

Super Rich Dad Chapter 407-408

Chapter 407 - No longer need you

‘Jiang Shao, take it as a plea, even if you help us, if you don’t let us return to the south of the city project today, then the Chu family will directly go bankrupt ah, then the dozens of people up and down my Chu family will all be on the streets and become dogs in mourning ah’

At this point in time, the only thing Chu Zhengting could play with Jiang Hao was the card of bitterness.

He hoped that Jiang Hao would have a little sympathy for himself, even if he only gave himself a small chance to give the Chu family a chance to pull through?

‘Young Jiang, I promise you, as long as you can help me get through this immediate difficulty, I my Chu family will be a dog of yours from now on, whatever you say’

Chu Zhengting’s words were very heavy, because there were other people in this meeting room, and there was no need to think, once he said this, the next day the whole Chu River would definitely know.

At that time, the Chu family would definitely become the laughing stock of the entire Chu River.

But now, Chu Zhengting had no choice, what was the use of fame? What he wanted was for the Chu family to survive.

As long as the Chu family could survive, he would do anything willingly.

If Jiang Hao was determined not to let him and the Chu family go, then he would lose everything from now on.

Chu Zhengting looked at Jiang Hao with apprehension and his hands were beaded with sweat.

But Jiang Hao remained indifferent.

This young man, who had a good heart not long ago, seemed to be a different person at this moment; he had become incomparably firm, even a little cold-blooded.

‘You go.’ Jiang Hao said indifferently, ‘I can tell you this, from now on, the Chu Family will not be involved in any of my projects, and as for your Chu Family’s death or survival, it has nothing to do with me!’

Jiang Hao’s words were cold and icy, and the moment he said them, Chu Zhengting’s entire body was completely frozen as if he had been struck by lightning.

It was over, this time he was really finished.

Chu Zhengting almost burst into tears, and it was only after a long time that he withdrew his dull gaze and looked at Jiang Hao with resentment in his eyes: 'Are you sure you want to do this to me? Are you sure you're not going to save my Chu family from death?'

Jiang Hao's face did not change, as calm and steady as ever, as he gently spat out a few words, 'I said your death or life. What does it have to do with me?'

There was certainly nothing wrong with Jiang Hao doing so.

In the first place, the death or death of your Chu family had nothing to do with me, and it was entirely thanks to your father and son that your Chu family had ended up in this situation.

It was you who first offended me, and it was you who first tried to squeeze the oil out of me, but now that you can't squeeze the oil out of me, you act as if I owe you a favor and have to rescue you? Is there any such logic under the sun?

If it was a few months ago, Jiang Hao might have been merciful enough to let the Chu family go.

But now, Jiang Hao would not.

At this moment, Jiang Hao was respectfully becoming more and more aware of what he should do and how to do things.

Jiang Hao probably should have moved to be compassionate, that way, the Chu family would at least not end up so miserable.

But then, in the end, it would be Jiang Hao himself, as well as his City South project, and those under his command who would be screwed.

If Jiang Hao chose to let the Chu family go today, then the prestige he had built up in front of these people with one afternoon before would be instantly gone.

And these people would still treat themselves like a child, and instead of trying to respect you, they would laugh at you and calculate you behind your back.

And the more fierce Jiang Hao acted in front of these people today, the more he would be able to deter these people, and the more he would make these people fear him.

From now on, Jiang Hao believed that there would never be anyone who would dare to touch his bottom line again.

Jiang Hao finally quietly glanced at Ye Yunjie and nodded slightly.

Because all this was actually something that Ye Yunjie had told herself, and Jiang Hao himself was just a student who was now learning.

It was just that Jiang Hao's performance had really made Ye Yunjie feel surprised and pleased.

‘You, you,’ at that moment, Chu Zhengting’s sorrowful voice suddenly interrupted Jiang Hao’s thoughts, and he stared at Jiang Hao fiercely, as if he had seen an enemy, ‘You’re trying to deliberately get my Chu family killed, aren’t you? All of this, you did it on purpose, you just want to get my Chu family killed’

Jiang Hao turned his head sideways and looked at Chu Zhengting, ‘If you think so, then so be it, now that I’ve given you all the answers you want, please leave!’

Jiang Hao gave the expulsion order, and the few black-clad strong men behind Ye Yunjie immediately walked over.

There was no need for these few men to drive them away, even a few of them standing there was already enough to deter the Chu family’s father and son from leaving.

Chu Yuan also glared fiercely at Jiang Hao, clenching his teeth as he said, ‘Humph, I knew it would end this way, huh it’s ridiculous, to think of apologizing to you? I really feel disgusted’

‘I advise you not to be too complacent either, because I reckon you won’t be able to be complacent for long, thirty years in the east and thirty years in the west, your retribution will come sooner or later!’ Chu Yuan said coldly, ‘And remember, I remember you today, you better not give me the chance to rise again, otherwise, I guarantee that your life will be worse than death!’

Chu Yuan’s threat at this point was too weak and feeble.

Jiang Hao was of course clear that the Chu family would be crushed alive by funds and debts as long as they didn’t come back to the south of the city project.

What could he Chu Yuan do to retaliate against himself?

During this period of time, Jiang Hao had come to understand one thing more and more: in this world, if you always stand at the top, no one can do anything to you.

Jiang Hao even felt that this was a maxim.

What he didn’t expect after all was that he was wrong, and very wrong, and he would even pay a painful price for this wrong conclusion of his.

Jiang Hao would never have imagined that this Chu Yuan, who seemed to have made it impossible to turn over a new leaf, would one day cause himself so much trouble.

The Chu father and son left, one in a wheelchair and the other forlornly pushing behind.

Sun Dong tried to go up to help, but was opened with a punch by a furious Chu Yuan.

‘Damn it, get out of my way, it was all your f*cking bad idea, now are you satisfied? I f*cking suspect now that you are in cahoots with them’

When Sun Dong heard this, he shook his head repeatedly, 'Young Chu, how is this possible? I've been working for the Chu family for so many years, how could I be in on it? I came up with this idea for the sake of the Chu family, I really want to solve the problem for Mr. Chu!'

'Thumbs down, solve the problem?' Suddenly Chu Zhengting spoke up, he sneered at Sun Dong and said with a face full of anger, 'Look at your f*cking idea, has the problem been solved now? Now not only is the problem not solved. Instead, my Chu family has become the laughing stock of the entire Chu River, are you happy? Are you satisfied? Get the f*ck out of here, the Chu family no longer needs you!'

Chapter 408 - How Much Can I Borrow

'Mr. Chu,' Sun Dong was about to say something else, but the Chu family father and son had already left in disgrace.

Sun Dong sighed heavily, with a helpless look on his face, and his heart became even more uncomfortable.

After so many years of being in the Chu family, had he finally been kicked away by someone else!

And he realized that there was clearly no point in being here, so instead of that, he should leave.

On the other hand, the Chu family's father and son were incomparably depressed at this time, and on the way home, the two of them did not even say a word.

Now the Chu family is really finished, completely and utterly finished, this is a nail in the coffin in the eyes of both Chu Yuan and Chu Zhengting.

The company has already made plans to sell its assets to pay off its debts.

The Chu family has made a lot of money over the years, but in the end, they are still making money while expanding the company, so the end result is that the company is very large, but actually has more debt.

The Chu family alone owes banks large and small explicit loans of all kinds, no less than a few dozen, and the total amount is up to hundreds of millions.

Usually the Chu family's capital chain is not broken, can tear down the east wall to mend the west wall, back and forth to move, so that the Chu family company's books, always maintain a balance.

But this time not only is the capital chain broken, but it won't be long before the various debtors of the Chu family, it is estimated that they will soon kill the door to collect their debts.

At this moment, the Chu family seems to be calm and quiet, but this situation will not last long at all, which Chu Zhengting knows better than anyone.

So what he was thinking about now was how he could minimise the Chu family's losses as much as possible.

But he had just thought of this when the company called, saying that the major banks had come to collect the debt and asked him to hurry over.

Chu Zhengting had no choice but to go to the company.

As soon as he entered the company's conference room, he was surrounded by a bunch of people.

These people were either credit commissioners of the bank or big debtors of the Chu family, and as soon as they saw Chu Zhengting, they started to demand money without saying a word.

Even if Chu Zhengting was a hen that laid golden eggs, he would not be able to get so much money at once.

He finally got rid of these people, and his whole body seemed to be deflated, sitting on a chair, exhausted.

At this moment, Chu Zhengting almost felt an unprecedented sense of despair.

It was as if a huge stone had been pressed into his chest, and he simply could not breathe.

'What should I do? What should I do?' Chu Zhengting muttered to himself, tears welling up in his eyes.

There was really nothing he could do now.

But at that moment, the door of the conference room was suddenly pushed open.

Without even looking, Chu Zhengting directly shouted, 'Did I tell you to come in? Get out immediately!'

If it was usual, the person who entered the door would have run away in a huff.

This caused Chu Zhengting to wonder, and hurriedly raised his head to look, and then the whole person could not help but be stunned.

'Mr. Xu Xu?' Chu Zhengting stammered as he looked at the visitor, his jaw almost dropped to the ground, 'How did you come here? I don't think our Chu family has a debt dispute with the Xu family, right?'

The visitor, Xu Tianlin, who swaggered there into the door, drew himself up and sat opposite Chu Zhengting.

Obviously, on this occasion, suddenly seeing Xu Tianlin, the first thought that popped into Chu Zhengting's head was that the other party was also here to collect a debt.

Only he naturally knew very well that he had no business cooperation with the Xu family at all, let alone any financial dealings.

Chu Zhengting became even more curious, wanting to know what this man wanted when he suddenly appeared

Xu Tianlin was dressed in a blue suit, his hair was combed and shiny, and he smiled slightly at Chu Zhengting: 'Mr. Chu, it's not like you're going to give me an expulsion order just after I, Xu Tianlin, enter the door, right?'

Chu Zhengting squeezed out a smile, 'No, no, no, I wouldn't dare, I just thought my staff had come in without knocking, don't mind if you do.'

Xu Tianlin smiled, played with the emerald ring on his hand and said lightly, 'I see that Mr. Chu seems a bit unhappy, isn't he? Is it that something is bothering you?'

Chu Zhengting believed that this Xu Tianlin must have known about his family going bankrupt.

But since he knew about it, what did he mean by asking this question? Chu Zhengting had not yet figured out what Xu Tianlin's sudden visit to his company was about at this critical time.

Chu Zhengting pondered slightly, sighed and said with a bitter smile, 'I think you already know about our Chu family, right? Don't make fun of me. My Chu family is sad to see this happen!'

'Hahahaha' Xu Tianlin suddenly burst out laughing and said, 'You're too pessimistic, aren't you? How far have you come? Are you ready to surrender? Back in the day, you were a big shot in Chu River, how come you've become a soft touch in your old age?'

Chu Zhengting smiled bitterly: 'A soft persimmon? I don't know how to respond to them tomorrow, I really have no choice now.'

Chu Zhengting sighed, his whole body was sitting weakly in his chair.

But when Xu Tianlin heard this, he snorted and laughed, then heavily patted Chu Zhengting's shoulder: 'Mr. Chu, cheer up, you are not at the end of your rope yet, otherwise, what do you think I am here for?'

As soon as Xu Tianlin said this, Chu Zhengting, as if hit by chicken blood, tentatively sprang up from his chair and looked at Xu Tianlin with a shocked face: 'What do you mean by that, young Xu? Why don't I understand it?'

Xu Tianlin smiled: 'The meaning is very simple, Mr. Chu is not you are now short of money working capital? I can give it to you, after all, we are all fellow Chu Jiang colleagues.'

Chu Zhengting was a bit suspicious, he had been in the shopping mall for so many years, but he never believed in anything that fell from the sky.

'Young Xu is joking, right? I'm already burnt out right now, so I'd better ask Young Xu not to make fun of me.' Chu Zhengting brushed aside his mouth.

'Oh, don't disbelieve me, Mr. Chu? I'm here to help you, can't it be that Mr. Chu is still asking me to stick my hot face on a cold ass?'

‘It’s not that I don’t believe Xu, it’s just that it’s too sudden and no one would believe it. What’s more,’ Chu Zhengting asked in a low voice as he approached Xu Tianlin’s side. ‘What’s more, I want to know, how much money can Xu Shao lend me?’
