

The Charismatic Charlie Wade Chapter 4070

The moment he took out half of the blood-scattering heart-saving pill, Fei Kexin burst into tears with excitement.

The medicinal pills basically looked the same, and she thought that what charlie took out was the rejuvenation pill that grandfather had been thinking about.

Recalling the miraculous effect of Huichundan just now, I am afraid that it only takes a quarter of a pill to save my grandfather.

If he took half of it, he would probably extend his lifespan by at least six or seven years, or even ten years.

However, just when she was so excited that she didn't even know how to thank charlie, charlie said lightly, "Miss Fei, I want to make it clear first, this is not a rejuvenation pill."

Fei Kexin was stunned for a moment: "It's not a rejuvenation pill... Mr. Wade... Then... what kind of medicine is this?"

charlie said indifferently: "This is a blood-scattering pill, its efficacy is much worse than that of rejuvenation pill, but half a pill is enough to save your grandfather, and by the way, save his life for another year or two."

Hearing this, Fei Kexin breathed a sigh of relief.

Now, how can she dare to ask her grandfather to increase her longevity by ten years, as long as she can overcome this hurdle, she is already lucky.

So, she knelt on the ground to kowtow to charlie, and said gratefully: "Thank you, Mr. Wade for saving your life! Thank you, Mr. Wade! In the future, Kexin will repay your kindness and great virtue by being a cow and a horse... "

charlie waved his hand, and said indifferently in his words: "I don't need you to be a cow and a horse to repay me. As for this half blood-scattering pill, on the one hand, I don't want to owe you any favors, on the other hand, I also see After your filial piety, after your grandfather took this half pill, you and I owe each other."

Fei Kexin was nervous and wanted to explain something, but seeing that his grandfather's breath seemed to be getting weaker and weaker, he could only say respectfully: "Thank you, Mr. Wade! Thank you!"

After that, he quickly got up and came to Jian's side, and fed the half blood-scattering heart-saving pill into his mouth.

After a while, Jian, who had almost lost his breath, finally slowly opened his eyes.

However, after saving his life, only a small amount of the effect of half a blood-scattering heart-saving pill remained, and it could only improve his body a little, so Jian was still very weak at this time, but he didn't temporarily. life-threatening.

The moment he opened his eyes and saw Fei Kexin, the old man cried weakly, "Ke Xin..."

After speaking, he immediately burst into tears.

For him, this life has been winning, undefeated.

Unexpectedly, in his 90s, he would be defeated by his son, and the defeat would be a mess and completely.

In addition to his grief, when he saw that Orion Exeor was there, he felt even more ashamed, and said, "Brother Orion, I'm letting you see a joke today..."

Orion Exeor shook his head and said seriously: "Bro., don't think about anything right now, taking good care of your body is the most important thing. If you keep the green hills, you won't be afraid of running out of firewood! If you want to take back what belongs to you, you must Take care of yourself first!"

Jian laughed miserably, shook his head and sighed: "Brother, I'm afraid that my life is not long, what else can I use to take back what belongs to me, that villain has already controlled the situation in the United States, I am now a The lonely old man who is poor and white, and is about to die, what can he do to fight him..."

Fei Kexin said quickly: "Grandpa, just now Mr. Wade gave you half a blood-scattering pill to save your heart. Not only will your life not be in danger, but your lifespan will last at least one or two years!"

Hearing this, Jian looked at charlie next to Fei Kexin with excitement, and murmured, "This... this is Mr. Wade?"
