Chapter 404. Got an opinion?

The two nurses smiled and hurriedly went forward to help help Chu Yuan onto the wheelchair to the side.

‘Ah pain,’ Chu Yuan’s buttocks had just stuck to the wheelchair when he pushed the soft female nurse away and shouted angrily, ‘Be gentle, you’ll kill me!’

The nurse stumbled as she was pushed and hurriedly ducked to the side.

Gritting his teeth, Chu Yuan glared at Sun Dong and said through gritted teeth, ‘Wait for me, let’s settle this score later!’

‘What do you want to settle with Sun Dong?’ Chu Zhengting immediately picked up the conversation and scolded, ‘I think you should try to move him, if it wasn’t for Sun Dong, I wouldn’t have thought of this solution, you still can’t thank him enough, and you still want to take revenge on him?’

‘But Dad, what’s his bad idea? I’m going to apologize to that yakuza? You don’t even know how disgusting that yakuza is, and even if you apologise to that dog, it won’t help, you’ll see, it’s all for nothing!’

‘But Young Master, this is our last resort.’ Sun Dong suddenly spoke up, ‘You probably don’t even know what a predicament our company is in right now, do you? The company has no more than eight hundred thousand dollars available, and it won’t last until tomorrow, and it’s certain that no one will come to our aid, so this is our last resort.’

Sun Dong paused and continued, ‘What’s more, to put it bluntly, the Chu family’s current situation is all because of you. For the sake of the Chu family to get through this difficult time, are you not even willing to pay for this?’

What Sun Dong said was naturally the truth, he had been with the Chu family company since he graduated from university, he had feelings for the company, and he did not want the company to collapse.

Sun Dong looked at Chu Yuan with a serious face, and finally said, ‘What should be said, I have already finished, and the reasoning has also been clearly explained, Young Master, what you do, is your business.’

‘Listen to you listen to you!’ Chu Zhengting said, ‘You are about the same age as Sun Dong, listen to what he said, and look at the bullsh\*t you said, don’t you feel blushing? What else do you know how to do besides cause trouble?’

Chu Yuan gritted his teeth with a look of disdain.

He sighed and glared fiercely at Sun Dong, ‘Fine, I’ll go with you today, but remember, Sun, if this works today, then I won’t pursue you, but if it doesn’t, if our father and son are humiliated by others, you’ll see how I’ll deal with you! I’m not finished with you!’

After he finished speaking, Chu Yuan then yelled down at the story behind him, ‘Stop looking, hurry up and push me away!’

Chu Zhengting sighed and looked at Sun Dong, he smiled heatedly, 'Xiao Sun ah, you don't mind, this son of a b\*tch is this dog temper, let's go.'

Of course, Chu Zhengting knew very well that Sun Dong was a rare talent, especially when it came to business management, he was simply a natural material.

It was just that he was too straightforward in nature, so over the years, he had only achieved the position of secretary.

'If today's crisis can really pass, it seems that we really have to pay proper attention to value this Sun Dong, ah.' Chu Zhengting muttered, and also stepped out.

The conference room of the Haoyuan Group was full of people.

Jiang Hao left from You Yun's place, first made a phone call to Ye Yunjie, and then dived into the Huoyuan Group.

In the conference room, Jiang Hao was sitting on the main seat, and beside Jiang Hao, Ye Yunjie was standing silently on the side with a serious expression.

Beside the two of them stood a pile of people, led by none other than Liu Guohao.

Just ten minutes ago, Liu Guohao's group had been severely criticised by Ye Yunjie.

Ye Yunjie was of course clear that she was also very much responsible for this incident, which belonged to lax supervision, knowing that she had been in charge of this project since its inception.

And in the end, such a serious problem was not discovered by herself, or Jiang Hao found it out, she could hardly be blamed for it.

'Jiang Shao, I request punishment.' Ye Yunjie spoke up.

Jiang Hao thought for a moment and waved his hand, 'We'll talk about your matter later.'

Immediately afterwards, Jiang Hao looked at Liu Guohao's group of people with an indifferent expression, 'General Liu, in this matter today, I hope you must give me a reasonable explanation, otherwise your identity as the general contractor, I see that it needs to be discussed as well.'

Hearing Jiang Hao's words, Liu Guohao's body involuntarily trembled.

'Young Jiang Jiang, I know I'm wrong, it's all my fault, don't worry, I'll definitely take this as a warning, I'll immediately conduct a thorough investigation, as long as the company is not qualified enough, I'll definitely clear out all of them, I'

Jiang Hao waved his hand and sneered, 'Oh, come on, I've been waiting here for so half a day, can't it be that you're just going to use these few words to get me through?'

Jiang Hao whirled and became unusually serious, coldly saying, 'I think the matter of thorough investigation should be forgotten, because this matter will not be in your charge anymore, I will send someone to do this matter, in addition, from now on, all the engineering standards will be set by us again, in addition to some key projects, I will also personally appoint someone to do it!'

Hearing Jiang Hao's words, Liu Guohao's face suddenly changed in shock and he hurriedly said, 'Jiang Shao, if you say so, won't it be'

Although Liu Guohao didn't finish his words, the meaning was already clear.

When he and Ye Yunjie were negotiating before, he was responsible for all the projects in the whole city south project.

But if we follow what Jiang Hao said this time, does that mean that he cannot intervene in many of the key projects in this south of the city project?

You know, the more projects you take over, the more money you will make.

And according to Jiang Hao's meaning, wouldn't it be the same as being hollowed out? In the entire south of the city project, the most lucrative projects, and their own no longer have a chance?

Of course, Liu Guohao did not want to work for nothing.

Only when he was about to whine, he was called by Jiang Hao: 'What's the matter Mr. Liu, you don't agree?'

'It's not that I disagree with it Jiang Shao, it's just that'

'Just what? I think you should understand that for your current mistake, I can even terminate your contract and sue you for breach of contract, I am already being kind to you now, do you still want to complain about something, Mr. Liu?'

With two words, Jiang Hao immediately scared Liu Guohao into not daring to say anything.

He knew that if Jiang Hao really sued him for breach of contract, he wouldn't be able to make a little less money for himself, he would need to compensate people for a lot more.

So now Liu Guohao had no choice at all, even if Jiang Hao was asking him to work for him for nothing, he had to agree to it.

Who let it be his fault?

At this moment, Liu Guohao simply had the heart to smack himself.

He had wanted to make a fortune, but in the end, not only did he not make any money, but he had lost his money by stealing a chicken, so Liu Guohao felt as uncomfortable as if a stone had been stuck in his heart.

But at that moment, the door of the meeting room was suddenly knocked on, and then Chu Zhengting pushed Chu Yuan to come in.

#### Chapter 405 - Yielding

At this moment, the gazes of everyone in the conference room fell on Chu Zhengting and Chu Yuan's father and son in unison.

It was important to know that most of the people present were those who had participated in the City South project, and most of them had been informed today that they were about to be expelled from the City South project.

At this moment, of course, everyone present knew very well that it was none other than Chu Zhengting and Chu Yuan, father and son Jiang Hao, who had brought them to such a fate.

It was they who had angered Jiang Hao and directly caused him to start liquidating them all.

So because of this, when everyone present saw the Chu family appear here, their eyes were even filled with hatred and disgust.

Jiang Hao didn't know Chu Zhengting, but he knew Chu Yuan and could think that the person pushing Chu Yuan was bound to be Chu Zhengting.

Jiang Hao didn't say anything, just looked at Chu Yuan with an indifferent expression.

Chu Zhengting entered the door and looked around, finally landing on Jiang Hao's body, he was full of smiles and went forward to greet him: 'You are Mr. Jiang, right? I am Chu Zhengting, the president of the Chu Group, and I am here today to bring my son, who is indisputable, to make amends to you.'

'Make amends?' Jiang Hao pretended not to understand his meaning and smiled slightly, 'What is wrong with President Chu?'

Chu Zhengting's face was slightly embarrassed as he continued to laugh, 'Aha, it's all my fault that this indisputable sinner has reinstalled Jiang Shao, Jiang Shao please calm your anger, I've taught him a good lesson, he also knows he's wrong, hasn't he already come over to apologise to me?'

As he spoke, Chu Zhengting hurriedly pushed Chu Yuan and said in a low voice, 'Hurry up and get up, go up and apologize, the success or failure of our Chu family today depends on you!'

Chu Yuan had a reluctant face, he looked at his father, a little resistant, slightly turned his head sideways and did not say anything.

You know, a few hours ago, this man in front of himself was still being mocked by himself wantonly, how much time had passed since then, and he was asking himself to go and apologise to him? Chu Yuan was a little uncomfortable in his heart.

He knew that if he apologized to Jiang Hao and gave in, he would become the laughing stock of the entire Chu River the next day.

Of course Chu Yuan did not want to do so, he had already given his father a great deal of face by coming here today.

‘Heh, so this is how Mr. Chu came to make amends and apologise, huh?’ Jiang Hao saw that Chu Yuan was hesitant to move and couldn’t help but snicker, ‘Then I see, this apology, it’s better not to say anything!’

Hearing Jiang Hao’s words, Chu Zhengting immediately tensed up, obviously he was clear that Jiang Hao was already getting angry.

If he brought Chu Yuan here, instead of apologizing to the other party, it would add to the other party’s heart, so he might as well not come.

Chu Zhengting hurriedly said, ‘No, no, no, no, it’s not that, Mr Jiang, Chu Yuan has injured his foot and has some difficulty moving around, so’

‘Oh, mobility problems, right? Then you guys go back to recuperate quickly, what are you doing here?’ Jiang Hao said with a smile.

Jiang Hao’s words once again caused Chu Zhengting’s face to turn red, he couldn’t stand the humiliation and hurriedly pushed Chu Yuan, scolding him in a low voice, ‘Are you deaf? Hurry up, get up and go apologise to Two Thousand!’

Chu Yuan still had a reluctant look on his face, turned around and glared at Chu Zhengting, hesitated for a moment and finally reluctantly struggled to stand up.

‘Young Chu’ Sun Dong, who was following behind, saw this and rushed up to help him, but was pushed aside by Chu Yuan.

‘Get the hell out of my way!’

Sun Dong had a helpless talk and had to meekly flee to the side.

At this moment, all eyes in the meeting room fell on Chu Yuan, with people whispering every now and then.

Chu Yuan’s face was red and he looked uncomfortable.

‘Young Master Chu, how are you?’ Jiang Hao said indifferently, ‘I never thought that after not seeing you for a few hours, you’d still be injured? Heh, by the way, I remember, before you didn’t believe that I could kick your Chu family out of the City South project, ah, why, now do you have anything to say?’

Chu Yuan clenched his hands and lowered his head without saying anything.

Jiang Hao continued, ‘Young master Chu, don’t say nothing, huh? Weren’t you very proud of yourself before?’

‘Ah Jiang Shao, it’s all because this kid is arrogant and ignorant, don’t take it personally, I’ve dragged him over here especially to make amends to you, please calm down.’

As he spoke, Chu Zhengting hurriedly reached out to hold Chu Yuan’s head down and scolded, ‘Dog, what are you still doing? Hurry up and apologise to Mr Jiang?’

Chu Yuan still resisted a little, but he was still pressed down hard.

‘Say something, huh? Say you’re sorry!’ Chu Zhengting scolded loudly, ‘Hurry up and say something to me!’

Chu Zhengting was obviously furious, for he knew very well that Jiang Hao’s attitude today would directly affect the success or failure of their Chu family, and he certainly didn’t care about his son’s pathetic face.

Chu Yuan was puffed up with anger, gritting his teeth for a good half a day before he squeezed a sentence out of his teeth, ‘Yes sorry’

‘What did you say?’ Jiang Shao asked with an expressionless face, ‘I’m sorry, you said it too quietly, I couldn’t hear you.’

‘You Special’ Chu Yuan almost cursed when he heard Jiang Hao’s words, his eyes filled with fire as he glared at Jiang Hao, as if his whole body was about to explode.

Jiang Hao was still expressionless, his gaze calm as he looked at Chu Yuan and said, ‘I said I can’t hear you, if you just come to apologise like this, then I’m sorry, I think you should go back, I can’t accept this kind of apology, and I don’t dare to accept it!’

When Chu Zhengting heard that, he immediately got nervous.

He was afraid that Jiang Hao would open his mouth and drive them away, then their Chu family would really be finished.

In his desperation, Chu Zhengting kicked Chu Yuan in the back of his leg, and Chu Yuan let out a miserable scream as he fell forward, kneeling directly in front of Jiang Hao.

He seemed to forget the pain and looked back at his father in disbelief, ‘Dad you’

‘You what you!’ Chu Zhengting hurriedly shouted, ‘What time is it that you are still talking nonsense, do you think you are doing this for yourself? You are doing this for the entire Chu family, do you understand? If the Chu family is finished, you are also finished. With the Chu family, you dare to grit your teeth and clench your fist now, but when the Chu family is gone, you are just a dog, who will care about your feelings? Don’t you understand that?’

When Chu Zhengting said this, Chu Yuan of course also woke up.

Indeed, his past arrogance, his past bravado, his past recklessness, was because he had a powerful Chu family behind him. But if the Chu family was gone, how could he still have any capital to be arrogant and cocky?

Thinking of this, Chu Yuan stared at his father and suddenly hit his head on the ground.

Chapter 406 - Begging you

‘Young Jiang! I was wrong!’ Chu Yuan’s voice was so loud that everyone in the entire conference room could hear it clearly.

And his head, which was knocking on the ground, did not lift up for a long time, his mouth still saying loudly, ‘Young Jiang, I was wrong. Jiang Shao, I was wrong.’

After a few minutes, Chu Yuan’s voice became hoarse, and Chu Zhengting could not stand it anymore, so he hurriedly stepped forward and begged for mercy, ‘Jiang Shao, look at this, if you keep shouting like this, Chu Yuan’s voice will be ruined, please be kind and forgive him this time, I beg you.’

Jiang Hao looked down at the Chu family, and there was not a trace of sympathy on his face.

This was all their own doing, and Jiang Hao had long since lost all thoughts of sympathy for them.

Didn’t you, Chu Yuan, think that you could be lawless by relying on the Chu family? Then I will let you know today what it means to know that there are people outside the sky.

Jiang Hao also knew clearly that after today’s incident, it was probably time for this Chu Yuan to have a better memory.

He sighed lightly and said, ‘Alright, today is a lesson for you, Young Master Chu, I hope you can restrain yourself in the future and stop being so arrogant, what do you think you have brought to you by being so arrogant?’

Hearing that Jiang Hao had loosened his tongue, Chu Zhengting hurriedly went to help up Chu Yuan, and thanked Jiang Hao even more repeatedly.

‘Thank you Jiang Shao, thank you Jiang Shao son, thank you Jiang Shao quickly’

Faced with his father’s words, Chu Yuan was indifferent, although he had conceded with his mouth, his heart was still filled with disgust towards Jiang Hao.

He had subjected himself to humiliation, and he still wanted to thank him? Dream on!

As he helped Chu Yuan back into his wheelchair, a trace of composure finally appeared on Chu Zhengting’s face.

Because in his opinion, now that Jiang Hao said he had forgiven Chu Yuan, then the matter of himself being kicked out of the city south project could probably be renegotiated.

If the audit is not passed, he will fight to pass it, if not, he can let some profit out again.

The first thing you need to do is to get the project out of your hands.

After he finished speaking, Chu Zhengting hurriedly turned back to Jiang Hao with a pleasing smile and said, 'Jiang Shao, you are really generous, you can forgive Chu Yuan, I thank you for him, thank you so much'

Chu Zhengting suddenly lifted his head, his smile was withdrawn for a few moments, and he continued with a cautious look, 'Jiang Shao, since you have forgiven Chu Yuan, do you think that our Chu Group can continue to participate in the project here in the south of the city?'

As soon as Chu Zhengting finished speaking, the entire conference room was once again silent, with everyone not daring to breathe as they looked at Chu Zhengting, and then at Jiang Hao, each face full of questions.

When Jiang Hao heard Chu Zhengting's words, he frowned slightly and raised his eyebrows at Chu Zhengting: 'What did you say? You're going back into the City South project?'

'Yes, yes, I know, the City South project is your heart and soul, Jiang Shao, I want to make up for my mistake and also want to give you a share of the effort, don't I?'

Jiang Hao smiled, suddenly snorted a laugh: 'Oh, contribute ah Mr. Chu you really know how to talk, then for this word of Mr. Chu, shouldn't I also thank you?'

Jiang Hao's words had a hidden needle in them, which immediately made Chu Zhengting a little nervous and put away his smile, 'Yes, I want to contribute for you, Jiang Shao, you have already forgiven Chu Yuan, then our Chu family, can not return to the south of the city project'

'Bullsh\*t logic!' Before Chu Zhengting could finish his sentence, he was interrupted by Jiang Hao with an assertive shout, 'General Chu, what are you thinking? How can you say such things? How is it that just because Chu Yuan apologised to me, your Chu family can return to the City South project?'

'But you kicked our Chu family out of the South City project before, wasn't it because Chu Yuan had offended you? Now.'

'Oh, General Chu, I see that you've also been running the shopping mall for so many years, why are you so naive and innocent?' Jiang Hao sighed and said, 'Indeed, kicking your Chu family out of the City South project was because Chu Yuan had offended me, but do you think that just because he apologised to me, I have to let your Chu family return to the City South project? May I ask what kind of logic you are using?'

Jiang Hao looked a little exasperated, glanced at Liu Guohao and continued, 'The City South Project, is a business project that I am focusing on investing in, I hope that Mr. Chu, and everyone else here, can understand one thing, your ability to get into the company for the City South Project is not because of someone's connections or not! It's not because I, Jiang Hao, am in a good or bad mood, but whether you really have that strength to be able to participate in the project and be able to cause your share of the work smoothly!'

'If your company doesn't even have the basic ability to complete the project, then what do I want your company to be involved in the project for? Is it good that one day after the completion of the City South project, two buildings suddenly collapsed and a few towers suddenly caught fire? Is that the purpose of your involvement in the project?'

As soon as Jiang Hao finished his words, the crowd present lowered their heads.

They certainly understood that Jiang Hao's words hit them right on the head and were talking about them.

Among these people present, a large portion of them had no engineering qualifications at all, and some of them were even skin companies, and they were mixed into the City South project just to skim off a layer of oil and water for themselves.

In the past, Jiang Hao did not understand these things, and if they really did that, he could not do anything about it.

But the coincidence was that Chu Yuan's appearance had given Jiang Hao a big wake up call.

Jiang Hao began to pay attention to this problem, and in just one afternoon, he directly uncovered so many companies that were not qualified but were involved in the project.

Jiang Hao has already made up his mind that he must deal with this matter seriously, because this matter is a standard and a bottom line for himself in the future. Anyone who dared to touch this bottom line would have to wait for his or her wrath to overwhelm him or her.

Jiang Hao finally landed his gaze on Chu Zhengting once again and couldn't help but give a bitter smile, 'Mr. Chu, my words have come to an end, may I ask, do you still want to ask me if your Chu family can return to the south of the city project?'

Chu Zhengting's face turned red at Jiang Hao's words.

He had come here full of joy, thinking that if he gave Jiang Hao an apology, he would be able to return to the City South Project without any problems, and his family would be able to live again from then on.

But Chu Zhengting realised at this point that he had thought too much, that he had thought it all too simply.

He had taken it all too literally. He was like putting his hot face on a cold ass.

People hadn't thought about it at all, to let themselves back into the south of the city project, and with all the things Jiang Hao had done today, it seemed that he was already determined and wanted to make things typical for his own family.

'But but Jiang Shao, our Chu family has already smashed in all of our lives for the city south project, you kick us out now, our Chu family will be finished ah!'
