

# The Charismatic Charlie Wade Chapter 3916

When he said this, charlie didn't forget to stretch out his right hand, making gestures like a scissors hand.

When Mr. Luo heard this, his whole person was completely irritated!

He didn't believe that charlie could kill two six-star warriors with his own hands, and he still stoned them to death. This is simply a horror of the world!

So, he stared at charlie and said coldly: "Mr. Wade, I didn't want to hurt you, but you have irritated me with words several times. If so, don't blame me for being impolite! I will let you know with my fist. What is a six-star warrior!"

Having said that, he almost unthinkingly gathered his true energy into his fists and legs, and then rushed to charlie directly!

However, Mr. Luo didn't really want charlie's life, he just wanted to teach charlie a lesson, let him see the strength of the six-star warrior!

Mr. Luo's body rushed towards charlie like a fast truck. In his opinion, even if he didn't throw a fist, just hit charlie with his body, it was enough to kill charlie.

But what he didn't expect in his dream was that charlie didn't mean to dodge halfway at all. He just stretched out an arm lazily and said indifferently: "Six-star warrior, with me, it's no different from a dead dog!"

Feeling humiliated, Mr. Luo gritted his teeth and snarled, "You are looking for death!"

Having said that, the body burst out with stronger strength and rushed straight to charlie!

However, at the moment he was about to rush towards charlie, he suddenly felt that he had been sucked away all his strength in an instant, and the whole person fell into the desert like a grain of sand, without making any waves at all!

When he saw clearly, he was shocked to discover that charlie's right hand was blocking him at this time!

This made him struck by lightning!

Because he couldn't believe it, charlie just stretched out one hand and completely blocked his whole body, and even removed all his strength with one hand!

All the strength he had brewed just now seemed to sink into the sea at this moment, and the huge impact was instantly removed without a trace!

At this moment, Mr. Luo's worldview was completely subverted!

It was also at this moment that he finally realized that the gap between himself and charlie was simply the difference between the clouds and the mud!

He looked at charlie in horror, and asked with difficulty: "You...how do you...how do you have such a powerful strength...Who are you on earth!"

charlie raised his eyebrows and smiled: "You have asked this question three times."

Mr. Luo asked subconsciously: "You...what exactly is your cultivation base?! I have never seen someone who can surpass a six-star warrior before he is thirty years old..."

charlie asked him curiously: "Then have you heard of Abbas?"

“Abbas?” Mr. Luo blurted out: “I’ve heard that, the Hallmaster of the Wanlong Palace, the Eight-Star Warrior!”

charlie smiled and asked: “Then do you know how old he is?”

Mr. Luo shook his head: “This person is very mysterious, no one knows his specific information...”

Speaking of this, he suddenly came back to his senses and asked in horror: “You... the person you just called is Abbas?”

charlie nodded and smiled: “Yes, it’s him, but he is less than 30 years old this year.”

After speaking, charlie said again: “Also, I am not thirty years old, so it seems that your knowledge is a little bit less!”

The Luo family was taken aback, and finally realized what it means to be someone outside, and there is heaven outside the sky.

He always thought that abbas Army could have the strength of an eight-star warrior and run such a huge organization as Wanlong Palace.

Moreover, what he didn’t expect was that Abbas, as the lord of the Wanlong Palace, would even claim to be a subordinate in front of charlie!

Could it be that charlie in front of him is the real master of Wanlong Palace? !
