

# The Charismatic Charlie Wade Chapter 3987

Bernard Elnor looked at Zhang Ermao's serious look, and at a certain moment he was about to be brainwashed by Zhang Ermao.

He looked at Zhang Ermao, and then at the Mona Lisa in charlie's hand. Repeatedly several times, his brain was already in a trance.

charlie also knew that Zhang Ermao was talking nonsense, but he really didn't expect that he would be able to make such a big set of stories with hundreds of thousands of turns, and he couldn't help but admire this old boy a little bit in his heart.

Among other things, his nonsense skills can definitely be regarded as first-rate.

However, Bernard Elnor quickly recovered, knowing that this must be a story made up by Zhang Ermao.

Let's not say whether this story is possible or not, even if it is true, it is impossible for this group of people to give this painting to themselves.

From the plastic imitation bronze wine bottle just now, it can be seen that the two people in front of them just want to pit their own money, and it is absolutely impossible for them to take advantage of half a cent.

So, he arched his hands at Zhang Ermao, and said with a pained expression: "This gentleman, I admire your eloquence, and I won't say anything for the rest."

After speaking, he looked at charlie again and said: "Sir, please give this painting... a price!"

charlie nodded and said seriously: "The Mona Lisa that was suspected of plagiarism is now hanging in the collection of the Louvre in France. Although it is impossible to put it up for auction, I guess if it is sold, it can at least be sold. To 1 billion U.S. dollars."

When Bernard Elnor heard this, his heart shook.

He secretly cursed in his heart: "If you dare to bid such a high price for this broken thing, I would rather not participate in the auction of Rejuvenating Pills, and I will never accept your distribution model!"

Immediately afterwards, charlie said with a smile: "This painting in my hand, just let Mr. Ernault pick up a leak. This painting, the jade seal that passed down the country and the bronze wine bottle, three things. Pack things together, and you can take 2 billion yuan!"

Bernard Elnor was dumbfounded after listening.

Two billion? !

He couldn't understand, what kind of people would be black to this level, just these three kinds of shabby, and even brazenly asking for 2 billion!

So he immediately blurted out: "Two billion is too much! Isn't tens of millions or even one billion not enough to make up for the loss of that one million? It's a hundredfold!"

As he said, he gritted his teeth and said: "If you are so shameless, then I would really rather give up this auction than accept your excessive demands!"

"It doesn't matter." charlie said lightly: "There will be rich people participating in the Rejuvenation Pill auction. You will not have more, and you will not have more. Just like the bags in your store, some rich people will rush to match. For those who don't want to spend money to distribute the goods, they just leave. You never care."

After speaking, charlie said again: "Mr. Elnor, there is one thing I want to remind you. If you refuse to distribute the goods this time and withdraw from the auction, you will be banned from participating in the auction for the rest of your life. You'd better consider it. clear."

Bernard Elnor was instantly scared after hearing this, and quickly said: "This gentleman, even if you want to distribute the goods, there is no need to say two billion? Can it be less?"

charlie looked at him and said coldly: "I'm sorry, Mr. Elnor, there is no room for you to bargain. With so many luxury stores all over the world, you don't know how much wealth you have madly collected every year by matching goods. Hundreds of billions may be said to be less, now let you take out one billion, you are not happy? In that case, then I don't think you need to participate in this auction, keep your money and go back to your France Go!"
