

Chapter 401

"Yes!" The man replied simply.

Suzi: "..."

Immediately afterwards, Arron said: "If you want Sanford to die in a foreign country."

Suzi immediately opened his eyes and looked at Arron: "Ze Yan? My brother, where is my brother now? You...will you tell me where my brother is? You..."

"He's not dead." The man briefed three words.

He knew that she had been wanting to ask him about Sanford recently. But every time the words came to her lips, she swallowed it back, because she was afraid that her inquiry would bring Sanford a murder.

Even if she was very worried about Sanford, she never asked.

But he knew that she had always cared about Sanford.

If it were replaced by any man other than Sanford, Arron might have broken that man into pieces. However, for six years, Suzi and the only mother and daughter have been dependent on Sanford for their lives. To save his life, then Arron not only does not have a wife now.

There is no daughter.

Therefore, Arron tolerated Suzi's concern for Sanford.

But it can only be about his life and death, nothing else.

But when Suzi heard Sanford, she couldn't control her whole body, and there were still tears in her eyes: "I beg you, please let my brother come back? He

can't move his legs. Disabled for life, for me, for your daughter, he has been disabled for life..."

"Do you want him to die without a complete body?" Arron asked.

Suzi shut up immediately.

She lowered her head, wiped away tears, and put on her clothes obediently. Then the man took her hand mechanically and walked out. As soon as I left the house, I saw Lilly who had just eaten. Lilly pouted and looked at his mother: "Mom, you are so ugly in this dress."

"Do you also think your mother doesn't look good in this dress?" Arron asked.

"Of course! What kind of clothes are these, ugly!"

"Look, the only thing that is really the same as Dad's vision. I told your mother just now that this dress is really ugly, but she has to wear it like this." The man said nonsense without blushing at all.

It's natural, just like the real thing.

Suzi: "...". She didn't know where the courage came from, she suddenly yelled 'Oh', and then raised her hand to grab Arron's face. It's good to see that the angry faces of man and god are scratched, so that the hatred can be relieved!

Helpless, she is small and small.

She is not his opponent at all.

Before she could catch her with her hand, he caught her in his arms, and said to her warmly: "Are you ashamed of acting like a baby in front of your daughter? Are you not afraid that your daughter will laugh at you. Huh? "

Suzi: "...".

"Hehehe, I don't laugh at my mother at all. My mother should act like a baby to my father. Mom is my father's, and my father is my mother. Hehe, you are like this. Beautiful, I like you to wear this dress. My opinion is different from that of badass dad." Shen Only's small eyes turned into crescent moons with a smile.

Arron: "..."

He discovered that the biological daughter he brought back with Bara's painstaking efforts was actually her god assist.

Very powerful god assist!

Aunt Li, who had just fed Lilly for dinner, couldn't smile when she saw the cozy scene of a family of three. She followed Lilly and said, "I also think the lady looks good in this outfit, at least it's comfortable. If the lady wants a second child If you don't, it's best to wear a relaxed and comfortable dress."

Suzi: "...". His face flushed with blood.

Chapter 402

The man laughed wildly, and held Suzi tightly again. Her hot cheeks pressed against her chest. He felt very real, and his tone became extremely soft: "Go, choose a beautiful one for the girl. Clothes, we are going to set off."

Her tone brought some involuntary aegyos: "Tell me, which one is the real you?"

The man smiled lazily: "When you only have me in your heart, you are the truest me."

What the hell!

There is no logic at all!

She doesn't understand, okay!

Doesn't she have him in her heart?

From the first time I saw him six years ago, from the time he felt that he and the man who took her away for the first time were alone, her heart has been poured on him.

But she has dignity and a sense of self-protection. The harm she has suffered does not allow her to open her heart to any man.

She would rather be indifferent for a lifetime, would rather wrap her heart in a poor snail shell, and would not want to be insulted.

She laughed mockingly.

In fact, from the outfit he chose for himself, she could also think of what he was thinking about. He didn't want her to go in and out with him. The reason why he let her go to Fu's old house was just to let the only one have a mother.

Let the only life no longer be like he was in the past, without the care of a healthy family.

That's it.

Don't worry, she is very acquainted.

With a sigh of relief, Suzi said, "Okay, I will choose a beautiful dress for the only one."

After speaking, he took the only one into the cloakroom. The man really loves his daughter.

How many outfits he bought for her, he bought twice as many outfits for Shen Zhongzhi. For small children, all kinds of outfits are worth more than tens of thousands.

She doesn't have to choose, just choose one can make the only one with enough foreign style.

The only choice for Suzi was a light pink windbreaker. The clothes were not too big nor too small for the only body, and they fit perfectly. The lower body was the only tight black tights, paired with light pink lambskin shoes. Then he gave the only ball head that was tilted to one side.

Gosh!

The little girl is poignant, just like a little star.

Lilly was held by his father, and the two walked together, reaping countless rates of turning heads.

It's really eye-catching and pleasing to the eye.

And Suzi is out of place with them.

But Suzi doesn't matter.

She thought about it. Today, she followed Arron to the old house of the Fu family. She must have been unwelcome. Even the ninety-year-old Fu family didn't use a walking stick to beat her out of her expectation.

She was just thinking about how she would spend this day in the old house.

The only thing she said to her on the road was half-heard and half-inaudible.

"Mom, when you get to Grandpa, if there are women who want to bully you, you must remember to find me."

"Yeah." Suzi was absent-minded.

"Mom, if someone asks you who you are, you must tell them that you are my badass dad's woman."

"Yeah." Suzi said absent-mindedly again. '

"Mom, if the two women I defeated last time go to the grandfather and grandmother's house, I will call you and we will beat them out of the grandfather and grandmother's house together. Okay, mom?" Lilly has always been brave and brave. .
