

The Charismatic Charlie Wade Chapter 4062

“The point is, you have to buy it back!”

“If I can’t buy it back, I’ll spend \$220 billion to eat it first. How can I deal with my family when I go back?”

“Besides, I’m still so young, spending so much money and eating such a rejuvenation pill will definitely arouse dissatisfaction and jealousy from the rest of the family, and it will be implicated at that time.”

“So, if I can’t take the Pill with me tonight, then I absolutely can’t buy it and eat it myself...”

“However, I managed to take a picture of it, and even offended Uncle for it. If the bamboo basket is really empty, I’m... really unwilling!”

Just when he hesitated and struggled, Jasmine moore asked again, “Number 099, do you want to pay?”

dhilon hesitated for a moment, put down all his dignity, and pleaded aloud: “I beg you, make an exception for me! If 100 billion US dollars is not enough, I am willing to add 50 billion more!”

Add another 50 billion, and that’s 370 billion!

Countless people at the scene were stunned, and they never dreamed that there was a big guy who could take out \$370 billion in cash hidden in the field!

What the hell is this guy up to? !

And dhilon knew very well in his heart that Huichundan himself would definitely not be eaten, and after eating it, it would definitely become the target of public criticism.

Therefore, he has only two options.

Or take Huichundan away.

Or walk away empty-handed.

So, he could only try one last time.

If you can take it away, everyone is happy!

If you can't take it with you, as long as you don't have money to buy the rejuvenation pill and eat it yourself, you're doing your best.

In this case, you have no credit or hard work.

However, charlie was not lured by money at all.

He said on the walkie-talkie, "Jasmine, follow the rules and have him kicked out!"

Jasmine moore did not dare to be disobedient, and immediately said: "In view of the rules that No. 099 repeatedly provoked us, and the repeated warnings were invalid, now we ask our staff to expel 099!"

There was an uproar again!

No one expected that the organizers would give up \$150 billion in cash just to maintain their principles.

And dhilon was completely stunned.

He really couldn't figure out what kind of god was behind Pill this time, and he didn't even pay attention to the 150 billion US dollars!

At this time, several Wanlong Palace soldiers had come to him, and one of them said coldly: "099, please leave with me immediately, or I will force you to leave the scene!"

dhilon knew that it was impossible for him to take Huichundan away this time, so he could only sigh and nodded helplessly.

Then, he walked out of his seat, looked at Jian not far away, and cupped his hands and said, "Uncle Jian, I'm sorry!"

As soon as he finished speaking, he was led to the gate by two staff members.

At this time, Jian's heart rekindled hope.

Although he still didn't know what the organizer would do with the rejuvenation pill, seeing dhilon leave, he knew that he was suddenly bright again!

Seeing that dhilon was taken away from the auction venue in despair, everyone on the scene was shocked, but also began to wonder how the organizer would respond next.

What Jian hopes most is that the rejuvenation pill can be re-shot.

In that case, he only needs to bid one hundred billion dollars to defeat Bernard Ernault.

However, after receiving the detailed instructions from Charlie, Jasmine Moore immediately said, "In view of the fact that No. 099 was expelled from the arena for violating the rules, now this rejuvenation pill will be given to each person in turn according to the prices of other people just now. An opportunity for the bidder to make a sure purchase."

After that, she looked at Jian and said, "No. 035, your highest bid just now was 210 billion US dollars, so you are buying the No. 1 rejuvenation pill, may I ask if you are willing to pay this price? Price deal for this rejuvenation pill?"

Jian was overjoyed, but the businessman's nature still drove him, and he asked tentatively, "Since No. 099 has left the scene just now, can this rejuvenation pill be re-shot?"

Jian felt that when Dhillon was gone, there was no one else in the audience who was his opponent.

He waited eagerly for Jasmine Moore's reply, but Jasmine Moore said decisively: "No! If you give up buying this rejuvenating pill for \$210 billion, the chance to buy it will be handed over to No. 016."

After that, she looked at Bernard Arnault again and said, "No. 016, your highest bid just now was US\$72 billion, and you are in the second place to buy Huichundan, if No. 035 gives up, you will have the opportunity to buy this rejuvenation pill for 72 billion!"

Speaking of this, Jasmine Moore's expression froze, and she said to the audience, "As I have always emphasized, for us, money is never the first! Rules and fairness are!"
