

Super Rich Dad Chapter 409-410

Chapter 409 - Don't hesitate

Chu Zhengting grinned: "If you, Chu Shao, are talking about hundreds of thousands of millions, then forget it, I guess you know that this matter is simply a drop in the bucket for my current situation. And if you are here with any purpose in mind, then I advise you to think carefully, because now I, Chu Zhengting, will soon have nothing left, so I am not afraid of anything, but if someone still wants to trample on my dignity, then sorry, I, Chu Zhengting, would rather have a fish death net!"

Chu Zhengting obviously felt that this Xu Tianlin's sudden appearance must have come with some bad purpose too.

And if he really wanted to play dirty, wanted to take advantage of the fire, then he himself would rather go out of his way.

Only when he said this, Xu Tianlin burst into laughter.

"Mr. Chu, Mr. Chu, you are really an old fox, what time is it that you are still so cautious?" Xu Tianlin smiled and said, "To be honest, I definitely don't have any ulterior motives for coming here today, the reason I came to you today is that I want to help you through your difficulties."

"Aren't you short of money?" Xu Tianlin said with a slight look of intent, "One hundred million, is that enough?"

"How much more?" Apparently, the figure Xu Tianlin casually said scared Chu Zhengting a little.

He was a little confused as to what Xu Tianlin meant by this.

"What exactly do you mean? How many shares do you want in my Chu Group?" Chu Zhengting said nervously.

Of course Chu Zhengting easily thought that Xu Tianlin wanted to give himself one hundred million, that was running for the Chu Group shares.

And to be honest, just this one hundred million, if he wanted a large part of the Chu Group's shares now, Chu Zhengting had nothing to say.

But Xu Tianlin still shook his head and smiled, "I don't want a single penny of your shares, this one hundred million I have is purely a loan to you!"

"Lend it to me? Then how much interest is that?"

"Not even a single penny of interest!" Xu Tianlin said with a smile.

"Not even a single penny of interest?" Chu Zhengting was completely baffled, he was a little confused as to what medicine this guy was selling in his gourd.

‘Then what exactly do you want? You can’t help me for nothing, can you? You always have to figure something out, right?’

Xu Tianlin shook his head, ‘Why do I have to want something? To tell you the truth, I don’t want anything, this 100 million, it’s all on loan to you, and if 100 million isn’t enough, I’ll lend it to you again!’

Is this guy crazy?

Chu Zhengting was simply nervous at this point, he just couldn’t figure out what this Xu Tianlin wanted to do.

Xu Tianlin was not a philanthropist, he wanted to offer money to help Chu Zhengting, of course it would not be without a single purpose.

He finally smiled and continued to say to Chu Zhengting, ‘In fact, it’s not that I don’t want anything at all, I’m lending money to Mr. Chu to get you through this difficult time, I just hope, you can do me a favour!’

As expected, he still had some purpose in mind, in this way, Chu Zhengting in turn still had some bottom in his heart.

‘Then tell me, as long as it’s not killing anyone or breaking the law, I can consider it!’

‘Oh of course it’s not something illegal, and I guess, if Mr. Chu hears me out, he’ll be happy to help me too!’

‘Then what exactly is it then?’ Chu Zhengting asked.

Xu Tianlin mysteriously came up to Chu Zhengting’s ear and whispered, ‘It’s simple, help me screw up that City South project!’

‘What?’ Chu Zhengting was astonished at his words, scratching his head, ‘How can I possibly do this? You are not unaware that I have been kicked out of the City South project, and that City South project is a multi-billion dollar project, with dozens of engineering companies designing it, even if I wanted to kill it, I still have no power.’

This statement from Chu Zhengting had obviously occurred to Xu Tianlin a long time ago.

He smiled mysteriously, ‘That’s out of your hands, don’t worry, I will inform you of what to do, the City South project is a big project, and it’s certainly a big project for me to mess him up, so you are just a part of it, Mr. Chu, just listen to my instructions when the time comes.’

Xu Tianlin continued, ‘That brat surnamed Jiang almost broke Mr. Chu’s family, he is already considered a big enemy of yours, so I think that no matter in the end whether this plan of mine succeeds or not, Mr. Chu will be happy to participate in it, right?’

Chu Zhengting frowned, what Xu Tianlin said was indeed not going wrong.

Right now he simply hated to skin Jiang Hao, if he could really take advantage of the opportunity to take him out, then of course it would be the best.

It was just that Chu Zhengting was of course well aware that there was still a great risk involved.

If he succeeded, it would be great and he might be able to make a fortune, but if he failed, he would really be dead.

If he failed, he would be dead. A multi-billion dollar project was almost ruined by you.

What's more, Xu Tianlin is only the grandson of the Xu family, not the patriarch of the Xu family, can he really trust his own words?

With the little resources he could mobilise, it was obvious that in front of Jiang Hao, it was not enough.

If one followed him and played with fire, one would be waiting to burn oneself.

And at that moment, the conference room door was suddenly pushed open from the outside, and a voice came in from outside.

'Dad, what time is it? You are still hesitating? If you hesitate any longer, our Chu family will really die!'

The person who came was none other than Chu Yuan, who had rushed to follow Chu Zhengting after he had left the house, and then, just outside the door, heard the conversation between Chu Zhengting and Xu Tianlin.

At such a time, his father was still hesitating here and there, and Chu Yuan could not stand to see it anymore, so he barged in.

He pushed his wheelchair to Chu Zhengting's front and said through gritted teeth, 'Dad, we're both going to die anyway, so instead of that, we should fight that bastard, didn't I say, 30 years in the east, 30 years in the west, you watch, sooner or later, I will make that bastard kneel at my feet and beg for mercy!'

When Chu Yuan spoke, it was more like he was swearing, he had long since vowed in his heart that he would fight Jiang Hao to the death.

Originally, Chu Yuan had thought that this might just be an unattainable dream of his, but now it seemed that he was really hopeful of reaching it.

'Pop, pop, pop, pop' Xu Tianlin suddenly applauded and said with a big smile, 'That's what Chu said, that's what I call courage, as a human being, of course, we must distinguish between grudges and grievances.'

'Yes dad, don't hesitate, do it, we're all being bullied by the letter, what are you still thinking about?' Chu Yuan said.

Chapter 410 Behind the scenes

'But,' Chu Zhengting was still a little hesitant.

What he was considering was certainly much more than what Chu Yuan's happy rashness was considering.

Why did Xu Tianlin seek himself out to help him? What was his deep hatred for Jiang Hao that he had to do this?

The most crucial thing was still whether there was any support from the Xu family head behind this matter.

If this was only Xu Tianlin's idea from the beginning to the end, then the success rate of this matter was almost zero.

Although Xu Tianlin is the eldest son of the Xu family, he speaks with some weight in the Xu family and has some influence in Chujiang.

However, his ability is not enough for Jiang Hao.

Other than that, Jiang Hao is able to mobilize billions of dollars at every turn to invest in the south of the city project, with Ye Yunjie and other people around to support him, so I think Jiang Hao's background is not too simple.

The company's background is not too simple. Moreover, this kind of big project cannot be supported by Jiang Hao alone, there must be more powerful people behind him.

There have been rumours for a long time that the Shen family is actually behind this project in the south of the city!

If it was really the Shen family who was behind the City South project, it was something that one could not afford to mess with.

Not to mention himself, not to mention Xu Tianlin, even the entire Xu family is nothing in front of the Shen family, the two are not even on the same level.

Of course, Chu Zhengting knows that if he admits it now, then he will end up selling his family's assets, and although he will still end up with some debts, he will still be able to survive.

But if he provoked the Shen family, in the end, he might even have the luxury of living.

Chu Yuan's head was hot and he wanted to get involved, he couldn't afford to be stupid!

'I'll I'll think about it!' Chu Zhengting said with a sad face.

Right now, he was already more tormented and at a loss than if he knew he was going bankrupt.

'Aiya dad, are you still a man or not? Do you have to wait for someone to put a knife to your neck before you agree?'

Chu Yuan looked a little bit pained, he was a little bit hateful towards this father of his.

Xu Tianlin's face also suddenly turned gloomy and said in an icy tone, 'Mr. Chu, I hope you don't take yourself too seriously, I just said that I'll give you a hot face, but don't f*cking make me stick to a cold ass, otherwise, we'll both be uncomfortable. You're afraid of what that Jiang guy will do to you, is it hard to say that you're not afraid of me?'

Xu Tianlin's words were full of threats, saying, 'I hope you recognize the form clearly, I'm not here to discuss with you today, I'm here to inform you, you can refuse, but you have to think about the consequences, my Xu family wants to wipe a person out completely in Chu Jiang, I'm sure you're well aware of that, it's not difficult!'

Xu Tianlin's words could not help but cause a cold shiver to run through Chu Zhengting's body.

Of course he understood the strength of the Xu family, if he wanted to crush himself, it would be just like playing?

It seemed that he had to make a decision today? Chu Zhengting's heart was trembling with apprehension.

At this moment, Chu Yuan also rushed up to the fire: 'Dad, we are both dead, follow Xu Shao, we more or less have a chance to live, and as long as we are lucky enough to turn around, then in the end, our Chu family can not only turn around, but even jump to a higher level, don't you think so?'

Of course Chu Zhengting knew this, he lifted his head and looked at Xu Tianlin with a serious face, 'Young Master Xu, is the money you are talking about true? I'm not talking about one hundred million, but two hundred million!'

Xu Tianlin smiled sarcastically at his words and said to himself, 'Old foxes, they are really shrewd.'

'Of course, if I say two hundred million, I will give you two hundred million, and it will arrive tomorrow!' Xu Tianlin said.

Chu Zhengting smiled, took a deep breath and slapped his thighs violently, 'Alright then, I'll do it with you! Young Master Xu, from now on, my Chu family is one of your Young Master Xu's dogs, saddle up and die!'

Xu Tianlin laughed loudly and said proudly, 'Good, very good, Mr. Chu, you are still very clever, then so be it, I wish us a happy cooperation, see you later, I have to leave first.'

'I'll see you off.' Chu Zhengting hurriedly said.

Xu Tianlin waved his hand, indicating that it was not necessary, smiled evilly and turned around to leave the conference room.

Only once Xu Tianlin left did Chu Zhengting heaved a sigh of relief, then his entire body sat down on a chair, his entire back drenched in sweat.

'Dad, this is great, with this Xu Da Shao, I guess we can soon go and seek revenge on that Jiang Hao, I'll have to make him kneel at my feet sooner or later!'

Chu Zhengting sighed: 'Hey, son, you are really naive, Dad told you, this is a fight of the gods, we are involved in it, we are just cannon fodder, we can't even hide from such things, why do you still want to rush in desperately?'

Chu Zhengting sighed again, 'Hey, but since things have come to this, let's take one step and see what happens, anyway, if we don't agree to this Xu today, we won't be able to pass this hurdle in front of us!'

At this moment, Chu Zhengting's mind was in turmoil, and he did not know what kind of outcome he was about to face.

What he probably never imagined in his life was that he would encounter such a 'great battle' in his lifetime.

Chu Zhengting had never imagined that his own unintentional involvement in this dispute would almost turn Chu River upside down!

After leaving the Chu Group, Xu Tianlin was a bit proud of himself.

Because he knew very well that once he had taken care of the Chu family, he was in control of a key chess piece, and the chess that followed would be much simpler for him.

He glanced back at the Chu Group's building and took out his mobile phone to dial a number.

'Is it done?' As soon as the call was answered, the caller asked straight away.

'Well, it's very simple, the Chu family has agreed, but for the capital he asked for two hundred million, so hurry up and transfer the money to me, I'll go back and find the next one!'

The person on the other end of the phone gave a hmp and continued, 'The funds will be in place soon, next step, you tell Chu Zhengting to go and get Liu Guohao, as long as Liu Guohao is under my control, the task that follows, will be much easier.'

Xu Tianlin nodded, 'Okay I understand, besides, is there anything else I need to do?'

There was a pause on the other end of the phone before he continued, 'Next, you can start with this'

Hanging up the phone, Xu Tianlin looked somewhat grave, he seemed to be recalling what the person on the other end of the phone had said to him, and seemed to be hesitating about something, he lit a cigarette and smoked it out in a few puffs, before getting into a car and setting off.

At this moment, in the top suite of a hotel in Chu Jiang, a figure stood in front of the huge floor-to-ceiling windows, looking down on what was in front of him.

It took a while before he pulled out his mobile phone, dialed a number and said in a respectful tone, 'Mr. Shen, the first step of the plan has almost been carried out, are we ready for the second step now?'
