

The Charismatic Charlie Wade Chapter 3927

Charlie, who was in a completely opposite mood to Fei Kexin, was on his way home at this time.

After controlling Mr. Luo, he felt much more relaxed. Since that Fei Kexin still wants to hide his identity, Charlie can continue to play with her.

However, in order to clarify Fei Kexin's background, he called Abbas again. During the phone call, he asked Abbas: "Abbas, are there any details about Fei Kexin?"

Abbas hurriedly said: "MR. Wade, the information currently held by his subordinates shows that Fei Kexin is a young lady from the Fei family in North America, and this Fei family is a fairly powerful Chinese family in North America. But it is better than the Li family on Hong Kong Island and the Chinese banks family."

After talking, Abbas said again: "The founder of the Fei family, that is, the current owner of the family is called Jian. He is a creative generation who has studied abroad a few years ago, but it is now more than 90. It is said that his physical condition is not good. Great, I guess it's almost the end of the day."

When Charlie heard this, he suddenly realized, "No wonder this Fei Kexin has been trying to get close to me and my family. This is the reason..."

He has seen Jian's name from the auction registration list. Combined with the information feedback from Abbas, it is not difficult to guess that Jian must know that time is running out, so he can't wait to get one. Rejuvenation Pill, and he should be worried about an accident at the auction, so he sent Fei Kexin to the country in advance to find clues to the Rejuvenation Pill from other channels, which would also have the effect of double insurance.

After understanding this, Charlie asked Abbas: "What is the status of this Fei Kexin in Fei's family?"

Abbas explained: "This Fei Kexin is Jian's granddaughter, but she ranks the youngest among Fei's grandchildren, and the oldest of her brothers and sisters of the same generation is over fifty. She is only in her early twenties. It is said that she is more favored in Fei's family and is the granddaughter of Fei's favorite."

Charlie asked him, "How does Fei Kexin's father rank among Fei's sons?"

Abbas said: "Her father, like her, is also the youngest among his peers."

Charlie smiled slightly: "No wonder she worked so hard. Her father's generation must have no place in the family. The old man is also relatively old. Maybe one day he will let go. If you don't work hard at this time, you will fight in front of the old man. Some benefits, once the old man is gone, he will be assigned directly."

"Yes." Abbas sighed: "This is also a place that all big families are inevitable. After the new Patriarch takes office, he will definitely clean his brothers and sisters. When he is old, such things will happen. It will happen again to his children."

Charlie said yes, and then asked, "Abbas, is there any more detailed information about Fei Kexin?"

Abbas said: "master, Fei Kexin does not have much information. Her life history is mainly composed of two parts. One is from when she was six years old until last year. Most of the energy was basically put on In terms of academics, she is considered a genius and academic master. She was only 22 years old and had already obtained her PhD at Stanford. The other is that she has been exposed to business management since she was a teenager. Jian has Projects with a market value of more than 100 million yuan are handed over to her to practice. It is said that the effect is very good."

Charlie didn't expect Fei Kexin to graduate from Stanford.

Stanford is her mother's alma mater, so when you count it, Fei Kexin and her mother are under the same school.

However, this did not make Charlie feel a little more fond of Fei Kexin. Although he had a little appreciation for Fei Kexin's cleverness, he did not like it.

In Charlie's view, she had better retire because of what happened tonight, and it would be best to go back to the United States as soon as dawn tomorrow, so as not to trouble herself.

As for that Mr. Luo, of course he wouldn't kill him. In a big deal, he would erase this memory from him, and then find another chance to smuggle it to a certain country in Southeast Asia, let him find a way to go back.
