Countless people looked up to the sky, and tens of thousands of people were watching this battle that had a stake in Japan's national destiny.

Wangyuehe and the others also kept their eyes fixed, praying over and over in their hearts, and cheering for His Highness Xue Zhao over and over again.

In the entire history of the martial arts world, this peak duel that can be ranked first, actually lasted for a whole night.

Terrifying power, terrifying power, the directly hitting Tianhe hangs upside down, and the nebula rolls upside down.

Until dawn, the movement here completely dissipated.

“finished?”

“Who's winning?”

“His Royal Highness Xue Zhao, or that Chu Tianqi?”

Your Excellency Sanshen, Mochizuki River and others are undoubtedly tense to the extreme.

When the result is about to appear, it is undoubtedly more tense than the process of the battle.

It's a pity that the Sanshen Pavilion is too far away from the battle.

At this time, they have no way of knowing what the outcome of the battle will be.

Just when Mochizuki River was about to send someone to investigate the situation under the Skytree.

Bang!

A figure fell from the sky.

With a bang, it smashed to the ground, bringing up dust in the sky.

Wang Yuehe and the others took a closer look and were instantly shocked!

“Your Highness Xuezhao!”

“Your Highness Xue Zhao, what’s wrong with you?”

“Wake up...”

Wangyuehe and the others were terrified, and they stepped forward to check Xuezhao’s injuries.

At this time, Xue Zhao, covered in blood, was dying.

The former majesty and splendor have undoubtedly disappeared.

All that’s left is endless embarrassment.

It seems that a generation of generals is at the end of the road!

Finally, as if hearing the voices of his compatriots, Xue Zhao slowly opened his eyes and said in a weak voice, “Yes... I’m sorry, I... I couldn’t protect... hold you...”

When Wang Yuehe and the others heard the words, their eyes turned red unconsciously, and tears fell.

“Your Highness Xue Zhao, stop talking.”

“We’ll heal you, and we’ll save you...”

Wangyuehe and the others said sadly.

“Hahaha..”

“Rescue her?”

“Stop being delusional!”

“Those who are defeated by me, Chu Tianqi, have only one outcome, and that is death!”

Wanton laughter echoed.

Chu Tianqi didn't know when, he had already appeared outside the Three Gods Pavilion.

He stood there, hands behind his back.

He looked up at the Three Gods Pavilion in front of him, and the rolling laughter echoed.

Afterwards, he waved his hand to pick up the long sword that Xuezhao had fallen to the ground, and waved his sleeves!

Stab it!

The sharp blade pierced the void and pierced the sky.

In the end, in the mournful eyes of Wang Yuehe and others, it directly penetrated Xue Zhao's chest.

Huge force, dragging Xuezhao's ruined body.

In the end, he was slammed and nailed him to the main hall of the Sanshen Pavilion!

Blood was pouring out.

“Your Highness Xuezhao!”

“Your Highness!!”

“Do not!!!”

At that moment, the Japanese warriors were all grief-stricken.

Wangyuehe was even more angry with tears in his eyes.

“Son of a b!tch!”

“You kill me, the Great God of Xue Zhao.”

“I, Mochizuki River, fought with you!”

Wangyuehe shouted angrily, and the hundreds of Japanese warriors behind him also rushed towards Chu Tianqi frantically.

For a long time, before the Moon God was reincarnated and revived, Xue Zhaotian was the protector of Japan.

And now, their guardian deity of Japan died tragically at the hands of Chu Tianqi, one can imagine the grief and anger in the heart of Japanese martial arts.

One by one, they took out the courage of 100 million pieces of jade, and fought with Chu Tianqi.

Chu Tianqi looked at them, but smiled disdainfully.

“A group of ants, it’s really over the top...”

Chu Tianqi smiled faintly, then waved his hand, and the energy shot out like a sword.

However, just when Chu Tianqi’s attack was about to penetrate the bodies of these Japanese warriors.

Suddenly, a gust of wind blew through.

An unprecedented power swept out from the depths of the Three Gods Pavilion.

Under this power, Chu Tianqi’s attack collapsed inch by inch.

Chu Tianqi immediately narrowed his eyes.

He raised his eyes and looked forward.

I saw there, a peerless shadow, walking slowly.

She is stunning, and her elegance is unparalleled!

“Yue Du, are you finally willing to come out?”

“I heard that you once recognized Brian Chuas your master.”

“After today, I, Chu Tianqi, will be your new master.”

Chapter 4113

Seeing the Moon God appearing, Chu Tianqi undoubtedly became even more complacent.

In the words, there is a kind of arrogance and wantonness in the grasp of victory.

It was as if Yue Du in front of him was already his defeated general and a plaything under him.

Yes!

Over the years, Chu Tianqi has never been jealous of Mark's good fortune.

Why?

How can an abandoned child be able to reach the top of the list?

How can a bastard get the favor of so many women?

An Qi is, Luna is, even his teacher Tang Yun seems to have inexplicable emotions towards that Chu Tianfan!

And he, Chu Tianqi, came from a wealthy family and had a noble bloodline.

Why can't he get the favor of these women?

From the moment he got An Qi's blue-eyed and golden-flowered pupils, Chu Tianqi secretly swore in his heart.

He wants to take back everything that once belonged to Chu Tianfan.

His Noifork, his subjects, and, his woman!

Even if you can't get it, you will kill them all.

Luna ignored Chu Tianqi.

In this world, there are very few people who are qualified to be taken seriously by the Moon God.

Chu Yuan is one of them, his strength is enough to make Moon God jealous.

And Mark is also one.

Because he is his own master, and the person Moon God cares about most in his heart.

As for Chu Tianqi, what is he?

Just a little guy after all.

Even if he steals An Qi's chance, Luna doesn't look down on him at all.

After coming out, Luna first checked Xue Zhao's injury.

Xue Zhao's chest had been pierced, and blood could not stop leaving from the atrium.

The majestic pretty face in the past was now only a bloodless pale face.

"Moon... Moon God..."

Xuezhao stretched out his hand, and his trembling voice had almost no strength.

Two lines of blood fell from her eyes.

Luna held her hand and sent some infuriating energy to her, trying to prolong her life as much as possible.

However, the Moon God is not an immortal after all.

Xue Zhao's injury was too severe, and Chu Tianqi's sword pierced through her foundation.

It was hard for her to survive.

Even if he is lucky enough to survive, his cultivation will be lost, and he will be completely reduced to an ordinary person.

After doing all this, the Moon God looked at Chu Tianqi, and there was extreme coldness in his Sen Ran words.

“Did you hurt her?”

Chu Tianqi sneered: “Moon God, I think it’s better for you to take care of yourself first.”

“Otherwise, her ending will be your final destination.”

Chu Tianqi smiled faintly, looking at the moon god, but there was a kind of fiery almost abnormal.

It has to be said that the appearance of the Moon God is the only woman he has ever seen that can compare with his teacher Tang Yun.

The same elegance is peerless, the same allure!

However, it is different from Tang Yun’s graceful and luxurious temperament.

On the Moon God, what is revealed is a kind of holiness and elusiveness.

It seems that the nine-day fairy who is high in the heavenly palace seems to be a bodhisattva who is incense-fired.

“I really envy that Brian Chumore and more.”

“Have a woman like you as his slave and his plaything.”

“Then Brian Chushould have a sense of accomplishment, right?”

“The feeling of conquering a god is really exciting.”

Chu Tianqi’s words became more and more filthy.

When Wang Yuehe and the others heard it, they only felt angry.

“shut up!”

“My Moon God Palace is holy and noble, how can you allow you to talk nonsense and insult my Japanese gods?”

Moon God is the belief in the hearts of Japanese warriors, and is the most holy and noble existence in Mochizuki River and their hearts.

Today, Chu Tianqi actually said such filth, which is undoubtedly a huge blasphemy to Wangyuehe and the others!

It even made them feel ashamed and angry than when Chu Tianqi kissed the Moon God back then.

However, for the weak, Mochiyuehe and others can only be incompetent and furious.

“how?”

“Do you feel ashamed?”

“When your Moon God Highness called that abandoned son his master, didn’t you feel ashamed?”

“I, Chu Tianqi, just said a few words, you can’t stand it anymore?”

Chu Tianqi sneered, his words full of sarcasm and jealousy.

The Moon God’s face is expressionless, and his holy and noble face is like ice for ten thousand years, without joy or sorrow, so that people can’t see the slightest emotion.

Facing Chu Tianqi’s words, Luna just replied coldly.

“Are you worthy of mentioning his name?”

“You will never be able to compare to him in your life.”

“Shut up!” Chu Tianqi became furious.

This is the sentence again.

Why do these stupid women say that.

Before Xue Zhao said that he was inferior to Mark, now Luna said the same thing again.

These goddamn women!

Are they blind?

Can't they see that he, Chu Tianqi, was the one who had the last laugh?

And that Brian Chuis already dead!

Has turned into a puff of dust as a loser.

What does he compare himself to?

Luna shook his head and continued talking.

"I know what you're thinking."

"You think he's dead, you're still alive, and you're alive and well."

"So you think you're the one who has the last laugh."

"But you'll know in a little while."

"You will eventually know the insurmountable gap between you and him."

"Today, I fell here."

"But I can still tell you without exaggeration that when he returns again, it will be you, and even Truman's death."

Moon God said calmly.

The deep words were like a breeze swept the place.

Chu Tianqi was impatient!

He growled angrily.

"You b!tch, you are about to die, yet you are still so fascinated by that Chu Tianfan?"

“Since you are so inseparable from him, then I will send you down to see him today!”

Chu Tianqi's eyes were red, and his whole body was surging with murderous intent.

The dragon god body exploded in an instant, and the strength of the whole body rose sharply at a speed visible to the naked eye.

In the end, Chu Tianqi punched angrily and slammed down at the Moon God.

With a wave of Luna, the vertical and horizontal sword qi shattered Chu Tianqi's attack!

“Yun Dao Tian Jue,”

“Yunyang kick!”

Chu Tianqi was not discouraged, and directly used the Chu family's supreme technique, Yun Daotianjue.

There is no way, Chu Tianqi is very clear, the gods are definitely not so easy to deal with.

If I didn't use Yun Dao Tianjue, I'm afraid I wouldn't be able to stop Luna's move.

It has to be said that Yun Daotianjue is indeed the most perverted martial art in the world.

Rao is a simplified version of the Chu family, and it can even make Chu Tianqi compete with the Moon God for a short time.

This move Yunyang kicked down, and Luna was obviously not as casual as before.

The power in the dantian exploded, and the Moon God held a long sword, and also used a fine swordsmanship.

Only then did Chu Tianqi's attack break up.

At the same time, the power of the sword light that Moon God chopped out was undiminished, and it slashed fiercely on Chu Tianqi.

Chu Tianqi groaned, stepping back on the ground and spitting out the last mouthful of blood.

“Little Lord!”

The elders of Chumen were instantly shocked and stepped forward to protect them.

This young master is the head of the Chu family, the heir of the Chu family in the future, and the most beloved grandson of the old Chu family, Chu Yuan.

If he was beheaded here by the Moon God, they would accompany these elders, and they would have to take their lives to apologize.

“I’m fine!”

After Chu Tianqi stabilized his body, he spat out the blood from the corner of his mouth.

With a gloomy face, he looked at the Moon God: “The gap between the title and the realm of the gods is indeed huge.”

The Moon God stood holding the sword, his expression indifferent.

“If you don’t want to die, call that beast as soon as possible.”

“Your strength, even with the help of Yun Daotianjue, is not worth mentioning at all in my eyes.”

The indifferent words of the Moon God were full of contempt.

In front of this Chumen powerhouse who was besieging the Japanese martial arts, Luna actually never cared.

The only thing she is afraid of is the one behind Chu Tianqi, the four-winged pet!

Chapter 4115

Although Luna didn’t know what kind of monster the beast behind Chu Tianqi was.

However, its terrifying nature undoubtedly made the Moon God fearful.

Previously in the Japanese waters, Luna wanted to kill Chu Tianqi.

As a result, he lost his mind for a while and was injured by this monster.

It was only after that battle that the Moon God knew that among the powerhouses who were besieging Japan by Chumen this time, the most threatening one was the flying pet behind Chu Tianqi.

“Are you so eager to die?”

“If that’s the case, then it’s as you wish!”

Chu Tianqi sneered coldly, and a cold light bloomed in Sen Ran’s eyes.

Chu Tianqi first led the Chumen strong back several thousand meters.

Afterwards, he gave an order: “Xiaoyan, this woman, hand it over to you!”

“Defeat her.”

“However, remember to let her breathe.”

“I want her to kneel under me before she dies, and honor me as a master!”

Chu Tianqi smiled wantonly.

When he said this, he seemed to have seen the scene of Japan’s Tsukiyomi Tenjin surrendering to him.

“Jie!”

With the order of Chu Tianqi.

In front, the four-winged flying pet that was originally the size of a young eagle actually screamed in the sky.

In that loud whistle, it was hard to hide the excitement!

It seems that a bloody mad sword has finally waited for the moment to be unsheathed.

In the sharp whistling sound, Xiao Yan’s figure also rose against the storm.

The four wings, which were as thin as cicada wings before, were now obscuring the sky and the sun, and were unusually huge.

The red eyes are also as big as lanterns.

Who would have thought that the little flying pet just now would expand ten million times in an instant.

It is like an ancient beast, spanning the heavens and the earth.

The scorching air waves, like a storm, radiated from him in all directions.

“God!”

“This... what kind of monster is this?”

“Godzilla?”

After the transformation, Xiaoyan almost covered the sky.

The huge figure, the red eyes, the huge wings like a sword, and the black scales all over its body.

That terrifying power almost suffocated everyone.

The citizens of Winter Capital were full of fear.

Even Wang Yuehe and the others were shocked.

On the old face, it was pale, and there was no blood at all.

They swore that they had never seen something so terrifying in their lives.

No, they saw it on TV.

However, even in the movie and TV series, the monsters that Ultraman fought were absolutely not as terrifying as the one in front of him.

It is like the mythical beast recorded in the Classic of Mountains and Seas in Yanxia, Kun.

However, this one in front of him has four other terrifying wings.

The huge figure is like a hill.

It was the second time that Xue Zhao had seen such a sight, so he didn't show too much shock.

However, the dignified expression on the pretty face was extremely intense.

“Jie!”

After transforming, Xiao Yan let out another long howl.

As for Chu Tianqi behind Xiaoyan, if he watched carefully, he would definitely find that the blue light in his eyes was blooming.

In the deep pupils, there are even more golden petals turning.

This is the blue-eyed golden pupil!

Back then, the Jones family used this pair of pupils to motivate the Truman holy beast.

Now, this skill fell into the hands of Chu Tianqi.

Therefore, the Chumen holy beast Xiaoyan is also under his control!

“Xiaoyan, come on!”

Under the command of Chu Tianqi, Xiaoyan immediately spread his wings.

The huge stature broke out at a speed that surpassed the sound barrier, like an arrow from the string, swooping down towards the Moon God.

too fast!

The Moon God wanted to hide, but he couldn't completely avoid it in a short period of time.

He had to hold a long sword and stab it out suddenly.

Delusions to block Xiaoyan's dashing figure!

However, Xiao Yan waved his wings and slammed it, directly knocking the Moon God's sword out of the way.

Then Xiaoyan's sharp claws kicked Luna fiercely.

Luna blocked Xiaoyan's attack with his arm, but his figure was under Xiaoyan's collision, and he retreated again and again.

“Moon God!”

Wangyuehe and the others were suddenly shocked.

They did not expect this monster to be so powerful.

Just one face-to-face will put Luna at a disadvantage.

But the Moon God is a powerhouse in the realm of the gods after all, and it is obviously impossible to defeat her so easily.

After stabilizing his body, Luna stepped on the ground and immediately rose into the sky.

Then he held a long sword, choked with two fingers, and said something in his mouth.

In just an instant, a powerful swordsmanship was brewing.

After that, the Moon God Thousand Swords slashed.

Dao Dao sword light, like a huge sword net woven in the air, enveloped the monster.

Xiaoyan waved his wings, delusionally breaking through the cage.

However, that sword light was too much.

Cover the sky!

Xiaoyan smashed one, and then the next one will be refilled.

For a while, that Xiaoyan was trapped in a cage, and it was difficult to break through!

However, this scene did not last long.

After the sword net was intertwined, the Moon God swung his long sword and stabbed in the void!

Whoa!

The thousands of sword lights seemed to be ordered.

Knife River Sword Network transformed into thousands of light spots, almost at the same time, fell on Xiaoyan ruthlessly.

Xiaoyan was already trapped in the sword net, so naturally he couldn't escape.

Can only resist this wave of damage!

As a result, the infinite sword qi, without exception, slashed all over Xiao Yan's body.

boom boom boom...

The sword energy slashed on its scales, and countless sparks shot out.

It's like chopping on metal.

The hard scales on Xiaoyan's body actually blocked most of Luna's damage.

But even so, these countless sword qi slashed at his body, causing Xiaoyan to let out a roar of excruciating pain.

"Jie!"

Xiao Yan's cry was full of sullen anger.

In the lantern-sized pupils, the crimson almost burst into flames.

After the attack of the Moon God fell, Xiao Yan rushed forward like crazy.

The sharp and sharp mouth ripped apart the void, the bloody mouth opened abruptly, and the red line of fire spurted out of his mouth, like a flaming sword hitting the Moon God directly.

This time, the Luna had been prepared for a long time.

She jumped up, dodging the line of fire.

Then he bullied himself up, rushed to Xiaoyan, holding the long sword and couldn't stop slashing.

But Xiaoyan seemed to have eyes on its back. It waved its tail, like a long whip shattering the void, and mercilessly collided with the long sword of the Moon God.

Just like this, one person and one beast launched the most intense confrontation in the sky above the Winter Capital.

Every collision brought bursts of sparks to explode.

An angry roar, accompanied by a loud sword chant, resounded throughout the world.

“This... so strong?”

“This monster, can... actually be able to fight with the Moon God so indistinguishably?”

“This...what the hell is this?”

The Japanese warriors are all crazy.

They always thought that with the protection of the Moon God, no one would be able to deal with their Japanese martial arts unless Chu Yuan came in person.

But now it seems that they still underestimate Trumen after all.

That ancient sect still hides such a terrifying beast.

The fight is getting fiercer.

As the so-called chess meets opponents, after a long stalemate, no one can do anything.

“Young Master, should we take action and help Xiaoyan!”

“If we fight like this, I’m afraid it will be difficult to decide the winner day and night.” The Trumen elders said.

They don’t want to waste too much time in Japan.

But Chu Tianqi shook his head and smiled lightly: “Don’t worry, there will be results soon.”

“Xiaoyan is terrifying, but it’s far more than that.”

“Soon, you will see the true power of Xiaoyan.”

Chu Tianqi smiled confidently.

However, his laughter just ended.

Luna found an opportunity, broke through Xiaoyan's defense, and flew directly to Xiaoyan's head.

In this flash of lightning, Luna stabbed Xiao Yan's head with a long sword.

Seeing this, Chu Tianqi shook his head contemptuously, "The scales on Xiaoyan's head are the hardest, even my grandfather couldn't pierce them."

"You are a little moon god, and you are still delusional, just wishful thinking?"

Chu Tianqi shook his head and smiled.

However, in the midst of Chu Tianqi's laughter, Luna's long sword, which had been stabbing Xiaoyan's head, turned and stabbed straight into Xiaoyan's eyes!

What?

"Xiaoyan, be careful!"

Chu Tianqi was shocked!

Chapter 4117

No one would have thought that the Moon God's sword, the drunkard's intention was not drinking.

Chu Tianqi was shocked by this sudden change of sword edge.

He reminded in horror.

However, it was too late.

The long sword of the moon god has been stabbed.

Green blood flowed out from Xiao Yan's pupils immediately.

"Jie!"

A shrill cry followed.

The screams were filled with pain and anger.

“You goddamn woman!”

“It’s just despicable!”

“Shameless!”

Seeing Xiaoyan injured, Chu Tianqi’s eyes were red with anger.

He angrily scolded Luna for being despicable and shameless.

However, as the saying goes, some people are happy and some are sad.

When the Chumen powerhouses were angry, the Japanese warriors burst into thunderous laughter.

“pretty!”

“His Royal Highness Moon God is worthy of the god of our Japanese religion.”

“In a short battle, I seized the opponent’s weakness, avoided its edge, and went straight to Huanglong.”

“That beast was blinded in one eye, his eyesight was damaged, and his strength would be greatly reduced.”

“The defeat of this beast has been decided, and our Luna has won!”

Mochizuki River said happily.

The eyes of the rest of the Japanese warriors, originally despairing, now all shone with hope.

Waiting for the beast to be defeated.

The Moon God can carry the power of the divine realm and sweep the remaining Trumen powerhouses.

At that time, Trumen’s delusion of destroying the Japanese martial arts will be completely broken.

Their country, Japan, will become the first country in the world to stop Truman's killing.

Wangyuehe has no doubts at all that after winning this battle, their Japanese martial arts will completely shock the world and dominate the whole world.

Even, it will become the only force in the world that competes with Truman.

However, Wang Yuehe would not have thought that what happened next would completely shatter his dream.

At the moment Luna stabbed the long sword into Xiao Yantong's eyes, Xiao Yan was furious with the heart-piercing pain.

Xiaoyan's eyelids closed, and the huge force actually caught the long sword that Luna had pierced, so that Luna couldn't penetrate any further.

In the end, Xiaoyan exerted force.

The sword in Luna's hand was actually pinched off by Xiaoyan's eyelids.

Immediately afterwards, Xiao Yan moved his tail, swept across the void like a long whip, and slapped directly towards the body of the Moon God.

In desperation, the Moon God had no choice but to escape far away.

"Jie!"

After forcing the Moon God to retreat, Xiaoyan raised his head to the sky and roared again.

Its pupils contracted, forcibly forcing out the broken sword that had been inserted into its own eyes.

Green blood stained half of his head.

It kept roaring, not sure if it was out of anger or pain.

However, the gradually expanding scales on Xiaoyan's body and the violent aura emanating from it are enough to make everyone feel the infinite rage coming from this beast at this moment!

"Roar~"

Xiaoyan roared again.

This time, its voice was much hoarse.

The already huge figure actually collided again.

The black scales all over his body turned red at a speed visible to the naked eye.

In the end, the monster in front of him seemed to have turned into a demon in red armor.

The wings behind it are like clouds hanging from the sky.

The body is so big, I don't know how many thousands of miles it is.

At this moment, everyone looked at the monster, and they were so frightened that they almost lost their minds.

That feeling is like the whole sky is blocked by it.

"This this..."

"Second transformation?"

Mochizuki and the others are almost crazy.

They thought that the victory was in their hands, but who would have thought that at a critical moment, this beast would transform again, and his strength increased by several ten percent in an instant.

"A bunch of stupid things."

"Xiaoyan is my Truman holy beast."

"Is it something you ants can contend against?"

"However, if you can force Xiaoyan's second form, even if you die under Xiaoyan's claws, that's enough to be proud of."

Chu Tianqi sneered, and there was not much patience in his cold eyes.

After Xiaoyan revealed the second form, Chu Tianqi immediately gave Xiaoyan a quick decision.

Whoosh whoosh!

The next moment, Xiao Yan shook his wings.

There was a gust of wind in the entire sky.

Afterwards, Xiao Yan's figure turned into a stream of light and flew straight towards where Xue Zhao was.

Who can believe it?

How could a monster with such a huge body burst out at such a terrifying speed?

The moon god was also shocked.

Quickly dodge sideways.

However, Xiao Yan's body was really huge, and before Luna had time to run too far, he felt a shadow appearing above his line of sight.

Stab it!

After catching up with Luna, Xiaoyan turned around, his tail like a whip, and he slammed it hard.

The Moon God blocked with his sword.

But even so, the majestic force from Xiaoyan's tail still spread through Luna's whole body through the long sword.

Just hear the bang!

The moon god descended from the sky and smashed to the ground.

The huge force dragged Luna flying for thousands of meters, knocking over an unknown number of buildings along the way.

After a successful blow, Xiao Yan did not let the moon god's intentions go.

I saw its body tremble, and the scales on its body flew out like flying swords.

Thousands of crimson scales leaped over a thousand meters to slash the Moon God. Luna waved his long sword and fought back hard.

The vertical and horizontal sword qi collided with those flying scales.

However, even if the Moon God did his best, there were still several scales that broke through the Moon God's defense and slid across the Moon God's body.

On her jade-like body, there were several bloodstains left behind!

"Moon God!"

The situation on the field took a turn for the worse.

However, the attack continued.

The sword that Luna pierced into Xiaoyan's eyes may have caused some damage to Xiaoyan's eyesight, but it also angered this monster!

Xiao Yan, who started crazy, quickly gained the upper hand.

The Luna Festival is defeated!

Of course, Luna, relying on the agility of his body, can barely cope with dodging, and even seize the opportunity to launch a counterattack against Xiaoyan.

However, Xiaoyan's ** is too strong!

Even if the Moon God's sword looked at Xiaoyan, it only brought out the sparks, and could not cause any substantial damage to Xiaoyan at all.

On the contrary, it was Xiaoyan's attack. Once the Moon God was injured, a bloodstain would appear on the Moon God's body.

The situation has gotten worse.

Everyone knew very well that Luna wouldn't last long.

really!

After fighting for a long time, Xiaoyan seized the opportunity, and a sharp claw directly kicked the Luna hand and interrupted the sword.

The Moon God, who was shocked, hurriedly avoided.

However, Xiaoyan's wings were like flying knives, flying out of her body, and in the horrified eyes of the Moon God, it slid across her body!

Stab it!

Clothes stained with blood.

On the back of the Moon God, there was even a terrifying wound.

As the saying goes, if you are not careful, you will lose the whole game.

With Luna's injury this time, the fragile stalemate was broken, and Xiao Yan's sharp claws rushed up, mercilessly imprinting on Luna's chest.

Luna gritted his teeth and wanted to dodge, but he didn't dodge after all.

The sharp claws actually pierced Luna's shoulder directly, and the scarlet blood stained Luna's long skirt.

Then, under the desperate gazes of countless people in Japan, the Moon God was just like this, from the edge of the Tianhe River, was knocked down by Xiaoyan!

But Xiaoyan still didn't spare the Luna who was seriously injured. Its tail stabbed down and went straight through the belly of Luna.

The whole body of the Moon God was lifted up, and then he kept smashing to the ground.

"Xiaoyan, it's alright."

"I said, let her live."

Seeing that the aura of the Moon God was rapidly wilting at a speed visible to the naked eye, Chu Tianqi spoke only then, causing Xiaoyan to stop. Xiaoyan didn't let Xiaoyan kill Luna immediately.

Chapter 4119

Following Chu Tianqi's order, Xiaoyan reluctantly stopped.

For this human who stabbed his eyes, Xiaoyan planned to swallow her.

However, Xiao Yan could not disobey the master's order.

It swung hard, and its sharp tail thorns slashed across the sky, and threw the Moon God directly at Chu Qitian's feet.

"Moon God!"

"You bastards, how dare you harm me, the God of Japan?"

Seeing this scene, Mochizukihe and the others only felt that the sky was falling.

With tears in their eyes, their eyes full of despair and desolation, they rushed forward, wanting to rescue the Moon God.

However, Xiao Yan was just a whistling to the sky.

The terrifying sound waves swept out like a vast ocean.

The ground cracked and buildings collapsed.

The few people who were close to him were smashed to pieces by Xiao Yan's whistle.

The rest of the people were either killed or injured.

Even if it was as strong as Wangyuehe, it was actually shaken back hundreds of meters.

Under a roar, there is such majesty.

It can be seen that this fierce beast is terrifying to wait for!

Ignore the hustle and bustle of the Japanese warriors.

In the eyes of the Trumen, Wangyuehe and the others are just a group of ants.

In the entire Japanese martial arts, the only thing they valued was Luna alone.

At this time, the Moon God was lying on the ground.

The long sword in his hand had already fallen.

The holy and noble face of the past was only left with endless weakness and haggard.

The dark red blood kept pouring down from the wound.

The plain clothes were all stained red with blood.

“Yuyue, how’s it going?”

“You said I’m not as good as Chu Tianfan, how is it now?”

“Xiaoyan is my servant, you are Chu Tianfan’s servant.”

“Now, you lost to Xiaoyan.”

“It is equivalent to that Brian Chulost to me.”

“Now, do you still think that I, Chu Tianqi, are not as good as that humble abandoned son?”

Chu Qitian stood with his hands behind his back, looking down at the magnificent Japanese goddess in front of him.

The handsome face is full of wanton.

It seems that the monarch who reigns over the world is looking down on his subjects.

Luna didn’t answer.

It’s just that his body trembled slightly, and a mouthful of blood was accumulated in his chest, but he spit it out.

She wiped the blood on the corner of her mouth, her beautiful eyes, and looked at Chu Tianqi calmly: "In my eyes, no one in this world can compare to him."

Chu Tianqi heard the words, so the smile dissipated immediately.

He rushed forward, grabbed Luna's throat with his right hand, and lifted her whole from the ground!

"What the Fu** did you say?"

"Do you dare to tell me again?"

"Do you really want to die?"

Anger flared in Chu Tianqi's eyes.

He just wanted an acknowledgment.

But why is it so difficult.

The woman in front of her, on the verge of death, even took the abandoned child seriously.

Angered by Chu Tianqi, the force that erupted from his palm became even greater.

However, no matter how hard he tried, the Moon God's expression was still calm, and there was no sign of surrender.

"Damn it!"

Chu Tianqi slapped her on the body.

The body of the Moon God slid far along the ground, and the bright red blood pulled out a splendid bloodstain on the ground.

"You really don't cry without seeing the coffin."

"I'll give you one last chance now, obey me obediently, and respect me as master."

"As long as you kneel on the ground, call me master."

“Not only will I spare your Japanese martial arts, I can also spare your life and let you serve my young master day and night.”

“But if you don’t eat a toast and take a penalty drink, then don’t blame this young master, use the strong one?”

“The feeling of blasphemy should be very refreshing.”

Seeing Luna’s stunning face and nearly perfect figure, Chu Tianqi’s eyes suddenly showed a fiery and crazy look.

After Wangyuehe and the others heard it, they only felt extremely angry.

Bastard, do you dare?”

“If you dare to blaspheme the Moon God, I will be with you forever!”

.....

“My Japanese martial arts will burn with you and other jades!”

.....

The Japanese warriors’ eyes were red and they roared in anger.

“Noisy!”

Chu Tian waved his sleeved robes, and immediately launched a single drill. Wang Yuehe and the others vomited blood and flew out.

The world is much quieter.

“How is it, Moon God?”

“Choose it.”

“Do you take the initiative to accept it, or are you forced to accept it?”

“It’s not your first time anyway.”

“Didn’t you make Chu Tianfan’s plaything before?”

“Being my servant of Chu Tianqi in the future will mean nothing to you.”

“Who is the master, isn’t it?”

Chu Qitian smiled wantonly.

To him, the Moon God in front of him was just a piece of fish on his chopping board, and he was left to be slaughtered.

Even if she stripped her naked and put her on his bed tonight, Luna would definitely not have any resistance!

Xiaoyan’s previous attack had already destroyed almost all of Luna’s power.

It is a miracle that she is still awake now.

Facing Chu Tianqi’s question, Luna did not answer.

Actually there is no need to answer.

It is impossible for her to follow Chu Tianqi.

She is the god of Japan, and she has her own pride.

How can she be a slave to others?

As for Mark, for Luna, it was a beautiful accident.

Calling Mark the master, Luna would not feel any blasphemy, but felt very happy instead.

Perhaps the man named Mark left an unforgettable mark on Suzumiya Yingyue’s heart.

It’s just that the once again beautiful past, after today, will eventually become a memory.

The breathless Luna, endured the pain, stood up.

The long dress is stained with blood, and the beauty is haggard.

On the dignified and beautiful face in the past, now there is only endless tenderness and sadness left.

All power is gone, all nobility is gone.

The current Moon God is like a weak woman who longed to see her lover again before she died.

She turned around and looked at the ancient eastern kingdom at the end of the world.

There were two lines of clear tears on the stunning pretty face, which slowly fell.

Just when Chu Tianqi and the others didn't know what the Moon God intended, the next moment, everyone saw that this God of the Sun, who reigned supreme in a country, used his life's strength to face the distant ancient kingdom of the East. Cry hard.

"Master, if there is an afterlife..."

"Yue'er, I'm still serving you, just for... your servant!"

That mournful call was like the most beautiful swan song in the world.

The moment the words fell, Chu Tianqi realized that something was wrong.

His expression changed greatly, and he roared in anger!

"No, she wants to die!"

"quick!"

"Stop her!"

"Can't let her die!"

"Stop her!!!"

Chu Qitian roared in anger, his hoarse shout resounded through the sky.

For a time, countless people rushed over, delusionally trying to stop Luna.

However, it was too late.

The Moon God scattered his last bit of cultivation, and the terrifying power shook everyone who came to stop him.

Then, she picked up the long sword that had followed her for many years and threw it into the air.

Luna closed his eyes, opened his arms to the falling sword, and exposed his chest.

Peacefully, toward her final death!

No one can understand the sadness and despair of Luna at this moment.

Her dignity will never allow herself to fall into the hands of Chu Tianqi and suffer her blasphemy.

She is willing to die in exchange for her own name.

However, she is really sorry.

She thought that after defeating Truman's conspiracy, she would go to Mark and her master.

I haven't seen each other for many years, and she has a lot of things to say to her master.

The last time India said goodbye in a hurry, she didn't have time to say so many thoughts and thoughts.

She just thought, when everything is over, and when the world returns to peace, she will sit on the Skytree with her master, have a heart-to-heart, chat, and watch the most beautiful sunrise in the East.

However, no chance.

No more chance.

After all, she could not wait for the end of the war.

She didn't even have time to say goodbye to her master.

The long dress is stained with blood, and the beauty is in tears.

When the long sword slowly pierced her heart, Suzumiya Yingyue suddenly remembered a lot of things.

Those who used to be with Mark through the scenes, like movie clips, kept reverberating in Luna's mind.

She still remembers the poem that Mark asked the Dragon God to bring her.

Chapter 4121

"Xianyun is clever, flying stars spread hatred, and the silver man travels in darkness."

"As soon as Jinfengyulu meet, they will win but there are countless people in the world."

"Tenderness is like water, good times are like dreams, bear to watch Queqiao return home."

"If the two loves last for a long time, how can it be in the morning and evening!"

.....

The blood-stained sunset is picturesque.

With a shallow murmur, with a smile and tears, Luna walked peacefully into the eternal darkness.

However, at the moment when the Moon God was about to fall heavily.

In the depths of the Tianhe River, a blue light suddenly appeared.

Immediately afterwards, an extremely angry voice exploded quietly from the top of the sky.

"Yue'er, how dare you die without my order?"

call!

The cold wind blows up the sand.

There was endless anxiety and anger in the billowing sound.

At the moment when these words sounded, the people present raised their heads almost subconsciously.

I saw a thin figure in the depths of the sea of clouds, walking on the sky.

The speed is so fast that afterimages are brought up in the air.

In the end, like a streamer, it streaked across the sky, appeared beside the Moon God, and took the blood-stained woman into his arms.

“Lord...Master?”

I felt the temperature coming from my body, as well as the familiar and firm chest.

Luna, who had already decided to die, was once unable to believe his own eyes.

She thought she must be hallucinating.

Otherwise, why would she see her master?

Shouldn't Mark be in seclusion in India now?

Even if he has already left the customs, he should have already rushed to the hot summer to protect his relatives.

Therefore, Luna never thought that Mark might appear in Japan.

“Am I dead?”

“It turns out that after you die, you can see who you want to see.”

With a smile on the corner of Luna's mouth, he leaned forcefully into the man's arms, greedily sucking the breath from that man.

Looking at Yue'er, whose pretty face was haggard and dying, in his arms, Mark was heartbroken.

He gently wiped the blood from the corner of Luna's mouth and hugged her with pity: "Silly girl, you are not dead, you are still alive."

"Master is here to help you."

Mark said in a low voice, his words were full of heartache.

He should have thought of it earlier.

When Chumen was dealing with Yan Xia, he would definitely also attack the Moon God.

Chu Yuan knew the relationship between the Moon God and him.

When they attacked Yan Xia, they would definitely not spare Yue'er.

I only hate myself for thinking about Jiang Dong, but forgetting that Yue'er is also very likely to encounter danger.

"You... are you really the master?"

"I... am I not dead?"

Moon God was stunned.

Her vision had begun to blur, and her eyelids felt so tired.

However, when he heard Mark's words, Luna's delicate body trembled unconsciously.

She raised her head and looked at Mark's eyes, filled with crystal tears.

"I won't let you die."

Mark said in a low voice.

At the same time, he took out a few medicinal pills for Luna to take.

Among them, there are the elixir that Duanmu Wan'er refined for him to restore Yuan Li, and there is also the healing medicine that Mark refined in the Chumen.

After Luna took it, the injury really stabilized.

Then, Mark carefully took out the long sword that Luna had inserted into his chest.

“You stupid girl, how dare you do such a stupid thing?”

“In the future, if you dare to do this again, I will never forgive you!”

Mark angrily reprimanded Xiang Yuedu.

However, in the face of Mark’s reprimand, who would have thought that the Japanese god not only was not angry, nor did he admit his mistake, but instead showed a smile.

The smile is full of contentment and sweetness.

She likes the feeling of being cared about by Mark, and the feeling of being protected by this man in the palm of her hand.

As long as she knows that her master still misses her, Suzumiya Yingyue will be very satisfied.

At this time, even if he died in Mark’s arms, Suzumiya Yingyue had no regrets.
