

Chapter 3942

“Kill!”

Everyone responded, and the sound was so loud that it shocked nine days.

“Jianghu Bai Xiaosheng obeys orders!”

“My subordinates are here.”

“Lead 5,000 soldiers to form the left team!”

“Yes!”

“Ningyue obeys orders!”

“My subordinates are here!”

“Lead 5,000 soldiers, Self-contained right team!”

“Yes!”

“Qing Ji, Mo Yang!”

“Yes!”

“You are divided into two envoys, the front and the rear, leading the main force!”

“Qing Ji understands!”

“Mo Yang is in charge! ” Where is

Yaoming!”

“My subordinates are here!”

“The Troll Palace is self-contained. You are huge and imposing. You are ordered to wait as a pioneer, dare you?”

” If there are people in the Troll Palace who are afraid of death, then they are no longer from the Troll Palace.”

When he finished speaking, he glanced at the disciples behind him: “We people in the Troll Palace, if we don’t play the vanguard, it would be disrespectful to us

. “

“Ha ha ha ha ha!” everyone in the Troll Hall laughed.

George Han nodded slightly, and then whispered again: “Fulin, where is Fumei!”

“My subordinates are here!” Fumei took the lead.

“My subordinates are here!” Fu Lin followed closely.

“Do you like this golden army?” George Han asked.

Fu Mei looked sideways and saw that this kind of army had been deeply shocked from the first time I saw it before. After all, many people might not be able to see such an army in their entire lives.

This is an army of kings that is both full of copper odor and full of strength.

Fu Mei and Fu Lin looked at each other and nodded.

“Okay, since you like it, then it’s the best.” George Han sighed: “Originally, if the younger brother is the city lord, and the elder sister wants to lead such an army of kings, it is equivalent to a strong alliance. No matter which

court you are in, it is quite taboo.”

“However, everyone here is not my soldiers, but my brothers, and you are also my relatives. I believe in you. Help me to obey orders.”

“My subordinates are here.”

” From today onwards, you are the leader of this king’s army.”

“What?”

As soon as these words came out, everyone’s eyes widened.

In particular, Fu Mei, who was the client, looked up at George Hanyi and was so shocked that she was speechless. She could hardly believe her ears.

George Han let himself lead the army of more than 10,000 kings?

“What? Why don’t you want to?” George Han laughed softly.

Fu Mei lowered her head, and her attitude was extremely humble: “Fu Mei has just come here, how can He De be in such an important position, and in the Mysterious People Alliance, it is not in Fu Mei’s turn for seniority, so...”

“Yeah, brother-in-law. My heart, our brothers and sisters

, but... but there are too many people who are more qualified than my sister.” Fulin also said anxiously.

“They are all surrendering troops, bearing infamy, and the same is true of you Fumei.”

“You all urgently need to prove yourself!”

George Han said, his tone slightly raised: “Now you are George Han’s brothers, and since that’s the case, I naturally want to help you clear your infamy.”

“You don’t want to prove to us all . People see, you surrendered not because you were cowardly, but because you chose wood for good birds? Don’t you want to tell those people what it means to move people and move trees to death? You don’t want them to see how good you are Is it?”

Hearing George Han’s words, Fu Mei gritted her teeth.

Think, how could she not want to?

Who doesn't want to use the current happiness to slap the "ex" in the face?

Thinking of this, Fumei buried her head heavily on the ground

: "Fumei leads the order, Fumei swears that Fumei will bring this army of kings to work hard, and if she doesn't do it, Fumei is willing to take the lead. Report."

"Fulin, your sister is a woman after all. I have appointed you to be the superintendent of the army, so you can help her."

"Fulin leads the order."

Mo Yang smiled lightly, knowing that Dao Twelve was next to him. Full of suspicion, he couldn't help but smiled softly: "Three thousand is taking advantage of people's hearts. Not only did he find a way to solidify the hearts of these people who just surrendered, but at the same time he gave them blood in disguise. The most important thing is that three thousand I still want to rely on this thing to cause psychological pressure to those who have not surrendered." As

soon as the words fell, George Han's already raised hand waved forward: "Towards the fallen city, the whole army, let's go!

"!!

The horn sounded, and the troops set off from the mountain in a mighty manner, and rushed all the way towards the direction of the falling city...

Chapter 3943

"Report!"

This is outside the city.

The soldier hurriedly ran into the coach's tent, knelt down directly, and said anxiously: "Report to Elder Shenlong, there are troops attacking our back from the mountains."

Ming Yu slammed the table and immediately stood up: "He is really as we expected. , it really took the initiative to attack."

"Elder Shenlong, give me 50,000 troops, and I will bring back 3,000 Han heads." Ye Shijun stood up at the same time, his eyes full of anger.

After learning that George Han was just using the air force to scare them, Ye Shijun's worry had been completely replaced by anger. At this time, he naturally heard that George Han led his troops to kill them, and the whole person was eager for revenge.

A trace of impatience flashed in Ming Yu's eyes. With this battle, she didn't know where Ye Shijun had the face and confidence to fight against George Han.

If it weren't for the fact that he was the son of the son,

Ming Yu really wanted to scold him and not look in the mirror first.

"I'll go." Pei Gu got up and looked at Ming Yu.

Ming Yu's actual intention is also Pei Gu. After several battles and defeats, Ming Yu has completely regarded George Han as another level.

Naturally, Ye Shijun or Zhu Yanshuo, maybe they are more than enough to face some other people, but if they want to face George Han, they are really not enough.

Pei Gu, the head of the Pei family.

In terms of ability and cultivation, he is definitely not under him. Naturally, he may be the only person who can match George Han.

"Patriarch Pei is willing to fight?" Ming Yu said happily.

"Hmph, they are all side by side, so what does it matter who fights or not?" Pei Gu snorted coldly: "Our goal is to win."

He is amazing, but the old man wants to meet this kid for a while to see what kind of skills this kid has."

After that, Pei Gu looked at his entourage: "Go and tell the troops to prepare, we will go to meet the enemy."

"Yes!" The

entourage hurriedly retreated.

Seeing this, Ming Yu also let out a sigh of relief, at least a lot of rocks fell in his heart: "Okay, then there will be Patriarch Lao Pei."

"Do you need to send more people?"

Pei Gu heard the words and was slightly taken aback, followed by a disdainful smile: "Can't my Pei family's 100,000 elite soldiers be able to deal with a stinky boy? How many people does he have?"

"According to our previous inference, if there are not many people in the woods at the foot of the mountain, then add the people we saw participating in the war. The number of people is estimated to be

less than 2,000, he has nearly 10,000 strange beasts, and it is estimated that more than 10,000 people surrendered to them when our troops retreated."

Hearing this, Pei Gu's face was even more disdainful, which means Adding up, the total number of people and beasts that can be beat is a little over 10,000 at most.

He was really convinced. With such a number, an army of 200,000 people would be frightened into such a state.

He really didn't know whether to laugh at these people pigs, or praise the enemy's clever trick.

"That's all, if Pei Gu wants to increase troops, wouldn't it be a joke to say it?" Pei Gu sneered and glanced at everyone present: "Sometimes Jiang is still old and hot.

"His tricks are probably enough to deal with you, but you want to play with me? Humph!"

“Wait and see how Pei someone avenged you.

“

As soon as the sound fell, Pei Gu turned around and left.

Ming Yu wanted to stop him and remind him that George Han needed to be treated with caution, but Pei Gu didn't give her any chance to dissuade her at all, and second, what he said really humiliated Ming Yu's group.

Zhu Yanshuo looked coldly at Pei Gu who was leaving, feeling uneasy, and smiled bitterly: “I don't know... I should wish him well, or wish him a taste of George Han's style.” A

few minutes later, the army of the siege city, the drums were bursting, and tens of thousands of tau fighters had already lined up neatly.

Pei Gu rides a fire unicorn, wears a long cloak on his shoulders, and holds a long sword.

Looking at the crowd of soldiers in front of him, he raised his sword and pointed directly at the mountains: “

Where are the generals!” “Yes!”

“Charge with me and kill!”

“Kill!

” Raid...
