

The Charismatic Charlie Wade Chapter 3970

Fei Kexin said truthfully: "I dare not say that I have absolute certainty, but at least I have made a certain breakthrough. The other party wants to invite me to dinner after the auction is over. If you fail to get the rejuvenation pill at the auction, I will I will take you to see him."

"Okay." Jian breathed a sigh of relief, and sighed, "Ke Xin, you really worked hard this time! You have been running around for this matter for so long."

Fei Kexin hurriedly said, "Grandpa, this is what I should do."

Jian sighed and said, "I hope this auction will be able to successfully take the Rejuvenation Pill, so that when the auction is over, you can go back to New York with me."

Fei Kexin smiled and said, "Grandpa, I believe you will be able to win."

...

When a large number of top wealthy people kept staying at Shangri-La, charlie was dragged by Claire to the most prosperous shopping center in Aurous Hill.

Since she received an invitation letter from the Rhode Island School of Design master class, she always felt that she owed Kelly West a great favor.

It just happened that the company didn't have much business today, so Claire took charlie to the street with him, planning to pick a gift for Kelly West.

charlie asked Claire: "Wife, do you have anything you want to give her?"

Claire nodded repeatedly and said, "I have already thought about it and plan to give her a Hermès handbag. I have seen her interview before. It is said that she herself likes Hermès very much, and she also has a hobby of collecting Hermès bags. , Then I might as well give her one to show my sincerity."

charlie smiled and said, "In this case, when you arrive at the store, choose a more expensive bag. As for the money, you don't have to worry about it. My husband has a lot more here."

Claire hurriedly said: "No need for my husband, I have also saved a lot of savings during the recent period. Let me do this by myself, otherwise, I will feel sorry for it."

charlie didn't insist too much, and smiled: "Then you have to do what you can, and don't buy too expensive gifts."

Claire smiled sweetly, and said: "I have been optimistic about it on the official website. There is a bag called the Birkin series, which sells the best now, and the price is not too expensive. If you don't choose the very scarce one. The materials and workmanship are probably in their early 100,000s."

charlie nodded slightly, and said, "The bag at this price is already pretty good."

Later, the two came to the entrance of Hermès. At this time, there was already a long line of dozens of people.

According to the staff outside the door, this is because there are too many customers in the store, and their store is a one-to-one sales service. Now all sales are carrying customers, so the store has begun to limit flow.

In order to line up to enter the store, the two waited for half an hour outside the door.

Half an hour later, the security guard outside the door said to charlie and Claire who were at the top of the line: "Please, please, our shopping guide will serve you immediately."

As he was talking, a young man with a warm smile on his face quickly walked towards the two of them.

As soon as we met, the man introduced himself: "Good noon for both of you. My name is Vivian. I am a shopping guide for both of you. I wonder what you two would like to see?"

Claire said without hesitation: "Hello, I want to buy a 30cm Birkin bag. I wonder if it is in stock?"

The shopping guide smiled and said: "Haha, the lady is really insightful. Our Birkin series has always been a super best-seller. There are many registered users, but the quantity of goods arriving in each issue is very small, so if you want If you get the bag as soon as possible, you may have to buy more things in our store and upgrade your membership level. Then the chances of winning the lottery will be greater!"

When Claire heard this, he asked with a look of surprise: "Don't you just buy it at the counter price of the package?"

The shopping guide put a smile away, and said with a bit of sarcasm: "This is my first time shopping at Hermès, isn't it? In our shop, there are no bags that are sold at counter prices, more or less. You have to buy some other accessories, otherwise, it is impossible to sell them to you."

Only then did Claire come back to his senses, and asked, "I need to buy some other accessories? This is what the Internet said, right?"

The shopping guide said of course: "Yes, now I want to buy a Hermès bag, this is the rule, no matter which country you are in, it is the same."

Claire asked tentatively, "Then I want to buy Birkin 30. How much do I need to match?"

The shopping guide said contemptuously: "The 30 cm Birkin bag has always been super popular. Even if you distribute the goods, you cannot guarantee that you will get the bag. Of course, the more you

distribute, the higher the priority. The higher the probability, whether you can get the bag depends on whether your rank and priority can rush to the front.”

charlie doesn't like the hidden tricks of shopping guides. Looking back on the last time he bought Hermes for his wife and old man, the shopping guide straightforwardly stated a specific number of 500,000 for a distribution. The delivery method is very uncomfortable, but in contrast, he still prefers to be more direct.

So, he opened the mouth and said to the shopping guide: “Don't be circumspect, just tell me directly, how much do I need to buy a Birkin 30?”
