Chapter 411 - Opening the Door

Leaving the Haoyuan Group, Ye Yunjie personally drove Jiang Hao back.

From time to time, she stole a few glances at Jiang Hao with her afterglow, the corners of her mouth leering with a hint of a smile.

‘You’ve done a good job this time, even in terms of observing details, you’re even better than me, and the fact that you found such a big problem this time is the best testimony to that.’ Ye Yunjie said with a smile.

Jiang Hao looked out of the window and just gave a bitter smile, muttering, ‘It’s all just a coincidence, but with this incident, I hope that you, Sister Ye, will also learn from your mistakes, if the problem is not discovered this time, it will be a major hidden danger for our City South project.’

Ye Yunjie nodded, ‘You’re right, don’t worry, I’ll remember.’

Ye Yunjie paused, then added, ‘Oh yes, do you still remember the transparent person I told you about earlier?’

Jiang Hao froze for a moment and looked back at Ye Yunjie, thinking for a moment before remembering, ‘What you said, Sister Ye, was it that Zhang Xiangyu? What happened to him?’

Ye Yunjie nodded, her expression somewhat grave, ‘Now my people have found him and have been keeping an eye on him, and this person seems to have been planning something recently, so young Jiang, I think I’d better send a few people to your side to protect you.’

Ye Yunjie still remembered that when she had reported this Zhang Xiangyu’s situation, to Shen Haoting, Shen Haoting could still instruct himself to protect Jiang Hao.

Now Ye Yunjie didn’t know what this Zhang Xiangyu was planning, which was why she was more and more worried about Jiang Hao.

Jiang Hao, however, did not think so and shook his head with a smile: ‘It’s okay, Sister Ye, I’m not afraid, what are you afraid of? Rather, the identity of that Zhang Xiangyu, have you found out the truth now? Which gang is he really in?’

Ye Yunjie shook her head slightly, ‘I don’t know, but one thing is certain, he’s not a friend, he’s probably an enemy!’

Ye Yunjie sighed and continued, ‘Jiang Shao, in fact, there are some things here that I am not at liberty to tell you, but what I want to tell you is that Mr. Shen really loves you very much, and he is in a very difficult situation, and there are many tigers around him, and even around you and me, in the hidden places, I don’t know how many tigers are waiting for us, and if we are not careful, we may be put to death. So I really hope that you can grow up quickly, just like today, you can quickly find the problem and solve it, but this is just the beginning, you have to believe that the problems you

will face later will be much more serious and tricky than today's problems, but Mr. Shen and I can't be behind you all our lives to protect you, so you have to be strong yourself, you can only be the most powerful one, only then will no one dare to bully you! Do you understand?'

Ye Yunjie said this with a serious face.

Jiang Hao had never seen or known too many things, but Ye Yunjie had seen too many, and the strife of the great clans was far more terrifying than Jiang Hao could ever imagine.

Ye Yunjie was really worried about Jiang Hao and wanted to do everything she could to help him.

Jiang Hao nodded heavily: 'I know, Sister Ye, don't worry, I will. Although I don't know exactly what my father is planning I believe that he should be doing it for me as well, so even if it's just to not let everyone down, I will still try my best.'

Ye Yunjie smiled faintly at his words, 'That's good.'

Sending Jiang Hao back to school, Ye Yunjie didn't rush to leave.

She took out her phone and called a number, 'Are your people still keeping an eye on it?'

A young man's voice came from the other end of the line, 'Please don't worry, Miss Ye, my people are now living next door to him, his every move. We can keep track of it all.'

'That's good.' Ye Yunjie was faintly relieved and continued, 'If there are not enough people, you can always inform me and I will send someone over.'

The person on the other end of the phone answered, and then Ye Yunjie hung up the phone.

At this moment, Ye Yunjie let out a slight sigh of relief.

Everything seemed to be under her control now, which made her feel more or less relieved.

Immediately afterwards, Ye Yunjie started the car and sped along in the direction of Yunwu Mountain.

After driving for about an hour or so, Ye Yunjie parked the car at a small fork in the middle of Cloud Mist Mountain.

This place was very secluded and few people would usually find it.

The area was so thickly wooded and deserted that it was as if no one had ever set foot in it before.

But with a little care, one can actually see that there are several cameras set up above the towering trees in the area.

Deeper in the forest, there are occasional flashes of grass.

Around the grass, there seemed to be figures shifting about.

Ye Yunjie walked inwards for a while and suddenly stopped in her tracks, for in front of her, two figures suddenly appeared.

They were two young strong men, dressed in camouflage, and when they saw Ye Yunjie, their attitude was very respectful: 'Miss Ye.'

Ye Yunjie looked at the two men and nodded, 'Is he alright?'

The two men also nodded, and one of them said, 'Everything is fine, Miss Ye please.'

The man reached out and casually grabbed a camouflage netting from the ground, and underneath it, there was an iron door.

Another young strong man hurriedly pulled open the iron door and invited Ye Yunjie inside.

The inside of the iron door was so dark that it seemed to be invisible.

Without hesitation, Ye Yunjie bowed and walked down the steps inside the iron door.

One of the two burly men followed Ye Yunjie down into the iron door, while the other looked around and closed the door in a hurry.

The moment the iron door closed, the dark downward passage suddenly flashed with a hint of desolation

On the other hand, in the top suite of a five-star hotel in Chu Jiang, a group of Ye Yunjie's men were fiddling with the listening devices in their hands, tinkering with one of the walls of the room.

These men were all very young and very serious.

But at that very moment, there was a sudden knock on the door of the room.

When these men heard the knock, they all froze, and the one at the head of the group frowned for a moment before asking, 'Who is it?'

As he spoke, he greeted his men and started to grab their weapons, their nerves all on edge.

Not long after, a voice came from outside the door, 'Hello, your coffee has arrived.'

The voice that spoke was that of a woman, which more or less relieved the few men present. The young man at the head of the group hurriedly looked around and questioned, 'Has anyone ordered coffee?'

Just then, a young man sitting in the corner hurriedly got up and smiled with an embarrassed face, 'I was the one who ordered it, Brother Yu.'

The young man in charge sighed and hurriedly said, 'Alright, go and open the door.'

The young man hurriedly got up and went to open the door, but the moment he opened the door, the young man froze instantly

Chapter 412 - Miss Ye, something has happened

Originally, this young man thought that the one who served the coffee must be a female waiter, after all, the voice that came from outside the door just now was obviously a woman ah.

But at this moment, standing in front of him was a young man.

And what surprised him even more was that the man standing in front of him was no other than the one he had been spying on for the past two days.

'You you how'

The youth was momentarily a little dumbfounded, and then an ominous feeling instantly ran through his mind.

The man outside the door smiled faintly at him, and what seeped out of the corners of his mouth was full of sinister cunning.

Before the young man could even utter a word, he saw the man outside the door raise his hand and punch over.

The speed of the man's punch was simply astonishing, for the youth did not even have time to react before he felt the punch hit him solidly on the chest.

One must know that the people in this room were all Ye Yunjie's inner circle, and each of them had undergone special training and were all very skilled.

Even those professional athletes might not be their opponents.

But even so, the young man still did not react and was lifted out by a punch from the man outside the door.

'The youth let out a miserable cry, followed by a mouthful of blood, and his whole body fell to the ground and started rolling from side to side.

This scene instantly stunned the other people in the room.

They had been on tenterhooks, and now that this unexpected situation had occurred, they instantly focused their attention on the door again.

The young man at the head of the group saw the man at the door and looked at his brother who had fallen to the ground and could not help but grit his teeth, for he had already calculated the strength of the man in front of him.

It seemed that there would have to be a tough battle today!

The young man gave a cold laugh and said to the man at the door, 'Heh, so you've been found out, huh? Then I'm sorry, you'll have to die here, today!'

After he finished speaking, the young man suddenly rose up and then kicked over.

At this moment, the other people in the suite also instantly picked up their weapons and rushed directly towards the man at the door.

They were well-trained and extremely quick to react.

They had no less than dozens of ways to remedy the situation if they were discovered.

The easiest one was to kill the other man.

Several of them rushed towards the man at the same time, but the man didn't seem to think anything of it, just a fierce smile on his lips, and instead of backing up, he rushed straight at the young man who had kicked at him

'A muffled sound came from the leader of the young man, and his chest was instantly dented by two points.

The young man was stunned, then realised that the person he was attacking had not only easily dodged the kick he had thrown, but had turned sideways faster than he could and thrown a punch.

He felt as if his body was about to fall apart, and a painful tearing sensation came from the internal organs of his abdomen.

He couldn't help but be surprised, because he knew clearly that this simple punch from his opponent had shattered his internal organs.

Did it look like he wouldn't make it through this?

The young man at the head of the group heaved himself to the bottom and spat out a mouth full of blood, his face extremely ugly.

Almost at the same time, several of his men were screaming and being thrown over one after another.

The young man was dumbfounded by his opponent's terrifying and outrageous combat power.

There were seven of them on his side, and each of them had undergone special training, so their combat power could not be underestimated.

But even so, even though they were all together, they didn't even hurt them, they were 'wiped out'?

It was unbelievable, and too sudden.

The young man at the head of the group looked at his men rolling around on the ground in pain, knowing that he was finished.

‘Who the hell are you?’ The young man at the head of the group gritted his teeth and said to the other man who had a sarcastic smile on his face, ‘Do you know who we are? I advise you better not go too far or you will’

‘Ah,’ before the leader could finish his sentence, he saw the man take a sharp step forward, scurrying to his feet, and then without saying a word, he stamped his foot on his calf.

The leader of the youths wailed and was shocked to find that his calf had been deformed!

The man laughed disdainfully: ‘Who am I? You don’t deserve to know, but if you dare to threaten me, then you’re looking for death!’

As he spoke, the man took another step closer to the young man in charge, and then a large hand reached out.

This time, it was really the end!

The leader of the youth gritted his teeth and lunged at the man with almost all his strength, while shouting to his men at the side, ‘Quickly, send the contents of today’s surveillance to Miss Ye!’

A black-clad young man beside the leader of the group heard this and hurriedly struggled to his feet, running directly to a laptop and then hitting the enter key.

Seeing this, the man’s eyebrows tightened and he hurriedly tried to step forward to stop it.

But he was still a step too late, all the files had already been passed on

‘Damn it!’ The man revealed a furious look on his face and glared viciously at the few people present, the killing intent in his eyes growing stronger and stronger

A few minutes later, the entire suite was no longer filled with the sounds of struggling and wailing.

The only man standing kicked one of the youths on the floor away and once again walked towards the laptop.

He tinkered with the mouse, then tapped enter, and a familiar voice came from the computer at once.

‘Mr. Shen, the first step of the plan is almost complete, are we now on to the second step?’

‘Boom,’ the man said with an angry look on his face, smashing the laptop on his desk with one fist.

‘Shit, still a step too slow?’

He looked back at the mess on the floor and sneered, muttering to himself, 'Well then, we'll see, even if I let you know, what can I do?'

With those words, the man walked quickly out of the room, closing the door tightly behind him.

He didn't go straight back to his room, but went straight down the lift.

When he reached the stairs, he grabbed the voice changer hanging on his chest and threw it into the trash without looking back, then quickly dived into the darkness of Chu Jiang.

Half an hour later, Ye Yunjie had just returned to his car, and he was just about to start it up and leave when his mobile phone suddenly rang urgently.

Ye Yunjie's mobile phone had several ringtones designed for it, and the one that rang at this moment meant: something was wrong!

Ye Yunjie couldn't help but be a little nervous and hurriedly picked up the phone, then she heard the person on the other end of the line, his voice saying urgently, 'Miss Ye, something has happened'

Chapter 413 Gaming

'What's going on, tell me!' Ye Yunjie asked.

'The brothers we sent to spy on the Invisible Man have all been poisoned!' The caller said urgently, 'And the other party is very ruthless, not showing any mercy.'

Ye Yunjie froze for a moment, her eyebrows locked, and it took her a moment to come to her senses and ask, 'All of them.'

'It's all of them, Miss Ye.' The caller said.

Ye Yunjie sighed, 'Double the pension given to them, you take care of this matter. Also, is that person still within our sight now?'

'Lost!' The other party replied simply, 'However, those brothers ended up sending us something very useful, I'll pass it on to you now'

Soon, Ye Yunjie's phone rang, she answered and hung up, then opened the file the other party had passed to her.

'Mr. Shen, the first step of the plan is almost done, are we ready for the second step'

As soon as she violently heard the audio, Ye Yunjie froze for a moment.

'Mr. Shen?' She was slightly stunned for a moment, then her eyebrows locked as if she was thinking about something as she muttered under her breath, 'Mr. Shen Mr. Shen Shen'

It was only after a long while that Ye Yunjie seemed to come back to her senses, her eyebrows locked as she muttered, ‘It really does seem to be’

After a moment of silence, Ye Yunjie hurriedly started the car and headed towards downtown Chujiang.

As soon as she returned to her company’s headquarters, Ye Yunjie hurriedly summoned all the men under her command.

Within a short time, a hundred or so black-clad youths stood in a large room of the company.

Ye Yunjie’s face was gloomy as she said loudly, ‘First of all, I would like to say one thing, that is, unfortunately, a few of our brothers have been terminated today. The second thing is that I I inform everyone that we must be careful in the future, this time is also a bloody lesson for us.’

As soon as Ye Yunjie finished speaking, a voice came from below, ‘Miss Ye, is this the way to let it go? You have to let us know who killed our brothers and tell us who we should take revenge from?’

Ye Yunjie looked at that person, she still remembered that this was the person she had sent to investigate Zhang Xiangyu, and the few people she had taken on this time were also his men.

Ye Yunjie sighed, ‘I understand your feelings, but for now, I advise you all not to think about taking revenge, because the other side is far more powerful than you can imagine, so there’s a big chance that if you go to take revenge, you’ll just be sending yourselves to your death.’

‘Therefore, for now, your priority is still to find him out again and keep an eye on this person, as for when to finally deal with him, I will inform you.’

After saying his words, Ye Yunjie turned around and left.

And as soon as he walked out of the room, the whole room was about to explode.

‘Why don’t you take revenge? Is it possible that there are so many of us that we are still afraid of him alone? What’s wrong with Miss Ye? Afraid? Are you scared?’

‘I’m so angry, we’ve grown up together as brothers, why can’t we take revenge? If this were normal, I would naturally obey Miss Ye, but today I can’t listen to this order.’

‘No, I have to find a way to inform Mr. Shen about this, we are all his people, not her dog named Ye, she must have wimped out and won’t let us take revenge! It must be.’

In the corridor outside, Ye Yunjie could of course hear the chatter of these people clearly, but she couldn’t do anything but sigh.

Soon, however, Ye Yunjie heard a sound of smashing things from that house, which really made her a little upset.

Ye Yunjie turned around and kicked open the door with a fierce kick, and the house instantly fell silent again.

‘What do you want?’ Ye Yunjie uttered a scolding voice.

Among the crowd, a strong man of two meters stood out immediately and said disdainfully, ‘Nothing, Miss Ye, we are the soldiers raised by Mr. Shen, you must be clear, we listen to Mr. Shen, not to you, if you are weak and don’t want to avenge our brothers, just say so, we will go back and ask Mr. Shen for instructions!’

Ye Yunjie looked at the man and said coldly, ‘Then what if I don’t agree with you guys going to ask Mr. Shen for instructions?’

That strong man coldly snorted disdainfully, ‘You can try, don’t think that just because you are raised by Mr. Shen, we will be afraid of you, humph, we are also raised by Mr. Shen, we listen to your transfer, that is because there is an order from Mr. Shen, you better not take a chicken feather as an order’

Before that strong man could finish his words, he saw Ye Yunjie charging fiercely towards him.

Seeing this, the strong man was not the least bit nervous, instead he smiled disdainfully.

He was a big man of two meters, and he had undergone special training since he was a child, and he usually beat a dozen people with one, without even taking a breath, so he really didn’t care about a mere Ye Yunjie.

After all, Ye Yunjie looks like she weighs less than a hundred pounds, and she is three times her size, so if she were to punch herself for nothing, the effect would probably be similar to scratching an itch.

The strong man looked disdainful and stood there directly, skimming his lips, wanting to see what Ye Yunjie could do to himself.

The hundred or so people present at the moment were similarly looking over with a pleasantly deep expression.

Some people couldn’t help but reveal a look of mockery, ‘Oh, not measuring up to herself, King Kong is one of the most capable fighters in our ‘Thunder Group’, who does she think she is? Ridiculous!’

‘And, who do you really think you are? We’ve been brought up by Mr. Shen, how can she challenge King Kong with her little skills?’

‘Come on, if you’re not afraid of death, let’s see how she’ll feel about us if she gets beaten up by King Kong, then we’ll see what she can say!’

The whole place was in a state of chaos, all the voices were talking.

Of course, one of these people thought that Ye Yunjie was asking for trouble by taking the initiative to provoke that strong man, Vajra.

They were orphans who had been adopted by Shen Haoting from all over the world since they were young, and they had received severe and hard training overseas.

Shen Haoting personally named them the Thunder Group, meaning that they were as quick as lightning.

It is not a problem to pick one of them out and beat up a few fighters.

And Ye Yunjie, who never shows her face, in their opinion, is not enough to fight.

This is the reason why these people must take revenge. In fact, these people are all very proud of their hearts, and the fact that one of their men was taken out is of course equivalent to a slap in their face, and they naturally want to fight for this face back again
