left deep marks on his face. The wrinkles and gray hair all showed that he was a man of great experience.

He saw Cheng Mohan open his eyes, some dull face showed a surprise, his voice was hoarse and low: "you wake up."

Cheng Mohan's consciousness has recovered a little. He saw the surprise look on the face. It was originally the look of an elder when he learned that his beloved Junior was safe after he was in danger.

He tried to recall in his mind, but he didn't remember who the middle-aged man was.

His vocal cord was injured, and he couldn't make a sound. He only nodded his head rigidly. Then he stretched out a finger and made a gesture in his own voice. Now he can only hope that this middle-aged man who looks very dull can understand his gestures.

Although the middle-aged man looks very dull, his high IQ is beyond Cheng Mohan's expectation. The middle-aged man's facial muscles shake for a long time before he shows an astringent smile. It seems that he hasn't laughed for a long time.

"Young master, it doesn't matter if your throat is injured. You can rest assured that your enemies won't come to you."

This sentence makes Cheng Mohan not understand. He is sure that he doesn't know the middle-aged man who saved him, but he calls himself young master. How can he explain this?

Seeing Cheng Mohan's puzzled look in his eyes, the middle-aged man gave a stiff smile: "young master, it's normal that you don't know me. When I was working for the Huo family, you didn't remember. It's only so big."

The middle-aged man said, and even made a gesture with his hand. Cheng Mohan was shocked. The middle-aged man called him young master, which made him confused. He suddenly said that he was working in the Huo family, but what shocked him most was the thick calluses on the tiger's mouth when the middle-aged man raised his hand.

If you can grind out this layer of calluses, it proves that this middle-aged man is an expert at using guns.

No, Mo Han still doesn't understand. Since this middle-aged man is a member of the Huo family, why should he be called the young master? It has been 30 years since the Huo family was exterminated. Now the only descendants of the Huo family who can be found are Huo Tingchen and long Jiu. Therefore, this middle-aged man is regarded as Huo Tingchen's subordinate, and there is no reason to regard himself as Huo Tingchen. After all, they are two The difference in appearance is too great.

Cheng Mohan thinks, and suddenly his eyes light up. He seems to have guessed that he is in a coma after being injured. Huo Tingchen must use his coma to make himself look like him, and then use himself as a scapegoat to kill himself in front of Jin Zhengting. Everyone will think Huo Tingchen is dead, and no one will chase him.

Cheng Mohan thought of this, but he didn't feel that he was gnashing his teeth. He tried his best to touch his face, but he didn't feel it, which proved his conjecture that Huo Tingchen did it according to the plan he thought of.

On second thought, he was seriously injured and needed to recuperate. Moreover, Huo Tingchen must have taken control of Tianhong Group now. Once he found out that he was not dead, he would send a killer to assassinate him. Therefore, it's better to disguise Huo Tingchen in front of this middle-aged man.

He stretched out his hand and stroked hard, which meant asking who the middle-aged man was.

The middle-aged man stood up and bowed respectfully to Cheng Mohan: "young master, my name is Huo Zhong. I have been with him for 35 years. When Jin Cheng and his family joined hands to kill the Huo family, I really worked for him in Siberia, so I survived. I lived in seclusion here and made a living fishing every day. Yesterday I went out to sea and saw him floating on the sea, so I rescued him."

Cheng Mohan nodded and asked the middle-aged man in sign language why he decided he was Huo Tingchen.

"as like as two peas, I have been watching the news of the young master, so I can recognize the appearance of my young master in the newspaper, and the appearance of the young man is exactly the same as that of the thirty-five years ago."

Huo Zhong explains this way. Cheng Mohan thinks his reason is reasonable. His ears move a few times, because he hears something he is more interested in. Huo Zhong was sent to Siberia, which proves that he used to be trusted by Huo Tingchen's father. The important thing is that he must know the whereabouts of those treasures. Cheng Mohan is still thinking about the treasure at this time, because he needs the treasure to be turned over, and other discoveries that Huo Tingchen gave him the mask actually saved his life at the critical moment.

He made a few more gestures to show that he was very tired and needed more rest. Huo Zhong didn't say anything more. He covered him up and went out.

Lying on the bed, Cheng Mohan's brain is spinning very fast, and a bold plan is formed in his mind, which is to return him in his own way.

Chapter 396

At 9 a.m., the opening ceremony of Tianhong Group jewelry company was held.

Huo Tingchen opened the company opposite Zhao Tongxin's jewelry company. The implication is very obvious. Xu Ting also came to the scene early. After all, she is the CEO of the company.

Today, she wears a professional suit, which makes people who are used to her Princess look amazing. Maybe this kind of professional suit can set off her temperament better, except for her petite chest.

As the owner of Tianhong Group, Huo Tingchen naturally attended the cutting ceremony. With a smile on his face, he watched the staff decorate the scene.

"President, it seems that there are a few people here."

Xu Ting looked around and found that there were not many people attending the cutting ceremony. Because of the influence of the last cruise, many consortia were determined to draw a clear line with Huo Tingchen, so even if Huo Tingchen sent the invitation to every influential consortia, they didn't say anything, or even sent representatives.

This is a statement to Huo Tingchen. In Jiangbin, these people only obey Jin Zhengting.

Huo Tingchen was not angry. He said with a smile, "Mr. Xu, don't worry about this. Since they want to bury Jin Zhengting, I will help them."

Xu Ting's eyes turned a few times, and she thought that Huo Tingchen's plan on the cruise ship went bankrupt, and he lost 20% of the shares. It can be said that he suffered a heavy loss. Why is he so confident now?

Just as she was thinking about this, a small car stopped at the side of the road. Cheng mobing stepped

down from the car and gave Huo Tingchen a smile from a distance. It was a greeting.

Huo Tingchen responded with a gentleman's smile, and then took a deep look at Xu Ting: "she is the third miss of the Cheng family in Jiangdong, and also our partner. We lost 20% of the group's shares on the cruise ship, but she provided us with 50 billion yuan of capital, which not only made up for the loss of the group, but also provided us with the capital to deal with Zhao Tongxin's jewelry company Gold. "

He told Xu Ting secretly that even if Jin Zhengting had the upper hand in the last incident, the loss was nothing to him. He still had the strength to deal with Jin Zhengting, and he had a very powerful partner, so let her not worry about anything else and just listen to his orders.

This is to show strength, but she is at ease, but also in deterrence.

Cheng mobing came over and said in a low voice with a smile: "Mr. Huo, it seems that other consortia have already stood in a good line."

She only looked at the guests who came to the ceremony and saw that there were not many people, so she knew the key.

"It doesn't matter. The combined strength of these consortia can't compare with you. If we work together, it doesn't matter if they fall to Jin Zhengting. Moreover, I know these people very well. They are just grass on the wall. When they see Jin Zhengting losing power in the future, they may fall to us faster."

Huo Tingchen doesn't care about those consortia at all. With Cheng mobing's support, he now has enough funds to compete with Jin Zhengting for the market.

"Of course, Mr. Huo, you haven't introduced this beautiful lady to me."

Cheng mobing looks at Xu Ting and shows a friendly smile. Since she is standing with Huo Tingchen, she can be regarded as one of her own. Moreover, from Xu Ting's innocent eyes, she sees a deep intention. She likes to deal with such women.

"This is Miss Xu Ting of the Xu family in Jiangbin. She is also the president of the jewelry company. Xu Ting, this is Miss Cheng mobing, the third miss of the Cheng family in Jiangdong."

Huo Tingchen introduced them. According to their identities, Cheng mobing and Huo Tingchen are at the same level. Xu Ting can only be regarded as her subordinate, but she doesn't want to take the initiative to extend her hand: "Hello, general manager Xu."

"Hello."

Xu Ting also hands in the past, she from Cheng Mo ice beautiful eyes, see the deep meaning.

"Mr. Xu, there is still a little time to go before the ribbon cutting ceremony. Let's sit down and have a chat."

Cheng mobing sent out an invitation. Xu Ting knew she couldn't decide, so she looked at Huo Tingchen, who said with a smile, "Mr. Xu, don't look at me. Since it's Miss Cheng's invitation, how can I refuse it?"

His voice is very gentle, but there is a faint cold flash in his eyes. Even now that he has a cooperative relationship with Cheng mobing, he only has limited trust in her. As soon as Cheng mobing comes, he will chat with Xu Ting, which makes him alert immediately.

Cheng mobing is a smart woman. She can see at a glance that Xu Ting is a scheming person. That's why she comes to Xu Ting. He doesn't know what they want to talk about. However, considering that the alliance is fragile, Cheng mobing is likely to buy Xu Ting off and make her a time bomb.

But he can't directly let Xu Ting refuse Cheng mobing's invitation. After all, both sides have admitted that each other is their own partner, so he can only give Xu Ting a hint in her eyes and warn her not to have other ideas.

"Mr. Cheng, why are you here?"

At this time, Xu Zheng appeared. He promised Xu Ting that he would come to help her after the opening of the company, so he came to the company early today. He saw Xu Ting here. As soon as he came, he saw Huo Tingchen looking at Xu Ting with a very cold look. Xu Zheng has learned from Xu Ting that Cheng Mohan in front of him is actually Huo Tingchen's disguise, so when he sees his eyes, it's natural to think of the way Huo Tingchen warned himself.

I don't know why he threatened Xu Ting, but as her cousin, Xu Zheng felt that she should be rescued at this time, so he quickly came over and deliberately spoke loudly to Huo Tingchen.

Huo Tingchen looked back, and the tyranny in his eyes became more restrained. Now he still needs Xu Zheng's help. He seems to be a playboy of the Xu family. He is much smarter than others think. Moreover, he is one of the few people in Jiangbin who dare to challenge Jin Zhengting. For Huo Tingchen, this kind of person is a natural helper.

He has heard about Xu Zheng's sister control. He knows that Xu Zheng deliberately calls him president Cheng, which means to warn him. That is to say, Xu Zheng knows what he has. Don't threaten Xu Ting, otherwise Xu Zheng will make his secret public.

Huo Tingchen's eyes flashed a trace of cold, but then dissipated, said with a smile: "listen to our general manager Xu, do you want to come to the company to help? On behalf of all my colleagues in the group, I welcome you. "

With a smile, Xu Zheng looked around and said in a low voice, "Mr. Huo, I can help you deal with Jin Zhengting, but there is one condition. You must promise me."

"Tell me, you know my character. As long as I can do it, I will promise you." Huo Tingchen show a demon smile, light said.

"Don't let my cousin participate in this game, I can finish it instead of him."

Xu Zheng is very clear about what is going to happen. He knows that once Xu Ting is involved in it, it will be hard for her to get away from it, and it is likely to involve the whole Xu family in the fight between the two families.

"No, Xu Zheng, you are wrong. I didn't force Xu Ting to join. She was totally voluntary, because she wanted to deal with Zhao Tongxin. Her hatred for Zhao Tongxin may be just like you did for Jin Zhengting."

Huo Tingchen took a look at Xu Zheng and continued: "I created this opportunity for you, so you should try your best to beat Jin Zhengting as soon as possible."

Xu Zheng frowned for a moment and said, "OK, I promise you, but don't treat Xu Ting like you did to me."

Huo Tingchen laughs: "Xu Zheng, you should know me very well. I've always been gentle with girls."

On the other hand, Cheng mobing and Xu Ting find a place with few people and communicate in a low voice.

"Miss Xu doesn't look very well. Is there something bothering about her?"

Cheng mobing looks at Xu Ting's pale face and asks with concern. It's hard to believe that her sincerity is disguised. She can only say that her acting skills have reached the apocalypse.

Xu Ting's brain quickly turned a few times, and then pitifully said: "yes, to be honest with Miss Cheng, recently I have been eating hard and sleeping well."

Cheng mobing knew that she was about to get to the point, and continued to ask, "why is Miss Xu like this? You should pay more attention to your body. Who else is willing to make Miss Xu such a lovely beauty?"

Xu Ting's eyes flashed a trace of resentment, pretended to be wronged and twitched her nose: "Miss Cheng, I don't know. Two days ago, on the Jiangbin ship, Zhao Tongxin, the wife of Jin's family, and I played a few cards. I don't know what skills she used to win a lot of shares in my family and the company. My family is not less complaining about me for this."

"Zhao Tongxin is a very arrogant woman indeed. I met her when I first came to Jiangbin and didn't leave me any good impression."

Cheng Mo Bing said with a little resentment that this expression is not acting out, but real resentment. Without Zhao Tong Xin's existence, maybe Jin Zheng Ting would have fallen under her pomegranate skirt now, so that she could easily get the support of Jin family, and her plan could be completed ahead of time. Instead of being like now, she could only choose to make an alliance with Huo Tingchen temporarily.

She doesn't like Huo Tingchen, and the price of cooperating with him is a little high, which she is not willing to pay.

"Oh? Miss Cheng thinks so, too? "

Xu Ting pleasantly asks that she needs Cheng mobing's powerful ally to deal with Zhao Tongxin. Her purpose is not as complicated as Cheng mobing's, as long as she can win back Jin Zhengting.

"Of course, that woman may rely on herself. She is Jin Zhengting's wife. She is too domineering. I just can't stand her temper."

Cheng mobing takes a look at Xu Ting intentionally or unintentionally, only to see a smile on her face, knowing that she is very satisfied with Zhao Tongxin's attitude.

"Miss Cheng, if you have a chance, I'll help you out."

Xu Ting's eyes turn a few times, and she says to Cheng Mo Bing with great loyalty.

Cheng mobing sneers to herself. She has investigated everything about Xu Ting. She wants to get Jin Zhengting, so people all over the world who can use her seem to have become her goal.

No, Mo Bing doesn't completely give up the idea of getting Jin Zhengting. She thinks Xu Ting can be used. With Xu Ting's hatred for Zhao Tongxin, she pushes her to the front desk. It's not a bad idea to sit behind her and reap the benefits."Thank you Miss Xu first. I heard that your company and Zhao Tongxin are still in competition. If she causes you any trouble, just come to me."

Cheng Mo Bing's eyes with a smile, generous to Xu Ting said.

Xu Ting is waiting for Cheng mobing. She needs a heavyweight ally like Cheng mobing.

"Thank you, Miss Cheng. I think we really have a good conversation. How close should we be in the future?"

"That's for sure, Miss Xu. I think you're very good too. We'll get together more when we have time."

The two women had different thoughts, but their faces were filled with false smiles.

Chapter 397

The red luxury car is galloping along the road.

Xu Yanke drove the car and said to Zhao Tongxin, who was sitting in the co driver's seat, "I heard that Huo Tingchen opened a jewelry company opposite the company. Xu Ting became the president of the company and opened this morning."

She is also one of the core figures of Jin Zhengting group, so she naturally knows the secret of Huo Tingchen pretending to be Cheng Mohan. When she thinks of Huo Tingchen's horror, Xu Yanke feels shivering in her heart, so she pays special attention to all his actions.

Zhao Tong heart holding chin looking at the rapid retrogression of the scene outside the window, light said: "I knew this thing last night, can't you say something else?"

"Hello, Huo Tingchen is obviously coming to our company. Why don't you seem to care about the appearance at all?"

Xu Yan is one of the directors of the company. She owns 20% of the shares of the company. She is still very concerned about things related to the company. Seeing Zhao Tongxin's attitude of not caring about the company's affairs, she is very upset. As the president of the company, how can Zhao Tongxin not even have a basic sense of responsibility?

Subconsciously, she has regarded the company as her private property.

"What companies do they run and why should I care? Just run our own company. "

Zhao Tongxin disapproves, saying that she doesn't think she should worry about anything, because she believes that her company has the strength to deal with the competition of any company.

"Then we should also be prepared to deal with it? To tell you the truth, in order to deal with you, I have contacted Xu Ting several times before. Don't be confused by her appearance. That woman has a deep mind and has the potential to be your opponent. "

Not long ago, in order to deal with Zhao Tongxin, Xu Yanke and Xu Ting had a brief alliance, but later something happened suddenly, so that the two did not make substantive action, the alliance fell apart, and even Xu Yanke had fallen to Zhao Tongxin.

Xu Yanke thinks she knows more about Xu Ting, so she decides to remind Zhao Tongxin so as not to suffer losses from Xu Ting in the future.

"I know. I've been with her several times. I know what kind of person she is. I'll be more careful with her."

Zhao Tongxin says faintly that Xu Yanke feels a kind of extremely calm temperament from her. This kind

of feeling can only be felt when facing Jin Zhengting. Zhao Tongxin is not like a rookie in business at all, but more like a business tycoon guiding the country. It can be seen that Jin Zhengting has a deep influence on her.

"I just want to remind you. Besides, I'm for the company, not to help you, so don't be amorous."

Xu Yanke snorted. She didn't want to admit that she was helping Zhao Tongxin, because she still hated Zhao Tongxin, who should be called her sister-in-law. She thought that she was also a director of the company. Helping her was helping herself, and she was in a better mood.

Zhao Tong Xin smile: "do not remind me, we are not friends, not before, not now, and will not be."

"You just know, so we'd better keep a distance. At most, it's a cooperative relationship."

Xu Yanke immediately agreed, because before all kinds of, two people want to become good friends is basically impossible.

"Don't go to the company. Let's go to the opening ceremony of Xu Ting's jewelry company."

Zhao Tong thinks about it and tells Xu Yanke that she also wants to see a jewelry company that is in a competitive relationship with her company. Only when she knows herself and her rivals in the business field can she have no disadvantage. She has worked as Jin Zhengting's secretary and is very familiar with his skills. This is the first time that she has a large-scale company and has no experience to learn from, so she decides to learn from it Jin Zhengting begins.

Xu Yanke was stunned for a moment. He didn't expect Zhao Tongxin to be so bold, so he immediately objected: "no, Shaoyuan and Rongqi are not here. In such a chaotic situation, I can't guarantee your safety alone. Needless to say, you should also know what kind of person Huo Tingchen is. I don't know where you are, what he will do to you."

Her worries are not superfluous. Now Jin Zhengting group and Huo Tingchen group have been in the same boat for a long time. Zhao Tongxin has always felt that she has a feeling that the sheep is entering the tiger's mouth. Although she doesn't like Zhao Tongxin, she has the same interests after all, so she can't let Zhao Tongxin take risks.

"Don't worry, it will be OK. In broad daylight, Huo Tingchen doesn't dare to mess around. Don't forget that his current identity is Cheng Mohan, so he can't start a direct conflict. If he wants to play some tricks behind his back, there's still you. You used to be his most effective hand. You should know his habits very well. With you, you can prevent the fire."

Zhao Tong heart does not care about Xu Yanke's worry, still adhere to their own ideas.

"Hey, why do you have to go? If you want to get some information, we can find a few people to sneak in, and you don't need to take the risk yourself?"

Xu Yanke doesn't understand why Zhao Tongxin insists.

Zhao Tong heart faint smile, turned his head with beautiful eyes looking at Xu Yanke said: "because I have to go to the reason." "Well, you can persuade me to go with whatever reason you say. If you still have an accident under my protection, the court will never forgive me."

According to Jin Zhengting's arrangement, Xu Yan must obey Zhao Tongxin's orders. When the two people disagree, Zhao Tongxin has the right to decide. This is also Jin Zhengting's rigid rule that he is afraid that the two people will be hostile for too long to prevent Xu Yan from relying on his own strength not to buy Zhao Tongxin's account.

Although Xu Yanke has not joined Jin Zhengting group for a long time, he knows that Jin Zhengting's orders are above everything else in the group.

She is not happy with Jin Zhengting's arrangement, but she can only accept it obediently.

"Huo Tingchen opened the jewelry company opposite to our company, which is clearly a provocation. If we think that nothing happened, is it too soft and weak, so as the president, I have to respond. I went to the opening ceremony of their jewelry company to show our company's attitude. We are not afraid of him!"

Zhao Tong explains his idea to Xu Yanke. After thinking about it, Xu Yanke thinks what she said is reasonable, but he is still worried about her safety: "but if something happens to you, I can't take such a big responsibility."

"Before Huo Tingchen is fully sure, he will not attack us. You should be very clear that he is a cautious man. If he rashly attacks us, he will face the court's crazy revenge. He has suffered twice, and he will not make the same mistake for the third time."

Zhao Tongxin's analysis is very reasonable. Xu Yanke thinks what she said is right. With her understanding of Huo Tingchen, he really won't act rashly any more.

"Zhao Tongxin, I can't see that you are still very smart."

Xu Yanke has a rare compliment, because she successfully convinced herself that Zhao Tongxin is not as good at nothing as she thought. At least her rational mind is very suitable for business.

"In business, we should be good at analyzing the weaknesses of our opponents. This is what Zhengting taught me."

Zhao Tong Xin said, with a gentle look on her face, because she began to miss him again.

"Well, let's go to the opening ceremony of Huo Tingchen."

Xu Yanke looked at Zhao Tongxin enviously, gently hit the direction, the car slightly changed direction, toward Huo Tingchen's jewelry company.

"I think you've changed." Xu Yanke said suddenly.

Zhao Tong Xin nodded his head: "I have changed, because I have very important things to guard, so I must become strong."

Xu Yanke didn't say any more. She knew that Jin Zhengting was the only one who could change Zhao Tongxin. Jin Zhengting was the only one who needed to protect Zhao Tongxin.

For him, she is willing to change her life style and character, because for Jin Zhengting, she can give everything without hesitation, just as he will give everything for her.

When they came to Huo Tingchen's jewelry company, the ribbon cutting ceremony had just ended. As the president of Tianhong jewelry company, Xu Ting cut the ribbon on behalf of Huo Tingchen. She cut the red silk with the scissors handed over by the on-site staff and announced the opening of Tianhong jewelry company in a high profile.

Xu Ting is very proud now, because she finally has the opportunity, or the strength, to compete with Zhao Tongxin.

Under the stage are representatives of Huo Tingchen's former diehard consortia. They have also been instructed by Huo Tingchen to support Xu Ting unconditionally under any circumstances. These people have become her strong backing.

After so many years of forbearance, she has never been so complacent. She has only one idea, which is to bring down Zhao Tongxin's jewelry company through commercial competition.

As for what kind of loss will be caused to Jin Zhengting, it is not in her consideration. She is a woman, even if she is very resourceful, just like Zhao Tongxin. She has no experience in business, so she will not take a long-term view. Jealousy has suppressed her only wisdom. As long as she can defeat Zhao Tongxin, it is her best revenge. Nothing else matters 。

Huo Tingchen is to see through her thoughts, so use her revenge psychology, let her concentrate on dealing with Zhao Tongxin, so as to attack Jin Zhengting.

All plans are in smooth progress, Huo Tingchen's face showed a sinister smile, everyone is his pawn, the ultimate winner must be only him.

The only thing he worried about was that Jin Zhengting would send someone to make trouble when the jewelry company just opened. This shows that Jin Zhengting has noticed his plan, but the opening ceremony is very smooth. It seems that Jin Zhengting doesn't care about his jewelry company.

Huo Tingchen has suffered a big loss on the cruise ship, so he can't naively think that Jin Zhengting didn't pay attention to his actions, and now he doesn't respond, probably because he is ready.

Just when Huo Tingchen frowns and thinks about why Jin Zhengting's reaction is so calm, he sees Zhao Tongxin and Xu Yanke get out of the car. He can't help but be stunned, because he didn't think Zhao Tongxin would dare to come and only took Xu Yanke with him.

Huo Tingchen immediately wanted to control the two people, but he gave up the idea. If he started now, Jin Zhengting would not be as calm as he is now. He would do his best to revenge Tianhong Group cruelly. He fully understood Jin Zhengting's thunder tactics, so Huo Tingchen decided not to scare the snake for the time being. Subconsciously, he has been afraid of Jin Zhengting, but he has not realized it. When a person faces a powerful opponent, what he needs most is courage. He starts to be afraid before he starts a real duel. It's like a fool's dream to win again.

At this time, Zhao Tongxin came to him with a polite smile on her face and followed Xu Yanke behind her. It is undeniable that these two women are really brave.

Chapter 398

"Tong Xin, why are you here? What a rare guest. "

Now Huo Tingchen's identity is Cheng Mohan, so he naturally enters his role and greets Zhao Tongxin with Cheng Mohan's enthusiasm.

Xu Ting, who just came down from the rostrum, also saw Zhao Tongxin and Xu Yanke. Her eyes showed a very disgusting expression. However, she put on a smiling face and came to pretend to be surprised and said, "yes, Tong Xin, you don't tell me. It's really a slight."

In the face of two people's fake smile, Zhao Tong heart faint smile: "I am also a temporary decision, heard that you opened a jewelry company, and is opposite our company, so specially come to have a look."

Xu Yanke silently follows Zhao Tongxin and looks at Huo Tingchen and Xu Ting warily. Her whole body is full of vigilance. If they have any action against Zhao Tongxin, she will do it immediately.

The guests attending the opening ceremony saw Zhao Tongxin's arrival and gathered together to whisper. Except for a small number of Huo Tingchen's diehard loyalists, most of them were in business competition with Jin Zhengting, so they held the show on the principle that the enemy of the enemy is the friend.

They had already inquired before they came here. Jin Zhengting didn't mean to attend the opening ceremony, and they wouldn't send representatives. That's why they dare to come here. Although they compete with Jin Zhengting in business, they don't have the courage to challenge him in a positive way. In Jiangbin City, they are enemies of Jin Zhengting, and the fate of many people is just around the

corner, which is very miserable.

So when Zhao Tongxin appeared at the opening ceremony, most of the people's faces showed fear. Some of the less daring ones went straight into the crowd and shrunk their heads to the ground. They were afraid that Zhao Tongxin would see herself. If she wanted to say a word or two to Jin Zhengting, she would be sentenced to death.

Xu Ting peeks at people's expressions, showing an unnatural expression on her face. Originally, these people were invited to support her. As a result, Zhao Tong's heart came, and these people didn't dare to show their atmosphere. Today is her company's opening, and the most prominent person should be her Xu Ting. Unexpectedly, she became the foil of Zhao Tong's heart, which made her jealous. It's burning in the chest again.

Xu Ting's eyes turned a few times and said, "Tong Xin, our company is also in the jewelry industry, and it's just opened. You have to show mercy to our company."

She knows that Zhao Tongxin has a weakness, that is soft hearted. If she says so, maybe Zhao Tongxin will really ignore her company, which will give her time to deal with Zhao Tongxin.

Zhao Tong Xin looks around and smiles at Xu Ting first. When Xu Ting thinks that her calculation is successful, he says seriously: "kindness to the enemy is cruelty to himself. Although our two companies are not enemies, they are also competitive. So don't expect me to be merciful."

"Tong Xin, don't say that. Can't I give up? Anyway, we are all cousins. Why should we say such hurtful words? "

This is the way Xu Ting always uses, that is to show weakness. The more Zhao Tongxin underestimates herself, the better. It's better not to put her in the eye, so that she has more opportunities to make small moves in the dark.

Xu Yanke hums coldly. She looks at Xu Ting coldly. From the flicker of Xu Ting's eyes, she has guessed Xu Ting's intention, so she reminds Zhao Tongxin and mocks Xu Ting, suggesting that these little tricks can't hide her.

Xu Ting's face changed for a while. She took a look at Xu Yanke with innocent eyes. At the moment of their eye contact, there was a trace of heavy coldness under her eyes.

Even without Xu Yanke's reminder, Zhao Tongxin can understand Xu Ting's mind. She chuckles and says to Xu Ting, "Xu Ting, this is a business. As the saying goes, brothers have to settle accounts. Besides, we are only cousins, and we are not very familiar with you. You have already opened the company to our opposite side. Do you want me to continue to be tolerant?"

"Today is the opening day of Tianhong Group's jewelry company. Tong Xin, are you here to congratulate or to demonstrate?"

Xu Zheng comes out of the crowd and stands next to Xu Ting. He says to Zhao Tongxin in a displeased voice that he has proved his attitude with his actions. Both Xu Ting and Zhao Tongxin are his cousins. It is obvious that he is more inclined to Xu Ting.

"Xu Zheng, if I open the entertainment company opposite your company, will you come to congratulate me?" Zhao Tongxin's voice is very cold to Xu Zheng said.

Zhao Tongxin has always been very gentle, always keeps a quiet smile to others, and rarely shows a cold attitude in front of others. This is also her attitude to Huo Tingchen and others. Their behavior has reached her bottom line.

Huo Tingchen said with a smile: "Tong Xin, you are too sensitive. I open the jewelry company here because the location is good, but I don't want to compete with you."

Zhao Tong's heart gave him a cold look, and his always gentle eyes showed a ray of hatred: "Mr. Cheng, do you know that if you wear a mask for a long time, it's hard to take it off again, and it's easy to suffer from schizophrenia after a long time."

Huo Tingchen's pupils contracted for a moment, and a word made him understand that Zhao Tongxin had already known his secret, but he was not too nervous. After all, Jin Zhengting had already hinted at him. Since Jin Zhengting had already known his secret, it was not surprising that Zhao Tongxin knew it. "So Miss Zhao already knew my secret."

Huo Tingchen doesn't have to play Cheng Mohan any more, so he shows his original face in his eyes.

"Huo Tingchen, your company is open. I will give you a gift."

Zhao Tongxin looks at him fearlessly and says faintly. Huo Tingchen is stunned by her appearance. This kind of expression is not like Zhao Tongxin in his impression, but more like Jin Zhengting, the man who makes him afraid.

Huo Tingchen's mouth touched: "I am looking forward to Miss Zhao's gift, but you did not think that the gift may not come back?"

Zhao Tong heart smile: "if I had a little accident, you are not afraid of the court to your revenge?"? If I were you, I would be sent to protect me from here at once. "

"Oh? Why? " Huo Tingchen asked with great interest.

"Because if I lose a hair, the court will count on you. With your current strength, do you think it is possible to bear his anger?"

Huo Tingchen's face changed and his voice became cold: "don't think I will be afraid of Jin Zhengting. It's

just that we are playing a game. Both sides have to abide by the rules of the game, so you are safe."

He will never admit that he is afraid of Jin Zhengting.

"I'm here to tell you that if you want to fight, just let it go. I'll be waiting for you on the other side."

Zhao Tongxin deliberately raised the tone, let the guests also hear what she said, she is to tell these people their attitude.

Sure enough, as soon as her voice fell, many people bowed their heads. Many people knew Zhao Tongxin and knew that she was Jin Zhengting's wife. They took it for granted that Jin Zhengting was inconvenient to show up. Therefore, by using Zhao Tongxin's words, they expressed their position that Tianhong Group wanted to seize the market of Jiangbin, they had to ask Jin's family first.

Zhao Tongxin's words, invisible to these people great pressure, so in whether to support Xu Ting hesitated up, this also gave her to reduce a lot of pressure.

"Let's go back and prepare presents for them." Zhao Tong Xin finished this sentence, gave Xu Yan a wink, turned and left.

Xu Yanke looks complicated and looks at Huo Tingchen. Seeing that he doesn't have any action, he puts down his heart and goes with Zhao Tongxin.

"Boss, shall we deal with them at once?" Xu Ting clenches her teeth and watches her two most hated people leave. She turns around and asks Huo Tingchen.

Huo Tingchen gave a cold smile: "no, today is not the right time. We should be patient and wait for the opportunity. The group is not ready for a full-scale war with Jin Zhengting. I think Jin Zhengting is not ready either. That's why we let Zhao Tongxin come."

He didn't know it was Zhao Tongxin's own meaning, so he made up his mind, but he didn't expect that Zhao Tongxin's temporary thought of behavior made him make another wrong judgment.

He looked at Zhao Tongxin's back and murmured: "but what I didn't think of is that Zhao Tongxin has really grown up a lot during this period, and has learned to stand up in front of everyone. Although Miss Xu and Zhao Tongxin have no experience, they can't underestimate it, because she has a good teacher. Maybe we need to modify our plan to take her as a breakthrough, she may not It's as easy to deal with as we think. "

Huo Tingchen also has a little uncertainty now. After all, this is a decision of great importance. We should pay close attention to every detail. A slight negligence may lead to the change of the whole situation.

Xu Ting was a little worried. She heard from Huo Tingchen's words that he was going to give up dealing

with Zhao Tongxin. She quickly assured her, "boss, please rest assured that I will have a way to deal with Zhao Tongxin. Give me a month, and I promise to bring down her jewelry company!"

Huo Tingchen gave her a deep look: "jealousy will make a person lose the most basic judgment. I didn't intend to believe you, but since Xu Zheng is willing to help you, I decided to believe you once."

Xu Ting pitifully looks at Xu Zheng, her kind of clear eyes let Xu Zheng see a burst of heartache, he heard Huo Tingchen said, immediately said: "boss rest assured, I will try my best to help my cousin."

"Xu Zheng, I'm very optimistic about you. When we win Jin Zhengting, I won't treat you badly. The Xu family will replace the Jin family and become the first riverside family."

Huo Tingchen looks at Xu Zheng and says faintly that he knows what Xu Zheng wants, so he promises a blank check. No matter whether he has the ability to realize it or not, he can at least pacify Xu Zheng and Xu Ting.

As for fulfilling his promise, he never considered that when the Jin family was uprooted, there would be no Xu family in Jiangbin. At that time, there would be only one family in Jiangbin, the Huo family.

"Boss, being bullied, you can't respond at all?" Xu Ting said bitterly.

Huo Tingchen coldly smile, said: "of course not, you immediately mobilize funds from the group, at all costs to get Zhao Tongxin suppliers."

Xu Ting knew that he was going to start, and nodded excitedly: "don't worry, boss, I will finish the task!"

Parking lot. "Hello, Zhao Tongxin, I can't see it. When you said those words just now, you were really aggressive."

Xu Yanke praised Zhao Tongxin for the second time, because when she saw Huo Tingchen, she was almost too scared to say anything, because Huo Tingchen left her too much psychological shadow.

Zhao Tong Xin a face of Indifference: "in this kind of occasion, we must show our attitude, no matter who want to hit our company's idea, will pay the price."

Chapter 399

"Miss Zhao Tongxin, we meet again."

Just as they were picking up the car, a nice voice came from behind. Xu Yanke's face changed. She had heard the voice, which was the woman she met in the western restaurant, Cheng mobing, the third miss of the Cheng family.

She subconsciously pulls Zhao Tongxin behind her and turns to look at Cheng mobing with alert eyes.

"What do you mean, Miss Xu? I don't seem so terrible, do I?"

Cheng Mo Bing said with a smile, looking at them with a pair of beautiful eyes.

"Miss Cheng, what can I do for you?"

Zhao Tongxin knows her. A few days ago, when they were in the western restaurant, they had another confrontation, so they were very impressed by Cheng mobing.

"Nothing. I just want to have a chat with you." Cheng Mo Bing's face with a smile, seems to have no hostility to them.

She looked at Xu Yanke, who was blocking Zhao Tong's heart, and said with a smile, "Miss Xu, you'd better relax. If I want to be bad for you, now you've already been screened."

Just as she was talking, there was a clattering sound around her. Xu Yanke was not unfamiliar with this sound. It was the sound of loading bullets.

Cheng mobing is hinting that they have no idea that they are not good for them. Otherwise, with her ambush in the hands of the surrounding, they can not live to the present.

Xu Yanke's face changed. After hesitation, she gave up her position. In the case of so many people and guns, no matter how powerful she was, it was useless.

Zhao Tong's heart is very calm, but there is a trace of displeasure between her eyebrows. She really doesn't like Cheng mobing's way of meeting with a strong sense of threat.

"Miss Cheng, we don't seem to know each other very well, so I don't think we have anything to talk about."

Cheng Mo Bing shook his head: "no, Miss Zhao Tong Xin, we have a lot of things to talk about. Of course, if you don't want to, I won't force it."

"My time is limited. Tell me what you want to tell me now."

After thinking about it for a while, Zhao Tong says to Cheng mobing that she is still too kind-hearted in nature and not good at rejecting other people's demands.

"I want to talk to you about the court."

Cheng Mo Bing light said: "I know you are the wife of the court, but I can still tell you frankly, I like him."

Zhao Tong heart beautiful eyes across a strange, but still calm face, voice the same calm: "and then?"

"I hope you can give me the court. I'm a very reasonable person. I never like to force others. It doesn't matter if you don't want to give me the court. I'm willing to compete with you fairly."

Cheng Mobing's voice is also very flat, but his eyes are very sharp.

Zhao Tongxin's eyes also become fierce. For any woman who covets Jin Zhengting, she will not show her tenderness.

"I'm sorry, Miss Cheng. You've lost the chance to compete with me."

"Oh? Where should I begin? "

Zhao Tong stares into Cheng Mobing's eyes: "because Zhengting and I have been married, they are legal couples."

Cheng Mobing laughed: "legal couple? Miss Zhao Tongxin, do you think the marriage certificate is too important? To tell you the truth, I like your innocence very much, but for the sake of the court, I have to tell you that your so-called marriage certificate is just a piece of red paper in my eyes, which doesn't mean anything at all. "

She took a look at Xu Yanke and continued: "and I heard that you used to be Miss Xu's stand in and have no feelings with Zhengting. It's just that he paid the medical expenses for your adoptive mother, so you obtained the license with him. His purpose is to let you replace Miss Xu and become Jin's daughter-in-law. In this way, you are just a deal together. Why do I know Can't compete with you? "

"That was a long time ago. I admit that at that time, as you said, Zhengting and I just got together. However, we have been together for several years, and we have already had the relationship between husband and wife. So you should not presume that Zhengting will like you, because I know that he only has my position in his heart. If you don't believe it, you can try to chase him Qiu Zhengting, if you can succeed, I will congratulate you. "

As soon as Zhao Tong raises her pretty eyebrow, her tone is still polite, but her eyes have been hostile for a long time. She doesn't know what kind of person Cheng Mobing is, but no matter who she is, as long as she has the idea of Jin Zhengting, she is her enemy.

"Zhao Tongxin, Zhengting is the young master of a rich family. Do you think a woman from a common family can be worthy of him?"

With the deepening of their conversation, the conversation is more and more sharp. Cheng Mobing is the first to make trouble. She doesn't think it's necessary to be gentle with Zhao Tong. She wants to establish a correct value, that is, the rich should be equal to each other, at least in her heart, and she thinks it's her own advantage.

Zhao Tong light heart looked at Cheng Mo Bing: "Miss Cheng, I think you'd better put away your theory, I and the court together for a long time, he didn't think I have any bad, so don't bother you this outsider to tell."As soon as Cheng mobing's face changed, no one dared to talk to her like this. She took a deep breath, controlled her emotions, and hummed: "even if you don't think my values are correct, have you ever thought about what you can do for the court?"

"If I'm together in the court, I can give him a lot of things you can't give him, such as contacts, such as the market. I can create a lot of wealth for him. What else can you give him besides asking him to protect everything?"

She thinks that this has hit Zhao Tongxin's weakness, because according to her information, Zhao Tongxin has made no achievements in other aspects except working as a Secretary for Jin Zhengting for a few days since he entered Jin's house, but Jin Zhengting has saved her several times at the critical moment and even injured herself for her, so Zhao Tongxin can't beat her in this aspect.

"Don't show your superiority in front of me, I can give him a heart, maybe you don't think it's nothing, but you never know the joy when your beloved gives him the only heart, and I've begun to learn to take care of the company"

"because I'm willing to make changes for him, and you, you say you like the court, but I don't know I can't see any affection for him from your eyes. I think you just want to use the status of the head of the Jin family in Zhengting to achieve some ulterior purposes. "

Zhao Tong looks at Cheng mobing coldly. She has confidence in herself because she knows that she loves Jin Zhengting more than anyone else in the world.

Cheng mobing was speechless. She really wanted to use Jin Zhengting to win the power of the Cheng family. After reaching a cooperation agreement with Huo Tingchen, she didn't give up on Jin Zhengting. She wanted to let Zhao Tongxin see the gap with her. She didn't expect that she was such a difficult woman.

"Well, Zhao Tongxin, we'll see."

Cheng Mo Bing said faintly that Zhao Tong Xin has been regarded as a mortal enemy in her heart. Some people are natural enemies. Maybe it's not because Zhao Tong Xin competes with her for Jin Zheng Ting, but just a woman's instinct.

"I'm waiting for you."

Zhao Tongxin has always been a very gentle character, but she also has a rebellious scale, that is, no woman can try to compete with her for Jin Zhengting. If she meets such a woman, she will fight back without hesitation, because he belongs to her alone, and no one else wants to get involved.

Cheng mobing's eyes are burning with fighting spirit. She hasn't experienced the feeling of having an

opponent for a long time. She smiles a little at Zhao Tong, and then rings her fingers. Soon two men come over and open the door for her.

When she got on the bus, she still said to Zhao Tongxin, "this is not the end of the business. By the way, I invested in Xu Ting's jewelry company, and we can be regarded as peers, but peers are enemies. I hope you won't have a narrow road when you meet me again."

"No, when we meet again, maybe you are no longer in the jewelry industry, because Xu Ting was already bankrupt at that time."

Zhao Tong's answer is lukewarm.

Cheng Mo Bing's face a cold, no longer speak, toward Zhao Tong heart wave, hands started the car and left.

"Hey, what's the matter with you recently? It's not like you at all."

When Cheng mobing goes away and Xu Yanke is sure that all her subordinates have left, she says to Zhao Tongxin that she also feels strange. Isn't Zhao Tongxin like this?

Zhao Tong heart out of a long breath, hand gently stroked the abdomen, said: "it may be because of the baby in the stomach, he does not like other women play his father's idea."

"As your bodyguard, I don't like your idea, Zhao Tongxin. You don't know how dangerous your decision is. You dare to go to Huo Tingchen's territory alone. He is not easy to be on guard. You also have a conflict with Cheng mobing. I have dealt with her when Huo Tingchen is in charge. This woman is very difficult to deal with."

Xu Yanke thought of the scene just now, and said with a lingering fear that she was not worried about Zhao Tongxin, but was afraid of not protecting Zhao Tongxin well. Once something happened that she could not control, Jin Zhengting would be angry.

"It's OK. After returning to the company, you can tell me about Cheng mobing in detail. I have a hunch that she and Xu Ting will be our strongest rivals. For the future of the company, we can't take it lightly."

Xu Yanke snorted: "Zhao Tongxin, I'm only responsible for protecting your safety, and I have no obligation to give you other services."

Zhao Tong heart light said: "the company has 20% of your shares, I think you do not want others to play your assets idea, and the future of the company is related to the future of the group, you do not want to see the group crisis?"

Xu Yanke thought about it, sighed and said, "well, I'm not helping you, I'm looking at the 20% shares."

Zhao Tong Xin nodded and approved what she said, but with a smile in her eyes. Although her control is not very strong, she gradually won over Xu Yanke.

She has her own team, so she should give full play to the ability of everyone in the team, because she feels that in the near future, there will be more intense conflicts between her, Xu Ting and Cheng mobing. Therefore, she needs everyone in the team. It's true that Xu Yanke doesn't agree with her, but she recognizes Xu Yanke's ability, so she must get her help.

"Where are we going now?" After getting on the bus, Xu Yanke asks Zhao Tongxin.

Zhao Tong thought about it and said, "I think Huo Tingchen will definitely take action. We have to go back to the company as soon as possible."

"Yes, but don't talk to me like that in the future. I'm not your man."

Xu Yan can not say a good gas, started the car.

Chapter 400

"Mr. Zhao, you are back."

As soon as he entered the hall of the company building, Ma, who had been promoted to deputy director of the security department, nodded and bowed to meet him. It was like a little eunuch who saw Buddha.

Knowing that Xiaoma was waiting for her to come to the company, Zhao Tongxin showed a gentle smile: "it's hard."

"No hard work, no hard work. If it wasn't for Mr. Zhao's promotion, I would never have been in charge all my life, so I should serve Mr. Zhao."

Pony's face was touched, he said to Zhao Tongxin.

Xu Yanke gave him a white look: "Hey, it seems that I am the one who promoted you? Why haven't you been so kind to me? "

On the issue of Jin Zhengting, Xu Yanke naturally can't argue with Zhao Tongxin any more, but it doesn't mean that he doesn't compete with Zhao Tongxin in other places, such as his attitude towards pony.

Xiaoma almost looked at Xu Yanke without expression: "vice president Xu, even if you propose to give me a promotion, it must be approved by president Zhao. No, and two days ago on the cruise ship, I won five million yuan for you. It seems that you gave me five hundred yuan of pocket money? Anyway, I've already paid you back, so there's no need to be polite to you. "

Xu Yanke's eyebrows all stand up: "you say it again?"

Xiaoma shrinks his neck in fright and looks at Zhao Tongxin with help seeking eyes. Xu Yanke's Kung Fu is excellent, which he has personally experienced, so he dare not really annoy the vice president Xu.

"Well, don't make any noise. Xiaoma, go to inform Shaoyuan and Rongqi to come to my office. By the way, this is an internal meeting of the team, and you will also participate in it."

"Me?" Xiaoma looked at Zhao Tongxin incredulously: "Mr. Zhao, I don't seem to be an internal member of the team, do I?"

"Last time you went on the cruise ship with us, how could it not be? Well, go and tell them that we don't have enough time."

Zhao Tongxin gives Xiaoma an encouraging smile and goes up the elevator with Xu Yanke.

The pony was stunned for three seconds. Even Xu Yanke's eyes, which were enough to kill him a hundred times, were ignored. In his mind, he just kept repeating a sentence. Mr. Zhao regarded me as his own person.

In addition to some skills, pony is basically no different from ordinary people. Moreover, skills are of no use to the company. President Zhao even regards him as his own person, which shows how much Zhao always trusts him.

Xiaoma secretly vowed that he must do his work well to repay Zhao Zong's trust in him.

Not long after Zhao Tongxin returned to his office, Shaoyuan and Rongqi arrived. Xiaoma was the last one to come in. The four beauties in the room were the top class of the company. He was the only man with the least qualifications and ability, so he was a little stiff.

"Tong Xin, come to us. If you have anything to say, don't make it like a meeting. I'll feel uncomfortable all over." Spoon garden carelessly said, but also very unsightly put two slender strong legs on the table.

Rongqi and quietly sit on one side, also look at Zhaotong heart with inquiring eyes.

Xu Yanke doesn't look up and sits on his own sofa playing with his mobile phone.

Xiaoma has a solemn and serious expression. He is staring at Zhao Tongxin, like waiting for president Zhao's lecture at any time.

Zhao Tong Xin smiles at him and shows him not to be formal with his eyes. After all, this is not a formal meeting. Just relax.

After the pony received her eyes, the nervous tension really relaxed, and the whole person relaxed.

She then answered the question of Shaoyuan: "spoon, Xu Yanke and I just went to a company opposite."

Since the last injury has not been completely recovered, Shaoyuan and Rongqi have been staying in the hospital for the past two days since they came back from the cruise ship, so they don't know much about what happened in these two days.

"Tong Xin, you don't want to play the game. Come on, which company can make you fuss and call us all to discuss things?"

Shaoyuan's character has always been like this, and Zhao Tongxin has long been familiar with it: "it's Huo Tingchen's jewelry company, and it's just across the street. You can see it at a glance from our company's building."

Shaoyuan and Rong Qi are on the cruise ship with them, so they know something about Huo Tingchen's disguise as Cheng Mohan. Xiaoma is at a loss. He doesn't understand what they say, but he doesn't intend to express his opinion. In this small circle, he doesn't have the right to speak, and Xiaoma is very self-conscious.

"Huo Tingchen has set up a jewelry company, which is just across from us. His meaning is obvious. He is demonstrating to us."

Spoon garden said, went to the office window to look across, the opposite building has hung a huge banner, Tianhong jewelry company.

"It's not just a demonstration. I think he has other purposes."

Rong Qi thinks more deeply. She thinks that Huo Tingchen's action is a precursor to her company.

"Hey, can you stop saying these useless things? Such obvious things can be seen by fools. You'd better think about countermeasures as soon as possible. It's too late." Xu Yanke put down her mobile phone and said that she is the one who knows Huo Tingchen best among all the people here. She is very clear about what happened just now.

He must have started to act, which can be understood as Huo Tingchen's revenge, or he is preparing for a rainy day.

This is the consistent style of Huo Tingchen.

"Yes, this time we are called to discuss the countermeasures and how the company will go next."

Zhao Tongxin has spoken. She is now the core person in this small team, so what she says is usually the conclusion.

"Tong Xin, I have a deep understanding of the company's sales structure while recuperating these two

days."

Shaoyuan returned to his seat and said: "the company mainly deals in jade and precious stones. As the value of precious metals has been declining this year, the share of the company's products in the jewelry industry has continued to increase, and the monthly profit has shown an upward trend. Compared with precious metals, the company's jade and precious stones are more popular with consumers, so we can say that we have already made progress. With a number of stable consumer groups, we can even say that we have monopolized the market. Therefore, in this case, even if someone wants to seize our market, it is not easy. "

"Spoon, what do you think are the advantages of our company?" Zhao Tong Xin asked a very necessary question.

Shaoyuan just thought about it for a moment, and quickly replied: "price, our company has close cooperation with several countries producing gems in Southeast Asia. The company can buy Gems at a price lower than the market price. In Jiangbin, we also have several professional gem processing factories, which can directly manufacture finished products and save a lot of finished products, so we are in the same industry with other companies. Compared with other companies, the price of our products is very low. "

Zhao Tong thought about it and asked, "besides the price, how about the quality of our products?"

Shaoyuan replied: "Tong Xin, I have done special research. The quality of the company's products is the highest among the similar products, and there is enough guarantee for the quality. You can rest assured that high quality, high quality and relatively low price are the main reasons why the company's products are popular in the market. Other companies want to compete with us in these aspects, it's like beating the stone with the egg. "

What Shaoyuan said is that she has worked hard for the company's business, and what she said is right. In Jiangbin, Jin Zhengting's enterprises have a natural competitive advantage, and after years of accumulation, the operation of raw materials, processing, market consumer groups and other key aspects are very mature. Therefore, Shaoyuan thinks that even if Huo Tingchen opens a jewelry company to compete with them. The probability of success is basically equal to zero.

Zhao Tong Xin nodded, she was very satisfied with the ability of Shaoyuan.

"Spoon, it's up to you to deal with the market development. Let me know if there's anything unusual. Let's discuss it again."

Shaoyuan confidently said: "Tong Xin, don't worry. If they make any small moves in the jewelry market, we will know for the first time. After all, the group has been in this industry for so long, and the interpersonal relationship is not comparable to those people."

Zhao Tong heart half jokingly to Rongqi said: "your security department is too idle recently, this may

want you busy for a while."

"Tong Xin, it's our responsibility to protect your safety. Don't worry about that."

Rong Qi also confidently said that she had changed the company's security personnel. They were all Jin Zhengting's most effective bodyguards. With these people in the company, even Huo Tingchen, it would not be easy to attack Zhao Tongxin.

It is also Jin Zhengting's intention to transfer these people to the company to protect Zhao Tongxin.

Zhao Tongxin shook his head: "you don't have to protect me. I have Xu Yanke around me. The objects you want to protect are mainly the senior executives of the company and the senior engineers of the company's subordinate processing plants. I'll send you a list later. You should protect these people according to the list, and it's better to protect them 24 hours during this period of time."

"Tong Xin, the scale of the company is so large, there are many senior executives, and there are many engineers in the subordinate factories. Our security department may not have enough staff."

Rong Qi is a bit embarrassed to say that she can't understand why Zhao Tongxin wants her to do this seemingly unnecessary thing, but she is used to obeying orders. When she followed boss Jin Zhengting, it was like this. Now she is still like this when she follows Zhao Tongxin.

"If there are not enough staff, you can borrow them from other companies in the group, or directly recruit a group of security personnel. Your security department will do as it sees fit. I only have two requirements: high quality, and ensure the safety of senior executives."

Zhao Tongxin did this for a reason. She had a premonition that Huo Tingchen would not directly target her, but would start from the white-collar class in the company. These talents are the backbone of this huge company. Only by doing this to these people can we really threaten the normal operation of the company.

Zhao Tongxin transposes her position and thinks that if she is Huo Tingchen, she will definitely start from these people, or bribe, or threaten, or even directly make someone disappear. With his current power, she is fully capable of doing it. Therefore, Zhao Tongxin will specially strengthen the protection of these people.

Rong Qi doesn't like to think about these things, but she knows that Zhao Tongxin must have her purpose, so she nods and says, "OK, Tong Xin." "Well, Xu Yanke, your job is very simple." Zhao Tong Xin looks at Xu Yanke, who is still playing with his mobile phone, and suddenly raises his tone.

"I'm not deaf. I'll say anything." Xu Yanke is not happy with Zhao Tongxin's attitude.

Zhao Tong heart light said: "you are responsible for collecting Huo Tingchen's daily trends, and then report to me."

"Hey, I'm not your man, and it's not as easy as you think to collect his daily movements?" Xu Yan didn't say that she was too afraid of Huo Tingchen.

"Since you don't want to go, I'm not reluctant, but according to our agreement, I'll deduct 10% of your shares."

Xu Yanke got up from the sofa and didn't hesitate at all this time: "I'll go!"
