

Chapter 409

Suzi: "Yeah."

Arron looked at Qin Shuang again: "Where are the two maids!"

Qin Shuang: "Wh... where are the two maids?"

Sister He and Xiao Lian are Qin Shuang's two most caring maids. With these two maids stationed in Fu's house and conveying all kinds of news for her, Qin Shuang can live in this old house of Fu's steadily. .

Only then can aunt Qin Wenyu and uncle Fu Zhengxiong show great affection for her distant niece.

Just like a niece and a niece.

"Christopher!" Arron shouted.

Christopher immediately responded: "Four Lord, I am here!"

"The hamstrings of Xiao He and Xiao Lian were broken, and then they were sent to the container and transported to Africa. Then the broken hand and hamstrings were crippled, but they are also women, so I can't waste them!" Arron's words were very light. Yun Danfeng looked vigorous.

But anyone who is familiar with Arron's style of work knows how harsh Arron's words are.

He is not talking about it for fun.

He is a hell king who does what he says.

Sister He and Xiao Lian are most aware of the characteristics of the Four Young Masters of the Fu family, and also because they understand the

temperament of the Fourth Young Master. They know that since the Fourth Young Master captured Suzi from Quxian thousands of kilometers away, the Fourth Young Master will definitely not. Qingrao Suzi, so they are all sorts of insults to Suzi.

They did not expect that the Fourth Young Master not only did not punish Suzi, but also married Suzi as his wife.

The two maids knelt down together, snots and tears, while kowtowing to Arron, begging Arron for mercy: "I beg the Fourth Young Master to give us a chance. We will never insult the young lady again. Master, as long as the Fourth Young Master doesn't break our hamstrings and send us to Africa in containers, the Fourth Young Master will do whatever you want us to do. Please."

Arron squeezed the bridge of his nose, and said lightly to Christopher, "Christopher, I was so quarrelsome in the morning that my brain hurts. You are so arduous, do you not want this month's salary anymore!" Christopher said immediately: "Yes, Fourth Master! I'll do it right away!"

After he finished speaking, he carried one in one hand, carrying Sister He and Xiao Lian out like a chicken.

Sister He and Xiao Lian were crying miserably like slaughtered pigs.

Their crying and howling attracted many domestic servants. Seeing Sister He and Xiao Lian being dragged away, the householders were all scared to say anything.

"Master Yan, please, you are the celebrity next to the Fourth Young Master. Will you please plead with us? I will be a cow and a horse for you in the future, okay?" Sister He begged with her nose and tears in her face. Looked at Christopher.

Christopher dragged out and said in a sympathetic tone to the two of them: "Sister He, you have been working in the Fu family for almost ten years. The

commission given by the Fu family is even more substantial than the salary of a white-collar worker in a big company. You saying that you don't do things well, why do you want to insult your madam in such a way as to get into trouble?

Even if the wife is not a wife, even if the wife is an ordinary person, does she have any enemies with you, do you want to insult her like this?

No matter if you insulted once, Madam has let you go. You...you not only don't know how to be grateful, but you turned your head and told Miss Qin Shuang that you said you wanted to kill yourself. Who can you blame? "

"I know it was wrong, Master Yan."

"It's late! There is only one chance, but you have to make an inch." After speaking, Christopher dragged the two maids out more quickly.

Along the way, the conversations between him and the two maids were all visible and audible.

They looked at Arron and the woman with one arm around Arron, and then shouted respectfully, "Good for the Fourth Young Master, and good for the Fourth Young Lady."

Qin Shuang, who was also frightened and silly next to him, also tremblingly followed the family and shouted at this moment: "Good for the Fourth Young Master, and good for the Fourth Young Master."

Suzi: "..."

Arron didn't look at anyone more, he only took Suzi with one arm and forcibly led Suzi into the hall.

As soon as he entered the door, he said to the people in the hall: "My wife, Suzi."

Chapter 410

Hearing Arron's introduction to himself, Suzi suddenly raised his head and glanced at Arron. Arron's face was very flat and calm, she couldn't guess him, only felt that he was holding her arm very strongly.

She can't escape even if she wants to escape.

He could only look into the hall with his gaze.

The lobby of the Fu's old house is as classic and luxurious as six years ago, magnificent and domineering. But this time, there were not as many people in the hall as there were six years ago. Suzi's heart was a little settled.

When I looked closely, I discovered that the old man Fu Hengsheng and the old lady were sitting on the main seat in the middle. At this moment, Lilly was lying on the old man's body, originally wanting to give him a hard walnut to eat. Seeing her mother come in, Shen's only walnut was still held in the air.

After looking at each other with his mother, the little things' eyes were full of triumphant cunning colors. At this time, Suzi still didn't understand, what did his daughter do? She just continued to look down.

Sitting at the top of the list are Fu Zhengxiong and his wife Qin Wenyu.

This is the third time Suzi has seen Qin Wenyu.

The first two meetings were very unpleasant.

At this moment, Fu Zhengxiong and Qin Wenyu's husband and wife were forced to accept expressions and looked at Suzi with disgust.

Suzi didn't care either, she just didn't see it.

Behind them, Qin Shuang, who was standing cringed and with tears in his eyes, held his left hand to his right wrist.

Qin Shuang was also daring to look at Suzi in anger without speaking.

Looking further down, they are Joan's parents.

The two of them saw Suzi's expressions in shock, shocked, but also a little scared.

In the hundreds of square meters of the hall, the Communist Party of China sat these people, and Suzi could see that those present here today were all relatives of the Fu family. "Mom! Come in!" At this time, Lilly shouted in an immature voice: "Don't worry, no one here dares to bully you. I told Grandpa, if he dares to drive you away, I will go. The grandfather put a walnut in his mouth to remove the teeth of the grandfather and make the grandfather cry in pain."

Suzi: "...". She suddenly wanted to laugh, but she abruptly endured it, choking her throat several times.

At the same time, she also arranged Lilly in her heart: "Girlfriend! You want to get someone else's teeth out. You still tell people in advance, are you stupid?"

How can a five-year-old kid understand this?

Lilly only knew that when she was brought in by the badass father, the grandfather, grandfather and the brutal grandma all warned her father not to let her mother in or let her father marry her.

Hearing such words, Lilly almost wanted to knock everyone here down, but what should she do if she doesn't have the strength? She thought of a way. She took a walnut, jumped on her grandfather's lap, and said fiercely: "Old man! You said you would not let my mother in and let my father marry my mother. I'm a mother! If you dare not, I will let you eat this walnut!"

Take your teeth off!

You will cry in pain!

Humph! "

"Let, let." The old man tremblingly hugged Lilly, his smiling eyes narrowed: "There is such a domineering good granddaughter in our family who orders grandpa, how dare grandpa not let him? Grandpa's teeth are cut off, and grandpa can't even eat food, grandpa is afraid."

A triumphant smile appeared on Shen Only's face.

Where did she know that when she took the walnuts to remove her grandfather's teeth, the badass dad in her mouth had already sent harsh words to the four old men of the Fu family.

"Whether you admit it or don't admit it! She is my wife! I brought her here to give you face, and if I don't give you face, you don't want to see her for the rest of your life! You have to think about eating and eating in the old house. If you have a domestic helper, it is best to be obedient if you can take a look at the only one to enjoy the family pleasure every once in a while.

Otherwise, Arron can also do things that are torn apart! "

Arron and Fu's old house have no feelings at all.

He doesn't even have much affection for his biological father, let alone an aunt who has no blood relationship that indirectly led to the death of his mother? The reason why he let these people live here is because the four old people are not lethal, and they are indeed the ancestors of the Fu family.
